(5) (a) The entitlement share pools calculated in this section and the block grants provided for in subsection (6) are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool. The distributions must be made on a quarterly basis beginning September 15, 2001.

(b) (i) For fiscal year 2002, the growth amount is the difference between the fiscal year 2002 entitlement share pool and the base year entitlement share pool. For fiscal year 2002, a county may have a negative base year component. For fiscal year 2003 and each succeeding fiscal year, the growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. For the purposes of subsection (5)(b)(ii)(A), a county with a negative base year component has a base year component of zero. The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the base year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the base year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total

population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the base year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool not represented by the growth amount is distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(vi) For fiscal year 2002, an amount equal to the district court costs identified in subsection (2) must be added to each county government's distribution from the entitlement share pool.

(vii) For fiscal year 2002, an amount equal to the district court fees identified in subsection (1)(d) must be subtracted from each county government's distribution from the entitlement share pool.

(6) (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any block grant. If a tax increment financing district referred to in subsection (6)(b) terminates, then the block grant provided for in subsection (6)(b) terminates.

(b) One-half of the payments provided for in this subsection (6)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (6)(a), the entitlement share for tax increment financing districts is as follows:

Cascade	Great Falls - downtown	$468,966
Deer Lodge	TIF District 1	3,148
Deer Lodge	TIF District 2	3,126
Flathead	Kalispell - District 1	758,359
Flathead	Kalispell - District 2	5,153
Flathead	Kalispell - District 3	41,368
Flathead	Whitefish District	164,660
Gallatin	Bozeman - downtown	34,620
Lewis and Clark	Helena - # 2	731,614

Missoula	Missoula - 4-1C	33,343
Silver Bow	Butte - uptown	283,801

(c) The entitlement share for industrial tax increment financing districts is as follows:

(i) for fiscal years 2002 and 2003:

(ii) for fiscal years 2004 and 2005:

(iii) $0 for all succeeding fiscal years.

(d) The entitlement share for industrial tax increment financing districts referred to in subsection (6)(c) may not be used to pay debt service on tax increment bonds to the extent that the bonds are secured by a guaranty, a letter of credit, or a similar arrangement provided by or on behalf of an owner of property within the tax increment financing industrial district.

(e) One-half of the payments provided for in subsection (6)(c) must be made by July 30, and the other half must be made in December of each year.

(7) The estimated base year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from countywide transportation block grants or from countywide retirement block grants.

(8) The estimates for the base year entitlement share pool in subsection (1) must be calculated as if the fees in Chapter 515, Laws of 1999, were in effect for all of fiscal year 2001.

(9) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(p) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.

(b) For the purposes of subsection (9)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.

(10) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through (3).

(11) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(12) A local government may appeal the department's estimation of the base year component, the entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211."

(a) the title lender agrees to make a loan of money to the borrower and that the borrower agrees to give the title lender a security interest in unencumbered titled personal property owned by the borrower;

(b) the borrower consents to the title lender keeping possession of the certificate of title;

(ii) if the borrower fails to reduce the principal amount as required by subsection (2)(d)(i), the title lender may at its option:

(e) when the certificate of title is redeemed, the title lender shall release its security interest in the titled personal property and return the personal property certificate of title to the borrower;

(f) (i) upon failure of the borrower to redeem the certificate of title at the end of the original 30-day agreement period or at the end of any agreed-upon 30-day renewal or subsequent renewals, the borrower shall deliver the titled personal property to the title lender at the location specified in the title loan agreement; and

(ii) the borrower shall deliver the titled personal property to the title lender in substantially the same condition that it was in at the time that the borrower entered into the loan, minus normal wear and tear;

(h) upon obtaining possession of the titled personal property, the title lender is authorized to sell the titled personal property and to convey to the buyer good title, subject to the waiting periods provided for in 31-1-820; and

(i) a borrower who does not redeem a pledged certificate of title is not personally liable to the title lender to repay principal, interest, or expenses incurred in connection with the title loan and that the title lender shall look solely to the titled personal property for satisfaction of the amounts owed under the title loan agreement.

(3) The security interest provided for in subsection (2)(a) is not perfected unless it is filed in accordance with ~~23-2-611 or~~ 61-3-103.

(4) Any borrower who obtains a title loan from a title lender under false pretenses by hiding or not disclosing the existence of a valid prior lien or security interest affecting the titled personal property is personally liable to the title lender for the full amount stated in the title loan agreement, including interest and expenses incurred by the title lender in connection with the loan."

(b) upon registration under 40-5-271 of a support order that includes finding that the obligor owes a sum certain amount of delinquent support.

(2) A support lien is for the amount required to satisfy:

(b) interest claimed under this section; and

(c) any fees that may be due under 40-5-210.

(3) A support lien has the priority of a secured creditor from the date the lien is perfected as provided by this section; however, the lien is subordinate to:

(a) any prior perfected lien or security interest;

(b) a mortgage, the proceeds of which are used by an obligor to purchase real property; or

(c) any perfected purchase money security interest, as described in 30-9A-301.

(4) Support liens remain in effect until the delinquency upon which the lien is based is satisfied or until the applicable statute of limitations expires, whichever occurs first.

(5) The lien applies to all real and personal property owned by the obligor if it can be located in the state. The lien applies to all real and personal property that the obligor can afterward acquire. Except as provided in subsections (5)(a) and (5)(b), the department may not impose a lien under this section upon a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1.

(a) The department may impose a lien under this section upon a self-sufficiency trust or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, if the department is required by federal law to recover or collect from the trust or its assets as a condition of receiving federal financial participation for the child support enforcement program or for temporary assistance for needy families, as defined in 53-4-201.

(b) To the extent otherwise permitted by this section, the department is not precluded from asserting a claim or imposing a lien upon real or personal property prior to transfer of the property to the trust. If the department imposes a lien upon property prior to transfer to a self-sufficiency trust, any transfer of the property to the trust is subject to the lien.

(6) The department shall keep a record of support liens asserted under this section in the registry of support orders established by 40-5-271.

(7) A support lien is perfected:

(a) as to real property, upon filing a notice of support lien with the clerk of the district court in the county or counties in which the real property is or may be located at the time of filing or at any time in the future;

(b) as to motor vehicles or other items for which a certificate of ~~ownership~~ *title* is issued by the department of justice, upon filing a notice of support lien with the department of justice in accordance with the provisions of Titles 23 and 61;

(c) as to all other personal property, upon filing a notice of support lien in the place required to perfect a security interest under 30-9A-301. The county clerk and recorder or the secretary of state, as appropriate, shall cause the notice of support lien to be marked, held, and indexed as if the notice of support lien were a financing statement within the meaning of the Uniform Commercial Code.

(8) A buyer, in the ordinary course of business, who buys an obligor's personal property for value and who buys in good faith and without knowledge of the support lien takes the property free of the support lien.

(9) (a) The department may charge interest on the support lien at the rate of 1% per month.

(b) Interest accrues at the close of the business day on the last day of each month and is calculated by multiplying the unpaid balance of the lien, including prior accrued interest existing at the end of the day, by the applicable rate of interest.

(c) A provision of this section may not be construed to require the department to maintain interest balance due accounts. The department may waive interest if waiver would facilitate the collection of the debt.

(d) Interest under this subsection (9) is in addition to and not in substitution for any other interest accrued or accruing under any other provision of law.

(10) (a) Upon receiving payment in full of the amount of the lien plus interest and fees, if any, the department shall take all necessary steps to release the support lien.

The department may release the support lien if it determines that the lien is unenforceable.

(11) A support lien under this section is in addition to any other lien created by law.

(12) A support lien under this section may not be discharged in bankruptcy.

(13) Support liens provided for by this section may be enforced or collected through the warrant for distraint provided for by 40-5-247."

(1) A person~~, firm, association, or corporation~~ that takes possession of a motor vehicle owned by another person through consignment, bailment, or any other arrangement for the purpose of selling the motor vehicle to the highest bidder when all buyers are licensed motor vehicle dealers, wholesalers, or wrecking facilities shall file by mail or otherwise in the office of the department a verified application for licensure as an auto auction. The application must be made in the following manner:

(a) Each application and all of the information contained in it must be verified by the department or an authorized representative of the department on a form to be furnished by the department for that purpose. The application must provide the following information:

(i) the name in which the business is to be conducted and the location of premises, including street address, city, county, and state, where records are

kept, sales are made, and motor vehicle stock is displayed as an established place of business that displays a sign indicating the firm name and that vehicles are offered for sale. The letters on the sign must be clearly visible and readable to the major avenue of traffic at a minimum distance of 150 feet.

(ii) the name and address of all owners or persons having an interest in the business. In the case of a corporation, the names and addresses of the president and secretary are sufficient.

(iii) a statement that the applicant is authorized to auction used motor vehicles, recreational vehicles, trailers, semitrailers, special mobile equipment, motorcycles, and quadricycles under one license. A licensed auto auction may not auction a new motor vehicle except when authorized by a new motor vehicle manufacturer, importer, distributor, or representative, for the purpose of conducting a closed-factory fleet sale to dispose of new motor vehicles by the franchisor (manufacturer, distributor, or importer) to franchisee purchasers when the purchasers are licensed new motor vehicle dealers purchasing new motor vehicle line-makes authorized by their respective franchise, sales, or distributor agreements. An auto auction licensed under the provisions of this section shall notify and update the department with current fleet sale agreements between the auto auction and franchisor. An auto auction may not conduct a factory fleet sale unless authorized or appointed by a franchisor licensed under part 2 of this chapter.

(b) Each application must be accompanied by a bond of $35,000 and must be conditioned that the applicant shall conduct business in accordance with the requirements of the law. All bonds must run to the state of Montana, must be approved by the department and filed in its office, and must be renewed annually.

(2) An auto auction's license must be renewed and paid for annually to the department, and an application for relicensure must be filed by January 1 of each year. The fee required for each first-time applicant is $500 and for subsequent renewal applications is $100 each year. Upon receipt of a properly completed application, fee, and bond, the department shall issue the auto auction license and assign an auto auction license number for each applicant in a manner determined by the department. Auto auctions dealing in motor vehicles may sell only to licensed dealers and wholesalers.

(3) Auto auctions that are licensed under this section and that hold a current license number may issue temporary *registration* permits, which may be displayed and used by a buyer to operate an unregistered vehicle purchased from the auto auction. The temporary *registration* permit is valid for a period of 72 hours from the time of purchase and may be used only for the purpose of driving or transporting a vehicle from the auction premises to the purchaser's established place of business or point of destination. Temporary *registration* permits must be on a form prescribed by the department and must contain the name, address, and license number of the purchaser, the date of sale, the name, address, license number, and authorized signature of the auto auction, and a description of the vehicle, including its serial number. The department shall collect a fee of $10 from the auto auction for each temporary *registration* permit, and the auto auction may charge a vehicle purchaser no more than $10 for the issuance of each *temporary registration* permit to offset the cost of the *temporary registration* permit. It is unlawful for the auto auction to issue more than one temporary *registration* permit ~~per~~ *for each* vehicle sale.

(4) A licensed auto auction may apply for and may be authorized by the department to purchase and use license plates of a type and amount approved by the department, upon payment of a fee to the department to offset the cost of production. Licensed auto auctions may use the license plates to transport inventory vehicles from a point of storage or a point of delivery in this state to the auto auction's place of business, for road testing authorized vehicles, or for moving vehicles for purposes of repairing, painting, upholstering, polishing, and related activities. One license plate is required to be conspicuously displayed on the rear of the vehicle. Auto auctions may appoint designated persons, ~~partnerships, corporations,~~ service stations, or repair garages to use the license plate only when conducting work for the auto auction involving repairing, painting, upholstering, polishing, or performing similar types of work upon a vehicle. Upon application for an auto auction license, the applicant, if requesting the license plates, shall submit a sworn affidavit on a form prescribed by the department, listing each authorized person designated by the auction to use the license plates. The auto auction is responsible for reporting any changes to the affidavit within 72 hours after the amendment has occurred. An auto auction licensed under the provisions of this section is liable for the proper use of the license plates, which may not be used for private purposes. The department may revoke an auto auction's 72-hour temporary *registration* permit and license plate privileges if an auction issues, authorizes the use of, or uses a temporary *registration* permit or the license plate in violation of the provisions of this section.

(5) (a) Each auto auction shall keep a book or record, in a form and manner subject to approval by the department, of the purchases, sales, or exchanges or the receipts for the purpose of sale of any motor vehicle, a properly completed copy of a temporary*registration* permit issued to a vehicle purchaser, the date of title transfer, and a description of the motor vehicle, together with the name and address of the seller, the purchaser, and the alleged owner or other person from whom the motor vehicle was purchased or received or to whom it was sold or delivered. The description in the case of a motor vehicle must include:

(i) the vehicle identification number and engine number, if any; and

(ii) a statement that a number has been obliterated, defaced, or changed, if it has.

(b) An auto auction licensed under this section shall validate the sale of a motor vehicle through its auction by stamping its name and license number upon the certificate of ~~ownership~~ *title* at a location on the ~~front or back of the~~ certificate *of title*, at the margin in the assignment section as executed between the transferor and transferee. An auto auction's stamp must be legible and may not interfere with the information recorded on the certificate *of title* between the transferor and transferee. If the certificate of ~~ownership~~ *title* lacks adequate space for the auto auction to place its stamp, the auction may provide the transferee a copy of the auction invoice bearing the:

(i) name and license number of the auction, along with an indication of the vehicle year, make, model, and identification number;

(ii) name, address, and signature of the transferor;

(iii) name, license number, and signature of the transferee; and

(iv) date the vehicle was sold through the auction.

(c) The invoice must be attached to the certificate of ~~ownership~~ *title* and must be presented to the department with any application for title.

(d) An auto auction shall retain, for 5 years, odometer disclosure information, including the name of the owner on the date the auto auction took possession of the motor vehicle, the name of the buyer, the vehicle identification number, and the odometer reading on the date the auto auction took possession of the motor vehicle. The odometer information may be retained in any way that is systematically retrievable and is not required to be maintained on any special disclosure form. The information may be part of the auction receipt or invoice or be maintained as a portion of a computer database or manual file. An auto auction that executes a transfer of ownership as an agent on behalf of a seller or buyer is liable for providing an odometer disclosure statement for the seller or an odometer disclosure acknowledgment for the buyer under the provisions of 61-3-206."

(a) section 501(c)(3) of the Internal Revenue Code of 1986, 26 U.S.C. 501(c)(3); or

(b) section 170(c) of the Internal Revenue Code of 1986, 26 U.S.C. 170(c).

(3) (a) "Qualified charitable gift annuity" means a charitable gift annuity, described by section 501(m)(5) of the Internal Revenue Code of 1986, 26 U.S.C. 501(m)(5), section 514(c)(5) of the Internal Revenue Code of 1986, 26 U.S.C. 514(c)(5), section 1011(b) of the Internal Revenue Code of 1986, 26 U.S.C. 1011(b), and the implementing regulations, that is issued by a charitable organization that, on the date of the annuity agreement:

(i) has a minimum of $300,000 net worth or has a minimum of $100,000 in unrestricted cash, cash equivalents, or publicly traded securities, exclusive of the assets funding the annuity agreement;

(ii) has been in continuous operation for at least 3 years or is a successor or affiliate of a charitable organization that has been in continuous operation for at least 3 years; and

(iii) maintains a separate annuity fund with at least one-half the value of the initial amount transferred for outstanding annuities.

(b) If the charitable organization cannot meet the requirements of subsections (3)(a)(i) through (3)(a)(iii), the issuance of a qualified charitable gift annuity by a charitable organization must be commercially insured by a licensed insurance company that is qualified to do business in Montana.

Section 2. Charitable gift annuity not insurance. (1) The issuance of a qualified charitable gift annuity does not constitute engaging in the business of insurance in this state.

(2) A charitable gift annuity issued before [the effective date of this act] is a qualified charitable gift annuity for purposes of [sections 1 through 5], and the issuance of that charitable gift annuity does not constitute engaging in the business of insurance in this state.

Section 3. Notice to donor. (1) When entering into an agreement for a qualified charitable gift annuity, the charitable organization shall disclose to the donor, in writing, in the annuity agreement, that a qualified charitable gift annuity is not insurance under the laws of this state and is not subject to regulation by the commissioner or protected by an insurance guaranty association.

(2) The notice provisions required by this section must be in a separate paragraph in print size that is not smaller than that employed in the annuity agreement generally.

Section 4. Notice to commissioner. (1) A charitable organization that issues qualified charitable gift annuities shall notify the commissioner in writing within 90 days after [the effective date of this act] or the date on which it enters into the organization's first qualified charitable gift annuity agreement and shall notify the commissioner on March 1 of each year in which the charitable organization issues qualified charitable gift annuities. The notice must:

(a) be signed by an officer or director of the organization;

(b) identify the organization;

(c) certify that:

(i) the organization is a charitable organization; and

(ii) the annuities issued by the organization are qualified charitable gift annuities.

(2) The organization is not required to submit additional information except:

(a) within 30 days of receipt of a written request, to provide the commissioner with financial documents verifying information that was provided to the commissioner in the notice; or

(b) to enable the commissioner to determine appropriate penalties that may be applicable under [section 5].

Section 5. Failure to provide required notice. The failure of a charitable organization to comply with the notice requirements imposed under [sections 3 and 4] does not prevent a charitable gift annuity that otherwise meets the requirements of [sections 1 through 5] from constituting a qualified charitable gift annuity. The commissioner may enforce performance of the requirements of [sections 3 and 4] by sending a letter by certified mail, return receipt requested, demanding that the charitable organization comply with the requirements of [sections 3 and 4]. The commissioner may fine the charitable organization in an amount not to exceed $1,000 for each qualified charitable gift

annuity agreement issued until the time that the charitable organization complies with [sections 3 and 4].

CHAPTER NO. 483

[SB 194]

AN ACT AUTHORIZING WATER ADMINISTRATION INTERIM AGREEMENTS TO PROVIDE FOR JOINT TRIBAL AND STATE ADMINISTRATION OF NEW WATER USES ON A RESERVATION PENDING FINAL ADJUDICATION OF INDIAN RESERVED WATER RIGHTS IF A COURT OF COMPETENT JURISDICTION HAS HELD THAT THE DEPARTMENT LACKS EXCLUSIVE AUTHORITY TO ISSUE NEW WATER USE PERMITS WITHIN THE EXTERIOR BOUNDARIES OF THE RESERVATION; AMENDING SECTION 85-2-708, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-708, MCA, is amended to read:

"85-2-708. Water administration interim agreements within Indian reservations. (1) Because it appears to be to the common advantage of the state and Indian tribes to cooperate in matters involving the permitting and use of water within the exterior boundaries of an Indian reservation prior to the final adjudication of Indian reserved water rights and because the state does not intend by enactment of this section to limit, expand, alter, or waive state jurisdiction to administer water rights within the exterior boundaries of an Indian reservation, pursuant to the requirements of Title 18, chapter 11, the department may negotiate and conclude an interim agreement with the tribal government of any Indian tribe in Montana prior to final adjudication of Indian reserved water rights for the purpose of implementing a water administration plan and a permitting process for the issuance of water rights and changes in water right uses within the exterior boundaries of an Indian reservation.

(2) ~~An~~ *Subject to subsection (4), an* agreement entered into pursuant to subsection (1) must:

(a) provide for the retention of exclusive authority by the state to issue permits to applicants who are not members of the tribe and to issue change of use authorizations;

(b) provide that any permits must be issued in accordance with the criteria established by state law; and

(c) provide that permits may be only for new uses with a date of priority in compliance with state law.

(3) Prior to concluding any agreement under this section, the department shall hold public meetings, after proper public notice of the meetings has been given and the proposed agreement has been made available for public review, to afford the public an opportunity to comment on the contents of the agreement.

(4) The provisions of subsection (2) do not apply if a court of competent jurisdiction has held that the department lacks exclusive authority to issue new water use permits within the exterior boundaries of an Indian reservation pending final adjudication of Indian reserved water rights. In that case, the department, with the approval of the governor, may enter into an interim agreement that provides for joint tribal and state administration of new water uses on the reservation pending final adjudication of Indian reserved water rights. Any interim agreement entered into pursuant to this subsection (4):

(a) must address how and whether new ground water uses for domestic and municipal purposes will be granted. Except for the criterion in 85-2-311(1)(a)(ii), an interim agreement that grants new ground water uses must establish criteria for new water uses that incorporate the criteria listed in 85-2-311.

(b) must address how and whether changes in existing appropriation rights within the exterior boundaries of the reservation will be granted. An interim agreement that grants changes must establish criteria for changes in existing appropriation rights that incorporate the criteria listed in 85-2-402.

(c) must address how and whether water use will be authorized under the interim agreement and how the use will be secure and valid in the event of the termination of the interim agreement, quantification of reserved water rights, or termination of negotiations of reserved water rights under 85-2-704;

(d) must maintain the jurisdictional claims of each party to the interim agreement;

(e) must protect each party against a waiver of the right to challenge the claims of each party at any time;

(f) may not prejudice the regulatory or adjudicatory jurisdiction of either party;

(g) must provide that none of the activities of each party in the negotiation or implementation of an interim agreement may be used to affect the equitable or legal position of either party in any future litigation; and

(h) must provide that nothing in the negotiation or implementation of an interim agreement may be considered as enlarging or diminishing the jurisdiction or authority of either party within the reservation."

Section 2. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell band of Chippewa.

Section 3. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 484

[SB 230]

AN ACT ADOPTING THE MONTANA PRUDENT INVESTOR RULE; PROVIDING STANDARDS OF CARE AND DUTIES OF TRUSTEES IN MAKING INVESTMENTS AND MANAGING TRUST ASSETS; AMENDING SECTIONS 72-34-113 AND 72-34-114, MCA; AND REPEALING SECTION 72-34-121, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 9] and 72-34-104 constitute the Montana prudent investor rule and may be cited as the "Montana Uniform Prudent Investor Act".

Section 2. Compliance — duty of trustee — exception — liability. (1) The trustee has a duty to administer the trust solely in the interest of the beneficiaries. Except as provided in subsection (2), a trustee who invests and manages trust assets owes a duty to the beneficiaries of the trust to comply with the prudent investor rule.

(2) The trustor may expand or restrict the prudent investor rule by express provisions in the trust instrument. A trustee is not liable to a beneficiary for the trustee's good faith reliance on these express provisions.

Section 3. Standard of care — investments and management — considerations. (1) A trustee shall invest and manage trust assets as a prudent investor would, by considering the purposes, terms, distribution requirements, and other circumstances of the trust. In satisfying this standard, the trustee shall exercise reasonable care, skill, and caution.

(2) A trustee's investment and management decisions respecting individual assets and courses of action must be evaluated not in isolation, but in the context of the trust portfolio as a whole and as a part of an overall investment strategy having risk and return objectives reasonably suited to the trust.

(3) Among circumstances that are appropriate to consider in investing and managing trust assets are the following, to the extent relevant to the trust or its beneficiaries:

(a) general economic conditions;

(b) the possible effect of inflation or deflation;

(c) the expected tax consequences of investment decisions or strategies;

(d) the role that each investment or course of action plays within the overall trust portfolio;

(e) the expected total return from income and the appreciation of capital;

(f) other resources of the beneficiaries known to the trustee as determined from information provided by the beneficiaries;

(g) needs for liquidity, regularity of income, and preservation or appreciation of capital; and

(h) an asset's special relationship or special value, if any, to the purposes of the trust or to one or more of the beneficiaries.

(4) A trustee shall make a reasonable effort to ascertain facts relevant to the investment and management of trust assets.

(5) A trustee may invest in any kind of property or type of investment or engage in any course of action or investment strategy consistent with the standards of [sections 1 through 9] and 72-34-104.

Section 4. Diversification — duty of trustee — exception. (1) Subject to subsection (2), in making and implementing investment decisions, the trustee has a duty to diversify the investments of the trust unless, under the circumstances, it is not prudent to do so.

(2) If trust assets include farm or ranch property, a closely held family business, timber interests, or interests in oil, gas, or minerals, the trustee may elect to retain those assets unless otherwise directed by a majority of adult trust beneficiaries. A trustee's exercise of discretion to retain assets of the character described in this subsection is not a breach of the trustee's duty to diversify investments.

Section 5. Review of assets — time for compliance. Within a reasonable time after accepting a trusteeship or receiving trust assets, a trustee shall review the trust assets and make and implement decisions concerning the retention and disposition of assets in order to bring the trust portfolio into compliance with the purposes, terms, distribution requirements, and other circumstances of the trust and with the requirements of [sections 1 through 9] and 72-34-104.

Section 6. Costs — incurrence. In investing and managing trust assets, a trustee may incur only costs that are appropriate and reasonable in relation to the assets, overall investment strategy, purposes, and other circumstances of the trust.

Section 7. Compliance determinations — standards. Compliance with the prudent investor rule is determined in light of the facts and circumstances existing at the time of a trustee's decision or action and not by hindsight.

Section 8. Delegation of investment and management functions — standards of care — trustees and agents — liability — jurisdiction. (1) A

trustee may delegate investment and management functions as prudent under the circumstances. The trustee shall exercise prudence in the following:

(a) selecting an agent;

(b) establishing the scope and terms of the delegation, consistent with the purposes and terms of the trust; and

(c) periodically reviewing the agent's overall performance and compliance with the terms of the delegation.

(2) In performing a delegated function, an agent has a duty to exercise reasonable care to comply with the terms of the delegation.

(3) Except as otherwise provided in 72-34-502, a trustee who complies with the requirements of subsection (1) of this section is not liable to the beneficiaries or to the trust for the decisions or actions of the agent to whom the function was delegated.

(4) By accepting the delegation of a trust function from the trustee of a trust that is subject to the law of this state, an agent submits to the jurisdiction of the courts of this state.

Section 9. Interpretation of trust terms construing legal investments. The following terms or comparable language in the provisions of a trust, unless otherwise limited or modified, must be construed as authorizing any investment or strategy permitted under [sections 1 through 9] and 72-34-104: "investments permissible by law for investment of trust funds", "legal investments", "authorized investments", "using the judgment and care under the circumstances then prevailing that persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital", "prudent man rule", "prudent trustee rule", "prudent person rule", and "prudent investor rule".

Section 10. Section 72-34-113, MCA, is amended to read:

"72-34-113. Duty not to delegate entire administration of trust. (1) The trustee has a duty not to delegate *to others the performance of acts that the trustee can reasonably be required personally to perform and may not transfer the office of trustee to another person or delegate* the entire administration of the trust to a cotrustee or other person.

~~(2) A trustee may delegate investment, management, and administrative functions that a prudent trustee of comparable skills could properly delegate under the circumstances. The trustee shall exercise reasonable care, skill, and caution in:~~

~~(a) selecting an agent;~~

~~(b) establishing the scope and terms of the delegation, consistent with the purposes and terms of the trust;~~

~~(c) periodically reviewing the agent's actions in order to monitor the agent's performance and compliance with the terms of the delegation.~~

~~(3) In performing a delegated function, an agent owes a duty to the trust to exercise reasonable care to comply with the terms of the delegation.~~

~~(4) A trustee who complies with the requirements of subsection (2) is not liable to the beneficiaries or to the trust for the decisions or actions of the agent to whom the function was delegated.~~

~~(5) By accepting the delegation of a trust function from the trustee of a trust that is subject to the laws of this state, an agent submits to the jurisdiction of the courts of this state.~~

AN ACT REVISING AND EXPANDING THE MEMBERSHIP OF THE BOARD OF VETERANS' AFFAIRS; SPECIFYING THE DUTIES OF THE BOARD; PROVIDING RULEMAKING AUTHORITY FOR THE BOARD; ESTABLISHING A STATE SPECIAL REVENUE ACCOUNT AND A FEDERAL SPECIAL REVENUE ACCOUNT TO BE USED FOR VETERANS' SERVICES; AUTHORIZING THE BOARD TO SPONSOR PATRIOTIC LICENSE PLATES; AUTHORIZING COUNTIES TO PROVIDE FOR VETERANS' SERVICE OFFICERS; ALLOWING THE BOARD TO ACCEPT FEDERAL FUNDS AND DONATIONS; SPECIFYING THE ACCOUNT TO WHICH DONATIONS ARE DEPOSITED; TRANSFERRING FROM THE DEPARTMENT OF MILITARY AFFAIRS TO THE BOARD THE OVERSIGHT OF AND RULEMAKING AUTHORITY FOR STATE VETERANS' CEMETERIES; AUTHORIZING ADDITIONAL VETERANS' CEMETERIES; TRANSFERRING FROM THE DEPARTMENT OF MILITARY AFFAIRS TO THE BOARD OF VETERANS' AFFAIRS THE OVERSIGHT OF A SPECIAL REVENUE ACCOUNT FOR VETERANS' CEMETERIES; ALLOWING INCOME TAX DEDUCTIONS FOR CONTRIBUTIONS TO STATE VETERANS' SERVICES; REVISING CERTAIN VEHICLE LICENSE PLATE REGISTRATION FEES TO BENEFIT STATE VETERANS' SERVICES; AMENDING SECTIONS 2-15-1205, 10-2-102, 10-2-106, 10-2-601, 10-2-602,

10-2-603, 15-1-122, AND 61-3-321, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

WHEREAS, the 57th Legislature requested a study of veterans' issues, and the State Administration and Veterans' Affairs Interim Committee conducted numerous hearings, received expert testimony, and examined research during a 14-month period; and

WHEREAS, the Interim Committee found that, using 2000 data, Montana's population of nearly 107,000 veterans and an estimated 170,000 family members of veterans not only ranks Montana second in the nation in the number of veterans per capita (11.9%) but also means that veterans and their family members constitute more than 25% of Montana's total population; and

WHEREAS, the Interim Committee found that more than 80,000 Montana veterans are combat-era veterans (more than 36,000 are Vietnam-era, more than 16,000 are Persian Gulf-era, more than 16,000 are World War II-era, and about 14,000 are Korean-era veterans) and that the largest group of veterans is now between 50 and 65 years of age; and

WHEREAS, the U.S. Department of Veterans Affairs estimates that more than 50% of combat theater veterans suffer from clinically serious and disabling posttraumatic stress disorder, that twice as many veterans as nonveterans experience homelessness, that many veterans have overlapping and complex needs encompassing medical and nursing home care, mental health and chemical dependency counseling, housing, transportation, education and training, job services, and family support services, and that the children and families of veterans who do not get the help that they need are themselves at risk; and

WHEREAS, these complex needs and a maze of federal, state, local, public, and private services demand a high level of interagency coordination and cooperation for effective service delivery to ensure that veterans and their families do not fall through the cracks and to avoid unnecessary cost-shifting from federal to state and local public assistance programs; and

WHEREAS, the Interim Committee found that current statutory language establishing the Board of Veterans' Affairs as the lead agency for veterans' affairs dates back to 1919 and that although the Board's duties and responsibilities have consistently evolved, statutory language has not kept pace; and

WHEREAS, the Board hires and supervises its own classified employees, who make up the Montana Veterans' Affairs Division, but the Board does not have rulemaking authority to implement programs; and

WHEREAS, the Board is administratively attached to the Department of Military Affairs, which has greatly assisted veterans and supported the Board but has no statutory authority over veterans' affairs; and

WHEREAS, a legislative performance audit requested by the Interim Committee revealed that although the Montana Veterans' Affairs Division is to be commended for doing a great job with limited resources and limited statutory guidance, it also revealed that new management tools and updated information management systems are needed to provide more consistency and to track and manage staff workload; and

WHEREAS, the U.S. Department of Veterans Affairs spent about $175 million in Montana during fiscal year 2000, which ranked Montana 37th

nationwide in per capita expenditures by the U.S. Department of Veterans Affairs on veterans; and

WHEREAS, the Interim Committee found that a statutory restructuring of powers, duties, and responsibilities for state veterans' affairs programs is essential, not only to address inadvertent statutory shortfalls and elevate the profile of state veterans' affairs, but also to better integrate benefit claims with human services programs so that eligible veterans and family members receive the federal compensation, benefits, and care that they have earned in self-sacrificing service in the armed forces of the United States of America.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-15-1205, MCA, is amended to read:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-371, MCA, is amended to read:

"20-9-371. Calculation and uses of school facility entitlement amount. (1) The state reimbursement for school facilities for a district is the percentage determined in 20-9-346(2)(b) times (1-(district mill value per ANB/statewide mill value per ANB)) times the lesser of the total school facility entitlement calculated under the provisions of 20-9-370 or the district's current year debt service obligations on *general obligation* bonds that qualify under the provisions of 20-9-370(3).

(2) The state advance for school facilities for a district is determined as follows:

(a) Calculate the percentage of the district's debt service payment that will be advanced by the state using the district ANB, the district mill value and the statewide mill value for the current year, and the percentage used to determine the proportionate share of state reimbursement for school facilities in the prior year.

(b) Multiply the percentage determined in subsection (2)(a) by the lesser of the total school facility entitlement calculated under the provisions of 20-9-370 or the district's current year debt service obligation for *general obligation* bonds to which the state advance applies.

(3) Within the available appropriation, the superintendent of public instruction shall first distribute to eligible districts the state advance for school facilities. From the remaining appropriation, the superintendent shall distribute to eligible districts the state reimbursement for school facilities.

(4) The trustees of a district may apply the state reimbursement for school facilities to reduce the levy requirement in the ensuing school fiscal year for all outstanding bonded indebtedness on *general obligation* bonds sold in the debt service fund of the district after July 1, 1991. The trustees may apply the state advance for school facilities to reduce the levy requirement in the current school fiscal year for debt service payments on *general obligation* bonds to which the state advance for school facilities applies."

Section 2. Section 20-9-403, MCA, is amended to read:

"20-9-403. Bond issues for certain purposes. (1) The trustees of a school district may issue and negotiate *general obligation bonds or impact aid* bonds ~~on the credit~~ of the school district for the purpose of:

(b) buying a school bus or buses;

(c) providing the necessary money to redeem matured bonds, maturing bonds, or coupons appurtenant to bonds when there is not sufficient money to redeem them;

Section 3. Section 20-9-406, MCA, is amended to read:

"20-9-406. Limitations on amount of bond issue — definition of federal impact aid basic support payment. (1) (a) Except as provided in subsection (1)(d), the maximum amount for which an elementary district or a high school district may become indebted by the issuance of *general obligation*

bonds, including all indebtedness represented by outstanding *general obligation* bonds of previous issues and registered warrants, is 45% of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(b) Except as provided in subsection (1)(d), the maximum amount for which a K-12 school district, as formed pursuant to 20-6-701, may become indebted by the issuance of *general obligation* bonds, including all indebtedness represented by outstanding *general obligation* bonds of previous issues and registered warrants, is up to 90% of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(c) The total indebtedness of the high school district with an attached elementary district is limited to the sum of 45% of the taxable value of the property for elementary school program purposes and 45% of the taxable value of the property for high school program purposes.

(d) (i) The maximum amount for which an elementary district or a high school district with a district mill value per elementary ANB or per high school ANB that is less than the corresponding statewide mill value per elementary ANB or per high school ANB may become indebted by the issuance of *general obligation* bonds, including all indebtedness represented by outstanding *general obligation* bonds of previous issues and registered warrants, is 45% of the corresponding statewide mill value per ANB times 1,000 times the ANB of the district. For a K-12 district, the maximum amount for which the district may become indebted is 45% of the sum of the statewide mill value per elementary ANB times 1,000 times the elementary ANB of the district and the statewide mill value per high school ANB times 1,000 times the high school ANB of the district.

(ii) If mutually agreed upon by the affected districts, for the purpose of calculating its maximum bonded indebtedness under this subsection (1)(d), a district may include the ANB of the district plus the number of students residing within the district for which the district or county pays tuition for attendance at a school in an adjacent district. The receiving district may not use out-of-district ANB for the purpose of calculating its maximum indebtedness if the out-of-district ANB has been included in the ANB of the sending district pursuant to the mutual agreement.

(2) The maximum amounts determined in subsection (1)~~, however, may~~ *do* not pertain to indebtedness imposed by special improvement district obligations or assessments against the school district or to *general obligation* bonds issued for the repayment of tax protests lost by the district. All*general obligation* bonds issued in excess of the amount are void, except as provided in this section.

(3) The maximum amount of impact aid revenue bonds that an elementary district, high school district, or K-12 school district may issue may not exceed a total aggregate amount equal to three times the average of the school district's annual federal impact aid basic support payments for the 5 years immediately preceding the issuance of the bonds. However, at the time of issuance of the bonds, the average annual payment of principal and interest on the impact aid bonds each year may not exceed 35% of the total federal impact aid basic support payments of the school district for the current year.

~~(3)~~*(4)* When the total indebtedness of a school district has reached the limitations prescribed in this section, the school district may pay all reasonable

and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this chapter.

~~(4)~~*(5)* Whenever bonds are issued for the purpose of refunding bonds, any money to the credit of the debt service fund for the payment of the bonds to be refunded is applied toward the payment of the bonds and the refunding bond issue is decreased accordingly.

(6) As used in this part, "federal impact aid basic support payment" means the annual impact aid revenue received by a district under 20 U.S.C. 7703(b), but excludes revenue received for impact aid special education under 20 U.S.C. 7703(d) and impact aid construction under 20 U.S.C. 7707."

Section 4. Section 20-9-408, MCA, is amended to read:

"20-9-408. Definition of forms of bonds. As used in this part:

(1) "amortization bond" means that form of bond on which a part of the principal is required to be paid each time that interest becomes due and payable. The part payment of principal increases with each following installment in the same amount that the interest payment decreases, so that the combined amount payable on principal and interest is the same on each payment date. However, the payment on the initial interest payment date may be less or greater than the amount of other payments on the bond, reflecting the payment of interest only or the payment of interest for a period different from that between other interest payment dates. The final payment may vary from prior payments in amount as a result of rounding prior payments.

(2) "general obligation bonds" means bonds that pledge the full faith and credit and the taxing power of a school district;

(3) "impact aid revenue bonds" means bonds that pledge and are payable solely from federal impact aid basic support payments received and deposited to the credit of the account established in 20-9-514; and

~~(2)~~*(4)* "serial bonds" means a bond issue payable in annual installments commencing not more than 2 years from the date of issue, any one installment consisting of one or more bonds, with the principal amount of bonds maturing in each installment not exceeding three times the principal amount of the bonds maturing in the immediately preceding installment."

Section 5. Section 20-9-422, MCA, is amended to read:

"20-9-422. Additional requirements for trustees' resolution calling bond election. (1) In addition to the requirements for calling an election that are prescribed in 20-20-201 and 20-20-203, the trustees' resolution calling a school district bond election must:

(a) specify whether the bonds will be general obligation bonds or impact aid revenue bonds;

~~(a)~~*(b)* fix the exact amount of the bonds proposed to be issued, which may be more or less than the amounts estimated in a petition;

~~(b)~~*(c)* fix the maximum number of years in which the proposed bonds would be paid;

(2) Each bond and coupon attached to a bond must be signed by or bear the facsimile signatures of the presiding officer of the trustees and the school district clerk, provided that one signature of a school official or the bond registrar must be a manual signature.”

“20-9-437. School district liable on bonds. (1) The full faith, credit, and taxable resources of a school district issuing *general obligation* bonds under the provisions of this title are pledged for the repayment of the bonds with interest according to the terms of the bonds. (2) A school district may use up to 25% of its federal impact aid funds received pursuant to 20-9-514 for repayment of *general obligation* bonds.

(3) Impact aid revenue bonds must be payable solely from the federal impact aid basic support payment received by the school district and deposited to the credit of the impact aid fund established in 20-9-514 and do not constitute a

general obligation of the school district. The school district's taxing power is not pledged for the repayment of impact aid revenue bonds."

Section 12. Section 20-9-438, MCA, is amended to read:

"20-9-438. Preparation of *general obligation* debt service fund budget — operating reserve. (1) The trustees of each school district having outstanding *general obligation* bonds shall include in the debt service fund of the final budget adopted in accordance with 20-9-133 an amount of money that is necessary to pay the interest and the principal amount becoming due during the ensuing school fiscal year for each series or installment of bonds, according to the terms and conditions of the bonds and the redemption plans of the trustees.

(2) The trustees shall also include in the debt service fund of the final budget:

(a) the amount of money necessary to pay the special improvement district assessments levied against the school district that become due during the ensuing school fiscal year; and

(b) a limited operating reserve for the school fiscal year following the ensuing school fiscal year as provided in subsection (3).

(3) At the end of each school fiscal year, the trustees of a school district may designate a portion of the end-of-the-year fund balance of the debt service fund to be earmarked as a limited operating reserve for the purpose of paying, whenever a cash flow shortage occurs, debt service fund warrants and bond obligations that must be paid from July 1 through November 30 of the school fiscal year following the ensuing school fiscal year. Any portion of the debt service fund end-of-the-year fund balance not earmarked for limited operating reserve purposes must be reappropriated to be used for property tax reduction as provided in 20-9-439.

(4) The county superintendent shall compare the final budgeted amount for the debt service fund with the bond retirement and interest requirement and the special improvement district assessments for the school fiscal year just beginning as reported by the county treasurer in the statement supplied under the provisions of 20-9-121. If the county superintendent finds that the requirement stated by the county treasurer is more than the final budget amount, the county superintendent shall increase the budgeted amount for interest or principal in the debt service fund of the final budget. The amount confirmed or revised by the county superintendent is the final budget expenditure amount for the debt service fund of the school district."

Section 13. Section 20-9-439, MCA, is amended to read:

"20-9-439. Computation of net levy requirement *for general obligation bonds* — procedure when levy inadequate. (1) The county superintendent shall compute the levy requirement for each school district's *general obligation* debt service fund on the basis of the following procedure:

(a) Determine the total money available in the debt service fund for the reduction of the property tax on the district by totaling:

(i) the end-of-the-year fund balance in the debt service fund, less any limited operating reserve as provided in 20-9-438;

(ii) anticipated interest to be earned by the investment of debt service cash in accordance with the provisions of 20-9-213(4) or by the investment of bond proceeds under the provisions of 20-9-435;

(iii) any state advance for school facilities distributed to a qualified district under the provisions of 20-9-346, 20-9-370, and 20-9-371;

(iv) funds transferred from the impact aid fund established pursuant to 20-9-514 that are *authorized by 20-9-437(2) to be* used to repay the district's bonds; and

(v) any other money, including money from federal sources, anticipated by the trustees to be available in the debt service fund during the ensuing school fiscal year from sources such as legally authorized money transfers into the debt service fund or from rental income, excluding any guaranteed tax base aid.

(b) Subtract the total amount available to reduce the property tax, determined in subsection (1)(a), from the final budget for the debt service fund as established in 20-9-438.

(2) The net debt service fund levy requirement determined in subsection (1)(b) must be reported to the county commissioners on the fourth Monday of August by the county superintendent as the net debt service fund levy requirement for the district, and a levy must be made by the county commissioners in accordance with 20-9-142.

(3) If the board of county commissioners fails in any school fiscal year to make a levy for any issue or series of bonds of a school district sufficient to raise the money necessary for payment of interest and principal becoming due during the next ensuing school fiscal year, in any amounts established under the provisions of this section, the holder of any bond of the issue or series or any taxpayer of the district may apply to the district court of the county in which the school district is located for a writ of mandate to compel the board of county commissioners of the county to make a sufficient levy for payment purposes. If, upon the hearing of the application, it appears to the satisfaction of the court that the board of county commissioners of the county has failed to make a levy or has made a levy that is insufficient to raise the amount required to be raised as established in the manner provided in this section, the court shall determine the amount of the deficiency and shall issue a writ of mandate directed to and requiring the board of county commissioners, at the next meeting for the purpose of fixing tax levies for county purposes, to fix and make a levy against all taxable property in the school district that is sufficient to raise the amount of the deficiency. The levy is in addition to any levy required to be made at that time for the ensuing school fiscal year. Any costs that may be allowed or awarded the petitioner in the proceeding must be paid by the members of the board of county commissioners and may not be a charge against the school district or the county."

Section 14. Section 20-9-440, MCA, is amended to read:

"20-9-440. Payment of debt service obligations — termination of interest. (1) *The school district shall provide the county treasurer with a general obligation bond or impact aid revenue bond debt services schedule.* The county treasurer shall maintain a separate debt service fund for each school district *and, if bonds are to be issued as impact aid revenue bonds, a separate impact aid revenue bond debt service fund and an impact aid revenue bond debt service reserve account, if required,* and shall credit all tax ~~moneys~~ *money or impact aid revenue* collected for debt service to ~~such~~ *the appropriate* fund and use the ~~moneys~~ *money* credited to ~~such~~ *the* fund for the payment of debt service obligations in accordance with the school financial administration provisions of this title.

(4) Any installment on interest and principal on bonds held by the state that is not promptly paid when due ~~shall draw~~ *draws* interest at an annual rate of 6% from the date due until actual payment, irrespective of the rate of interest on the bonds."

Section 15. Security for impact aid reserve bonds — agreement of state. (1) To secure the payment of principal and interest on impact aid revenue bonds, the trustees of a school district by resolution or indenture of trust may provide that impact aid revenue bonds are secured by a first lien on the federal impact aid basic support payments received and credited to the account established in 20-9-514 and pledge to the holders of the impact aid revenue bonds all of the money in the impact aid revenue bond debt service fund.

(2) Upon receipt of the federal impact aid basic support payment, the county treasurer shall deposit in the impact aid revenue bond debt service fund the amount that is required to pay the principal of and interest on the impact aid revenue bonds coming due in the next 12-month period and to restore any deficiency in the impact aid revenue bond debt service reserve account. Excess federal impact aid basic support payment revenue must be deposited as provided in 20-9-514. The school district and county treasurer may designate a trustee for holders of the bonds to receive the school district's impact aid revenue for purposes of making the annual debt service payments on impact aid revenue bonds and may authorize the trustee to establish and maintain the impact aid revenue bond debt service fund and impact aid revenue bond debt service reserve account.

(3) Any pledge made pursuant to this section is valid and binding from the time the pledge is made, and the money pledged and received by the county treasurer on behalf of the school district to be placed in the impact aid revenue bond debt service fund account is immediately subject to the lien of the pledge without any future physical delivery or further act. A lien of any pledge is valid and binding against all parties that have claims of any kind against the school district, regardless of whether the parties have notice of the lien. The bond resolution or indenture of trust that creates the pledge, when adopted by the trustees of any district, is notice of the creation of the pledge, and those

instruments are not required to be recorded in any other place to perfect the pledge.

(4) The state pledges to and agrees with the holders of impact aid revenue bonds that the state will not limit, alter, or impair the ability of a school district to qualify for impact aid revenue or in any way impair the rights and remedies of the bondholders until all bonds issued under this section, together with interest on the bonds, interest on any unpaid installments of principal or interest, and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders, are fully met and discharged. The trustees of any district, as agents for the state, may include this pledge and undertaking in resolutions and indentures authorizing and securing the bonds.

Section 2. Section 75-10-621, MCA, is amended to read:

"75-10-621. Hazardous waste/CERCLA special revenue account. (1) There is a hazardous waste/CERCLA special revenue account within the state special revenue fund established in 17-2-102.

(2) There must be paid into the hazardous waste/CERCLA account:

(a) revenue obtained from the interest income of the resource indemnity trust fund under the provisions of 15-38-202, together with interest accruing on that revenue;

(b) all proceeds of bonds or notes issued under 75-10-623 and all interest earned on proceeds of the bonds or notes; and

(c) revenue from penalties or damages collected under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended in 1986 (CERCLA).

(3) Appropriations may be made from the hazardous waste/CERCLA account only for the following purposes and subject to the following conditions:

~~(a) funds are statutorily appropriated, as provided in 17-7-502(4), to the CERCLA match debt service account necessary to make principal, interest, and premium payments due on CERCLA bonds;~~

~~(b)~~*(a)* not more than one-half of the interest income received for any biennium from the resource indemnity trust fund may be appropriated on a biennial basis for:

(i) implementation of the Montana Hazardous Waste Act, including regulation of underground storage tanks and the state share to obtain matching federal funds;

(ii) implementation of Title 75, chapter 10, part 6, pertaining to state assistance to and cooperation with the federal government for remedial action under CERCLA;

(iii) expenses of the department in administering and overseeing the implementation of Title 75, chapter 10, parts 4 and 6; and

(iv) state expenses relating to investigation and remedial action for any hazardous substance defined in 75-10-602; and

~~(c)~~*(b)* to the extent funds are available after the appropriations in ~~subsections~~ *subsection* (3)(a) ~~and (3)(b)~~, the department may, as appropriate, seek authorization from the legislature or, when the legislature is not in session, through the budget amendment process provided for in Title 17, chapter 7, part 4, to spend funds for:

(i) state participation in remedial action under section 104 of CERCLA;

(ii) state costs for maintenance of sites at which remedial action under CERCLA has been completed; and

(iii) the state share to obtain matching federal funds for underground storage tank corrective action.

(4) For the purposes of subsection ~~(3)(c)~~ *(3)(b)*, the legislature finds that a need for state special revenue to obtain matching federal funds for underground storage tank corrective action or for remedial action under section 104 of CERCLA constitutes a serious unforeseen and unanticipated circumstance for the purpose of meeting the definition of "emergency" in 17-7-102. The legislature further finds that the inability of the department to match the federal funds as the funds become available would seriously impair the functions of the department in carrying out its responsibilities under Title 75, chapter 10, parts 4 and 6.

(5) There is no dollar limit to the hazardous waste/CERCLA account. Unused balances remain in the account until appropriated by the legislature for the purposes specified in this section."

(2) The state pledges, allocates, and directs to be credited to the CERCLA match debt service fund ~~as received an amount necessary to satisfy principal and interest payments due on outstanding CERCLA bonds~~ *money from the resource indemnity and ground water assessment tax, as provided in 15-38-106, and from the CERCLA cost recovery account, as provided in [section 5].*

(3) Money in the CERCLA match debt service fund is statutorily appropriated, as provided in 17-7-502(4)."

Section 4. Section 75-10-623, MCA, is amended to read:

"75-10-623. CERCLA bonds. (1) When authorized by the legislature and within limits of the authorization and the further limitations established in this section, the board of examiners may issue and sell CERCLA bonds of the state in the amount and manner it considers necessary and proper to ~~finance the match requirements~~ *fund state participation in remedial action* under section 104 of CERCLA*, as amended, state costs for maintenance of sites at which remedial action under CERCLA has been completed, the state share required to obtain*

matching federal funds ~~and to finance the match requirements for federal money~~ for underground storage tank corrective action*, and costs of issuing the bonds or notes*. The full faith and credit and taxing powers of the state are pledged for the prompt and full payment of all bonds issued and interest and redemption premiums payable on the bonds according to their terms.

(2) Each series of CERCLA bonds may be issued by the board of examiners upon request of the department of environmental quality, at public or private sale, in the denominations and forms, whether payable to bearer with attached interest coupons or registered as to principal or as to both principal and interest, with provisions for conversion or exchange and for the issuance of notes in anticipation of the issuance of definitive bonds, bearing interest at a rate or rates, maturing at a rate or rates, maturing at the time or times not exceeding 30 years from date of issue, subject to optional or mandatory redemption at earlier times and prices and upon notice, with provisions for payment and discharge by the deposit of funds or securities in escrow for that purpose, and payable at the office of the banking institution or institutions within or outside the state, as the board of examiners determines, subject to the limitations contained in 17-5-731 and this section.

(3) In the issuance of each series of CERCLA bonds, the interest rates, maturities, and any mandatory redemption provisions of the bonds must be established in a manner that the funds then specifically pledged and appropriated by law to the CERCLA match debt service fund will, in the judgment of the board of examiners, be received in an amount sufficient in each year to pay all principal, redemption premiums, and interest due and payable in that year with respect to that and all prior series of the bonds, except outstanding bonds as to which the obligation of the state has been discharged by the deposit of funds or securities sufficient for their payment in accordance with the terms of the resolutions by which they are authorized to be issued.

(4) In all other respects, the board of examiners is authorized to prescribe the form and terms of the bonds and notes and shall do whatever is lawful and necessary for their issuance and payment. The bonds, notes, and any interest coupons appurtenant to the bonds and notes must be signed by the members of the board of examiners, and the bonds and notes must be issued under the great seal of the state of Montana. The bonds, notes, and coupons may be executed with facsimile signatures and seal in the manner and subject to the limitations prescribed by law. The state treasurer shall keep a record of all the bonds and notes issued and sold.

(5) All proceeds of bonds or notes issued under this section must be deposited in the hazardous waste/CERCLA special revenue account established in 75-10-621.

(6) All actions taken by the board of examiners under this section must be authorized by a vote of a majority of the members."

Section 5. CERCLA cost recovery account. (1) There is a CERCLA cost recovery special revenue account in the state special revenue fund established in 17-2-102.

(2) There must be deposited in the CERCLA cost recovery account amounts obtained by the department through cost recovery under CERCLA for costs paid, in whole or in part, with the proceeds of CERCLA bonds authorized in 75-10-623, together with interest on the proceeds.

(3) (a) Money in the CERCLA cost recovery account must be transferred to the CERCLA match debt service fund in each fiscal year in an amount then available, but not to exceed the amount necessary to pay the principal of, premium, if any, and interest on the bonds and notes issued pursuant to 75-10-623 to become due in the next fiscal year, or as appropriate, to pay the redemption price of the bonds or notes.

(b) Money in the CERCLA cost recovery account, including interest on the money in the account, that is not transferred to the CERCLA match debt service fund must be retained in the CERCLA cost recovery account as long as any principal of, premium, if any, or interest on the CERCLA bonds or notes authorized in 75-10-623, the proceeds of which were applied, in whole or in part, to costs associated with the cost recovery, remains unpaid or the payment of the costs associated with cost recovery has not been provided for in a manner that would cause the defeasance of bonds.

Section 6. Codification instruction. [Section 5] is intended to be codified as an integral part of Title 75, chapter 10, part 6, and the provisions of Title 75, chapter 10, part 6, apply to [section 5].

AN ACT DEFINING "ENERGY COST SAVINGS"; CLARIFYING DEBT SERVICE FOR APPROPRIATIONS OF ENERGY COST SAVINGS; AUTHORIZING THE ISSUANCE OF GENERAL OBLIGATION BONDS TO FUND THE STATE BUILDING ENERGY CONSERVATION PROGRAM AND CREATING A STATE DEBT; APPROVING ENERGY CONSERVATION PROJECTS FOR FISCAL YEARS 2004 AND 2005; APPROPRIATING BOND PROCEEDS TO THE DEPARTMENT OF ENVIRONMENTAL QUALITY; PLEDGING THE CREDIT OF THE STATE OF MONTANA TO SECURE THE BONDS TO BE ISSUED; AMENDING SECTIONS 90-4-602 AND 90-4-614, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 90-4-602, MCA, is amended to read:

"90-4-602. Definitions. As used in this part, unless the context requires otherwise, the following definitions apply:

(1) "Board" means the board of examiners provided for in 2-15-1007.

(2) "Cost" includes the expenses related to planning, design, construction, and installation of energy conservation improvements and any administrative expenses of the department incurred in the performance of its duties under the energy conservation program.

(3) "Department" means the department of environmental quality provided for in 2-15-3501.

(4) "Energy conservation program" means a program for the financing, acquisition, construction, and installation of energy saving equipment, systems, and improvements in state-owned buildings, structures, and facilities.

(5) "Energy conservation program bonds" includes all series of bonds issued to finance any portion of the energy conservation program.

(6) "Energy cost savings" means the savings in utility costs to a state agency as a result of an energy conservation program.

~~(6)~~*(7)* "State agency" means:

(a) each executive, legislative, or judicial branch department, office, or agency; and

(b) the university system."

Section 2. Section 90-4-614, MCA, is amended to read:

"90-4-614. Appropriation of energy cost savings. (1) In preparing the executive budget each biennium, the governor shall include for each state agency participating in the state energy conservation program:

(a) an estimate of the energy cost savings expected for that agency in each year of the biennium; and

(b) a projection of the debt service on energy conservation program bonds that should be apportioned to that agency in each year of the biennium. *Debt service is zero after the term of bond repayment.*

(2) Each session, the legislature shall review the governor's submission pursuant to 90-4-606 and subsection (1) of this section and appropriate in the general appropriations act the following:

(a) authority for each participating state agency to transfer funds in an amount equal to the agency's projected debt service to the energy conservation program account established in 90-4-612; and

(b) authority for each participating state agency to transfer funds to the long-range building program fund in an amount equal to the difference between the estimated energy cost savings to the agency and the projected debt service apportioned to that agency.

(3) The current level utility appropriations of state agencies participating in the energy conservation program must be reduced by the sum of the amounts appropriated in subsections (2)(a) and (2)(b).

(4) Each participating state agency shall transfer upon request of the department the amounts appropriated in accordance with subsection (2)."

Section 3. Appropriation of bond proceeds. There is appropriated from bond proceeds authorized by Chapter 50, Laws of 1999, Chapter 240, Laws of 2001, and [section 5] $400,000 to the department of environmental quality to fulfill its duties under 90-4-605 and 90-4-607. This appropriation is a biennial appropriation.

Section 4. Approval of energy conservation projects — definition. (1) Pursuant to Title 90, chapter 4, part 6, the legislature approves for fiscal years 2004 and 2005 the following energy conservation projects:

(a) Mitchell building, department of administration, Helena, Montana;

(b) Spratt building, department of public health and human services, Warm Springs, Montana;

(c) health science building, University of Montana-Missoula, Montana;

(d) Montana mental health and nursing care center, department of public health and human services, Lewistown, Montana;

(e) men's prison, department of corrections, Deer Lodge, Montana; and

(f) Kalispell and Missoula headquarters buildings, department of fish, wildlife, and parks.

(2) In addition to the energy conservation projects referred to in subsection (1), the department of environmental quality may expend funds appropriated under [section 3] to respond to energy savings opportunities. Energy savings opportunities include coordination of energy improvement projects with the long-range building program capital improvement projects.

(3) For purposes of this section, an "energy savings opportunity" means an opportunity to improve energy use that will provide significant energy and cost savings to the state and that will be technically infeasible or uneconomical if the department of environmental quality is delayed in providing the necessary funds until specific legislative approval can be obtained.

(4) If the costs of the projects authorized in subsections (1) and (2) are substantially below the bond amount authorized in [section 5], the department of environmental quality may fund projects that would be proposed as part of the state building energy conservation package for fiscal years 2006 and 2007.

Section 5. Bond authorization. (1) The board of examiners may, pursuant to 90-4-611, issue and sell bonds of the state in an aggregate principal amount not to exceed $2.5 million for fiscal years 2004 and 2005 for the projects approved in [section 4] and to fulfill the duties imposed by 90-4-605 and 90-4-607, as provided in [section 3]. The bonds are general obligations for which the full faith and credit and taxing powers of the state are pledged for payment of the principal and interest on the bonds. The bonds must be issued as provided by Title 17, chapter 5, part 8.

(2) The proceeds of the bonds, other than any premiums and accrued interest received, must be deposited in the energy conservation program account established by 90-4-612. Premiums and accrued interest must be deposited in the debt service fund established in 17-2-102. Proceeds of bonds deposited in the energy conservation program account may be used to pay the costs of issuing the bonds, to fulfill the duties authorized by 90-4-605 and 90-4-607, and to fund the projects approved in [section 4]. For the purposes of 17-5-803 and 17-5-804, the energy conservation program account constitutes a capital projects account. The bond proceeds must be available to the department of environmental quality and may be used for the purposes authorized in this section without further budgetary authorization.

Section 6. Two-thirds vote required. Because [section 5] authorizes the creation of state debt, Article VIII, section 8, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for enactment of [section 5].

Section 7. Effective date. [This act] is effective July 1, 2003.

~~(h) provide for the protection of children whose health and welfare are or may be adversely affected and further threatened by the conduct of those responsible for their care and protection;~~

~~(i) require a department social worker to interview the parents of a child to which a petition pertains, if they are reasonably available, before the state may file a petition for temporary investigative authority or a petition for immediate protection and emergency protective services and to require that a judge may not issue an order granting a petition, except an order for immediate protection of the youth, until the parents, if they are reasonably available, are given the opportunity to appear before the judge or have their statements, if any, presented to the judge for consideration before an order is granted;~~ and

~~(j)~~*(f)* ensure that whenever removal of a child from the home is necessary, the child is entitled to maintain ethnic, cultural, and religious heritage whenever appropriate.

(2) It is intended that the mandatory reporting of abuse or endangerment cases by professional people and other community members to the appropriate authority will cause the protective services of the state to seek to prevent further abuses, protect and enhance the welfare of these children, and preserve family life whenever appropriate.

(3) In implementing this chapter, whenever it is necessary to remove a child from the child's home, the department shall, when it is in the best interests of the child, place the child with the child's noncustodial birth parent or with the child's extended family, including adult siblings, grandparents, great-grandparents, aunts, and uncles, when placement with the extended family is approved by the department, prior to placing the child in an alternative protective or residential facility. Prior to approving a placement, the department shall investigate whether anyone living in the home has been convicted of a crime involving serious harm to children.

(4) In implementing the policy of this section, the child's health and safety are of paramount concern."

The* supreme court may order a stay upon application and hearing if suitable provision is made for the care and custody of the child.

(3) If the appeal results in the reversal of the order appealed, the legal status of the child reverts to the child's legal status before the entry of the order that was appealed. The child's prior legal status remains in effect until further order of the district court unless the supreme court orders otherwise."

~~(4)~~*(6)* The department shall make the necessary arrangements for the child's well-being as are required prior to the court hearing."

Section 7. Section 41-3-422, MCA, is amended to read:

"41-3-422. Abuse and neglect petitions — burden of proof. (1) (a) Proceedings under this chapter must be initiated by the filing of a petition. A petition may request the following relief:

(i) immediate protection and emergency protective services, as provided in 41-3-427;

(ii) temporary investigative authority, as provided in 41-3-433;

(iii) temporary legal custody, as provided in 41-3-442;

~~(vii)~~*(viii)* any combination of the provisions of subsections (1)(a)(i) through ~~(1)(a)(vi)~~ *(1)(a)(vii)* or any other relief that may be required for the best interests of the child.

(b) The petition may be modified for different relief at any time within the discretion of the court.

(c) A petition for temporary legal custody may be the initial petition filed in a case.

(d) A petition for the termination of the parent-child legal relationship may be the initial petition filed in a case if a request for a determination that preservation or reunification services need not be provided is made in the petition.

(2) The county attorney, attorney general, or an attorney hired by the county shall file all petitions under this chapter. A petition filed by the county attorney, attorney general, or an attorney hired by the county must be accompanied by an affidavit by the department alleging that the child appears to have been abused or neglected and stating the basis for the petition.

(3) Abuse and neglect petitions must be given highest preference by the court in setting hearing dates.

(4) An abuse and neglect petition is a civil action brought in the name of the state of Montana. The Montana Rules of Civil Procedure and the Montana Rules of Evidence apply except as modified in this chapter. Proceedings under a petition are not a bar to criminal prosecution.

(5) (a) Except as provided in subsection (5)(b), the person filing the abuse and neglect petition has the burden of presenting evidence required to justify the relief requested and establishing:

(i) probable cause for the issuance of an order for immediate protection and emergency protective services or an order for temporary investigative authority;

(ii) a preponderance of the evidence for an order of adjudication or temporary legal custody;

(iii) a preponderance of the evidence for an order of long-term custody; or

If the person or agency cannot be served personally, the person or agency may be served by publication as provided in 41-3-428 and 41-3-429.

(b) Copies of all other petitions must be served by certified mail. If service is by certified mail, the department must receive a return receipt signed by the person to whom the notice was mailed for the service to be effective. Service of the notice is considered to be effective if, in the absence of a return receipt, the person to whom the notice was mailed appears at the hearing.

(7) If personal service cannot be made upon the parents or parent, guardian, or other person or agency having legal custody, the court shall appoint an attorney to represent the unavailable party when, in the opinion of the court, the interests of justice require.

(8) If a parent of the child is a minor, notice must be given to the minor parent's parents or guardian, and if there is no guardian, the court shall appoint one.

(9) (a) Any person interested in any cause under this chapter has the right to appear. Any foster parent, preadoptive parent, or relative caring for the child must be given legal notice by the attorney filing the petition of all judicial hearings for the child and must be given an opportunity to be heard. The right to appear or to be heard does not make that person a party to the action. Any foster parent, preadoptive parent, or relative caring for the child must be given notice of all reviews by the reviewing body.

(b) A foster parent, preadoptive parent, or relative of the child who is caring for or a relative of the child who has cared for a child who is the subject of the petition who appears at a hearing set pursuant to this section may be allowed by the court to intervene in the action if the court, after a hearing in which evidence is presented on those subjects provided for in 41-3-437(4), determines that the intervention of the person is in the best interests of the child. A person granted intervention pursuant to this subsection is entitled to participate in the adjudicatory hearing held pursuant to 41-3-437 and to notice and participation in subsequent proceedings held pursuant to this chapter involving the custody of the child.

(10) An abuse and neglect petition must:

(a) state the nature of the alleged abuse or neglect and of the relief requested;

(b) state the full name, age, and address of the child and the name and address of the child's parents or guardian or person having legal custody of the child;

(c) state the names, addresses, and relationship to the child of all persons who are necessary parties to the action.

(11) The court may at any time on its own motion or the motion of any party appoint counsel for any indigent party. If an indigent parent is not already represented by counsel, counsel must be appointed for an indigent parent at the time that a request is made for a determination that preservation or reunification services need not be provided.

(12) At any stage of the proceedings considered appropriate by the court, the court may order an alternative dispute resolution proceeding or the parties may voluntarily participate in an alternative dispute resolution proceeding. An alternative dispute resolution proceeding under this chapter may include a family group ~~conference~~ *decisionmaking meeting*, mediation, or a settlement conference. If a court orders an alternative dispute resolution proceeding, a party who does not wish to participate may file a motion objecting to the order. If the department is a party to the original proceeding, a representative of the department who has complete authority to settle the issue or issues in the original proceeding must be present at any alternative dispute resolution proceeding.

(13) Service of a petition under this section must be accompanied by a written notice advising the child's parent, guardian, or other person having physical or legal custody of the child of the:

(a) right to request the appointment of counsel if the person is indigent or if appointment of counsel is required under the federal Indian Child Welfare Act, if applicable;

(b) right to contest the allegations in the petition; and

(c) timelines for hearings and determinations required under this chapter.

(14) ~~Orders~~ *If appropriate, orders* issued under this chapter must contain a notice provision advising a child's parent, guardian, or other person having physical or legal custody of the child that:

(a) the court is required by federal and state laws to hold a permanency hearing to determine the permanent placement of a child no later than 12 months after a judge determines that the child has been abused or neglected or 12 months after the first 60 days that the child has been removed from the child's home;

(b) if a child has been in foster care for 15 of the last 22 months, state law presumes that termination of parental rights is in the best interests of the child and the state is required to file a petition to terminate parental rights; and

(c) completion of a treatment plan does not guarantee the return of a child.

(15) A court may appoint a standing master to conduct hearings and propose decisions and orders to the court for court consideration and action. A standing master may not conduct a proceeding to terminate parental rights. A standing master must be a member of the state bar of Montana and must be knowledgeable in the area of child abuse and neglect laws."

(c) The petition for immediate protection and emergency protective services must be supported by an affidavit signed by a representative of the department stating in detail the facts upon which the request is based. The petition or affidavit of the department must contain information regarding statements, if any, made by the parents detailing the parents' statement of the facts of the case. The parents, if available in person or by electronic means, must be given an opportunity to present evidence to the court before the court rules on the petition.

(2) The person filing the petition for immediate protection and emergency protective services has the burden of presenting evidence establishing probable cause for the issuance of an order for immediate protection of the child, except as

provided by the federal Indian Child Welfare Act, if applicable. The court shall consider the parents' statements, if any, included with the petition and any accompanying affidavit or report to the court. If the court finds probable cause, the court may issue an order granting the following forms of relief, which do not constitute a court-ordered treatment plan under 41-3-443:

(a) the right of entry by a peace officer or department worker;

(b) the right to place the child in temporary medical or out-of-home care, including but not limited to care provided by a noncustodial parent, kinship or foster family, group home, or institution;

(c) a requirement that the parents, guardian, or other person having physical or legal custody furnish information that the court may designate and obtain evaluations that may be necessary to determine whether a child is a youth in need of care;

(d) a requirement that the perpetrator of the alleged child abuse or neglect be removed from the home to allow the child to remain in the home;

(e) a requirement that the parent provide the department with the name and address of the other parent, if known, unless parental rights to the child have been terminated;

(f) a requirement that the parent provide the department with the names and addresses of extended family members who may be considered as placement options for the child who is the subject of the proceeding; and

(g) any other temporary disposition that may be required in the best interests of the child that does not require an expenditure of money by the department unless ~~the department is notified and a court hearing is set in a timely manner on the proposed expenditure~~ *the court finds after notice and a hearing that the expenditure is reasonable and that resources are available for payment*. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(3) An order for removal of a child from the home must include a finding that continued residence of the child with the parent is contrary to the welfare of the child or that an out-of-home placement is in the best interests of the child.

(4) The order for immediate protection of the child must require the person served to comply immediately with the terms of the order and to appear before the court issuing the order on the date specified for a show cause hearing. Upon a failure to comply or show cause, the court may hold the person in contempt or place temporary physical custody of the child with the department until further order.

(5) The petition must be served as provided in 41-3-422."

Section 9. Section 41-3-432, MCA, is amended to read:

"41-3-432. Show cause hearing — order. (1) (a) ~~A~~ *Except as provided in the federal Indian Child Welfare Act, a* show cause hearing must be conducted within ~~10~~ *20* days~~, excluding weekends and holidays,~~ of the filing of an initial child abuse and neglect petition unless otherwise stipulated by the parties pursuant to 41-3-434 or unless an extension of time is granted by the court.

(b) The court may grant an extension of time for a show cause hearing only upon a showing of substantial injustice and shall order an appropriate remedy that considers the best interests of the child.

(2) The person filing the petition has the burden of presenting evidence establishing probable cause for the issuance of an order for temporary investigative authority after the show cause hearing, except as provided by the federal Indian Child Welfare Act, if applicable.

(3) At the show cause hearing, the court may consider all evidence and shall provide an opportunity for a parent, guardian, or other person having physical or legal custody of the child to provide testimony. Hearsay evidence of statements made by the affected child is admissible at the hearing. The parent, guardian, or other person may be represented by legal counsel. The court may permit testimony by telephone, audiovisual means, or other electronic means.

(4) At the show cause hearing, the court shall explain the procedures to be followed in the case and explain the parties' rights, including the right to request appointment of counsel if indigent or if appointment of counsel is required under the federal Indian Child Welfare Act, if applicable, and the right to challenge the allegations contained in the petition. The parent, guardian, or other person having physical or legal custody of the child must be given the opportunity to admit or deny the allegations contained in the petition at the show cause hearing. Inquiry must be made to determine whether the notice requirements of the federal Indian Child Welfare Act, if applicable, have been met.

(5) The court shall make written findings on issues including but not limited to the following:

(a) whether the child should be returned home immediately if there has been an emergency removal or remain in temporary out-of-home care or be removed from the home;

(b) if removal is ordered or continuation of removal is ordered, why continuation of the child in the home would be contrary to the child's best interests and welfare;

(c) whether the department has made reasonable efforts to avoid protective placement of the child or to make it possible to safely return the child to the child's home;

(d) financial support of the child, including inquiry into the financial ability of the parents, guardian, or other person having physical or legal custody of the child to contribute to the costs for the care, custody, and treatment of the child and requirements of a contribution for those costs pursuant to 41-3-446; and

(e) whether another hearing is needed and, if so, the date and time of the next hearing.

(6) The court may consider:

(a) terms and conditions for parental visitation; and

(b) whether orders for examinations, evaluations, counseling, immediate services, or protection are needed.

(7) Following the show cause hearing, the court may enter an order for the relief requested or amend a previous order for immediate protection of the child if one has been entered. The order must be in writing.

(8) If a child who has been removed from the child's home is not returned home after the show cause hearing or if removal is ordered, the parents or parent, guardian, or other person or agency having physical or legal custody of the child named in the petition may request that a citizen review board, if available pursuant to part 10 of this chapter, review the case within 30 days of

the show cause hearing and make a recommendation to the district court, as provided in 41-3-1010.

(9) Adjudication of a child as a youth in need of care may be made at the show cause hearing if the requirements of 41-3-437(2) are met. If not made at the show cause hearing, adjudication under 41-3-437 must be made within the time limits required by 41-3-437 unless adjudication occurs earlier by stipulation of the parties pursuant to 41-3-434 and order of the court."

Section 10. Section 41-3-434, MCA, is amended to read:

Section 11. Section 41-3-437, MCA, is amended to read:

"41-3-437. Adjudication — temporary disposition — findings — order. (1) Upon the filing of an appropriate petition, an adjudicatory hearing must be held within 90 days of a show cause hearing under 41-3-432. Adjudication may take place at the show cause hearing if the requirements of subsection (2) are met or may be made by prior stipulation of the parties pursuant to 41-3-434 and order of the court. Exceptions to the time limit may be allowed only in cases involving newly discovered evidence, unavoidable delays ~~in the notification of parties~~*, stipulation by the parties pursuant to 41-3-434,* and unforeseen personal emergencies.

(2) The court may make an adjudication on a petition under 41-3-422 if the court determines by a preponderance of the evidence, except as provided in the federal Indian Child Welfare Act, if applicable, that the child is a youth in need of care ~~and ascertains, as far as possible, the cause~~. Except as otherwise provided in this part, the Montana Rules of Civil Procedure and the Montana Rules of Evidence apply to adjudication and to an adjudicatory hearing. Adjudication must determine the nature of the abuse and neglect and establish facts that resulted in state intervention and upon which disposition, case work, court review, and possible termination are based.

(3) The court shall hear evidence regarding the residence of the child, paternity, if in question, the whereabouts of the parents, guardian, or nearest adult relative, and any other matters the court considers relevant in determining the status of the child. Hearsay evidence of statements made by the *affected* youth is admissible ~~according to the Montana Rules of Evidence~~ *according to the Montana Rules of Evidence*.

(4) In a case in which abandonment has been alleged by the county attorney, the attorney general, or an attorney hired by the county, the court shall hear offered evidence, including evidence offered by a person appearing pursuant to 41-3-422(9)(a) or (9)(b), regarding any of the following subjects:

(a) the extent to which the child has been cared for, nurtured, or supported by a person other than the child's parents; and

(b) whether the child was placed or allowed to remain by the parents with another person for the care of the child, and, if so, then the court shall accept evidence regarding:

(i) the intent of the parents in placing the child or allowing the child to remain with that person; and

(ii) the circumstances under which the child was placed or allowed to remain with that other person, including:

(A) whether a parent requesting return of the child was previously prevented from doing so as a result of an order issued pursuant to Title 40, chapter 15, part 2, or of a conviction pursuant to 45-5-206; and

(B) whether the child was originally placed with the other person to allow the parent to seek employment or attend school.

(5) In all civil and criminal proceedings relating to abuse or neglect, the privileges related to the examination or treatment of the child do not apply, except the attorney-client privilege granted by 26-1-803 and the mediation privilege granted by 26-1-813.

(6) (a) If the court determines that the child is not an abused or neglected child, the petition must be dismissed and any order made pursuant to 41-3-427 or 41-3-432 must be vacated.

(b) If the child is adjudicated a youth in need of care, the court shall set a date for a dispositional hearing to be conducted within 20 days, as provided in 41-3-438(2), and order any necessary or required investigations. The court may issue a temporary dispositional order pending the dispositional hearing. The temporary dispositional order may provide for any of the forms of relief listed in 41-3-427(2).

(7) (a) Before making an adjudication, the court ~~shall~~ *may* make ~~written~~ *oral* findings*, and following the adjudicatory hearing, the court shall make written findings* on issues, including but not limited to the following:

(b) The court may order:

(i) terms for visitation, support, and other intrafamily communication pending disposition if the child is to be placed or to remain in temporary out-of-home care prior to disposition;

(ii) examinations, evaluations, or counseling of the child or parents in preparation for the disposition hearing *that does not require an expenditure of money by the department unless the court finds after notice and a hearing that the expenditure is reasonable and that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined*;

(iii) the department to evaluate the noncustodial parent or relatives as possible caretakers, if not already done;

(iv) the perpetrator of the alleged child abuse or neglect to be removed from the home to allow the child to remain in the home; and

(v) the department to continue efforts to notify noncustodial parents."

Section 12. Section 41-3-438, MCA, is amended to read:

"41-3-438. Disposition — hearing — order. (1) Unless a petition is dismissed or unless otherwise stipulated by the parties pursuant to 41-3-434 or ordered by the court, a dispositional hearing must be held on every petition filed under this chapter within 20 days after an adjudicatory order has been entered under 41-3-437. Exceptions to the time limit may be allowed only in cases involving newly discovered evidence, unavoidable delays ~~in the notification of parties~~, *stipulation by the parties pursuant to 41-3-434*, and unforeseen personal emergencies.

(2) (a) A dispositional order must be made after a dispositional hearing that is separate from the adjudicatory hearing under 41-3-437. The hearing process must be scheduled and structured so that dispositional issues are specifically addressed apart from adjudicatory issues. Hearsay evidence is admissible at the dispositional hearing.

(b) A dispositional hearing may follow an adjudicatory hearing in a bifurcated manner immediately after the adjudicatory phase of the proceedings if:

(i) all required reports are available and have been received by all parties or their attorneys at least 5 working days in advance of the hearing; and

(ii) the judge has an opportunity to review the reports after the adjudication.

(c) The dispositional hearing may be held prior to the entry of written findings required by 41-3-437.

(3) If a child is found to be a youth in need of care under 41-3-437, the court may enter its judgment, making any of the following dispositions to protect the welfare of the child:

(a) permit the child to remain with the child's *custodial* parent or guardian, subject to those conditions and limitations the court may prescribe;

(b) order the placement of the child with the noncustodial parent, superseding any existing custodial order, and dismiss the proceeding with no further obligation on the part of the department to provide services to the parent with whom the child is placed or to work toward reunification of the child with the parent or guardian from whom the child was removed in the initial proceeding;

~~(b)~~*(c)* grant an order of limited emancipation to a child who is 16 years of age or older, as provided in 41-1-501;

~~(c)~~*(d)* transfer temporary legal custody to any of the following:

(iii) a relative or other individual who is recommended by the department or a licensed child-placing agency designated by the court and who is found by the court to be qualified to receive and care for the child;

~~(d)~~*(e)* order a party to the action to do what is necessary to give effect to the final disposition, including undertaking medical and psychological evaluations, treatment, and counseling that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

~~(e)~~*(f)* order further care and treatment as the court considers in the best interests of the child that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for the proposed care and treatment. The department is the payor of last resort after all family, insurance, and other resources have been examined pursuant to 41-3-446.

(4) (a) If the court awards temporary legal custody of an abandoned child other than to the department or to a noncustodial parent, the court shall award temporary legal custody of the child to a member of the child's extended family, including adult siblings, grandparents, great-grandparents, aunts, and uncles, if:

(i) placement of the abandoned child with the extended family member is in the best interests of the child;

(ii) the extended family member requests that the child be placed with the family member; and

(iii) the extended family member is found by the court to be qualified to receive and care for the child.

(b) If more than one extended family member satisfies the requirements of subsection (4)(a), the court may award custody to the extended family member who can best meet the child's needs.

(5) If reasonable efforts have been made to prevent removal of a child from the home or to return a child to the child's home but continuation of the efforts is determined by the court to be inconsistent with permanency for the child, the department shall make reasonable efforts to place the child in a timely manner in accordance with a permanent plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If the court finds that reasonable efforts are not necessary pursuant to 41-3-442(1) or subsection (5) of this section, a permanency plan hearing must be held within 30 days of that determination and reasonable efforts must be made to place the child in a timely manner in accordance with the permanency plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(7) If the time limitations of this section are not met, the court shall review the reasons for the failure and order an appropriate remedy that considers the best interests of the child."

Section 13. Section 41-3-442, MCA, is amended to read:

"41-3-442. Temporary legal custody. (1) If a child is found to be a youth in need of care under 41-3-437, the court may grant temporary legal custody under 41-3-438 if the court determines by a preponderance of the evidence that:

(a) dismissing the petition would create a substantial risk of harm to the child or would be a detriment to the child's physical or psychological well-being; and

(b) unless there is a finding that reasonable efforts are not required pursuant to 41-3-423, reasonable services have been provided to the parent or guardian to prevent the removal of the child from the home or to make it possible for the child to safely return home.

(2) An order for temporary legal custody may be in effect for no longer than 6 months.

(3) The granting of temporary legal custody to the department allows the department to place a child in care provided by a custodial or noncustodial parent, kinship foster home, youth foster home, youth group home, youth shelter care facility, or institution.

(4) Before the expiration of the order for temporary legal custody, the county attorney, the attorney general, or an attorney hired by the county shall petition for one of the following:

(a) an extension of temporary legal custody~~, not to exceed a total of 6 months,~~ *, not to exceed 6 months,* upon a showing that*:*

~~(4)~~*(6)* If an extension of temporary legal custody is granted to the department, the court shall state the reasons why the child was not returned home and the conditions upon which the child may be returned home and shall specifically find that an extension is in the child's best interests.

~~(5)~~*(7)* If the time limitations of this section are not met, the court shall review the reasons for the failure and order an appropriate remedy that considers the best interests of the child.

~~(6)~~*(8)* In implementing the policy of this section, the child's health and safety are of paramount concern.

~~(7)~~*(9)* A petition requesting temporary legal custody must be served as provided in 41-3-422."

Section 14. Section 41-3-445, MCA, is amended to read:

"41-3-445. Permanency plan hearing. (1) (a) (i) Subject to subsection (1)(b), a permanency plan hearing must be held by the court:

(A) within 30 days of a determination that reasonable efforts to provide preservation or reunification services are not necessary under 41-3-423, 41-3-438(6), or 41-3-442(1); and

(B) no later than 12 months after the initial court finding that the child has been subjected to abuse or neglect or 12 months after the child's first 60 days of removal from the home, whichever comes first.

(ii) Within 12 months of a hearing under subsection (1)(a)(i)(B) and every 12 months thereafter until the child is permanently placed *in either an adoptive or a guardianship placement*, the court shall*conduct a hearing and* make a finding whether the department has made reasonable efforts to finalize the permanency plan for the child.

(b) A permanency plan hearing is not required if the proceeding has been dismissed, the child was not removed from the home, or the child has been returned to the child's parent or guardian.

(c) The permanency plan hearing may be combined with a hearing that is required in other sections of this part if held within the time limits of that section. If a permanency plan hearing is combined with another hearing, the requirements of the court related to the disposition of the other hearing must be met in addition to the requirements of this section.

(2) At least 3 working days prior to the permanency plan hearing, the department and the guardian ad litem shall each submit a report regarding the child to the court for review. The report must address the department's efforts to effectuate the permanency plan for the child, address the options for the child's permanent placement, examine the reasons for excluding higher priority options, and set forth the proposed plan to carry out the placement decision, including specific times for achieving the plan.

(3) At least 3 working days prior to the permanency plan hearing, an attorney or advocate for a parent or guardian may submit an informational report to the court for review.

(4) The court's order must be issued within a reasonable time after the permanency plan hearing. The court shall make findings on whether the permanency plan is in the best interests of the child and whether the department has made reasonable efforts to finalize the plan. The court shall order the department to take whatever additional steps are necessary to effectuate the terms of the plan.

(5) In its discretion, the court may enter any other order that it determines to be in the best interests of the child that does not conflict with the options provided in subsection (6) and that does not require an expenditure of money by the department unless~~the department is notified and a court hearing is set in a timely manner on the proposed expenditure~~ *the court finds after notice and a hearing that the expenditures are reasonable and that resources are available for payment*. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(6) Permanency options include:

(a) reunification of the child with the child's parent or guardian;

(b) adoption;

(c) appointment of a guardian pursuant to 41-3-444; or

(d) *long-term custody if the child is in* a planned permanent living arrangement ~~for a child if the evidence demonstrates~~ *established* by a preponderance of the evidence, which is reflected in specific findings by the court, that:

(i) the child is being cared for by a fit and willing relative;

(ii) the child has an emotional or mental handicap that is so severe that the child cannot function in a family setting and the best interests of the child are served by placement in a residential or group setting;

(iii) the child is at least 16 years of age and is participating in an independent living program and that termination of parental rights is not in the best interests of the child;

(iv) the child's parent is incarcerated and circumstances, including placement of the child and continued, frequent contact with the parent, indicate that it would not be in the best interests of the child to terminate parental rights of that parent; or

(v) the child meets the following criteria:

(A) the child has been adjudicated a youth in need of care;

(B) the department has made reasonable efforts to reunite the parent and child, further efforts by the department would likely be unproductive, and reunification of the child with the parent or guardian would be contrary to the best interests of the child;

(C) there is a judicial finding that other more permanent placement options for the child have been considered and found to be inappropriate or not to be in the child's best interests; and

(D) the child has been in a placement in which the foster parent or relative has committed to the long-term care and to a relationship with the child, and it is in the best interests of the child to remain in that placement.

(7) The court may terminate a planned permanent living arrangement upon petition of the birth parents or the department if the court finds that the circumstances of the child or family have substantially changed and the best interests of the child are no longer being served."

Section 15. Section 41-3-604, MCA, is amended to read:

"41-3-604. When petition to terminate parental rights required. (1) If a child has been in foster care under the physical custody of the state for 15 months of the most recent 22 months, the best interests of the child must be presumed to be served by termination of parental rights. If a child has been in foster care for 15 months of the most recent 22 months or if the court has found that reasonable efforts to preserve or reunify a child with the child's parent or guardian are not required pursuant to 41-3-423, a petition to terminate parental rights must be filed unless:

(a) the child is being cared for by a relative;

(b) the department has not provided the services considered necessary for the safe return of the child to the child's home; or

(c) the department has documented a compelling reason, available for court review, for determining that filing a petition to terminate parental rights would not be in the best interests of the child.

(2) Compelling reasons for not filing a petition to terminate parental rights include but are not limited to the following:

(a) There are insufficient grounds for filing a petition.

(b) There is adequate documentation that termination of parental rights is not the appropriate plan and not in the best interests of the child.

(3) If a child has been in foster care for 15 months of the most recent 22 months and a petition to terminate parental rights regarding that child has not been filed with the court, the department shall file a report to the court or review panel at least 3 days prior to the next hearing or review detailing the reasons that the petition was not filed.

(4) If a hearing results in a finding of abandonment or that the parent has subjected the child to any of the circumstances listed in 41-3-423(2)(a) through (2)(e) and that reasonable efforts to provide preservation or reunification are not necessary, unless there is an exception made pursuant to subsections (1)(a) through (1)(c) of this section, a petition to terminate parental rights must be filed within 60 days of the finding.

(5) If an exception in subsections (1)(a) through (1)(c) of this section applies, a petition for an extension of temporary legal custody pursuant to 41-3-438, a petition for ~~a planned permanent living arrangement~~ *long-term custody* pursuant to 41-3-445, or a petition to dismiss must be filed."

Section 16. Section 41-3-607, MCA, is amended to read:

"41-3-607. Petition for termination — separate hearing — right to counsel — no jury trial. (1) The termination of a parent-child legal relationship may be considered only after the filing of a petition pursuant to 41-3-422 alleging the factual grounds for termination pursuant to 41-3-609.

(2) If termination of a parent-child legal relationship is ordered, the court may:

(a) transfer permanent legal custody of the child, with the right to consent to the child's adoption, to:

(i) the department;

(ii) a licensed child-placing agency; or

(iii) another individual who has been approved by the department and has received consent for the transfer of custody from the department or agency that has custody of the child; or

(b) transfer permanent legal custody of the child to the department with the right to petition for appointment of a guardian pursuant to 41-3-444.

(3) If the court does not order termination of the parent-child legal relationship, the child's prior legal status remains in effect until further order of the court.

~~(2)~~*(4)* At the time that a petition for termination of a parent-child relationship is filed, parents must be advised of the right to counsel, and counsel must be appointed for an indigent party.

~~(3)~~*(5)* A guardian ad litem must be appointed to represent the child's best interests in any hearing determining the involuntary termination of the parent-child legal relationship. The guardian ad litem shall continue to represent the child until the child is returned home or placed in an appropriate permanent placement. If a respondent parent is a minor, a guardian ad litem must be appointed to serve the minor parent in addition to any counsel requested by the parent.

~~(4)~~*(6)* There is no right to a jury trial at proceedings held to consider the termination of a parent-child legal relationship."

Section 17. Section 41-3-609, MCA, is amended to read:

"41-3-609. Criteria for termination. (1) The court may order a termination of the parent-child legal relationship upon a finding *established by clear and convincing evidence, except as provided in the federal Indian Child Welfare Act and if applicable,* that any of the following circumstances exist:

(a) the parents have relinquished the child pursuant to 42-2-402 and 42-2-412;

(b) the child has been abandoned by the parents;

(c) the parent is convicted of a felony in which sexual intercourse occurred or is a minor adjudicated a delinquent youth because of an act that, if committed by an adult, would be a felony in which sexual intercourse occurred and, as a result of the sexual intercourse, the child is born;

(d) the parent has subjected ~~the~~ *a* child to any of the circumstances listed in 41-3-423(2)(a) through (2)(e);

(e) the putative father meets any of the criteria listed in 41-3-423(3)(a) through (3)(c); or

(f) the child is an adjudicated youth in need of care and both of the following exist:

(i) an appropriate treatment plan that has been approved by the court has not been complied with by the parents or has not been successful; and

(ii) the conduct or condition of the parents rendering them unfit is unlikely to change within a reasonable time.

(2) In determining whether the conduct or condition of the parents is unlikely to change within a reasonable time, the court shall enter a finding that continuation of the parent-child legal relationship will likely result in continued abuse or neglect or that the conduct or the condition of the parents renders the parents unfit, unable, or unwilling to give the child adequate parental care. In making the determinations, the court shall consider but is not limited to the following:

(a) emotional illness, mental illness, or mental deficiency of the parent of a duration or nature as to render the parent unlikely to care for the ongoing physical, mental, and emotional needs of the child within a reasonable time;

(b) a history of violent behavior by the parent;

(c) excessive use of intoxicating liquor or of a narcotic or dangerous drug that affects the parent's ability to care and provide for the child; and

(d) present judicially ordered long-term confinement of the parent.

(3) In considering any of the factors in subsection (2) in terminating the parent-child relationship, the court shall give primary consideration to the physical, mental, and emotional conditions and needs of the child.

(4) A treatment plan is not required under this part upon a finding by the court following hearing if:

(a) the parent meets the criteria of subsections (1)(a) through (1)(e);

(b) two medical doctors or clinical psychologists submit testimony that the parent cannot assume the role of parent;

(c) the parent is or will be incarcerated for more than 1 year and reunification of the child with the parent is not in the best interests of the child because of the child's circumstances, including placement options, age, and developmental, cognitive, and psychological needs; or

(d) the death or serious bodily injury, as defined in 45-2-101, of a child caused by abuse or neglect by the parent has occurred."

Section 18. Section 41-3-611, MCA, is amended to read:

"41-3-611. Effect of decree. CHAPTER NO. 506

[SB 231]

AN ACT REPLACING THE REVISED UNIFORM PRINCIPAL AND INCOME ACT WITH THE MONTANA UNIFORM PRINCIPAL AND INCOME ACT; AND REPEALING SECTIONS 72-34-401, 72-34-402, 72-34-403, 72-34-404, 72-34-405, 72-34-406, 72-34-407, 72-34-408, 72-34-409, 72-34-410, 72-34-411, 72-34-412, AND 72-34-416, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 33] may be cited as the "Montana Uniform Principal and Income Act".

Section 2. Definitions. As used in [sections 1 through 33], unless the context requires otherwise, the following definitions apply:

(1) "Accounting period" means a calendar year unless another 12-month period is selected by a fiduciary. The term includes a portion of a calendar year or other 12-month period that begins when an income interest begins or ends when an income interest ends.

(2) "Fiduciary" means a personal representative or a trustee.

(3) "Income" means money or property that a fiduciary receives as current return from a principal asset. The term includes a portion of receipts from a sale, exchange, or liquidation of a principal asset, to the extent provided in [sections 13 through 27].

(4) "Income beneficiary" means a person to whom net income of a trust is or may be payable.

(5) "Income interest" means the right of an income beneficiary to receive all or part of net income, whether the trust requires it to be distributed or authorizes it to be distributed in the trustee's discretion.

(6) "Mandatory income interest" means the right of an income beneficiary to receive net income that the trust requires the fiduciary to distribute.

(7) "Net income" means the total receipts allocated to income during an accounting period minus the disbursements made from income during the accounting period, plus or minus transfers under this chapter to or from income during the accounting period.

Section 3. Allocation between principal and income — impartial exercise of discretion. (1) In allocating receipts and disbursements to or between principal and income, and with respect to any other matter within the scope of [sections 1 through 33], a fiduciary:

(a) shall administer a trust or decedent's estate in accordance with the trust or the will, even if there is a different provision in [sections 1 through 33];

(b) may administer a trust or decedent's estate by the exercise of a discretionary power of administration given to the fiduciary by the trust or the will, even if the exercise of the power produces a result different from a result required or permitted by [sections 1 through 33] and no inference that the fiduciary has improperly exercised the discretion arises from the fact that the fiduciary has made an allocation contrary to a provision of [sections 1 through 33];

(c) shall administer a trust or decedent's estate in accordance with [sections 1 through 33] if the trust or the will does not contain a different provision or does not give the fiduciary a discretionary power of administration; and

(d) shall add a receipt or charge a disbursement to principal to the extent that the trust or the will and [sections 1 through 33] do not provide a rule for allocating the receipt or disbursement to or between principal and income.

(2) In exercising a discretionary power of administration regarding a matter within the scope of [sections 1 through 33], whether granted by a trust, a will, or [sections 1 through 33], including the trustee's power to adjust under [section 4(1)], the fiduciary shall administer the trust or decedent's estate impartially, except to the extent that the trust or the will expresses an intention that the fiduciary shall or may favor one or more of the beneficiaries. The exercise of discretion in accordance with [sections 1 through 33] is presumed to be fair and reasonable to all beneficiaries.

Section 4. Adjustments between principal and income. (1) Subject to subsection (2), a trustee may make an adjustment between principal and income to the extent the trustee considers necessary if all of the following conditions are satisfied:

(a) the trustee invests and manages trust assets under the prudent investor rule [section 3 of LC 1497];

(b) the trust describes the amount that must or may be distributed to a beneficiary by referring to the trust's income; and

(c) the trustee determines, after applying the rules in [section 3(1)] and considering any power the trustee may have under the trust to invade principal or accumulate income, that the trustee is unable to comply with [section 3(2)].

(2) A trustee may not make an adjustment between principal and income in any of the following circumstances:

(a) when it would diminish the income interest in a trust:

(i) that requires all of the income to be paid at least annually to a spouse; and

(ii) for which, if the trustee did not have the power to make the adjustment, an estate tax or gift tax marital deduction would be allowed, in whole or in part;

(b) when it would reduce the actuarial value of the income interest in a trust to which a person transfers property with the intent to qualify for a gift tax exclusion;

(c) when it would change the amount payable to a beneficiary as a fixed annuity or a fixed fraction of the value of the trust assets;

(d) when it would be made from any amount that is permanently set aside for charitable purposes under a will or trust, unless both income and principal are set aside;

(e) when possessing or exercising the power to make an adjustment would cause an individual to be treated as the owner of all or part of the trust for income tax purposes and the individual would not be treated as the owner if the trustee did not possess the power to make an adjustment;

(f) when possessing or exercising the power to make an adjustment would cause all or part of the trust assets to be included for estate tax purposes in the estate of an individual who has the power to remove a trustee or appoint a trustee, or both, and the assets would not be included in the estate of the individual if the trustee did not possess the power to make an adjustment; or

(g) when the trustee is a beneficiary of the trust.

(3) Notwithstanding 72-33-611, if subsection (2)(e), (2)(f), or (2)(g) of this section applies to a trustee and there is more than one trustee, a cotrustee to whom the provision does not apply may make the adjustment unless the exercise of the power by the remaining trustee or trustees is not permitted by the trust.

(4) A trustee may release the entire power conferred by subsection (1) or may release only the power to adjust from income to principal or the power to adjust from principal to income in either of the following circumstances:

(a) if the trustee is uncertain about whether possessing or exercising the power will cause a result described in subsections (2)(a) through (2)(f); or

(b) if the trustee determines that possessing or exercising the power will or may deprive the trust of a tax benefit or impose a tax burden not described in subsection (2).

(5) A release under subsection (4) may be permanent or for a specified period, including a period measured by the life of an individual.

(6) A trust that limits the power of a trustee to make an adjustment between principal and income does not affect the application of this section unless it is clear from the trust that it is intended to deny the trustee the power of adjustment provided by subsection (1).

(7) In deciding whether and to what extent to exercise the power to make adjustments under this section, the trustee may consider, but is not limited to considering, any of the following:

(a) the nature, purpose, and expected duration of the trust;

(b) the intent of the trustor;

(c) the identity and circumstances of the beneficiaries;

(d) the needs for liquidity, regularity of income, and preservation and appreciation of capital;

(e) the assets held in the trust, the extent to which the assets consist of financial assets, interests in closely held enterprises, tangible and intangible personal property, or real property, the extent to which an asset is used by a beneficiary, and whether an asset was purchased by the trustee or received from the trustor;

(f) the net amount allocated to income under other statutes and the increase or decrease in the value of the principal assets, which the trustee may estimate as to assets for which market values are not readily available;

(g) whether and to what extent the trust gives the trustee the power to invade principal or accumulate income or prohibits the trustee from invading principal or accumulating income and the extent to which the trustee has exercised a power from time to time to invade principal or accumulate income;

(h) the actual and anticipated effect of economic conditions on principal and income and effects of inflation and deflation; or

(i) the anticipated tax consequences of an adjustment.

(8) Nothing in [sections 1 through 33] or this section is intended to create or imply a duty to make an adjustment, and a trustee is not liable for not considering whether to make an adjustment or for choosing not to make an adjustment.

Section 5. Notice of proposed action — objections by beneficiary — liability of trustee — proceedings. (1) A trustee may give a notice of proposed action regarding a matter governed by [sections 1 through 33] as provided in this section. For the purpose of this section, a proposed action includes a course of action and a decision not to take action.

(2) The trustee shall mail notice of the proposed action to all adult beneficiaries who are receiving or are entitled to receive income under the trust or to receive a distribution of principal if the trust were terminated at the time the notice is given.

(3) A notice of proposed action need not be given to any person who consents in writing to the proposed action. The consent may be executed at any time before or after the proposed action is taken.

(4) The notice of proposed action must state that it is given pursuant to this section and must state all of the following:

(a) the name and mailing address of the trustee;

(b) the name and telephone number of a person who may be contacted for additional information;

(c) a description of the action proposed to be taken and an explanation of the reasons for the action;

(d) the time within which objections to the proposed action can be made, which must be at least 30 days from the mailing of the notice of proposed action; and

(e) the date on or after which the proposed action may be taken or is effective.

(5) A beneficiary may object to the proposed action by mailing a written objection to the trustee at the address stated in the notice of proposed action within the time period specified in the notice of proposed action.

(6) A trustee is not liable to a beneficiary for an action regarding a matter governed by [sections 1 through 33] if the trustee does not receive a written objection to the proposed action from the beneficiary within the applicable period and the other requirements of this section are satisfied. If no beneficiary entitled to notice objects under this section, the trustee is not liable to any current or future beneficiary with respect to the proposed action.

(7) If the trustee receives a written objection within the applicable period, either the trustee or a beneficiary may petition the court to have the proposed action taken as proposed, taken with modifications, or denied. In the proceeding, a beneficiary objecting to the proposed action has the burden of proving that the trustee's proposed action should not be taken. A beneficiary who has not objected is not estopped from opposing the proposed action in the proceeding. If the trustee decides not to implement the proposed action, the trustee shall notify the beneficiaries of the decision not to take the action and the reasons for the decision, and the trustee's decision not to implement the proposed action does not itself give rise to liability to any current or future beneficiary. A beneficiary may petition the court to have the action taken and has the burden of proving that it should be taken.

Section 6. Proceedings relating to adjustments — remedy. In a proceeding with respect to a trustee's exercise or nonexercise of the power to make an adjustment under [section 4], the sole remedy is to direct, deny, or revise an adjustment between principal and income.

Section 7. Application of [sections 1 through 33]. [Sections 1 through 33] apply to every trust or decedent's estate existing on or after [the effective date of this act], except as otherwise expressly provided in the trust or will or in [sections 1 through 33].

Section 8. Rules applicable after decedent's death or termination of income interest. After the decedent's death, in the case of a decedent's estate, or after an income interest in a trust ends, the following rules apply:

(1) If property is specifically given to a beneficiary, by will or trust, the fiduciary of the estate or of the terminating income interest shall distribute the net income and principal receipts to the beneficiary who is to receive the property, subject to the following rules:

(a) the net income and principal receipts from the specifically given property are determined by including all of the amounts the fiduciary receives or pays with respect to the property, whether the amounts accrued or became due before, on, or after the decedent's death or an income interest in a trust ends and by making a reasonable provision for amounts that the fiduciary believes the estate or terminating income interest may become obligated to pay after the property is distributed; and

(b) the fiduciary may not reduce income and principal receipts from the specifically given property on account of a payment described in [section 27] to the extent that the will or the trust requires payment from other property or to the extent that the fiduciary recovers the payment from a third person.

(2) The fiduciary shall distribute to a beneficiary who receives a pecuniary amount, whether outright or in trust, the interest or any other amount provided by the will, the trust, or 72-3-913 from the remaining net income determined under subsection (3) of this section or from principal to the extent that net income is insufficient.

(3) The fiduciary shall determine the remaining net income of the decedent's estate or terminating income interest as provided in [sections 1 through 33] and by doing the following:

(a) including in net income all income from property used to discharge liabilities;

(b) paying from income or principal, in the fiduciary's discretion, fees of attorneys, accountants, and fiduciaries, court costs and other expenses of administration, and interest on death taxes, except that the fiduciary may pay these expenses from income of property passing to a trust for which the fiduciary claims an estate tax marital or charitable deduction only to the extent that the payment of these expenses from income will not cause the reduction or loss of the deduction;

(c) paying from principal all other disbursements made or incurred in connection with the settlement of a decedent's estate or the winding up of a terminating income interest, including debts, funeral expenses, disposition of remains, family allowances, and death taxes and related penalties that are apportioned to the estate or terminating income interest by the will, the trust, or Title 72, chapter 16, part 6.

(4) After distributions required by subsection (2), the fiduciary shall distribute the remaining net income determined under subsection (3) in the manner provided in [section 9] to all other beneficiaries.

Section 9. Beneficiary's portion of net income — maintenance of records — distribution date. (1) Each beneficiary described in [section 8(4)] is entitled to receive a portion of the net income equal to the beneficiary's fractional interest in undistributed principal assets, using values as of the distribution dates and without reducing the values by any unpaid principal obligations.

(2) If a fiduciary does not distribute all of the collected but undistributed net income to each beneficiary as of a distribution date, the fiduciary shall maintain appropriate records showing the interest of each beneficiary in that net income.

(3) The distribution date for purposes of this section may be the date as of which the fiduciary calculates the value of the assets if that date is reasonably near the date on which assets are actually distributed.

Section 10. Beneficiary's entitlement to net income — assets subject to trust — assets subject to successive income interest — termination of income interest. (1) An income beneficiary is entitled to net income from the date on which the income interest begins. An income interest begins on the date specified in the trust or, if no date is specified, on the date an asset becomes subject to a trust or successive income interest.

(2) An asset becomes subject to a trust at the following times:

(a) in the case of an asset that is transferred to a trust during the transferor's life, on the date it is transferred to the trust;

(b) in the case of an asset that becomes subject to a trust by reason of a will, even if there is an intervening period of administration of the testator's estate, on the date of the testator's death; or

(c) in the case of an asset that is transferred to a fiduciary by a third party because of the individual's death, on the date of the individual's death.

(3) An asset becomes subject to a successive income interest on the day after the preceding income interest ends, as determined under subsection (4), even if there is an intervening period of administration to wind up the preceding income interest.

(4) An income interest ends on the day before an income beneficiary dies or another terminating event occurs or on the last day of a period during which there is no beneficiary to whom a trustee may distribute income.

Section 11. Allocation of income receipt or disbursement. (1) A trustee shall allocate an income receipt or disbursement other than one to which [section 8(1)] applies to principal if its due date occurs before a decedent dies in the case of an estate or before an income interest begins in the case of a trust or successive income interest.

(2) A trustee shall allocate an income receipt or disbursement to income if its due date occurs on or after the date on which a decedent dies or an income interest begins and it is a periodic due date. An income receipt or disbursement must be treated as accruing from day to day if its due date is not periodic or it has no due date. The portion of the receipt or disbursement accruing before the date on which a decedent dies or an income interest begins must be allocated to principal, and the balance must be allocated to income.

(3) An item of income or an obligation is due on the date the payer is required to make a payment. If a payment date is not stated, there is no due date for the purposes of [sections 1 through 33]. Distributions to shareholders or other owners from an entity to which [section 13] applies are considered to be due on

the date fixed by the entity for determining who is entitled to receive the distribution or, if no date is fixed, on the declaration date for the distribution. A due date is periodic for receipts or disbursements that must be paid at regular intervals under a lease or an obligation to pay interest or if an entity customarily makes distributions at regular intervals.

Section 12. Undistributed income — definition — payment to beneficiary. (1) (a) For the purposes of this section, "undistributed income" means net income received before the date on which an income interest ends.

(b) The term does not include an item of income or expense that is due or accrued or net income that has been added or is required to be added to principal by the trust.

(2) Except as provided in subsection (3), on the date when a mandatory income interest ends, the trustee shall pay to a mandatory income beneficiary who survives that date or to the estate of a deceased mandatory income beneficiary whose death causes the interest to end the beneficiary's share of the undistributed income that is not disposed of under the trust.

(3) If immediately before the income interest ends, the beneficiary under subsection (2) has an unqualified power to revoke more than 5% of the trust, the undistributed income from the portion of the trust that may be revoked must be added to principal.

(4) When a trustee's obligation to pay a fixed annuity or a fixed fraction of the value of the trust's assets ends, the trustee shall prorate the final payment.

Section 13. Allocation of receipts to income or principal — entity defined. (1) For the purposes of this section, "entity" means a corporation, partnership, limited liability company, regulated investment company, real estate investment trust, common trust fund, or any other organization in which a trustee has an interest other than a trust or decedent's estate to which [section 14] applies, a business or activity to which [section 15] applies, or an asset-backed security to which [section 27] applies.

(2) Except as otherwise provided in this section, a trustee shall allocate to income money received from an entity.

(3) A trustee shall allocate to principal the following receipts from an entity:

(a) property other than money;

(b) money received in one distribution or a series of related distributions in exchange for part or all of a trust's interest in the entity;

(c) money received in total or partial liquidation of the entity; and

(d) money received from an entity that is a regulated investment company or a real estate investment trust if the money distributed is a capital gain dividend for federal income tax purposes.

(4) For purposes of subsection (3)(c):

(a) money is received in partial liquidation:

(i) to the extent that the entity, at or near the time of a distribution, indicates that it is a distribution in partial liquidation; or

(ii) if the total amount of money and property received in a distribution or series of related distributions is greater than 20% of the entity's gross assets, as shown by the entity's yearend financial statements immediately preceding the initial receipt;

(b) money is not received in partial liquidation, nor may it be taken into account under subsection (4)(a)(ii), to the extent that it does not exceed the amount of income tax that a trustee or beneficiary is required to pay on taxable income of the entity that distributes the money.

(5) A trustee may rely on a statement made by an entity about the source or character of a distribution if the statement is made at or near the time of distribution by the entity's board of directors or other person or group of persons authorized to exercise powers to pay money or transfer property comparable to those of a corporation's board of directors.

Section 14. Allocation of amounts received from specified trusts or estates. A trustee shall allocate to income an amount received as a distribution of income from a trust or a decedent's estate, other than an interest in an investment entity, in which the trust has an interest other than a purchased interest, and shall allocate to principal an amount received as a distribution of principal from the trust or estate.

Section 15. Separate accounting records for business or other activity. (1) If a trustee who conducts a business or other activity determines that it is in the best interest of all the beneficiaries to account separately for the business or other activity instead of accounting for it as part of the trust's general accounting records, the trustee may maintain separate accounting records for its transactions, whether or not its assets are segregated from other trust assets.

(2) A trustee who accounts separately for a business or other activity may determine the extent to which its net cash receipts must be retained for working capital, the acquisition or replacement of fixed assets, and its other reasonably foreseeable needs, and the extent to which the remaining net cash receipts are accounted for as principal or income in the trust's general accounting records. If a trustee sells assets of the business or other activity, other than in the ordinary course of the business or other activity, the trustee shall account for the net amount received as principal in the trust's general accounting records to the extent the trustee determines that the amount received is no longer required in the conduct of the business or other activity.

(3) Businesses and other activities for which a trustee may maintain separate accounting records include the following:

(a) retail, manufacturing, service, and other traditional business activities;

(b) farming;

(c) raising and selling livestock and other animals;

(d) managing rental properties;

(e) extracting minerals and other natural resources;

(f) timber operations; and

(g) activities to which [section 26] applies.

Section 16. Amounts allocated to principal. A trustee shall allocate to principal:

(1) to the extent not allocated to income under this chapter, assets received from a transferor during the transferor's lifetime, a decedent's estate, a trust with a terminating income interest, or a payer under a contract naming the trust or its trustee as beneficiary;

(2) subject to any contrary rules in [sections 13 through 15], [sections 16 through 19], and [sections 20 through 27], money or other property received from the sale, exchange, liquidation, or change in form of a principal asset, including realized profit;

(3) amounts recovered from third parties to reimburse the trust because of disbursements described in [section 29(1)(g)] or for other reasons to the extent not based on the loss of income;

(4) proceeds of property taken by eminent domain, but a separate award made for the loss of income with respect to an accounting period during which a current income beneficiary had a mandatory income interest is income;

(5) net income received in an accounting period during which there is no beneficiary to whom a trustee may or must distribute income; and

(6) other receipts allocated to principal as provided in [sections 20 through 27].

Section 17. Amounts received from rental property allocation. Unless the trustee accounts for receipts from rental property pursuant to [section 15], the trustee shall allocate to income an amount received as rent of real or personal property, including an amount received for cancellation or renewal of a lease. An amount received as a refundable deposit, including a security deposit or a deposit that is to be applied as rent for future periods, must be added to principal and held subject to the terms of the lease and is not available for distribution to a beneficiary until the trustee's contractual obligations have been satisfied with respect to that amount.

Section 18. Interest on obligation to pay money — allocation. (1) An amount received as interest, whether determined at a fixed, variable, or floating rate, on an obligation to pay money to the trustee, including an amount received as consideration for prepaying principal, must be allocated to income without any provision for amortization of premium.

(2) An amount received from the sale, redemption, or other disposition of an obligation to pay money to the trustee more than 1 year after it is purchased or acquired by the trustee, including an obligation whose purchase price or its value when it is otherwise acquired is less than its value at maturity, must be allocated to principal. If the obligation matures within 1 year after it is purchased or acquired by the trustee, an amount received in excess of its purchase price or its value when it is otherwise acquired must be allocated to income.

(3) This section does not apply to an obligation to which [section 21, 22, 23, 24, 26, or 27] applies.

Section 19. Life insurance policy proceeds — proceeds of contracts insuring against certain losses — allocation. (1) Except as otherwise provided in subsection (2), a trustee shall allocate to principal the proceeds of a life insurance policy or other contract in which the trust or its trustee is named as beneficiary, including a contract that insures the trust or its trustee against loss for damage to, destruction of, or loss of title to a trust asset. The trustee shall allocate dividends on an insurance policy to income if the premiums on the policy are paid from income and to principal if the premiums are paid from principal.

(2) A trustee shall allocate to income proceeds of a contract that insures the trustee against loss of occupancy or other use by an income beneficiary, loss of income, or, subject to [section 15], loss of profits from a business.

(3) This section does not apply to a contract to which [section 21] applies.

Section 20. Insubstantial allocation — allocation of entire amount to principal — exceptions. (1) If a trustee determines that an allocation between principal and income required by [section 21, 22, 23, 24, or 27] is insubstantial, the trustee may allocate the entire amount to principal unless one of the circumstances described in [section 4(2)] applies to the allocation. This power may be exercised by a cotrustee in the circumstances described in [section 4(3)] and may be released for the reasons and in the manner provided in [section 4(4) and (5)].

(2) An allocation is presumed to be insubstantial in either of the following cases:

(a) when the amount of the allocation would increase or decrease net income in an accounting period, as determined before the allocation, by less than 10%; or

(b) when the value of the asset producing the receipt for which the allocation would be made is less than 10% of the total value of the trust's assets at the beginning of the accounting period.

(3) Nothing in this section imposes a duty on the trustee to make an allocation under this section, and the trustee is not liable for failure to make an allocation under this section.

Section 21. Payments characterized as interest or dividend — allocation to income — allocation of other payments — excess allocation to income in order to obtain estate tax marital deduction.(1) In this section, "payment" means a payment that a trustee may receive over a fixed number of years or during the life of one or more individuals because of services rendered or property transferred to the payer in exchange for future payments. The term includes a payment made in money or property from the payer's general assets or from a separate fund created by the payer, including a private or commercial annuity, an individual retirement account, and a pension, profit-sharing, stock-bonus, or stock-ownership plan.

(2) To the extent that a payment is characterized as interest or a dividend or a payment made in lieu of interest or a dividend, a trustee shall allocate it to income. The trustee shall allocate to principal the balance of the payment and any other payment received in the same accounting period that is not characterized as interest, a dividend, or an equivalent payment.

(3) If no part of a payment is characterized as interest, a dividend, or an equivalent payment and all or part of the payment is required to be made, a trustee shall allocate to income 10% of the part that is required to be made during the accounting period and the balance to principal. If no part of a payment is required to be made or the payment received is the entire amount to which the trustee is entitled, the trustee shall allocate the entire payment to principal. For purposes of this subsection, a payment is not "required to be made" to the extent that it is made because the trustee exercises a right of withdrawal.

(4) If, to obtain an estate tax marital deduction for a trust, a trustee allocates more of a payment to income than provided by this section, the trustee shall allocate to income the additional amount necessary to obtain the marital deduction.

(5) This section does not apply to payments to which [section 22] applies.

Section 22. Receipts from liquidating assets — allocation. (1) In this section, "liquidating asset" means an asset whose value will diminish or terminate because the asset is expected to produce receipts for a period of limited duration. The term includes a leasehold, patent, copyright, royalty right, and right to receive payments under an arrangement that does not provide for the payment of interest on the unpaid balance. The term does not include a payment subject to [section 21], natural resources subject to [section 23], timber subject to [section 24], a derivative or option subject to [section 26], an asset subject to [section 27], or any asset for which the trustee establishes a reserve for depreciation under [section 30].

(2) A trustee shall allocate to income 10% from a liquidating asset and the balance to principal.

Section 23. Receipts from mineral interests and other natural resources — allocation. (1) To the extent that a trustee accounts for receipts from an interest in minerals or other natural resources pursuant to this section, the trustee shall allocate them as follows:

(a) if received as a nominal bonus, nominal delay rental, or nominal annual rent on a lease, a receipt must be allocated to income;

(b) if received from a production payment, a receipt must be allocated to income if and to the extent that the agreement creating the production payment provides a factor for interest or its equivalent. The balance must be allocated to principal.

(c) if an amount received as a royalty, shut-in-well payment, take-or-pay payment, bonus, or delay rental is more than nominal, 15% must be allocated to principal and the balance to income; and

(d) if an amount is received from a working interest or any other interest in mineral or other natural resources not described in subsection (1)(a), (1)(b), or (1)(c), 15% of the net amount received must be allocated to principal and the balance to income.

(2) An amount received on account of an interest in water that is renewable must be allocated to income. If the water is not renewable, 15% of the amount must be allocated to principal and the balance to income.

(3) [Sections 1 through 33] apply whether or not a decedent or donor was extracting minerals, water, or other natural resources before the interest became subject to the trust.

Section 24. Receipts from sale of timber and related products — allocation. (1) To the extent that a trustee accounts for receipts from the sale of timber and related products pursuant to this section, the trustee shall allocate the net receipts as follows:

(a) to income to the extent that the amount of timber removed from the land does not exceed the rate of growth of the timber during the accounting periods in which a beneficiary has a mandatory income interest;

(b) to principal to the extent that the amount of timber removed from the land exceeds the rate of growth of the timber or the net receipts are from the sale of standing timber;

(c) to or between income and principal if the net receipts are from the lease of timberland or from a contract to cut timber from land owned by a trust, by determining the amount of timber removed from the land under the lease or contract and applying the rules in subsections (1)(a) and (1)(b);

(d) to principal to the extent that advance payments, bonuses, and other payments are not allocated pursuant to subsection (1)(a), (1)(b), or (1)(c).

(2) In determining net receipts to be allocated under subsection (1), a trustee shall deduct and transfer to principal a reasonable amount for depletion.

(3) [Sections 1 through 33] apply whether or not a decedent or transferor was harvesting timber from the property before it became subject to the trust.

Section 25. Increasing income in order to maintain marital deduction. (1) If a marital deduction is allowed for all or part of a trust whose assets consist substantially of property that does not provide the spouse with sufficient income from or use of the trust assets and if the amounts that the trustee transfers from principal to income under [section 4] and distributes to the spouse from principal pursuant to the terms of the trust are insufficient to provide the spouse with the beneficial enjoyment required to obtain the marital deduction, the spouse may require the trustee to make property productive of income or convert it into productive property or exercise the power under [section 4(1)] within a reasonable time. The trustee may decide which action or combination of actions to take.

(2) In cases not governed by subsection (1), proceeds from the sale or other disposition of a trust asset are principal without regard to the amount of income the asset produces during any accounting period.

Section 26. Transactions in derivatives — allocations of receipts and disbursements — options to buy or sell property — allocation of amounts received or paid. (1) In this section, "derivative" means a contract or financial instrument or a combination of contracts and financial instruments that gives a trust the right or obligation to participate in some or all changes in the price of a tangible or intangible asset or group of assets or changes in a rate, an index of prices or rates, or other market indicator for an asset or a group of assets.

(2) To the extent that a trustee does not account under [section 15] for transactions in derivatives, the trustee shall allocate to principal receipts from and disbursements made in connection with those transactions.

(3) If a trustee grants an option to buy property from the trust, whether or not the trust owns the property when the option is granted, grants an option that permits another person to sell property to the trust, or acquires an option to buy property for the trust or an option to sell an asset owned by the trust and the trustee or other owner of the asset is required to deliver the asset if the option is exercised, an amount received for granting the option must be allocated to principal. An amount paid to acquire the option must be paid from principal. A gain or loss realized upon the exercise of an option, including an option granted to a trustor of the trust for services rendered, must be allocated to principal.

Section 27. Payments from collateral financial assets and payments in exchange for interest in asset-backed security — allocation. (1) In this section, "asset-backed security" means an asset whose value is based upon the right it gives the owner to receive distributions from the proceeds of financial assets that provide collateral for the security. The term includes an asset that gives the owner the right to receive from the collateral financial assets only the interest or other current return or only the proceeds other than interest or current return. The term does not include an asset to which [section 13 or 21] applies.

(2) If a trust receives a payment from interest or other current return and from other proceeds of the collateral financial assets, the trustee shall allocate to income the portion of the payment that the payer identifies as being from interest or other current return and shall allocate the balance of the payment to principal.

(3) If a trust receives one or more payments in exchange for the trust's entire interest in an asset-backed security in one accounting period, the trustee shall allocate the payments to principal. If a payment is one of a series of payments that will result in the liquidation of the trust's interest in the security over more than one accounting period, the trustee shall allocate 10% of the payment to income and the balance to principal.

Section 28. Disbursements from income. A trustee shall make the following disbursements from income to the extent that they are not disbursements to which [section 8(3)(b) or 8(3)(c)] applies:

(1) except as otherwise ordered by the court, one-half of the regular compensation of the trustee and of any person providing investment advisory or custodial services to the trustee;

(2) except as otherwise ordered by the court, one-half of all expenses for accountings, judicial proceedings, or other matters that involve both the income and remainder interests;

(3) all of the other ordinary expenses incurred in connection with the administration, management, or preservation of trust property and the distribution of income, including interest, ordinary repairs, regularly recurring taxes assessed against principal, and expenses of a proceeding or other matter that concerns primarily the income interest; and

(4) all recurring premiums on insurance covering the loss of a principal asset or the loss of income from or use of the asset.

Section 29. Disbursements from principal. (1) A trustee shall make the following disbursements from principal:

(a) except as otherwise ordered by the court, the remaining one-half of the disbursements described in [section 28(1) and (2)];

(b) except as otherwise ordered by the court, all of the trustee's compensation calculated on principal as a fee for acceptance, distribution, or termination and disbursements made to prepare property for sale;

(c) payments on the principal of a trust debt;

(d) expenses of a proceeding that concerns primarily principal, including a proceeding to construe the trust or to protect the trust or its property;

(e) premiums paid on a policy of insurance not described in [section 28(4)] of which the trust is the owner and beneficiary;

(f) estate, inheritance, and other transfer taxes, including penalties, apportioned to the trust; and

(g) disbursements related to environmental matters, including reclamation, assessing environmental conditions, remedying and removing environmental contamination, monitoring remedial activities and the release of substances, preventing future releases of substances, collecting amounts from persons liable or potentially liable for the costs of those activities, penalties imposed under environmental laws or regulations and other payments made to comply with

those laws or regulations, statutory or common law claims by third parties, and defending claims based on environmental matters.

(2) If a principal asset is encumbered with an obligation that requires income from that asset to be paid directly to the creditor, the trustee shall transfer from principal to income an amount equal to the income paid to the creditor in reduction of the principal balance of the obligation.

Section 30. Assets subject to depreciation — transfer from income to principal of portion of net cash receipts. (1) For purposes of this section, "depreciation" means a reduction in value due to wear, tear, decay, corrosion, or gradual obsolescence of a fixed asset having a useful life of more than 1 year.

(2) A trustee may transfer from income to principal a reasonable amount of the net cash receipts from a principal asset that is subject to depreciation, under generally accepted accounting principles, but may not transfer any amount for depreciation under this section in any of the following circumstances:

(a) as to the portion of real property used or available for use by a beneficiary as a residence or of tangible personal property held or made available for the personal use or enjoyment of a beneficiary;

(b) during the administration of a decedent's estate; or

(c) if the trustee is accounting under [section 15] for the business or activity in which the asset is used.

(3) An amount transferred from income to principal need not be held as a separate fund.

Section 31. Transfer from income to principal in anticipation of principal disbursement. (1) If a trustee makes or expects to make a principal disbursement described in this section, the trustee may transfer an appropriate amount from income to principal in one or more accounting periods to reimburse principal or to provide a reserve for future principal disbursements.

(2) Principal disbursements to which subsection (1) applies include the following, but only to the extent that the trustee has not been and does not expect to be reimbursed by a third party:

(a) an amount chargeable to income but paid from principal because it is unusually large, including extraordinary repairs;

(b) a capital improvement to a principal asset, whether in the form of changes to an existing asset or the construction of a new asset, including special assessments;

(c) disbursements made to prepare property for rental, including tenant allowances, leasehold improvements, and broker's commissions;

(d) periodic payments on an obligation secured by a principal asset to the extent that the amount transferred from income to principal for depreciation is less than the periodic payments; and

(e) disbursements described in [section 29(1)(g)].

(3) If the asset whose ownership gives rise to the disbursements becomes subject to a successive income interest after an income interest ends, a trustee may continue to transfer amounts from income to principal as provided in subsection (1).

Section 32. Payment of taxes. (1) A tax required to be paid by a trustee based on receipts allocated to income must be paid from income.

(2) A tax required to be paid by a trustee based on receipts allocated to principal must be paid from principal, even if the tax is called an income tax by the taxing authority.

(3) A tax required to be paid by a trustee on the trust's share of an entity's taxable income must be paid proportionately as follows:

(a) from income to the extent that receipts from the entity are allocated to income;

(b) from principal to the extent that both of the following apply:

(i) receipts from the entity are allocated to principal; and

(ii) the trust's share of the entity's taxable income exceeds the total receipts described in subsection (3)(a) and subsection (3)(b)(i).

(4) For purposes of this section, receipts allocated to principal or income must be reduced by the amount distributed to a beneficiary from principal or income for which the trust receives a deduction in calculating the tax.

Section 33. Adjustments between principal and income in certain cases. (1) A fiduciary may make adjustments between principal and income to offset the shifting of economic interests or tax benefits between income beneficiaries and remainder beneficiaries that arise from any of the following:

(a) elections and decisions, other than those described in subsection (2), that the fiduciary makes from time to time regarding tax matters;

(b) an income tax or any other tax that is imposed upon the fiduciary or a beneficiary as a result of a transaction involving or a distribution from the estate or trust; or

(c) the ownership by a decedent's estate or trust of an interest in an entity whose taxable income, whether or not distributed, is includable in the taxable income of the estate, trust, or a beneficiary.

(2) If the amount of an estate tax marital deduction or charitable contribution deduction is reduced because a fiduciary deducts an amount paid from principal for income tax purposes instead of deducting it for estate tax purposes and as a result estate taxes paid from principal are increased and income taxes paid by a decedent's estate, trust, or beneficiary are decreased, each estate, trust, or beneficiary that benefits from the decrease in income tax shall reimburse the principal from which the increase in estate tax is paid. The total reimbursement must equal the increase in the estate tax to the extent that the principal used to pay the increase would have qualified for a marital deduction or charitable contribution deduction but for the payment. The proportionate share of the reimbursement for each estate, trust, or beneficiary whose income taxes are reduced must be the same as its proportionate share of the total decrease in income tax. An estate or trust shall reimburse principal from income.

Section 34. Repealer. Sections 72-34-401, 72-34-402, 72-34-403, 72-34-404, 72-34-405, 72-34-406, 72-34-407, 72-34-408, 72-34-409, 72-34-410, 72-34-411, 72-34-412, and 72-34-416, MCA, are repealed.

Section 35. Codification instruction. [Sections 1 through 33] are intended to be codified as an integral part of Title 72, chapter 34, and the provisions of Title 72, chapter 34, apply to [sections 1 through 33].

AN ACT REVISING THE LAWS RELATED TO THE ANNEXATION OF PROPERTY INCLUDED IN A FIRE SERVICE AREA; REQUIRING A BOARD OF COUNTY COMMISSIONERS TO ALTER THE BOUNDARIES OF A FIRE SERVICE AREA TO EXCLUDE AN AREA THAT IS ANNEXED; REQUIRING THAT AN ANNEXING MUNICIPALITY BE NOTIFIED IN ORDER TO PREVENT THE PROPERTY OWNERS OF THE AREA TO BE ANNEXED FROM ASSUMING FINANCIAL RESPONSIBILITY TO BOTH THE MUNICIPALITY AND THE FIRE SERVICE AREA; AND AMENDING SECTIONS 7-33-2401 AND 7-33-2404, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-33-2401, MCA, is amended to read:

"7-33-2401. Fire service area — establishment — alteration — dissolution. (1) Upon receipt of a petition signed by at least 30 owners of real property in the proposed service area, or by a majority of the owners of real property if there are no more than 30 owners of real property in the proposed service area, the board of county commissioners may establish a fire service area within an unincorporated area not part of a rural fire district in the county to provide the services and equipment set forth in 7-33-2402.

(2) To establish a fire service area, the board shall:

(a) pass a resolution of intent to form the area, with public notice as provided in 7-1-2121 and written notice as provided in 7-1-2122;

(b) hold a public hearing no earlier than 30 or later than 90 days after passage of the resolution of intent;

(c) at the public hearing:

(i) accept written protests from property owners of the area of the proposed area; and

(ii) receive general protests and comments relating to the establishment of the fire service area and its boundaries, rates, kinds, types, or levels of service, or any other matter relating to the proposed fire service area; and

(d) pass a resolution creating the fire service area. The area is created effective 60 days after passage of the resolution unless by that date more than 50% of the property owners of the proposed fire service area protest its creation.

(3) Based on testimony received in the public hearing, the board in the resolution creating the fire service area may establish different boundaries, establish a different fee schedule than proposed, change the kinds, types, or levels of service, or change the manner in which the area will provide services to its residents.

(4) The board of county commissioners may alter the boundaries or the kinds, types, or levels of service or dissolve a fire service area, using the ~~same~~ procedures ~~required for the creation of a fire service area~~ *provided in subsection (2). The board of county commissioners shall alter the boundaries of a fire service area to exclude any area that is annexed by a city or town, using the procedures provided in subsection (2).* Any existing indebtedness of a fire service area that is dissolved remains the responsibility of the owners of property within the area, and any assets remaining after all indebtedness has been satisfied must be returned to the owners of property within the area."

Section 2. Section 7-33-2404, MCA, is amended to read:

"7-33-2404. Financing of fire service area — fee on structures. (1) In the resolution creating the fire service area and by resolution as necessary after creation of the fire service area, the board of county commissioners shall establish a schedule of rates to be charged *to* owners of structures that are benefited by the services offered by the fire service area.

(2) The rates must be applied on a fair and equal basis to all classes of structures benefited by the fire service area.

(3) The board of county commissioners shall collect the funds necessary to operate the fire service area by charging the area rate as a special assessment on the owners of structures and shall collect the assessments with the general taxes of the county. The assessments are a lien on the assessed property.

(4) The board of county commissioners or the trustees, if the fire service area is governed by trustees under 7-33-2403, may pledge the income of the fire service area to secure financing necessary to procure equipment and buildings to house the equipment. The outstanding amount of the indebtedness may not exceed 1.1% of the total assessed value of taxable property, determined as provided in 15-8-111, within the area, as ascertained by the last assessment for state and county taxes prior to the incurring of the indebtedness.

(5) If a fire service area is reduced or eliminated by annexation of all or a portion of the fire service area into a municipality, then the county commissioners or trustees of the fire service area shall notify the annexing municipality in order to prevent the property owners of the area to be annexed from assuming financial responsibility to both the municipality and the fire service area."

Section 3. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

[SB 247]

AN ACT ESTABLISHING A DEFAULT ELECTRICITY SUPPLY PROCUREMENT PROCESS; REQUIRING THE PUBLIC SERVICE COMMISSION TO ADOPT RULES THAT ESTABLISH CRITERIA THAT GUIDE THE DEFAULT ELECTRICITY SUPPLY PROCUREMENT PROCESS; PROVIDING OBJECTIVES FOR THE DEFAULT SUPPLIER FOR DEFAULT SUPPLY PLANNING, PORTFOLIO MANAGEMENT, AND RESOURCE PROCUREMENT; REQUIRING THE DEFAULT SUPPLIER TO DEVELOP A PROCUREMENT PLAN; ESTABLISHING REQUIREMENTS FOR COMMENT BY THE PUBLIC AND THE COMMISSION ON A DEFAULT SUPPLIER PROCUREMENT PLAN; PROVIDING A PROCESS FOR DEFAULT SUPPLY PROCUREMENT FILINGS AND COMMISSION APPROVAL; REQUIRING THE COMMISSION TO ESTABLISH AN ELECTRICITY COST RECOVERY MECHANISM FOR PRUDENTLY INCURRED ELECTRICITY SUPPLY COSTS; REQUIRING THE COMMISSION TO REQUIRE THE DEFAULT SUPPLIER TO OFFER MULTIPLE SERVICE OPTIONS; REQUIRING THE DEFAULT SUPPLIER TO OFFER ITS CUSTOMERS THE OPTION OF PURCHASING A PRODUCT COMPOSED OF CERTIFIED ENVIRONMENTALLY PREFERRED RESOURCES; AMENDING SECTIONS 69-1-114 AND 69-8-210, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Default supply resource planning and procurement — duties of default supplier — objectives — commission rules. (1) The default supplier shall:

(a) plan for future default supply resource needs;

(b) manage a portfolio of default supply resources; and

(c) procure new default supply resources when needed.

(2) The default supplier shall pursue the following objectives in fulfilling its duties pursuant to subsection (1):

(a) provide adequate and reliable default supply services at the lowest long-term total cost;

(b) conduct an efficient default supply resource planning and procurement process that evaluates the full range of cost-effective electricity supply and demand-side management options;

(c) identify and cost-effectively manage and mitigate risks related to its obligation to provide default electricity supply service;

(d) use open, fair, and competitive procurement processes whenever possible; and

(e) provide default supply services at just and reasonable rates.

(3) By December 31, 2003, the commission shall adopt rules that guide the default supply resource planning and procurement processes used by the default supplier and facilitate the achievement of the objectives in subsection (2) by the default supplier. The rules must establish:

(a) goals, objectives, and guidelines that are consistent with the objectives in subsection (2) for:

(i) planning for future default supply resource needs;

(ii) managing the portfolio of default supply resources; and

(iii) procuring new default supply resources;

(b) standards for the evaluation by the commission of the reasonableness of a power supply purchase agreement proposed by the default supplier; and

(c) minimum filing requirements for an application by the default supplier for advanced approval of a proposed power supply purchase agreement.

Section 2. Default supply resource procurement plans — comment on plans. (1) The default supplier shall develop default supply resource procurement plans. The plans must be submitted to the commission at intervals determined in rules adopted by the commission pursuant to [section 1].

(2) A default supply resource procurement plan must demonstrate the default supplier's achievement of the objectives provided in [section 1] and compliance with the rules adopted pursuant to [section 1].

(3) The commission shall:

(a) review the default supply resource procurement plan;

(b) provide an opportunity to the public to comment on the plan; and

(c) issue written comments that identify:

(i) any concerns of the commission regarding the default supplier's compliance with the rules adopted pursuant to [section 1]; and

(ii) ways to remedy any concerns.

Section 3. Default supply filings — commission processing and approval. (1) A default supplier may apply to the commission for advanced approval of a power supply purchase agreement that is:

(a) not executed; or

(b) executed with a provision that allows termination of the agreement if the commission does not find the agreement reasonable.

(2) (a) The commission shall issue an order on the default supplier's application for advanced approval of a power supply purchase agreement in a timely manner as provided in this subsection (2).

(b) In establishing an administrative procedure for reviewing an application for advanced approval, the commission shall consider any financing and market constraints and the due process rights of affected persons.

(c) Within 45 days of the default supplier's submission of an application for advanced approval, the commission shall determine whether or not the application is adequate and in compliance with the commission's minimum filing requirements. If the commission determines that the application is inadequate, it shall explain how the filing fails to comply with the objectives in [section 1] and the rules adopted pursuant to [section 1].

(d) The commission shall issue an order within 180 days of receipt of an adequate application unless it determines that extraordinary circumstances require additional time.

(e) To facilitate timely consideration of an application, the commission may initiate proceedings to evaluate planning and procurement activities related to a potential resource procurement prior to the default supplier's submission of an application for approval.

(3) (a) The commission may approve or deny, in whole or in part, an application for advanced approval of a power supply purchase agreement.

(b) The commission may consider all relevant information known up to the time that the administrative record in the proceeding is closed in the evaluation of an application for advanced approval of a power supply purchase agreement.

(c) A commission order granting advanced approval of a power supply purchase agreement must include the following findings:

(i) advanced approval of all or part of the agreement is in the public interest;

(ii) the agreement resulted from a reasonable effort by the default supplier to comply with the objectives in [section 1] and the rules adopted pursuant to [section 1]; and

(iii) the price, quantity, duration, and other contract terms directly related to the price, quantity, and duration of the power supply purchase agreement are reasonable.

(d) The commission order may include other findings that the commission determines are necessary.

(e) A commission order that denies advanced approval must describe why the findings required in subsection (3)(c) could not be reached.

(4) Notwithstanding any provision of this chapter to the contrary, if the commission has issued an order containing the findings required under subsection (3)(c), the commission may not subsequently disallow the recovery of costs incurred under the agreement based on contrary findings.

(5) If a default supplier does not apply for advanced approval of a power supply purchase agreement, the commission shall consider the prudence of the default supplier's resource procurement actions in the context of a default supplier's cost recovery filing pursuant to 69-8-210 or in a separate proceeding. The commission's decisions in these proceedings must be based on facts that were known or should reasonably have been known by the default supplier at the time of its procurement decisions.

(6) Nothing limits the commission's ability to subsequently, in any future cost recovery proceeding, inquire into the manner in which the default supplier has managed a power supply purchase agreement as part of its overall portfolio.

The commission may subsequently disallow default supply costs that result from the failure of a default supplier to reasonably administer power supply purchase agreements in the context of its overall default supply portfolio management and service obligations.

(7) The commission may engage independent consultants or advisory services to evaluate a utility's default supply resource procurement plans and proposed power supply purchase agreements. The consultants must have demonstrated knowledge and experience with electricity supply procurement and resource portfolio management, modeling, and risk management practices. The commission shall charge a fee to the default supplier to pay for the costs of consultants or advisory services. These costs are recoverable in default supply rates.

Section 4. Section 69-1-114, MCA, is amended to read:

"69-1-114. Fees. *(1)* Each fee charged by the commission must be commensurate with the costs incurred in administering the function for which the fee is charged except those fees set by federal statute.

(2) ~~No~~ *Except for a fee assessed pursuant to [section 3(7)], no* fee set by the commission may exceed $500.

(3) All fees collected by the department under [section 3(7)] must be deposited in an account in the special revenue fund. Funds in this account must be used as provided in [section 3(7)]."

Section 5. Section 69-8-210, MCA, is amended to read:

"69-8-210. Public utilities — electricity supply. ~~(1) On the effective date of a commission order implementing a public utility's transition plan pursuant to 69-8-202, the public utility shall remove its generation assets from the rate base.~~

~~(2) During the transition period, the commission may establish cost-based prices for electricity supply service for customers that do not have a choice of electricity supply service or that have not yet chosen an electricity supplier.~~

~~(3) If the transition period is extended, then the customers' distribution services provider shall:~~

~~(a) extend any cost-based contract with the distribution services provider's affiliate supplier for a term of not more than 3 years; or~~

~~(b) purchase electricity from the market; and~~

~~(c) use a mechanism that recovers electricity supply costs in rates to ensure that those costs are fully recovered.~~ *(1) A public utility's distribution services provider shall provide default supply service.*

(2) The commission shall establish an electricity cost recovery mechanism that allows a default supplier to fully recover prudently incurred electricity supply costs, subject to the provisions of [sections 1 and 2]. The cost recovery mechanism must provide for prospective rate adjustments for cost differences resulting from cost changes, load changes, and the time value of money on the differences.

(3) The commission may direct a default supplier to offer its customers multiple default supply service options if the commission determines that those options are in the public interest and are consistent with the provisions of 69-8-104 and 69-8-201.

(4) Notwithstanding any service options that the commission may require pursuant to subsection (3), a default supplier shall offer its customers the option of purchasing a product composed of or supporting power from certified environmentally preferred resources that include but are not limited to wind, solar, geothermal, and biomass, subject to review and approval by the commission. The commission shall ensure that these resources have been certified as meeting industry-accepted standards.

~~(4)~~*(5)* If a public utility intends to be an electricity supplier through an unregulated division, then the public utility must be licensed as an electricity supplier pursuant to 69-8-404."

Section 6. Codification instruction. [Sections 1 through 3] are intended to be codified as an integral part of Title 69, chapter 8, part 4, and the provisions of Title 69, chapter 8, part 4, apply to [sections 1 through 3].

Section 7. Coordination instruction. If [this act] and House Bill No. 509 are both passed and approved, then [section 14 of House Bill No. 509], amending 69-8-210, is void.

Section 8. Effective date. [This act] is effective on passage and approval.

Section 9. Applicability. [Sections 1 through 3] apply only to power supply purchase agreements for which the procurement process begins on or after [the effective date of this act].

(c) The justice's court may pay the private person or entity a reasonable fee for collecting the judgment. *The fee incurred by the justice's court must be added to the judgment amount.*"

Section 2. Section 25-9-302, MCA, is amended to read:

"25-9-302. Filing of transcript of docket in another county — lien — expiration. (1) A transcript of the original docket, certified by the clerk, may be filed with the district court clerk of any other county. From the time of the filing, the judgment becomes a lien upon all real property of the judgment debtor that is not exempt from execution in that county and that is either owned by the judgment debtor at the time or afterward acquired by the judgment debtor before the lien expires. Except as provided in subsection (2), the lien continues for ~~6~~ *10* years unless the judgment is previously satisfied.

(2) When the judgment is for the payment of child support, the lien continues for 10 years from the termination of the support obligation or 10 years from entry of a lump-sum judgment or order for support arrears, whichever is later, unless the judgment is previously satisfied."

Section 3. Section 25-9-303, MCA, is amended to read:

"25-9-303. Filing of transcript of docket of federal court — lien — expiration. (1) A transcript of the original docket of a judgment that is rendered in the circuit or district court of the United States, ninth circuit, district of Montana, and that is certified by the clerk of court may be filed with the district court clerk of any county. From the time of the filing, the judgment becomes a lien upon all real property of the judgment debtor that is not exempt from execution in the county and that is either owned by the judgment debtor at the time or afterward acquired by the judgment debtor before the lien expires. Except as provided in subsection (2), the lien continues for ~~6~~ *10* years unless the judgment is previously satisfied.

(2) When the judgment is for the payment of child support, the lien continues for 10 years from the termination of the support obligation or 10 years from entry of a lump-sum judgment or order for support arrears, whichever is later, unless the judgment is previously satisfied."

Section 4. Section 25-13-402, MCA, is amended to read:

"25-13-402. How writ executed. (1) (a) The sheriff or levying officer shall, subject to subsection (6), execute the writ against the property of the judgment debtor ~~no~~ *not* later than 120 days after receipt of the writ by:

(i) levying on a sufficient amount of property, if there is sufficient property;

(ii) collecting or selling the things in action; and

(iii) selling the other property and paying to the judgment creditor or the judgment creditor's attorney as much of the proceeds as will satisfy the judgment.

(b) (i) If the third party is a corporation or other legal entity, service must be accomplished by personally serving the writ upon an officer or supervising employee of the entity or other department or person designated by the third party or by mail, as provided in subsection (1)(b)(ii).

(ii) Service by mail upon a corporation or other legal entity must be consented to in writing by the corporation or other legal entity and may be made by mailing a copy of the writ to an officer, supervising employee of the third party, or other department or person designated by the third party. If service is by mail, it must be accompanied by a notice that the officer or employee receiving the writ shall forward the writ to the person responsible for processing the levy for the third party if the officer or employee initially receiving the writ is not the proper party to process the levy. The writ ~~will~~ *must* be considered served on the date and time that the writ is received by the officer, supervising employee, or designee of the third party, but ~~no~~ *not* later than 5 business days after it is mailed.

(c) A levy under subsection (1)(b) is effective when the writ is served by personal service or by mail, as provided in subsection (1)(b)(ii).

(2) Any proceeds in excess of the judgment and accruing costs must be returned to the judgment debtor unless otherwise directed by the judgment or order of the court. When the sheriff or levying officer determines that there is more property of the judgment debtor than is sufficient to satisfy the judgment and accruing costs, the sheriff or levying officer shall levy only on the part of the property that the judgment debtor may indicate if the property indicated is sufficient to satisfy the judgment and costs.

(3) With respect to property held by a third party, including but not limited to banks, credit unions, and other financial institutions and those parties identified in 25-13-306, the third party shall respond to the levy based on the assets held at the time of levy. Response must be made within 10 business days following the date of the levy by delivering the assets or payments to the sheriff or levying officer.

(4) Except for perishable property, the sheriff or levying officer shall hold any property or money levied upon for 10 days, excluding weekends and holidays, following notification of execution upon the judgment debtor. After that time, the sheriff or levying officer may sell the property and pay the money to the judgment creditor.

(5) If the first levy is not sufficient to satisfy the writ, the sheriff or levying officer may levy, from time to time and as often as necessary, within the 120 days until the judgment is satisfied or the writ expires.

(6) (a) A levy upon the earnings of a judgment debtor continues in effect for 120 days or until the judgment is satisfied, whichever occurs first. The levy applies to earnings due on or after the date of service through the expiration of the writ. *Earnings withheld from a judgment debtor must be remitted to the sheriff or levying officer within 5 days of the day the earnings are withheld.*

(b) The sheriff or levying officer shall clearly mark the expiration date upon all served copies of the writ and notice.

(c) Except as provided in subsection (7), multiple levies served under this subsection (6) have priority according to the date and time of service upon the employer.

(d) The return of service on a levy upon the earnings of a judgment debtor is returned in the same manner provided for in 25-13-404.

(7) ~~Nothing in this~~ *This* section is *not* intended to supersede any state or federal laws regarding priority that must be given to certain levies and executions."

Section 5. Section 25-30-102, MCA, is amended to read:

"25-30-102. Fees and fines — collection. (1) *(a)* The fees and fines in municipal court must be the same as the fees and fines provided by law or ordinance, and except as provided in subsection (2), all fees and fines collected by the court must be paid into the city treasury.

(b) Fees assessed in municipal court may not exceed the fees authorized to be paid to a justice's court in 25-31-112.

(2) (a) The municipal court may contract with a private person or entity for the collection of any final judgment that requires a payment to the municipal court. *The fee incurred by the municipal court must be added to the judgment.*

(b) In the event that a private person or entity is retained to collect a judgment, the municipal court may assign the judgment to the private person or entity and the private person or entity may, as an assignee, institute suit or other lawful collection procedure and other postjudgment remedies in its own name.

(c) The municipal court, after deducting the charges provided for in 46-18-236, may pay the private person or entity a reasonable fee for collecting the judgment."

Section 6. Section 27-1-717, MCA, is amended to read:

"27-1-717. Issuing a bad check, *draft, converted check, electronic funds transfer, or order* or stopping payment — civil liability. (1) A person who issues a check, draft, *converted check, electronic funds transfer,* or order for the payment of money is liable for a service charge, as provided in subsection (2), or for damages in a civil action, as provided in subsection (3), to the payee to whom the check, draft, *converted check, electronic funds transfer,* or order is issued, or the payee's assignee, if the check, draft, *converted check, electronic funds transfer,* or order is:

(a) dishonored for lack of funds or credit or because the issuer ~~has no~~ *does not have an* account with the drawee; or

(b) issued in partial or complete fulfillment of a valid and legally binding obligation and the issuer stops payment with the intent to fraudulently defeat a possessory lien or otherwise defraud the payee of the check.

(2) The person who issues the check, draft, *converted check, electronic funds transfer,* or order is liable to the payee or the payee's assignee for a service charge in a reasonable amount, not greater than $30. The payee or the payee's assignee may waive the service charge. Demand for the service charge must be made in writing by the payee or the payee's assignee and mailed to the address shown on the check, draft, *converted check,* or order or to the issuer's last-known address. The demand must state that the issuer is required to pay the value of the check, draft, *converted check, electronic funds transfer,* or order and service charge and must state the service charge provided for in this section.

(3) The amount of damages awarded pursuant to subsection (1) must be an amount equal to the service charge plus the greater of $100 or three times the amount for which the check, draft, *converted check, electronic funds transfer,* or order was issued. However, damages may not exceed the value of the check, draft, *converted check, electronic funds transfer,* or order by more than $500.

(4) The remedy provided by subsection (3) is available only if:

(a) the payee or the payee's assignee has made the written demand required in subsection (2) not less than 10 days before commencing the action; and

(b) the issuer has failed to tender an amount of money equal to the amount demanded under subsection (2) prior to the commencement of the action.

(5) The remedy provided by this section:

(a) may be pursued notwithstanding the provisions of 27-1-312;

(b) may be pursued whether or not a criminal penalty is sought under 45-6-316 or any other statute providing a criminal penalty; and

(c) does not affect the obligation of the issuer provided for in 30-3-423 to pay the amount of the draft. However, in case of any inconsistency with the provisions of Title 30, chapter 3, the provisions of this section apply.

(6) Upon introduction by the payee or the payee's assignee of evidence sufficient to establish the fact of mailing as required under subsection (2), the failure to receive the written demand is not a defense to the action allowed under subsection (3).

(7) This section applies to all checks, drafts, *converted checks, electronic funds transfers,* and orders, including those electronically presented for payment.

(8) Making partial payments of amounts owed under this section or entering into an agreement for paying in whole or in part amounts owed under this section does not waive any right that the payee or the payee's assignee may have under this section. Once a demand required under this section is made, the demand is not required to be repeated upon partial payment of amounts owed under this section."

Section 7. Section 46-17-303, MCA, is amended to read:

"46-17-303. Deposit of fines — collection. (1) Except as provided in subsection (2), all fines imposed and collected by ~~a city~~ *the* court must be paid to the *appropriate* treasurer of the county, city, or town~~, as the case may be,~~ within 30 days of receipt. (c) The ~~city~~ court, after deducting the charges provided for in 46-18-236, may pay the private person or entity a reasonable fee for collecting the judgment. *The fee incurred by the court must be added to the judgment amount.*

(3) If the judgment is for a fine alone, execution may issue on the judgment for any unpaid interest accrued on the judgment, costs, and fees in collecting the fine as on a judgment in a civil case."

Section 8. Section 46-19-102, MCA, is amended to read:

"46-19-102. Execution of ~~fine~~ *judgment.* (1) If the judgment is for a fine alone, execution may issue on the judgment*, any unpaid interest accrued on the judgment, and costs and fees incurred in collecting the judgment* as on a judgment in a civil case.

(2) If the judgment is for a fine and imprisonment until the fine is paid, the defendant must be committed to the custody of the proper officer and detained and allowed a credit for each day of incarceration as provided in 46-18-403.

CHAPTER NO. 511

[SB 294]

AN ACT REVISING THE INTEREST RATE APPLIED TO THE REFUND OF PROPERTY TAXES OR FEES PAID UNDER PROTEST; PROVIDING THAT THE STATE SHARE OF PROTESTED PROPERTY TAXES OF CENTRALLY ASSESSED PROPERTY MUST BE REMITTED TO THE STATE TREASURER; PROVIDING THAT A GOVERNING BODY OF A TAXING JURISDICTION MAY ACCESS PROTESTED PROPERTY TAXES OF CENTRALLY ASSESSED PROPERTY; REQUIRING THE STATE TREASURER TO REFUND THE STATE SHARE OF PROTESTED PROPERTY TAXES OF CENTRALLY ASSESSED PROPERTY; AMENDING SECTION 15-1-402, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-402, MCA, is amended to read:

"15-1-402. Payment of taxes under protest. (1) The person upon whom a property tax or fee is being imposed under this title may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested. The protested payment must:

(a) be made to the officer designated and authorized to collect it;

(b) specify the grounds of protest; and

(c) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(2) A person appealing a property tax or fee pursuant to chapter 2 or 15 shall pay the tax or fee under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal may continue but a tax or fee may not be refunded as a result of the appeal.

(3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying the subsequent installment to have it or any part of it refunded to the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4) ~~All~~ *(a) Except as provided in subsection (4)(b), all* property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or in any manner provided in Title 7, chapter 6. The provision creating the special

protest fund does not apply to any payments made under protest directly to the state.

(b) (i) Property taxes that are levied by the state against property that is centrally assessed pursuant to 15-23-101 must be remitted by the county treasurer to the state treasurer.

(ii) The state treasurer shall deposit that portion of the funds levied pursuant to 15-10-107 in the state special revenue fund. The remainder of the funds must be deposited in the state general fund.

(5) *(a)* ~~The~~ *Except as provided in subsection (5)(b), the* governing ~~board~~ *body* of a taxing jurisdiction affected by the payment of taxes under protest ~~in the second and subsequent years that a tax protest remains unresolved~~ *in the second and subsequent years that a tax protest remains unresolved* may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled~~, except the amount paid by the taxpayer in the first year of the protest~~, *except the amount paid by the taxpayer in the first year of the protest*. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled~~, except the first-year protest amount~~, *except the first-year protest amount*.

(b) The governing body of a taxing jurisdiction affected by the payment of taxes under protest on property that is centrally assessed pursuant to 15-23-101 in the first and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled. The decision in a previous year of a taxing jurisdiction to leave protested taxes of centrally assessed property in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled.

(6) (a) If action before the county tax appeal board, state tax appeal board, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount of the protested portions of the property tax or fee must be taken from the protest fund and deposited to the credit of the fund or funds to which the property tax belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged to the local government units.

~~(b) If the action is finally determined adversely to the department of revenue, a county, a municipality, or the treasurer of a county or a municipality, then the treasurer shall, upon receiving a certified copy of the final judgment in the action from the state tax appeal board or from the district or supreme court, as appropriate, if the final action of the state tax appeal board is appealed in the time prescribed, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee deposited in the protest fund, and not released pursuant to subsection (5), as the person holding the judgment is entitled to recover, together with interest from the date of payment under protest, at the greater of:~~

~~(i) the rate of interest generated from the pooled investment fund provided for in 17-6-203 for the applicable period; or~~

~~(ii) 6% a year.~~

(b) (i) If the action is finally determined adversely to the governmental entity levying the tax, then the treasurer of the municipality, county, or state entity levying the tax shall, upon receipt of a certified copy of the final judgment in the action and upon expiration of the time set forth for appeal of the final judgment, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee that the person holding the judgment is entitled to recover, together with interest from the date of payment under protest.

(ii) The taxing jurisdiction shall pay interest at the rate of interest earned by the pooled investment fund provided for in 17-6-203 for the applicable period.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then to interest owed, and lastly to costs.

(d) *(i)* If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments and costs, for which the taxing jurisdiction is proratably responsible. *The treasurer is not responsible for the amount required to be refunded by the state treasurer as provided in subsection (6)(b).*

(ii) For an adverse protest action against the state for centrally assessed property, the state treasurer shall refund the amount of protested taxes and interest as required in subsection (6)(b).

(e) In satisfying the requirements of subsection (6)(d), the taxing jurisdiction, *including the state,* is allowed not more than ~~1 year~~ *1 year* from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the ~~greater of the rates~~ *rate* referred to in ~~subsections (6)(b)(i) and (6)(b)(ii)~~ *subsection (6)(b)* from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus ~~four~~ *4* percentage points, from the date of final resolution of the protest until refund is made.

(7) A taxing jurisdiction, *except the state,* may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund levy;

(b) the general fund or any other funds legally available to the governing body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is authorized to issue the bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. Property taxes may be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes of $5 or less, a refund is not owed."

Section 2. Effective date. [This act] is effective on passage and approval.

Section 3. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to any tax appeal or tax paid under protest after October 31, 2000, except for refunds of property taxes made after October 31, 2000, and before [the effective date of this act].

(a) The portion of the net consideration for the first contract year to be accumulated ~~shall~~ *must* be the sum of 65% of the net consideration for the first contract year plus 22 1/2% of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years.

(b) The annual contract charge ~~shall~~ *must* be the lesser of $30 or 10% of the gross annual consideration.

(4) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts ~~shall~~ *must* be defined *in the same manner* as for contracts with flexible payments of consideration, except that the percentage of net consideration used to determine the minimum nonforfeiture amount ~~shall~~ *must* be equal to 90% and the net consideration ~~shall~~ *must* be the gross consideration less a contract charge of $75."

(3) A person may not be detained pursuant to this part in a jail or other correctional facility.

(4) A person detained prior to involuntary commitment may apply to the court for immediate relief with respect to the need for detention or the adequacy of the facility being utilized to detain."

Section 5. Section 53-21-127, MCA, is amended to read:

"53-21-127. Posttrial disposition. (1) If, upon trial, it is determined that the respondent is not suffering from a mental disorder or does not require commitment within the meaning of this part, the respondent must be discharged and the petition dismissed.

(2) If it is determined that the respondent is suffering from a mental disorder and requires commitment within the meaning of this part, the court shall hold a posttrial disposition hearing. The disposition hearing must be held within 5 days (including Saturdays, Sundays, and holidays unless the fifth day falls on a Saturday, Sunday, or holiday), during which time the court may order further evaluation and treatment of the respondent.

(3) At the conclusion of the disposition hearing and pursuant to the provisions in subsection (7), the court shall:

(a) *subject to the provisions of [section 1],* commit the respondent to the state hospital *or to a behavioral health inpatient facility* for a period of not more than 3 months; or

(b) commit the respondent to a community facility or program or to any appropriate course of treatment, which may include housing or residential requirements, for a period of not more than 6 months.

(4) Except as provided in subsection (3)(b), a treatment ordered pursuant to this section may not affect the respondent's custody or course of treatment for a period of more than 3 months.

(5) In determining which of the alternatives in subsection (3) to order, the court shall choose the least restrictive alternatives necessary to protect the respondent and the public and to permit effective treatment.

(6) The court may authorize the chief medical officer of a facility or a physician designated by the court to administer appropriate medication involuntarily if the court finds that involuntary medication is necessary to protect the respondent or the public or to facilitate effective treatment. Medication may not be involuntarily administered to a patient unless the chief medical officer of the facility or a physician designated by the court approves it prior to the beginning of the involuntary administration and unless, if possible, a medication review committee reviews it prior to the beginning of the involuntary administration or, if prior review is not possible, within 5 working

days after the beginning of the involuntary administration. The medication review committee must include at least one person who is not an employee of the facility or program. The patient and the patient's attorney or advocate, if the patient has one, must receive adequate written notice of the date, time, and place of the review and must be allowed to appear and give testimony and evidence. The involuntary administration of medication must be again reviewed by the committee 14 days and 90 days after the beginning of the involuntary administration if medication is still being involuntarily administered. The mental disabilities board of visitors and the director of the department of public health and human services must be fully informed of the matter within 5 working days after the beginning of the involuntary administration. The director shall report to the governor on an annual basis.

(7) Satisfaction of any one of the criteria listed in 53-21-126(1) justifies commitment pursuant to this chapter. However, if the court relies solely upon the criterion provided in 53-21-126(1)(d), the court may require commitment only to a community facility or program or an appropriate course of treatment as provided in subsection (3)(b)~~,~~ and may not require commitment at the state hospital *or at a behavioral health inpatient facility*.

(8) In ordering commitment pursuant to this section, the court shall make the following findings of fact:

(a) a detailed statement of the facts upon which the court found the respondent to be suffering from a mental disorder and requiring commitment;

(b) the alternatives for treatment that were considered;

(c) the alternatives available for treatment of the respondent;

(d) the reason that any treatment alternatives were determined to be unsuitable for the respondent;

(e) the name of the facility, program, or individual to be responsible for the management and supervision of the respondent's treatment;

(f) if the order includes a requirement for inpatient treatment, the reason inpatient treatment was chosen from among other alternatives; and

(g) if the order includes involuntary medication, the reason involuntary medication was chosen from among other alternatives."

Section 6. Section 53-21-128, MCA, is amended to read:

"53-21-128. Petition for extension of commitment period. (1) (a) Not less than 2 calendar weeks prior to the end of the 3-month period of commitment to the state hospital *or a behavioral health inpatient facility* or the period of commitment to a community facility or program or a course of treatment provided for in 53-21-127, the professional person in charge of the patient at the place of commitment may petition the district court in the county where the patient is committed for extension of the commitment period unless otherwise ordered by the original committing court. The petition must be accompanied by a written report and evaluation of the patient's mental and physical condition. The report must describe any tests and evaluation devices that have been employed in evaluating the patient, the course of treatment that was undertaken for the patient, and the future course of treatment anticipated by the professional person.

(b) Upon the filing of the petition, the court shall give written notice of the filing of the petition to the patient, the patient's next of kin, if reasonably available, the friend of respondent appointed by the court, and the patient's

counsel. If any person notified requests a hearing prior to the termination of the previous commitment authority, the court shall immediately set a time and place for a hearing on a date not more than 10 days, *not including Saturdays, Sundays, and holidays,* from the receipt of the request and notify the same people, including the professional person in charge of the patient. *When a hearing is requested less than 10 days prior to the termination of the previous commitment authority, the previous commitment is considered extended until the hearing is held. The notice of hearing must include a notice of this extension.* If a hearing is not requested, the court shall enter an order of commitment for a period not to exceed 6 months.

(c) Procedure on the petition for extension when a hearing has been requested must be the same in all respects as the procedure on the petition for the original 3-month commitment, except *that* the patient is not entitled to *a* trial by jury. The hearing must be held in the district court having jurisdiction over the facility in which the patient is detained unless otherwise ordered by the court. Court costs and witness fees, if any, must be paid by the county that paid the same costs in the initial commitment proceedings.

(d) If upon the hearing the court finds the patient not to be suffering from a mental disorder and requiring commitment within the meaning of this part, the patient must be discharged and the petition dismissed. If the court finds that the patient continues to suffer from a mental disorder and to require commitment, the court shall order commitment as set forth in 53-21-127~~(3)~~. However, an order *extending the commitment period* may not affect the patient's custody for more than 6 months *and may not commit the patient to a behavioral health inpatient facility*. In its order, the court shall describe what alternatives for treatment of the patient are available, what alternatives were investigated, and why the investigated alternatives were not found suitable. The court may not order continuation of an alternative that does not include a comprehensive, individualized plan of treatment for the patient. A court order for the continuation of an alternative must include a specific finding that a comprehensive, individualized plan of treatment exists.

(2) Prior to the end of the period of commitment to a community facility or program or course of treatment, a respondent may request that the treating provider petition the district court for an extension of the commitment order. The petition must be accompanied by a written report and evaluation of the respondent's mental and physical condition, an updated treatment plan, and a written statement by the respondent that an extension is desired. The extension procedure must follow the procedure required in subsections (1)(b) through (1)(d).

(3) Further extensions under subsection (1) or (2) may be obtained under the same procedure described in subsection (1). However, the patient's custody may not be affected for more than 1 year without a renewal of the commitment under the procedures set forth in subsection (1), including a statement of the findings required by subsection (1)."

Section 7. Section 53-21-129, MCA, is amended to read:

"53-21-129. Emergency situation — petition — detention. (1) When an emergency situation exists, a peace officer may take any person who appears to have a mental disorder and to present an imminent danger of death or bodily harm to the person or to others into custody only for sufficient time to contact a professional person for emergency evaluation. If possible, a professional person should be called prior to taking the person into custody.

(2) If the professional person agrees that the person detained is a danger to the person or to others because of a mental disorder and that an emergency situation exists, then the person may be detained and treated until the next regular business day. At that time, the professional person shall release the detained person or file findings with the county attorney who, if the county attorney determines probable cause to exist, shall file the petition provided for in 53-21-121 through 53-21-126 in the county of the respondent's residence. In either case, the professional person shall file a report with the court explaining the professional person's actions.

(3) The county attorney of a county may make arrangements with a federal, state, regional, or private mental facility or with a mental health facility in a county for the detention of persons held pursuant to this section. If an arrangement has been made with a facility that does not, at the time of the emergency, have a bed available to detain the person at that facility, the person may be transported to the state hospital *or to a behavioral health inpatient facility, subject to [section 1] and subsection (4) of this section,* for detention and treatment as provided in this part. This determination must be made on an individual basis in each case, and the professional person at the local facility shall certify to the county attorney that the facility does not have adequate room at that time.

(4) ~~However, before~~ *Before* a person ~~is~~ *may be* transferred to the state hospital *or to a behavioral health inpatient facility* under this section, the state hospital *or the behavioral health inpatient facility* must be notified prior to transfer and shall state ~~that~~ *whether* a bed is available for the person. *If the Montana state hospital determines that a behavioral health inpatient facility is the appropriate facility for the emergency detention, it shall direct the person to the appropriate facility to which the person must be transported for emergency detention.*"

Section 8. Section 53-21-138, MCA, is amended to read:

"53-21-138. Diversion of certain persons suffering from mental disorders from detention center. (1) The sheriff or administrator of a detention center in each county shall require screening of inmates to identify persons accused of minor misdemeanor offenses who appear to be suffering from mental disorders and who may require commitment, as defined in 53-21-102.

(2) If as a result of screening and observation it is believed that an inmate is suffering from a mental disorder and may require commitment, the sheriff or administrator of the detention center shall:

(a) request services from a crisis intervention program established by the department, as provided for in 53-21-139;

(b) refer the inmate to the nearest community mental health center, as defined in 53-21-201; or

(c) *subject to [section 1] and subsection (3) of this section,* transfer the inmate to a private mental health facility, *a behavioral health inpatient facility,* or *a* hospital equipped to provide treatment and care of persons who are suffering from a mental disorder and who require commitment.

(3) The facility must be notified, and the facility shall state that a bed is available and agree to accept transfer of the patient based on admission criteria before a person may be transferred under this section.

~~(3)~~*(4)* As used in this section, the term "minor misdemeanor offense" includes but is not limited to a nonserious misdemeanor, such as criminal

trespass to property, loitering, vagrancy, disorderly conduct, and disturbing the public peace.

~~(4)~~*(5)* A person intoxicated by drugs or alcohol who is accused of a minor misdemeanor offense may be detained in a jail until the level of intoxication is reduced to the point that screening for a mental disorder and the need for commitment can be performed."

CHAPTER NO. 516

[SB 402]

AN ACT CREATING THE MONTANA MORTGAGE BROKER AND LOAN ORIGINATOR LICENSING ACT; PROVIDING DEFINITIONS; ESTABLISHING LICENSING REQUIREMENTS; REQUIRING RECORD RETENTION, SURETY BONDS, AND THE MAINTENANCE OF TRUST ACCOUNTS; PROHIBITING CERTAIN ACTIVITIES AND PROVIDING PENALTIES; AUTHORIZING RULEMAKING BY THE DEPARTMENT OF ADMINISTRATION; PROVIDING FOR SUSPENSION, REVOCATION, AND REINSTATEMENT OF LICENSES; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title and purpose. (1) [Sections 1 through 22] may be cited as the "Montana Mortgage Broker and Loan Originator Licensing Act".

(2) The legislature recognizes that buying or financing a home is one of the largest, most complicated, and vitally important decisions facing consumers in Montana. Therefore, the legislature finds it desirable to license residential mortgage brokers and loan originators to promote honesty, education, and professionalism, to ensure the availability and diversity of residential mortgage funding, and to protect Montana consumers and the stability of Montana's economy.

Section 2. License requirement. A person or entity may not act as a residential mortgage broker or loan originator after September 1, 2004, unless licensed under the provisions of [sections 1 through 22].

Section 3. Definitions. As used in [sections 1 through 22], the following definitions apply:

(1) "Bona fide third party" means a person or entity that provides services relative to residential mortgage loan transactions. The term includes but is not limited to real estate appraisers and credit reporting agencies.

(2) "Borrower" means an individual who is solicited to purchase or who purchases the services of a mortgage broker for other than commercial mortgage lending.

(4) "Designated manager" means a person employed by a mortgage broker entity, other than a sole proprietorship, as the person responsible for operating the business at the location where the person is employed. A designated manager must be licensed as a mortgage broker.

(7) "Loan originator" means a licensed individual employed by a mortgage broker to assist borrowers by originating a residential loan.

(8) "Mortgage" means a consensual interest in real property located in Montana, including improvements, securing a debt evidenced by a mortgage, trust indenture, deed of trust, or other lien on real property.

(9) "Mortgage banker" means a person or entity that makes, services, or buys and sells mortgage loans and that may be required to submit audited financial statements to the United States department of housing and urban development, the United States department of veterans affairs, the federal national mortgage association, the federal home loan mortgage corporation, or the government national mortgage association.

(10) "Mortgage broker" means a person or entity that provides services for a fee as an intermediary between a borrower and a lender in obtaining financing for the borrower that is to be secured by a residential dwelling for between one and four families located on real property purchased by the borrower with the loan provided by the lender.

(11) "Originate" means:

(a) to negotiate or arrange or to offer to negotiate or arrange a mortgage loan between a borrower and a person or entity that makes or funds mortgage loans;

(b) to issue a commitment for a mortgage loan to a borrower; or

(c) to place, assist in placing, or find a mortgage loan for a borrower.

(12) "Trust account" means a depository account with a financial institution that provides deposit insurance that is separate and distinct from any personal, business, or other account of the mortgage broker and that is maintained solely for the holding and payment of bona fide third-party fees.

Section 4. Exemptions. The provisions of [sections 1 through 22] do not apply to:

(1) a person or entity that makes or collects loans, to the extent that those activities are subject to licensure or registration by this state under other provisions of Montana law unless the person or entity is also acting as a mortgage broker or loan originator;

(2) a bank or trust company chartered under Title 32, chapter 1, a bank or trust company chartered under the National Bank Acts in Title 12 of the United States Code, a building and loan association chartered under Title 32, chapter 2, a savings and loan association chartered under the Home Owners' Loan Act in Title 12 of the United States Code, a credit union chartered under Title 32, chapter 3, or a credit union chartered under the Federal Credit Union Act in Title 12 of the United States Code;

(3) a person or entity engaged solely in commercial mortgage lending;

(4) a political subdivision or governmental entity of the United States or any state of the United States; or

(5) a mortgage banker, except that a mortgage banker that also provides services as a mortgage broker for more than four mortgage loans in a calendar year must be licensed as a mortgage broker with respect to those mortgage broker services.

Section 5. Overall licensing requirements. All persons and entities desiring to conduct business as a mortgage broker or to work as a loan originator shall apply to the department for a license and pay a license fee under the provisions of [sections 1 through 22] on or after July 1, 2004. Except as provided in [section 8], applicants shall comply with all requirements of [sections 1 through 22], including but not limited to requisite work experience, successful completion of an examination, and completion of an application approved by the department. All licenses issued under this section are nontransferable and nonassignable.

Section 6. Experience requirements. (1) Except as provided in [section 8]:

(a) an individual applying for a license as a mortgage broker must have a minimum of 3 years of experience working as a loan originator or in a related field; and

(b) an individual applying for a license as a loan originator must have a minimum of 6 months of experience working in a related field.

(2) The department shall by rule establish what constitutes work in a related field.

Section 7. Examination requirements. (1) Except as provided in [section 8], all individuals seeking a mortgage broker's license and individuals seeking a loan originator's license shall submit to an examination provided for by the department. The department may use a third party to perform examination and grading services.

(2) The examination must be designed to demonstrate that the applicant possesses competency to originate loans. The test may cover subject matter areas including but not limited to:

(a) knowledge of [sections 1 through 22];

(b) knowledge of disclosures and protections that borrowers are entitled to by state and federal law;

(c) the ability to read, understand, and explain appraisal basics, credit reports, and title commitments; and

(d) the ability to evaluate credit, calculate a basic debt-to-income ratio, calculate loan-to-value ratios, and complete a basic loan application.

Section 8. Exception to experience and examination requirements. A person providing services as a mortgage broker or an individual acting as a loan originator on or before December 31, 2002, must be licensed by the department in the same capacity as that person was operating on or before December 31, 2002. On or after July 1, 2004, the person or individual shall apply to the department for the appropriate license, pay the required fees, and have the application approved by the department. A person or individual entitled to licensure under this section is not subject to the experience requirements of [section 6] or the examination requirements of [section 7].

Section 9. Application for mortgage broker license. (1) An application for a mortgage broker license must include:

(a) the proposed location of the business, with a photograph of each location at which business will be transacted. If the business is to be conducted out of a residence, verification must be supplied concerning compliance with all zoning laws and regulations.

(b) (i) the name and address of the sole proprietor;

(ii) the name and address of each partner; or

(iii) the name and address of any person that owns 5% or more of a mortgage broker entity that is other than a sole proprietorship or partnership;

(c) evidence of an irrevocable letter of credit or surety bond required by [section 15];

(d) a statement as to whether the applicant or, to the best of the applicant's knowledge, any shareholder, member, partner, designated manager, or employee of the applicant is currently under investigation, has been convicted of or has pleaded guilty to any felony or criminal offense involving fraud or dishonesty, or has been subject to any adverse civil judgment for any conduct involving fraudulent or dishonest dealing; and

(e) evidence that the designated manager meets the requirements for licensure as a mortgage broker.

(2) The department shall investigate each individual applicant. The investigation shall include a criminal records check based on the fingerprints of each individual applicant and a civil records check. The department shall require each individual applicant to file a set of the applicant's fingerprints, taken by a law enforcement agency, and any other information necessary to complete a statewide and nationwide criminal check with the criminal investigation bureau of the department of justice for state processing and with the federal bureau of investigation for federal processing. All costs associated with the criminal history check are the responsibility of the applicant. Criminal

history records provided to the department under this section are confidential, and the department may use the records only to determine if the applicant is eligible for licensure. If an investigation outside this state is necessary, the department may require the applicant to advance sufficient funds to pay the actual expenses of the investigation. The department may deny the application if the applicant's criminal history demonstrates any felony criminal convictions or other convictions involving fraud or dishonesty or if the applicant has had any adverse civil judgments involving fraudulent or dishonest dealings.

Section 10. Application for loan originator license — employment of loan originator. (1) An application for a loan originator license must include:

(a) the name and address of the applicant;

(b) evidence of the applicant's experience and knowledge of the mortgage industry; and

(c) a statement as to whether the applicant is under investigation, has been convicted of or pleaded guilty to any felony or criminal offense involving fraud or dishonesty, or has been subject to any adverse civil judgment for any conduct involving fraudulent or dishonest dealing.

(2) The department shall investigate each applicant. The investigation shall include a criminal records check based on the fingerprints of the applicant and a civil records check. The department shall require each applicant to file a set of the applicant's fingerprints, taken by a law enforcement agency, and any other information necessary to complete a statewide and nationwide criminal check with the criminal investigation bureau of the department of justice for state processing and with the federal bureau of investigation for federal processing. All costs associated with the criminal history check are the responsibility of the applicant. Criminal history records provided to the department under this section are confidential and the department may use the records only to determine if the applicant is eligible for licensure. If an investigation outside this state is necessary, the department may require the applicant to advance sufficient funds to pay the actual expenses of the investigation. The department may deny the application if the applicant's criminal history demonstrates any felony criminal convictions or other convictions involving fraud or dishonesty or if the applicant has had any adverse civil judgments involving fraudulent or dishonest dealings.

(3) A loan originator may transact business only for an employing mortgage broker licensed in accordance with the provisions of [sections 1 through 22]. Each original license issued to a loan originator must be provided to and maintained by the employing mortgage broker at the mortgage broker's main office. A copy of the loan originator's license must be displayed at the office where that loan originator principally transacts business.

(4) If the employment of a loan originator is terminated, the mortgage broker shall return the loan originator's license to the department within 5 business days after the termination. For a period of 6 months after the termination of employment, the loan originator may request the transfer of the license to another mortgage broker by submitting a relocation application to the department, along with a fee established by the department by rule. The return of the license of any loan originator to the department that is not transferred to another mortgage broker terminates the right of the loan originator to engage in any residential mortgage loan origination activity until department procedures have been followed to reinstate the license. The license of any loan originator

that has been returned to the department and not transferred within 6 months of termination of employment must be canceled.

Section 11. Fees — license renewal — disposition of fees. (1) An individual mortgage broker or an entity seeking licensure as a mortgage broker shall pay an initial nonrefundable license application fee of $500. A loan originator shall pay an initial nonrefundable license application fee of $400. An applicant shall pay one-half of these initial nonrefundable license application fees for any license period of less than 6 months.

(2) The license of a mortgage broker or loan originator is valid for a 1-year period and expires on June 30. Every licensee shall, on or before May 31 of the year, pay to the department a renewal fee in an amount set by the department by rule. The fees set by the department must be commensurate with the costs of the program. Failure to submit required information or fees within the time prescribed automatically revokes the license.

(3) An application for renewal must be accompanied by evidence that the continuing education requirements provided for in [section 12] have been met and that there has not been a material change in the status of the licensee in the preceding 12 months.

(4) All fees collected under this section must be deposited in the department's state special revenue fund to be used by the department in administering the provisions of [sections 1 through 22].

Section 12. Continuing education requirements. All loan originators and all individual mortgage brokers shall complete and submit to the department evidence of at least 12 hours of continuing education every year at the time they submit their license renewal applications. The 12 hours of continuing education must be in courses or programs of study approved by the department and in areas established by the department by rule.

Section 13. In-state office requirement — records maintenance — advertising requirement. (1) A person or entity licensed as a mortgage broker shall maintain at least one physical office located in this state either on its own accord or in conjunction with another licensed mortgage broker or regulated lender located in this state. Licensees shall maintain copies of residential mortgage loan files and trust account records at the Montana office location where services are provided. Each office location must have at least one phone line. Licensees shall pay state income tax on all income earned in Montana.

(2) A mortgage broker shall maintain a residential mortgage file for a minimum of 5 years from the date of the last activity pertaining to the file. A mortgage broker shall maintain trust account records for a minimum of 5 years.

(3) A licensee or licensed entity shall disclose in any printed, published, televised, e-mail, or internet advertisement for the provision of services the name and address of the licensee and the number designated on the license issued to the licensee or licensed entity by the department.

Section 14. Requirement for designated manager. (1) A mortgage broker that is not a sole proprietorship shall designate to the department a licensed mortgage broker within its organization as the designated manager of the organization.

(2) If the designated manager ceases to act in that capacity, within 15 days the mortgage broker shall designate another licensed mortgage broker as designated manager and shall submit information in writing to the department

establishing that the subsequent designated manager is in compliance with the provisions of [sections 1 through 22].

Section 15. Irrevocable letter of credit or surety bond — notice of legal action. (1) Each licensee other than a loan originator shall maintain at all times an irrevocable letter of credit or surety bond, naming the department as a beneficiary, in the amount of $25,000 for each location identified in the application for licensure. The department shall use the proceeds of the letters of credit or surety bonds to reimburse borrowers or bona fide third parties who successfully demonstrate a financial loss because of an act of a licensee that violates the provisions of [sections 1 through 22].

(2) A mortgage broker or loan originator shall give notice to the department by certified mail within 15 days of the mortgage broker's or loan originator's knowledge of the initiation of an investigation or the entry of a judgment in a criminal or civil action. The notice must be given if the investigation or the legal action is in any state and involves a mortgage broker, anyone having an ownership interest in a mortgage broker entity, or a loan originator. In the case of a legal action, the notice must include a copy of the criminal or civil judgment.

Section 16. Prohibitions — required disclosure. (1) A mortgage broker or loan originator may not do any of the following:

(a) retain original documents owned by the borrower and submitted in connection with the loan application;

(b) directly or indirectly employ any scheme to defraud or mislead a borrower, a lender, or any other person;

(c) make any misrepresentation or deceptive statement in connection with a residential mortgage loan, including but not limited to interest rates, points, costs at closing, or other financing terms or conditions; or

(d) fail to pay a bona fide third party later than 30 days after recording of the loan closing documents or 90 days after completion of the bona fide third-party service, whichever is earlier, unless otherwise agreed by the parties.

(2) Prior to providing mortgage broker services to a borrower, the licensee, in addition to other disclosures required by [sections 1 through 22] and other state and federal laws, shall provide to the borrower at the time of application a written disclosure containing substantially the following language, which must be signed by the borrower:

"MORTGAGE LOAN ORIGINATION DISCLOSURE

(Name of licensee) is a licensed mortgage broker in Montana authorized to provide mortgage brokerage services to you in connection with your real estate loan. Lenders whose loan products we distribute generally provide their loan products to us at a wholesale rate. The rate you pay may be higher.

SECTION 1. NATURE OF RELATIONSHIP. In connection with this mortgage loan:

(1) (name of licensee) is acting as an independent contractor and not as your agent;

(2) (name of licensee) enters into separate independent contractor agreements with various lenders; and

(3) while (name of licensee) seeks to assist you in meeting your financial needs, (name of licensee) does not distribute products of all lenders or investors in the market and cannot guarantee the lowest price or best terms available.

SECTION 2. OUR COMPENSATION.

(1) The retail price (name of licensee) offers you, including the interest rate, total points, and fees, will include (name of licensee's) compensation.

(2) In some cases, (name of licensee) may be paid all of (name of licensee's) compensation by either you or the lender.

(3) Alternatively, (name of licensee) may be paid a portion of (name of licensee's) compensation by both you and the lender. For example, in some cases, if you would rather pay a lower interest rate, you may pay more money in upfront points and fees. Also, in some cases, if you would rather pay less money up front, you may be able to pay some or all of our compensation indirectly through a higher interest rate, in which case (name of licensee) will be paid directly by the lender.

(4) (Name of licensee) may also be paid by the lender based on the value of the mortgage loan or related servicing rights in the market place or based on other services, goods, or facilities performed or provided by (name of licensee) to the lender.

By signing below, you acknowledge that you have received a copy of this disclosure."

Section 17. Trust accounts — fees other than bona fide third-party fees. (1) Every mortgage broker doing business in this state shall:

(a) maintain a trust account at a financial institution located in this state whose deposits or shares are insured, and the trust account funds may not be commingled with any other funds of the mortgage broker;

(b) deposit into the trust account any bona fide third-party fee that the mortgage broker receives unless the borrower pays the bona fide third party directly; and

(c) pay third-party fees to a bona fide third party from the mortgage broker's trust account unless the borrower pays the bona fide third party directly.

(2) A mortgage broker may not charge or receive, directly or indirectly, fees for assisting a borrower in obtaining a mortgage until all of the services that the mortgage broker has agreed to perform for the borrower are completed. A mortgage broker may not charge a residential loan application fee in excess of the amount allowed by federal law. Prior to completion of services, the fees provided for in subsection (3) incurred by a bona fide third party in assisting the borrower to obtain a mortgage must be paid.

(3) The following fees must be paid directly by the borrower to the bona fide third party providing the services or must be deposited by the borrower, if applicable, into the mortgage broker's trust account for payment of services performed by the bona fide third party:

(a) credit report fees;

(b) notary fees;

(c) title search, appraisal, or survey fees;

(d) rate-lock fees not exceeding 3% of the mortgage loan amount; and

(e) fees paid directly by the borrower to a state or federal government agency or instrumentality for purposes of processing a mortgage application relating to a government-sponsored or guaranteed mortgage program.

Section 18. Revocation, suspension, and reinstatement of licenses. (1) The department, upon giving the licensee 10 days' written notice, which includes a statement of the grounds for the proposed suspension or revocation, and informing the licensee that the licensee has the right to be heard at an administrative hearing if requested by the licensee, may suspend or revoke a license if it finds that the licensee has violated any provision of [sections 1 through 22].

(2) The department may reinstate any suspended or revoked license upon a showing that the licensee has corrected all deficiencies.

Section 19. Department authority — rulemaking. (1) The department shall adopt rules necessary to carry out the intent and purposes of [sections 1 through 22]. The rules adopted are binding on all licensees and enforceable through the power of suspension or revocation of licenses.

(2) The rules must address:

(a) revocation or suspension of licenses for cause;

(b) investigation of applicants and licensees and handling of complaints made by any person in connection with any business transacted by a licensee;

(c) prescribing forms for applications;

(d) developing or approving tests to be given as a prerequisite for licensure;

(e) approval of programs for continuing education; and

(f) establishing fees for testing, continuing education programs, and license renewals.

(3) The department may seek a writ or order restraining or enjoining, temporarily or permanently, any act or practice violating any provision of [sections 1 through 22].

(4) (a) The department may at any time examine any mortgage broker transaction and may examine the residential mortgage loan files, trust account records, and other information related to mortgage loan transactions of a licensee.

(b) When conducting a financial examination or an audit of a licensee, the department may require the licensee to pay a fee of $300 per day for each examiner performing the financial examination or audit.

(c) If any examination fees are not paid within 30 days of the department's mailing of an invoice, the license of the mortgage broker or designated manager for the mortgage broker entity may be suspended or revoked.

(5) (a) The department may exchange information with federal regulatory agencies, the attorney general, the consumer protection office of the department, and the legislative auditor.

(b) Except as provided in subsection (5)(a), the department shall treat all confidential criminal justice information as confidential unless otherwise required by law.

(6) The department shall prepare, at least once each calendar year, a roster listing the name and locations for each mortgage broker and a roster of all loan originators and designated managers and the name of their employing brokers.

Section 20. Access to records — witnesses. For the purpose of [sections 1 through 22], the department or the department's authorized representatives must be given free access to the offices and places of business and files of all

licensees. The department or the department's authorized representative may require the attendance of any person and examine that person under oath relative to mortgage loans or related business or relative to the subject matter of any examination, investigation, or hearing and may require the production of books, accounts, papers, or records. In the event of disobedience to any subpoena or other process issued by the department or failure to produce any books, accounts, papers, or records, the department shall apply to the first judicial district court of Lewis and Clark County for an order requiring the evidence and testimony of witnesses and the production of books, accounts, papers, or records.

Section 21. Injunctions — receivers. (1) Whenever the department has reasonable cause to believe that any person is violating or is threatening to violate [sections 1 through 22] or a rule adopted under [sections 1 through 22], the department may, in addition to all actions provided for in [sections 1 through 22] and without prejudice to those actions, seek an order requiring the person to desist or to refrain from the violation.

(2) An action may be brought by the department in the district court of the first judicial district, Lewis and Clark County, to enjoin the person from engaging in or continuing the violation or from doing any act or acts in furtherance of the violation. In any action, a preliminary or final injunction may be ordered as considered proper.

(3) In addition to all other means provided by law for the enforcement of a restraining order or injunction, the court in which the action is brought may impound and appoint a receiver for the property and business of the defendant, including books, papers, documents, or records pertaining to the property or business, or as much of the property or business as the court considers reasonably necessary to prevent violations of [sections 1 through 22]. The receiver, when appointed and qualified, has the powers and duties as to custody, collection, administration, winding up, and liquidation of the property and business that are conferred upon the receiver by the court.

Section 22. Penalties. (1) A person who acts or offers to act in any capacity as a mortgage broker or loan originator without a license in this state or while a license is suspended or revoked is subject to the penalty provisions of subsections (3) and (5).

(2) Any person who violates a provision of [sections 1 through 22] or a rule adopted under [sections 1 through 22] is subject to the penalty provisions of subsection (3).

(3) For a first violation of subsection (1) or (2), the department may impose a fine of not less than $5,000 or more than $10,000. For a second or subsequent violation, the department may impose a fine of not less than $10,000 or more than $20,000. Each violation of the provisions of subsection (1) or (2) constitutes a separate offense.

(4) The fines must be deposited in the state general fund.

(5) A person practicing as a mortgage broker or loan originator without being licensed as required under subsection (1) is guilty of a misdemeanor and may be punished by a fine of not less than $250 or more than $1,000, by imprisonment in the county jail for not less than 90 days or more than 1 year, or both. Each violation of the provisions of subsection (1) constitutes a separate offense.

Section 23. Codification instruction. [Sections 1 through 22] are intended to be codified as an integral part of Title 32, and the provisions of Title 32 apply to [sections 1 through 22].

CHAPTER NO. 519

[SB 480]

AN ACT CLARIFYING THAT DIVIDEND INCOME IS INCLUDED IN MONTANA ADJUSTED GROSS INCOME REGARDLESS OF WHETHER DIVIDEND INCOME IS INCLUDED IN FEDERAL ADJUSTED GROSS INCOME; AMENDING SECTION 15-30-111, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-30-111, MCA, is amended to read:

"15-30-111. (Temporary) Adjusted gross income. (1) Adjusted gross income is the taxpayer's federal income tax adjusted gross income as defined in section 62 of the Internal Revenue Code of 1954, 26 U.S.C. 62, as that section may be labeled or amended, and in addition includes the following:

(a) (i) interest received on obligations of another state or territory or county, municipality, district, or other political subdivision of another state, except to the extent that the interest is exempt from taxation by Montana under federal law;

(ii) exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code of 1986, 26 U.S.C. 852(b)(5), as that section may be amended or renumbered, that are attributable to the interest referred to in subsection (1)(a)(i);

(b) refunds received of federal income tax, to the extent that the deduction of the tax resulted in a reduction of Montana income tax liability;

(c) that portion of a shareholder's income under subchapter S. of Chapter 1 of the Internal Revenue Code of 1954 that has been reduced by any federal taxes paid by the subchapter S. corporation on the income;

(d) depreciation or amortization taken on a title plant as defined in 33-25-105(15);

(e) the recovery during the tax year of an amount deducted in any prior tax year to the extent that the amount recovered reduced the taxpayer's Montana income tax in the year deducted; ~~and~~

(f) if the state taxable distribution of an estate or trust is greater than the federal taxable distribution of the same estate or trust, the difference between the state taxable distribution and the federal taxable distribution of the same estate or trust for the same tax period*; and*

(g) except for exempt-interest dividends described in subsection (2)(a)(ii), for tax years commencing after December 31, 2002, the amount of any dividend, to the extent that the dividend is not included in federal adjusted gross income.

(2) Notwithstanding the provisions of the federal Internal Revenue Code of 1954, as labeled or amended, adjusted gross income does not include the following, which are exempt from taxation under this chapter:

(a) (i) all interest income from obligations of the United States government, the state of Montana, a county, municipality, or district, or other political subdivision of the state and any other interest income that is exempt from taxation by Montana under federal law;

(ii) exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code of 1986, 26 U.S.C. 852(b)(5), as that section may be amended or renumbered, that are attributable to the interest referred to in subsection (2)(a)(i);

(b) interest income earned by a taxpayer who is 65 years of age or older in a tax year up to and including $800 for a taxpayer filing a separate return and $1,600 for each joint return;

(B) in the case of married taxpayers filing jointly, if both taxpayers are receiving pension or annuity income or if only one taxpayer is receiving pension or annuity income, the exclusion claimed as provided in subsection (2)(c)(i) must be reduced by $2 for every $1 of federal adjusted gross income in excess of $30,000 as shown on their joint return;

(d) all Montana income tax refunds or tax refund credits;

(e) gain required to be recognized by a liquidating corporation under 15-31-113(1)(a)(ii);

(g) all benefits received under the workers' compensation laws;

(h) all health insurance premiums paid by an employer for an employee if attributed as income to the employee under federal law;

(j) principal and income in a medical care savings account established in accordance with 15-61-201 or withdrawn from an account for eligible medical expenses, as defined in 15-61-102, of the taxpayer or a dependent of the taxpayer or for the long-term care of the taxpayer or a dependent of the taxpayer;

(k) principal and income in a first-time home buyer savings account established in accordance with 15-63-201 or withdrawn from an account for eligible costs, as provided in 15-63-202(7), for the first-time purchase of a single-family residence;

(l) contributions withdrawn from a family education savings account or earnings withdrawn from a family education savings account for qualified higher education expenses, as defined in 15-62-103, of a designated beneficiary;

(m) the recovery during the tax year of any amount deducted in any prior tax year to the extent that the recovered amount did not reduce the taxpayer's Montana income tax in the year deducted;

(n) if the federal taxable distribution of an estate or trust is greater than the state taxable distribution of the same estate or trust, the difference between the federal taxable distribution and the state taxable distribution of the same estate or trust for the same tax period;

(o) deposits, not exceeding the amount set forth in 15-30-603, deposited in a Montana farm and ranch risk management account, as provided in 15-30-601 through 15-30-605, in any tax year for which a deduction is not provided for federal income tax purposes; and

(p) income of a dependent child that is included in the taxpayer's federal adjusted gross income pursuant to the Internal Revenue Code. The child is required to file a Montana personal income tax return if the child and taxpayer meet the filing requirements in 15-30-142.

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the

Internal Revenue Code of 1954, as those sections may be labeled or amended, is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(7) Married taxpayers who file a joint federal return and who make an election on the federal return to defer income ratably for 4 tax years because of a conversion from an IRA other than a Roth IRA to a Roth IRA, pursuant to section 408A(d)(3) of the Internal Revenue Code, 26 U.S.C. 408A(d)(3), may file separate Montana income tax returns to defer the full taxable conversion amount from Montana adjusted gross income for the same time period. The deferred amount must be attributed to the taxpayer making the conversion.

(8) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.(Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)

15-30-111. (Effective on occurrence of contingency) Adjusted gross income. (1) Adjusted gross income is the taxpayer's federal income tax adjusted gross income as defined in section 62 of the Internal Revenue Code of 1954, 26

U.S.C. 62, as that section may be labeled or amended, and in addition includes the following:

(a) (i) interest received on obligations of another state or territory or county, municipality, district, or other political subdivision of another state, except to the extent that the interest is exempt from taxation by Montana under federal law;

(ii) exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code of 1986, 26 U.S.C. 852(b)(5), as that section may be amended or renumbered, that are attributable to the interest referred to in subsection (1)(a)(i);

(b) refunds received of federal income tax, to the extent that the deduction of the tax resulted in a reduction of Montana income tax liability;

(c) that portion of a shareholder's income under subchapter S. of Chapter 1 of the Internal Revenue Code of 1954 that has been reduced by any federal taxes paid by the subchapter S. corporation on the income;

(d) depreciation or amortization taken on a title plant as defined in 33-25-105(15);

(e) the recovery during the tax year of an amount deducted in any prior tax year to the extent that the amount recovered reduced the taxpayer's Montana income tax in the year deducted; ~~and~~

(f) if the state taxable distribution of an estate or trust is greater than the federal taxable distribution of the same estate or trust, the difference between the state taxable distribution and the federal taxable distribution of the same estate or trust for the same tax period*; and*

(g) except for exempt-interest dividends described in subsection (2)(a)(ii), for tax years commencing after December 31, 2002, the amount of any dividend, to the extent that the dividend is not included in federal adjusted gross income.

(2) Notwithstanding the provisions of the federal Internal Revenue Code of 1954, as labeled or amended, adjusted gross income does not include the following, which are exempt from taxation under this chapter:

(a) (i) all interest income from obligations of the United States government, the state of Montana, a county, municipality, or district, or other political subdivision of the state and any other interest income that is exempt from taxation by Montana under federal law;

(2)(c)(i) by $2 for every $1 of federal adjusted gross income in excess of $30,000 as shown on the taxpayer's return;

(B) in the case of married taxpayers filing jointly, if both taxpayers are receiving pension or annuity income or if only one taxpayer is receiving pension or annuity income, the exclusion claimed as provided in subsection (2)(c)(i) must be reduced by $2 for every $1 of federal adjusted gross income in excess of $30,000 as shown on their joint return;

(g) all benefits received under the workers' compensation laws;

(h) all health insurance premiums paid by an employer for an employee if attributed as income to the employee under federal law;

(i) all money received because of a settlement agreement or judgment in a lawsuit brought against a manufacturer or distributor of "agent orange" for damages resulting from exposure to "agent orange";

(j) principal and income in a medical care savings account established in accordance with 15-61-201 or withdrawn from an account for eligible medical expenses, as defined in 15-61-102, of the taxpayer or a dependent of the taxpayer or for the long-term care of the taxpayer or a dependent of the taxpayer;

(k) principal and income in a first-time home buyer savings account established in accordance with 15-63-201 or withdrawn from an account for eligible costs, as provided in 15-63-202(7), for the first-time purchase of a single-family residence;

(m) the recovery during the tax year of any amount deducted in any prior tax year to the extent that the recovered amount did not reduce the taxpayer's Montana income tax in the year deducted;

(n) if the federal taxable distribution of an estate or trust is greater than the state taxable distribution of the same estate or trust, the difference between the federal taxable distribution and the state taxable distribution of the same estate or trust for the same tax period;

(o) deposits, not exceeding the amount set forth in 15-30-603, deposited in a Montana farm and ranch risk management account, as provided in 15-30-601 through 15-30-605, in any tax year for which a deduction is not provided for federal income tax purposes;

(p) income of a dependent child that is included in the taxpayer's federal adjusted gross income pursuant to the Internal Revenue Code. The child is required to file a Montana personal income tax return if the child and taxpayer meet the filing requirements in 15-30-142.

(q) principal and income deposited in a health care expense trust account, as defined in 2-18-1303, or withdrawn from the account for payment of qualified health care expenses as defined in 2-18-1303.

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code of 1954, as those sections may be labeled or amended, is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(7) Married taxpayers who file a joint federal return and who make an election on the federal return to defer income ratably for 4 tax years because of a conversion from an IRA other than a Roth IRA to a Roth IRA, pursuant to section 408A(d)(3) of the Internal Revenue Code, 26 U.S.C. 408A(d)(3), may file separate Montana income tax returns to defer the full taxable conversion amount from Montana adjusted gross income for the same time period. The deferred amount must be attributed to the taxpayer making the conversion.

(8) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each

spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.(Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)"

(4) (a) The county treasurer shall distribute oil and natural gas production taxes to school districts in each county referred to in subsection (2) as provided in subsections (4)(b) through (4)(d).

(b) The amount distributed to each K-12 district within the county is equal to oil and natural gas production taxes in the county multiplied by the ratio that oil and natural gas production taxes attributable to oil and natural gas production in the K-12 school district bear to total oil and natural gas production taxes attributable to total oil and natural gas production in the county and multiply that amount by the school district percentage figure for the county referred to in subsection (2)(a).

(c) For the amount to be distributed to each elementary school district and to each high school district under subsection (4)(d), the department shall first determine the amount of oil and natural gas taxes in the high school district that is attributable to oil and natural gas production in each elementary school district that is located in whole or in part within the exterior boundaries of a high school district and multiply that amount by the school district percentage figure for the county referred to in subsection (2)(a).

(d) (i) The amount distributed to each elementary school district that is located in whole or in part within the exterior boundaries of a high school district is equal to the amount determined in subsection (4)(c) multiplied by the ratio that the total mills of the elementary school district bear to the sum of the total mills of the elementary school district and the total mills of the high school district.

(ii) The amount distributed to the high school district is equal to the amount determined in subsection (4)(c) multiplied by the ratio that the total mills of the high school district bear to the sum of the total mills of each elementary school district referred to in subsection (4)(c) and the total mills of the high school district.

(5) (a) Oil and natural gas production taxes calculated for each school district under subsections (4)(b) through (4)(d) must be distributed to each school district in the relative proportion of the mill levy for each fund.

(b) If a distribution under subsection (5)(a) exceeds the total budget for a school district fund, the board of trustees of an elementary or high school district may reallocate the excess to any budgeted fund of the school district.

(6) The department shall remit the amounts to be distributed in this section to the county treasurer by the following dates:

(a) On or before August 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending March 31 of the current year.

(d) On or before May 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending December 31 of the previous year.

(7) The department shall provide to each county by May 31 of each year the amount of gross taxable value represented by all types of production taxed under 15-36-304 for the previous calendar year multiplied by 60%. The resulting value must be treated as taxable value for county classification purposes under 7-1-2111.

(8) The distribution to taxing units under this section is statutorily appropriated, as provided in 17-7-502, from the state special revenue fund.

partial reimbursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(9) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process. <eff> (Terminates June 30, 2005—sec. 30, Ch. 415, L. 1997.)"

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-9-212, MCA, is amended to read:

"2-9-212. Political subdivision tax levy to pay premiums. (b) ~~Prior~~ *Each year prior* to implementing a levy under subsection (2)(a), *after notice of the hearing given under 7-1-2121 or 7-1-4127,* a public hearing must be held regarding any proposed increases.

(c) A levy under this section in the previous year may not be included in the amount of property taxes that a governmental entity is authorized to levy for the purposes of determining the amount that the governmental entity may assess under the provisions of 15-10-420(1)(a). When a levy under this section decreases or is no longer levied, the revenue may not be combined with the revenue determined in 15-10-420(1)(a)."

Section 2. Section 2-18-703, MCA, is amended to read:

"2-18-703. Contributions. (1) Each agency, as defined in 2-18-601, and the state compensation insurance fund shall contribute the amount specified in this section toward the group benefits cost.

Permanent part-time, seasonal part-time, and temporary part-time employees who are regularly scheduled to work less than 20 hours a week are not eligible for the group benefit contribution. An employee who elects not to be covered by a state-sponsored group benefit plan may not receive the state contribution. A portion of the employer contribution for group benefits may be applied to an employee's costs for participation in Part B of medicare under Title XVIII of the Social Security Act, as amended, if the state group benefit plan is the secondary payer and medicare the primary payer.

Section 3. Transition. A levy made prior to [the effective date of this act] under 2-9-212(2) may not be included as a levy in a previous year in determining

the amount of property taxes that a governmental entity may assess under the provisions of 15-10-420(1)(a). If a levy made prior to [the effective date of this act] under 2-9-212(2) decreased or was no longer levied, the difference between that levy and the next year levy may not be carried forward for imposition in a subsequent year under 15-10-420(1)(b).

Section 4. Coordination instruction. If House Bill No. 13 is passed and approved, then the amendments contained in 2-18-703(2) in [section 2 of this act] are void.

CHAPTER NO. 531

[HB 722]

AN ACT IMPOSING A UTILIZATION FEE ON RESIDENT BED DAYS OF INTERMEDIATE CARE FACILITIES FOR THE MENTALLY RETARDED; AUTHORIZING THE DEPARTMENT OF REVENUE TO COLLECT THE FEE AND DEPOSIT 70 PERCENT OF THE FEE IN A STATE SPECIAL REVENUE FUND TO THE CREDIT OF THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES FOR THE PURPOSE OF FINANCING, ADMINISTERING, AND PROVIDING HEALTH AND HUMAN SERVICES; PROVIDING FOR THE DEPOSIT OF THE REMAINDER OF THE FEE IN THE STATE GENERAL FUND; PROVIDING AN APPROPRIATION; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 13], unless the context requires otherwise, the following definitions apply:

(1) "Calendar quarter" means the period of 3 consecutive months ending March 31, June 30, September 30, or December 31.

(2) "Department" means the department of revenue established in 2-15-1301.

(3) "Intermediate care facility" or "facility" means an intermediate care facility for the mentally retarded [licensed pursuant to section 5 of Senate Bill No. 113].

(4) (a) "Quarterly revenue" means all revenue received during a calendar quarter by a facility operating in Montana for providing for client care.

(b) For facilities operated by the state, the term means total expenditures for the quarter.

(5) "Report" means the report of resident bed days required in [section 3].

(6) "Resident" means an individual obtaining care in an intermediate care facility.

(7) "Resident bed day" means each 24-hour period that a resident in an intermediate care facility is present in the facility and receiving care or in which a bed is held for a resident while the resident is on temporary leave from the facility. The term includes all benefit days as defined for medicare reporting purposes in section 242.1 of Publication 12, the Skilled Nursing Facility Manual, published by the centers for medicare and medicaid services, regardless of the source of payment.

(8) "Utilization fee" or "fee" means the fee required to be paid for each resident bed day in an intermediate care facility, as provided in [section 2].

Section 2. Utilization fee for resident bed days. (1) Each calendar quarter, an intermediate care facility shall pay to the department a utilization fee for each resident bed day calculated as provided in subsection (2).

(2) The utilization fee is 5% of the intermediate care facility's quarterly revenue divided by the resident bed days for the quarter.

(3) In accordance with the provisions of 15-1-501, all proceeds of the utilization fee, including penalty and interest, must be deposited as follows:

(a) 30% in the state general fund; and

(b) 70% in an account in the state special revenue fund established pursuant to [section 14] to the credit of the department of public health and human services to finance, administer, and provide health and human services.

Section 3. Reporting, collection, and deposit of fee. (1) An intermediate care facility shall report to the department, following the end of each calendar quarter, the facility's quarterly revenue and the number of resident bed days in the facility during the quarter. The report, in a form prescribed by the department, is due on or before the last day of the month following the close of each calendar quarter. The report must be accompanied by a payment in an amount equal to the utilization fee required to be paid under [section 2]. The department shall deposit the utilization fee pursuant to [section 2(3)].

(2) At the end of each calendar quarter, the department of public health and human services shall provide the department with a list of intermediate care facilities.

Section 4. Audit — records. (1) The department may audit the records and other documents of any intermediate care facility to ensure that the proper utilization fee has been paid.

(2) The department may require an intermediate care facility to provide records and other documentation, including books, ledgers, and registers, necessary for the department to verify that the proper amount of the utilization fee has been paid.

(3) An intermediate care facility shall maintain and make available for inspection by the department sufficient records and other documentation to demonstrate the number of resident bed days in the facility. The facility shall maintain these records for a period of at least 5 years from the date a report is due.

Section 5. Statute of limitations. (1) Except as otherwise provided in this section, a deficiency may not be assessed or collected with respect to the quarter for which a report is filed unless the notice of additional utilization fee proposed to be assessed is mailed within 5 years from the date the report was filed. For the purposes of this section, a report filed before the last day prescribed for filing is considered filed on the last day. If, before the expiration of the period prescribed for assessment of the utilization fee, the intermediate care facility consents in writing to an assessment after the 5-year period, the utilization fee may be assessed at any time prior to the expiration of the period agreed upon.

(2) A refund or credit may not be paid or allowed with respect to the calendar quarter for which a report is filed after 5 years from the last day prescribed for filing the report or after 1 year from the date of the overpayment, whichever period expires later, unless before the expiration of the period the intermediate care facility files a claim or the department has determined the existence of the overpayment and has approved the refund or credit. If the intermediate care facility has agreed in writing under the provisions of subsection (1) to extend the time within which the department may propose an additional assessment, the period within which a claim for refund or credit is filed or a credit or refund is allowed in the event a claim is filed is automatically extended.

Section 6. Penalty and interest for delinquent fee. If the fee for any intermediate care facility is not paid on or before the due date of the report as provided in [section 3], penalty and interest, as provided in 15-1-216, must be added to the fee.

Section 7. Estimated fee on failure to file. (1) For the purpose of ascertaining the correctness of any report or for the purpose of making an estimate of resident bed day use of any intermediate care facility about which information has been obtained, the department may:

(a) examine or cause to have examined by any designated agent or representative any books, papers, records, or memoranda bearing upon the matters required to be included in the report;

(b) require the attendance of any officer or employee of the facility rendering the report or the attendance of any other person in the premises having relevant knowledge; and

(c) take testimony and require production of any other material for its information.

(2) Based on the information provided for in subsection (1), the department shall calculate a fee to be imposed on a facility and shall notify the facility of the amount of the fee pursuant to [section 8].

Section 8. Deficiency assessment. (1) If the department determines that the amount of fees due is greater than the amount disclosed by the report, it shall mail to the intermediate care facility a notice of the additional fees proposed to be assessed. Within 30 days after the mailing of the notice, the intermediate care facility may file with the department a written protest against the proposed additional fees, setting forth the grounds upon which the protest is based, and may request in its protest an oral hearing or an opportunity to present additional evidence relating to its fee liability. If a protest is not filed, the amount of the additional fees proposed to be assessed becomes final upon the expiration of the 30-day period. If a protest is filed, the department shall reconsider the proposed assessment and, if the intermediate care facility has requested it, shall grant the intermediate care facility an oral hearing. After consideration of the protest and the evidence presented at an oral hearing, the department's action upon the protest is final when it mails notice of its action to the intermediate care facility.

(2) When a deficiency is determined and the fees become final, the department shall mail notice and demand to the intermediate care facility and the fees become due and payable at the expiration of 10 days from the date of the notice and demand. Interest on any deficiency assessment accrues from the date specified in [section 3] for payment of the fees. A certificate by the department of the mailing of the notices specified in this section is prima facie evidence of the computation and levy of the deficiency in the fees and of the giving of the notices.

Section 9. Closing agreements. (1) The director of the department or any person authorized in writing by the director may enter into an agreement with any intermediate care facility relating to the liability of the intermediate care facility with respect to the fees imposed by [sections 1 through 13] for any period.

(2) An agreement under this section is final and conclusive, and except upon a showing of fraud, malfeasance, or misrepresentation of a material fact:

(a) the agreement may not be reopened or modified as to matters agreed upon by any officer, employee, or agent of this state; and

(b) in any suit, action, or proceeding under the agreement or any determination, assessment, collection, payment, abatement, refund, or credit made in accordance with the agreement, the agreement may not be annulled, modified, set aside, or disregarded.

Section 10. Credit for overpayment — interest. (1) If the department determines that the amount of fees, penalty, or interest due for any year is less than the amount paid, the amount of the overpayment must be credited against any fees, penalty, or interest then due from the intermediate care facility and the balance must be refunded to the intermediate care facility or its successor through reorganization, merger, or consolidation or to its shareholders upon dissolution.

(2) Except as provided in subsection (3), interest is allowed on overpayments at the same rate as is charged on unpaid taxes, as provided in 15-1-216, from the due date of the report or from the date of overpayment, whichever date is later, to the date the department approves refunding or crediting of the overpayment. Interest does not accrue during any period in which the processing of a claim for refund is delayed more than 30 days by reason of failure of the intermediate care

facility to furnish information requested by the department for the purpose of verifying the amount of the overpayment.

(3) Interest is not allowed:

(a) if the overpayment is refunded within 6 months from the date the report is due or from the date the return is filed, whichever is later; or

(b) if the amount of interest is less than $5.

(4) A payment not made incident to a discharge of actual utilization fee liability or a payment reasonably assumed to be imposed by [sections 1 through 13] is not considered an overpayment with respect to which interest is allowable.

Section 11. Warrant for distraint. If the utilization fee is not paid when due, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7.

Section 12. Relation to other taxes and fees. The utilization fee imposed under [section 2] is in addition to any other taxes and fees required by law to be paid by an intermediate care facility.

Section 13. Rulemaking authority. The department may adopt rules necessary to implement and administer [sections 1 through 13].

Section 14. State special revenue account. There is a prevention and stabilization account in the state special revenue fund provided for in 17-2-102. Money in the account must be used by the department of public health and human service to finance, administer, and provide health and human services.

Section 17. Contingent voidness. (1) If federal law or policy is amended so that the utilization fees collected pursuant to [sections 1 through 13] may not be considered as the state's share in claiming federal financial participation under the medicaid program, then [this act] is void as of the effective date of the change in federal law or policy.

(2) If the federal government refuses to participate in or denies approval of any plan for medicaid payments to intermediate care facilities on grounds that it considers the payments to be reimbursement to facilities for payment of the utilization fees, then [this act] is void as of the date of receipt by the department of public health and human services of notice of an official determination of the refusal or denial.

(3) If [this act] becomes void under the provisions of this section, all fees due or received or collected by the department of revenue prior to the date upon which the act becomes void must be paid and deposited in accordance with [section 2] and a person or party may not receive a refund of any fees received or collected by the department of revenue prior to the date upon which [this act] becomes void.

(4) The department of revenue or the department of public health and human services, as appropriate, shall notify the code commissioner of the occurrence of any of the contingencies provided for in subsections (1) through (3) and the effective date of the contingency.

(d) In an exchange in which the money or other consideration received does not represent the value of the property or service exchanged, sales price means the reasonable value of the property or service exchanged.

(e) When the sale of property or services is made under any type of charge or conditional or time-sales contract or the leasing of property is made under a leasing contract, the seller or lessor shall treat the sales price, excluding any type of time-price differential, under the contract as the sales price at the time of the sale.

(16) "Seller" means a person that makes sales, leases, or rentals of personal property or services.

(17) (a) "Service" means an activity that is engaged in for another person for consideration and that is distinguished from the sale or lease of property. Service includes activities performed by a person for its members or shareholders.

(18) "Use" or "using" includes use, consumption, or storage, other than storage for resale or for use solely outside this state, in the ordinary course of business.

Section 3. Imposition and rate of sales tax and use tax — exceptions. (1) A sales tax of the following percentages is imposed on sales of the following property or services:

(a) 3% on accommodations and campgrounds;

(b) 4% on the base rental charge for rental vehicles.

(2) The sales tax is imposed on the purchaser and must be collected by the seller and paid to the department by the seller. The seller holds all sales taxes collected in trust for the state. The sales tax must be applied to the sales price.

(3) (a) For the privilege of using property or services within this state, there is imposed on the person using the following property or services a use tax equal to the following percentages of the value of the property or services:

(i) 3% on accommodations and campgrounds;

(ii) 4% on the base rental charge for rental vehicles.

(b) The use tax is imposed on property or services that were:

(i) acquired outside this state as the result of a transaction that would have been subject to the sales tax had it occurred within this state;

(ii) acquired within the exterior boundaries of an Indian reservation within this state as a result of a transaction that would have been subject to the sales

tax had it occurred outside the exterior boundaries of an Indian reservation within this state;

(iii) acquired as the result of a transaction that was not initially subject to the sales tax imposed by subsection (1) or the use tax imposed by subsection (3)(a) but which transaction, because of the buyer's subsequent use of the property, is subject to the sales tax or use tax; or

(iv) rendered as the result of a transaction that was not initially subject to the sales tax or use tax but that because of the buyer's subsequent use of the services is subject to the sales tax or use tax.

(4) For purposes of this section, the value of property must be determined as of the time of acquisition, introduction into this state, or conversion to use, whichever is latest.

(5) The sale of property or services exempt or nontaxable under [sections 2 through 39] is exempt from the tax imposed in subsections (1) and (3).

(6) Lodging facilities and campgrounds are exempt from the tax imposed in subsections (1)(a) and (3)(a)(i) until October 1, 2003, for contracts entered into prior to [the effective date of this section] that provide for a guaranteed charge for accommodations or campgrounds.

Section 4. Presumption of taxability — value — rules. (1) In order to prevent evasion of the sales tax or use tax and to aid in its administration, it is presumed that:

(a) all sales by a person engaging in business are subject to the sales tax or use tax; and

(b) all property bought or sold by any person for delivery into this state is bought or sold for a taxable use within this state.

(2) In determining the amount of use tax due on the use of property or services, it is presumed, in the absence of preponderant evidence of another value, that value means the total amount of property or service or the reasonable value of other consideration paid for the use of the property or service, exclusive of any type of time-price differential. However, in an exchange in which the amount of money paid does not represent the value of the property or service purchased, the use tax must be imposed on the reasonable value of the property or service purchased.

(3) The department shall adopt rules providing for the payment of the sales tax and use tax based on a rounding method.

Section 5. Separate statement of tax — no advertising to absorb or refund tax — rules. (1) If a person collects a tax in excess of the tax imposed by [section 3], both the tax and the excess tax must be remitted to the department.

(2) Except as provided in subsection (4), the sales tax must be stated separately for all sales, except for sales from coin-operated or currency-operated machines.

(3) A person may not advertise, hold out, or state to the public or to any customer that the tax imposed by [sections 2 through 39] will be absorbed or refunded.

(4) The department may adopt rules permitting sellers the option of stating sales tax based upon a percentage of taxable sales.

Section 6. Liability of user for payment of use tax. (1) A person within this state who uses property is liable to the state for payment of the use tax if the use tax is payable on the value of the property but has not been paid.

(2) The liability imposed by this section is discharged if the buyer has paid the use tax to the seller for payment to the department.

Section 7. Collection of sales tax and use tax — listing of business locations and agents — severability. (1) A person engaging in the business of selling property or services subject to taxation under [sections 2 through 39] shall collect the sales tax from the purchaser and pay the sales tax collected to the department.

(2) A person engaging in business within this state shall, before making any sales subject to [sections 2 through 39], obtain a seller's permit, as provided in [section 18], and at the time of making a sale, whether within or outside the state, collect the sales tax imposed by [section 3] from the purchaser and give to the purchaser a receipt, in the manner and form prescribed by rule, for the sales tax paid.

(3) The department may authorize the collection of the sales tax imposed by [section 3] by any retailer who does not maintain a place of business within this state but who, to the satisfaction of the department, is in compliance with the law. When authorized, the person shall collect the use tax upon all property and services that, to the person's knowledge, are for use within this state and subject to taxation under [sections 2 through 39].

(4) All sales tax and use tax required to be collected and all sales tax and use tax collected by any person under [sections 2 through 39] constitute a debt owed to this state by the person required to collect the sales tax and use tax.

(5) A person engaging in business within this state that is subject to [sections 2 through 39] shall provide to the department:

(a) the names and addresses of all of the person's agents operating within this state; and

(b) the location of each of the person's distribution houses or offices, sales houses or offices, and other places of business within this state.

(6) If any application of this section is held invalid, the application to other situations or persons is not affected.

Section 8. Nontaxable transaction certificate — requirements. (1) A nontaxable transaction certificate executed by a buyer or lessee must be in the possession of the seller or lessor at the time that a nontaxable transaction occurs.

(2) A nontaxable transaction certificate must contain the information and be in the form prescribed by the department.

(3) Only a buyer or lessee who has registered with the department and whose seller's permit is valid may execute a nontaxable transaction certificate.

(4) If the seller or lessor accepts a nontaxable transaction certificate within the required time and believes in good faith that the buyer or lessee will employ the property or service transferred in a nontaxable manner, the properly executed nontaxable transaction certificate is considered conclusive evidence that the sale is nontaxable.

Section 9. Nontaxable transaction certificate — form. (1) The department shall provide for a uniform nontaxable transaction certificate. A

purchaser shall use the certificate when purchasing goods or services for resale or for other nontaxable transactions.

(2) At a minimum, the certificate must provide:

(a) the number of the seller's permit issued to the purchaser as provided in [section 18];

(b) the general character of property or service sold by the purchaser in the regular course of business;

(c) the property or service purchased for resale;

(d) the name and address of the purchaser; and

(e) a signature line for the purchaser.

(3) The department shall adopt rules to provide procedures for application for and provision of a certificate to a person engaging in business within this state prior to [the applicability date of this section]. The rules adopted by the department must ensure that each person engaging in business within this state prior to [the applicability date of this section] that has applied in a timely fashion is issued a certificate prior to [the applicability date of this section].

Section 10. Exemption — government agencies — exception. All sales by or uses by the United States or an agency or instrumentality of the United States are exempt from the sales tax and use tax.

Section 11. Exemption — isolated or occasional sale or lease of property. The isolated or occasional sale or lease of property by a person that is not regularly engaged in or that does not claim to be engaged in the business of selling or leasing the same or a similar property is exempt from the sales tax and use tax.

Section 12. Nontaxability — sale of property for resale. The sale of property is nontaxable if:

(1) the sale is made to a buyer who delivers a nontaxable transaction certificate to the seller;

(2) the buyer resells the property either by itself or in combination with other property; and

(3) the subsequent sale is in the ordinary course of business and the property will be subject to the sales tax.

Section 13. Nontaxability — sale of service for resale. The sale of a service for resale is nontaxable if:

(1) the sale is made to a person who delivers a nontaxable transaction certificate;

(2) the buyer resells the service and separately states the value of the service purchased in the charge for the service in the subsequent sale; and

(3) the subsequent sale is in the ordinary course of business and subject to the sales tax.

Section 14. Nontaxability — lease for subsequent lease. The lease of property is nontaxable if:

(1) the lease is made to a lessee who delivers a nontaxable transaction certificate; and

(2) the lessee does not use the property in any manner other than for subsequent lease in the ordinary course of business.

Section 15. Nontaxability — use of property for leasing. The value of leased property is not considered in computing the use tax due if the person holding the property for lease:

(1) is engaged in a business that derives a substantial portion of its receipts from leasing or selling property of the type leased;

(2) does not use the property in any manner other than holding it for lease or sale or leasing or selling it either by itself or in combination with other tangible personal property in the ordinary course of business; and

(3) does not use the property in a manner incidental to the performance of a service.

Section 16. Nontaxability — nonprofits. The sale of property or of a service is nontaxable if the seller is an organization that has a tax-exempt designation under the provisions of section 501(c)(3) of the Internal Revenue Code, 26 U.S.C. 501(c)(3), as amended.

Section 17. Credit — out-of-state taxes. If a sales, use, or similar tax has been levied by another state or a political subdivision of another state on property that was leased outside this state but that will be used or consumed in this state and the tax was paid by the current user, the amount of tax paid may be credited against any use tax due this state on the same property. The credit may not exceed the sales tax or use tax due this state.

Section 18. Seller's permit. (1) A person that wishes to engage in business within this state that is subject to [sections 2 through 39] shall obtain a seller's permit before engaging in business within this state.

(2) Upon an applicant's compliance with [sections 2 through 39], the department shall issue to the applicant a separate, numbered seller's permit for each location in which the applicant maintains an office or other place of business within Montana. A permit is valid until revoked or suspended but is not assignable. A permit is valid only for the person in whose name it is issued and for the transaction of business at the place designated. The permit must be conspicuously displayed at all times at the place for which it is issued.

(3) The department shall adopt rules to provide procedures for application for and provision of a seller's permit to a person engaging in business within this state that is subject to [sections 2 through 39] prior to [the applicability date of this section]. The rules adopted by the department must ensure that each person engaging in business within this state prior to [the applicability date of this section] is issued a seller's permit prior to [the applicability date of this section]. The department may adopt rules providing for seasonal permits.

Section 19. Permit application — requirements — place of business — form. (1) (a) A person that wishes to engage in the business of making retail sales or providing services in Montana that are subject to [sections 2 through 39] shall file with the department an application for a permit. If the person has more than one location in which the person maintains an office or other place of business, an application may include multiple locations.

(b) An applicant who does not maintain an office or other place of business and who moves from place to place is considered to have only one place of business and shall attach the permit to the applicant's cart, stand, truck, or other merchandising device.

(2) Each person or class of persons required to file a return under [sections 2 through 39] is required to file an application for a permit.

(3) Each application for a permit must be on a form prescribed by the department and must set forth the name under which the applicant intends to transact business, the location of the applicant's place or places of business, and other information that the department may require. The application must be filed by the owner if the owner is a natural person or by a person authorized to sign the application if the owner is a corporation, partnership, limited liability company, or some other business entity.

Section 20. Revocation or suspension of permit — appeal. (1) Subject to the provisions of subsection (2), the department may, for reasonable cause, revoke or suspend any permit held by a person that fails to comply with the provisions of [sections 2 through 39].

(2) The department shall provide dispute resolution on a proposed revocation or suspension pursuant to 15-1-211.

(3) If a permit is revoked, the department may not issue a new permit except upon application accompanied by reasonable evidence of the intention of the applicant to comply with the provisions of [sections 2 through 39]. The department may require security in addition to that authorized by [section 27] in an amount reasonably necessary to ensure compliance with [sections 2 through 39] as a condition for the issuance of a new permit to the applicant.

(4) A person aggrieved by the department's final decision to revoke a permit, as provided in subsection (1), may appeal the decision to the state tax appeal board within 30 days after the date on which the department issued its final decision.

Section 21. Improper use of subject of purchase obtained with nontaxable transaction certificate — penalty. (1) If a purchaser that uses a nontaxable transaction certificate uses the subject of the purchase for a purpose other than one allowed as nontaxable under [sections 2 through 39], the use is considered a taxable sale as of the time of first use by the purchaser and the sales price is the price that the purchaser paid. If the sole nonexempt use is rental while holding for sale, the purchaser shall include in the sales price the amount of the rental charged. Upon subsequent sale of the property, the seller shall include the entire amount of the sales price, without deduction of amounts previously received as rentals.

(2) A person that uses a certificate for property that will be used for a purpose other than the purpose claimed is subject to a penalty, payable to the department, of $100 for each transaction in which an improper use of a certificate has occurred.

(3) Upon a showing of good cause, the department may abate or waive the penalty or a portion of the penalty

Section 22. Commingling nontaxable certificate goods. If a purchaser uses a nontaxable transaction certificate with respect to the purchase of fungible goods and commingles these goods with fungible goods that were not purchased with a certificate but that are of such similarity that the identity of the goods in the commingled mass cannot be determined, sales from the mass of commingled goods are considered to be sales of the goods purchased with the certificate until the quantity of commingled goods sold equals the quantity of goods originally purchased under the certificate.

Section 23. Liability for payment of tax — security for retailer without place of business — penalty. (1) Liability for the payment of the

sales tax and use tax is not extinguished until the taxes have been paid to the department.

(2) A retailer that does not maintain an office or other place of business within this state is liable for the sales tax or use tax in accordance with [sections 2 through 39] and may be required to furnish adequate security, as provided in [section 27], to ensure collection and payment of the taxes. When authorized and except as otherwise provided in [sections 2 through 39], the retailer is liable for the taxes upon all property sold and services provided in this state in the same manner as a retailer who maintains an office or other place of business within this state. The seller's permit provided for in [section 18] may be canceled at any time if the department considers the security inadequate or believes that the taxes can be collected more effectively in another manner.

(3) An agent, canvasser, or employee of a retailer doing business within this state may not sell, solicit orders for, or deliver any property or services within Montana unless the principal, employer, or retailer possesses a seller's permit issued by the department. If an agent, canvasser, or employee violates the provisions of [sections 2 through 39], the person is subject to a fine of not more than $100 for each separate transaction or event.

Section 24. Returns — payment — authority of department. (1) Except as provided in subsection (2), on or before the last day of the month following the calendar quarter in which the transaction subject to the tax imposed by [sections 2 through 39] occurred, a return, on a form provided by the department, and payment of the tax for the preceding quarter must be filed with the department. Each person engaged in business within this state or using property or services within this state that are subject to tax under [sections 2 through 39] shall file a return. A person making retail sales at two or more places of business shall file a separate return for each separate place of business.

(2) A person who has been issued a seasonal seller's permit shall file a return and pay the tax on the date or dates set by the department.

(3) (a) For the purposes of the sales tax or use tax, a return must be filed by:

(i) a retailer required to collect the tax; and

(ii) a person that:

(A) purchases any items the storage, use, or other consumption of which is subject to the sales tax or use tax; and

(B) has not paid the tax to a retailer required to pay the tax.

(b) Each return must be authenticated by the person filing the return or by the person's agent authorized in writing to file the return.

(4) (a) A person required to collect and pay to the department the taxes imposed by [sections 2 through 39] shall keep records, render statements, make returns, and comply with the provisions of [sections 2 through 39] and the rules prescribed by the department. Each return or statement must include the information required by the rules of the department.

(b) For the purpose of determining compliance with the provisions of [sections 2 through 39], the department is authorized to examine or cause to be examined any books, papers, records, or memoranda relevant to making a determination of the amount of tax due, whether the books, papers, records, or memoranda are the property of or in the possession of the person filing the return or another person. In determining compliance, the department may use

statistical sampling and other sampling techniques consistent with generally accepted auditing standards. The department may also:

(i) require the attendance of a person having knowledge or information relevant to a return;

(ii) compel the production of books, papers, records, or memoranda by the person required to attend;

(iii) implement the provisions of 15-1-703 if the department determines that the collection of the tax is or may be jeopardized because of delay;

(iv) take testimony on matters material to the determination; and

(v) administer oaths or affirmations.

(5) Pursuant to rules established by the department, returns may be computer-generated and electronically filed.

Section 25. Credit for taxes paid on worthless accounts — taxes paid if account collected. (1) Sales taxes paid by a person filing a return under [section 24] on sales found to be worthless and actually deducted by the person as a bad debt for federal income tax purposes may be credited on a subsequent payment of the tax.

(2) Bad debts may be deducted within 12 months after the month in which the bad debt has been charged off for federal income tax purposes. "Charged off for federal income tax purposes" includes the charging off of unpaid balances due on accounts as uncollectible or declaring as uncollectible such unpaid balance due on accounts in the case of a seller who is not required to file federal income tax returns.

(3) If an account is subsequently collected, the sales tax must be paid on the amount collected.

(4) A seller may obtain a refund of tax on any amount of bad debt that exceeds the amount of taxable sales within a 12-month period defined by that bad debt.

(5) For purposes of computing a bad debt deduction or reporting a payment received on a previously claimed bad debt, any payments made on a debt or account are applied first to interest, service charges, and any other charges and second to the price of the property or service and sales tax on the property or service, proportionally.

Section 26. Vendor allowance. (1) A person filing a timely return under [section 24] may claim a quarterly vendor allowance for each permitted location in the amount of 5% of the tax determined to be payable to the state, not to exceed $1,000 a quarter.

(2) The allowance may be deducted on the return.

(3) A person that files a return or payment after the due date for the return or payment may not claim a vendor allowance.

Section 27. Security — limitations — sale of security deposit at auction — bond. (1) The department may require a retailer to deposit, with the department, security in a form and amount that the department, by administrative rule, determines is appropriate. The deposit may not be more than twice the estimated average liability for the period for which the return is required to be filed. The amount of security may be increased or decreased by the department, subject to the limitations provided in this section.

(2) (a) If necessary, the department may sell, at public auction, property deposited as security to recover any sales tax or use tax amount required to be collected, including interest and penalties.

(b) Notice of the sale must be served personally upon or sent by certified mail to the person that deposited the security.

(c) After the sale, any surplus above the amount due that is not required as security under this section must be returned to the person that deposited the security.

(3) In lieu of security, the department may require a retailer to file a bond, issued by a surety company authorized to transact business within this state, to guarantee solvency and responsibility.

(4) In addition to the other requirements of this section, the department may require the corporate officers, directors, or shareholders of a corporation to provide a personal guaranty and assumption of liability for the payment of the tax due under [sections 2 through 39].

Section 28. Examination of return — adjustments — delivery of notices and demands. (1) If the department determines that the amount of tax due is different from the amount reported, the amount of tax computed on the basis of the examination conducted pursuant to [section 24] constitutes the tax to be paid.

(2) If the tax due exceeds the amount of tax reported as due on the taxpayer's return, the excess must be paid to the department within 30 days after notice of the amount and demand for payment is mailed or delivered to the person making the return unless the taxpayer files a timely objection as provided in 15-1-211. If the amount of the tax found due by the department is less than that reported as due on the return and has been paid, the excess must be credited or, if no tax liability exists or is likely to exist, refunded to the person making the return.

(3) The notice and demand provided for in this section must contain a statement of the computation of the tax and interest and must be sent by mail to the taxpayer at the address given in the taxpayer's return, if any, or to the taxpayer's last-known address.

(4) A taxpayer filing an objection to the demand for payment is subject to and governed by the uniform dispute review procedure provided in 15-1-211.

Section 29. Penalties and interest for violation. If a person fails to file a return on or before the due date or fails to pay a tax on or before a due date, the person must be assessed penalty and interest as provided in 15-1-216.

Section 30. Authority to collect delinquent taxes. (1) (a) The department shall collect taxes that are delinquent as determined under [sections 2 through 39].

(b) If a tax imposed by [sections 2 through 39] or any portion of the tax is not paid when due, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7.

(2) In addition to any other remedy, in order to collect delinquent taxes after the time for appeal has expired, the department may direct the offset of tax refunds or other funds due the taxpayer from the state, except wages subject to the provisions of 25-13-614 and retirement benefits.

(3) As provided in 15-1-705, the taxpayer has the right to a review of the tax liability prior to any offset by the department.

(4) The department may file a claim for state funds on behalf of the taxpayer if a claim is required before funds are available for offset.

Section 31. Interest on deficiency. Interest accrues on unpaid or delinquent taxes as provided in 15-1-216.

Section 32. Limitations. (1) Except in the case of a person that purposely or knowingly, as those terms are defined in 45-2-101, files a false or fraudulent return violating the provisions of [sections 2 through 39], a deficiency may not be assessed or collected with respect to a quarter for which a return is filed unless the notice of additional tax proposed to be assessed is mailed to or personally served upon the taxpayer within 5 years from the date that the return was filed. For purposes of this section, a return filed before the last day prescribed for filing is considered to be filed on the last day.

(2) If, before the expiration of the 5-year period prescribed in subsection (1) for assessment of the tax, the taxpayer consents in writing to an assessment after expiration of the 5-year period, a deficiency may be assessed at any time prior to the expiration of the period to which consent was given.

Section 33. Refunds — interest — limitations. (1) A claim for a refund or credit as a result of overpayment of taxes collected under [sections 2 through 39] must be filed within 5 years of the date that the return was due, without regard to any extension of time for filing.

(2) (a) Interest paid by the department on an overpayment must be paid or credited at the same rate as the rate charged on delinquent taxes under 15-1-216.

(b) Except as provided in subsection (2)(c), interest must be paid from the date that the return was due or the date of overpayment, whichever is later. Interest does not accrue during any period in which the processing of a claim is delayed more than 30 days because the taxpayer has not furnished necessary information.

(c) The department is not required to pay interest if:

(i) the overpayment is refunded or credited within 6 months of the date that a claim was filed; or

(ii) the amount of overpayment and interest does not exceed $1.

Section 34. Administration — rules. The department shall:

(1) administer and enforce the provisions of [sections 2 through 39];

(2) cause to be prepared and distributed forms and information that may be necessary to administer the provisions of [sections 2 through 39]; and

(3) adopt rules that may be necessary or appropriate to administer and enforce the provisions of [sections 2 through 39].

Section 35. Revocation of corporate license — appeal. (1) If a corporation authorized to do business within this state and required to pay the taxes imposed under [sections 2 through 39] fails to comply with any of the provisions of [sections 2 through 39] or any rule of the department, the department may, for reasonable cause, certify to the secretary of state a copy of an order finding that the corporation has failed to comply with specific statutory provisions or rules.

(2) The secretary of state shall, upon receipt of the certification, revoke the certificate authorizing the corporation to do business within this state and may issue a new certificate only when the corporation has obtained from the department an order finding that the corporation has complied with its obligations under [sections 2 through 39].

(3) An order authorized in this section may not be made until the corporation is given an opportunity for dispute resolution as provided in 15-1-211.

(4) A final decision of the department may be appealed to the state tax appeal board.

Section 36. Taxpayer quitting business — liability of successor. (1)(a) All taxes payable under [sections 2 through 39] are due and payable immediately whenever a taxpayer quits business, sells, exchanges, or otherwise disposes of the business or disposes of the stock of goods.

(b) The taxpayer shall make a return and pay the taxes due within 10 days after the taxpayer quits business, sells, exchanges, or otherwise disposes of the business or disposes of the stock of goods.

(2) Except as provided in subsection (4), a person that becomes a successor is liable for the full amount of the tax and shall withhold from the sales price payable to the taxpayer a sum sufficient to pay any tax due until the taxpayer produces either a receipt from the department showing payment in full of any tax due or a statement from the department that tax is not due.

(3) If a tax is due but has not been paid as provided in subsection (1)(b), the successor is liable for the payment of the full amount of tax. The payment of the tax by the successor is considered to be a payment upon the sales price, and if the payment is greater in amount than the sales price, the amount of the difference becomes a debt due to the successor from the taxpayer owing the tax under subsection (1).

(4) (a) A successor is not liable for any tax due from the person that the successor acquired a business or stock of goods from if:

(i) the successor gives written notice to the department of the acquisition; and

(ii) an assessment is not issued by the department against the former operator of the business within 6 months of receipt of the notice from the successor.

(b) If an assessment is issued by the department, a copy of the assessment must also be mailed to the successor, or if an assessment is not mailed to the successor, the successor is not liable for the tax due.

Section 37. Tax as debt. (1) The tax imposed by [sections 2 through 39] and related interest and penalties become a personal debt of the person required to file a return from the time that the liability arises, regardless of when the time for payment of the liability occurs.

(2) (a) This section applies to those corporate officers, directors, or shareholders required by the department to personally guarantee the payment of the taxes for their corporations.

(b) The officer or employee of a corporation whose duty it is to collect, truthfully account for, and pay to the state the amounts imposed by [sections 2 through 39] and who fails to pay the tax is liable to the state for the amounts

imposed by [sections 2 through 39] and the penalty and interest due on the amounts.

Section 38. Information — confidentiality — agreements with another state. (1) (a) Except as provided in subsections (2) through (4), it is unlawful for an employee of the department or any other public official or public employee to divulge or otherwise make known information that is disclosed in a report or return required to be filed under [sections 2 through 39] or information that concerns the affairs of the person making the return and that is acquired from the person's records, officers, or employees in an examination or audit.

(b) This section may not be construed to prohibit the department from publishing statistics if they are classified in a way that does not disclose the identity and content of any particular report or return. A person violating the provisions of this section is subject to the penalty provided in 15-30-303 or 15-31-511 for violating the confidentiality of individual income tax or corporation license information.

(2) (a) The department may enter into an agreement with the taxing officials of another state for the interpretation and administration of the laws of their state that provide for the collection of a sales tax or use tax in order to promote fair and equitable administration of the laws and to eliminate double taxation.

(b) In order to implement the provisions of [sections 2 through 39], the department may furnish information on a reciprocal basis to the taxing officials of another state if the information remains confidential under statutes within the state receiving the information that are similar to this section.

(3) In order to facilitate processing of returns and payment of taxes required by [sections 2 through 39], the department may contract with vendors and may disclose data to the vendors. The data disclosed must be administered by the vendor in a manner consistent with this section.

(4) This section may not be construed to limit the investigative authority of the legislative branch, as provided in 5-11-106, 5-12-303, or 5-13-309.

Section 39. Sales tax and use tax proceeds. All money collected under [sections 2 through 39] must be deposited by the department into the general fund.

Section 40. Capital gains credit. An individual taxpayer is allowed a credit against the taxes imposed by 15-30-103 in an amount equal to 1% of the taxpayer's net capital gains for tax years 2005 and 2006 and 2% of the taxpayer's net capital gains for tax years beginning after 2006, as shown on the taxpayer's individual income tax return filed pursuant to 15-30-142. The credit allowed under this section may not exceed the taxpayer's income tax liability.

Section 41. Section 13-37-218, MCA, is amended to read:

"13-37-218. Limitations on receipts from political committees. A candidate for the state senate may receive no more than ~~$1,000~~ *$2,400* in total combined monetary contributions from all political committees contributing to the candidate's campaign, and a candidate for the state house of representatives may receive no more than ~~$600~~ *$1,400* in total combined monetary contributions from all political committees contributing to the candidate's campaign. The resulting figure must be rounded off to the nearest $50 increment. The commissioner shall publish the revised limitations as a rule. (g) the entire amount of premium payments made by the taxpayer, except premiums deducted in determining Montana adjusted gross income, or for which a credit was claimed under 15-30-128, for:

(i) insurance for medical care, as defined in 26 U.S.C. 213(d), for coverage of the taxpayer, the taxpayer's dependents, and the parents and grandparents of the taxpayer; and

(ii) long-term care insurance policies or certificates that provide coverage primarily for any qualified long-term care services, as defined in 26 U.S.C. 7702B(c), for:

(A) the benefit of the taxpayer for tax years beginning after December 31, 1994; or

(B) the benefit of the taxpayer, the taxpayer's dependents, and the parents and grandparents of the taxpayer for tax years beginning after December 31, 1996;

(h) light vehicle registration fees, as provided for in 61-3-560 through 61-3-562, paid during the tax year; and

(i) per capita livestock fees imposed pursuant to 15-24-921, 15-24-922, 81-6-104, 81-6-204, 81-6-209, 81-7-118, or 81-7-201.

(2) (a) Subject to the conditions of subsection (1)(c), a taxpayer who operates a family day-care home or a group day-care home, as these terms are defined in 52-2-703, and who cares for the taxpayer's own child and at least one unrelated child in the ordinary course of business may deduct employment-related expenses considered to have been paid for the care of the child.

(b) The amount of employment-related expenses considered to have been paid by the taxpayer is equal to the amount that the taxpayer charges for the care of a child of the same age for the same number of hours of care. The employment-related expenses apply regardless of whether any expenses actually have been paid. Employment-related expenses may not exceed the amounts specified in subsection (1)(c)(iv)(B).

(c) Only a day-care operator who is licensed and registered as required in 52-2-721 is allowed the deduction under this subsection (2)."

Section 46. Section 15-30-122, MCA, is amended to read:

"15-30-122. Standard deduction. (1) A standard deduction equal to 20% of adjusted gross income is allowed if elected by the taxpayer on a return. The standard deduction is in lieu of all deductions allowed under 15-30-121. The minimum standard deduction is ~~$665~~ *$1,580*, as adjusted under the provisions of subsection (2), or 20% of adjusted gross income, whichever is greater, to a maximum standard deduction of ~~$1,500~~ *$3,560*, as adjusted under the provisions of subsection (2). However, in the case of a single joint return of husband and wife or in the case of a single individual who qualifies to file as a head of household on the federal income tax return, the minimum standard

deduction is ~~$1,330~~ *twice the amount of the minimum standard deduction for a single return*, as adjusted under the provisions of subsection (2), or 20% of adjusted gross income, whichever is greater, to a maximum standard deduction of ~~$3,000~~ *twice the amount of the maximum standard deduction for a single return,* as adjusted under the provisions of subsection (2). The standard deduction may not be allowed to either the husband or the wife if the tax of one of the spouses is determined without regard to the standard deduction. For purposes of this section, the determination of whether an individual is married must be made as of the last day of the tax year unless one of the spouses dies during the tax year, in which case the determination must be made as of the date of death.

(2) By November 1 of each year, the department shall multiply both the minimum and the maximum standard deduction for single returns by the inflation factor for that tax year and round the product to the nearest $10. ~~The minimum and maximum standard deduction for joint returns and qualified head of household returns must be twice the amount of the minimum and maximum standard deduction for single returns.~~ The resulting adjusted deductions are effective for that tax year and must be used in calculating the tax imposed in 15-30-103."

Section 47. Section 15-30-124, MCA, is amended to read:

"15-30-124. Credit allowed resident taxpayers for income taxes imposed by foreign states or countries. (1) Subject to the conditions provided in subsections (2) through (5), a resident of this state is allowed a credit against the taxes imposed by this chapter for:

(a) income taxes imposed by and paid to another state or country on income taxable under this chapter; ~~and~~

(b) the resident's pro rata share of any income tax imposed by and paid to another state or country by an S. corporation of which the resident is a shareholder*; and*

(c) the resident's distributive share, whether separately or nonseparately stated, of any income tax imposed by and paid to another state or country by a partnership of which the resident is a partner.

(2) The credit is allowed only for taxes paid to another state or country on income derived from sources within the other state or country that is taxable under the laws of the other state or country regardless of the residence or domicile of the taxpayer.

(3) The credit is not allowed if the other state or country allows residents of this state a credit against the taxes imposed by the other state or country for taxes paid or payable under this chapter.

(4) The allowable credit must be computed by a formula prescribed by the department.

(5) For the purposes of the credit under ~~subsection~~ *subsections* (1)(b) *and (1)(c)*:

(a) "income tax" has the same meaning as provided in Article II of 15-1-601;

(b) the S. corporation must have made and have in effect on the last day of its tax year a valid election under subchapter S. of Chapter 1 of the Internal Revenue Code; and

(c) the credit applies only to taxes paid by the S. corporation *or partnership* on income taxable under this chapter."

Section 48. Section 15-30-142, MCA, is amended to read:

"15-30-142. Returns and payment of tax — penalty and interest — refunds — credits. (1) For both resident and nonresident taxpayers, each single individual and each married individual not filing a joint return with a spouse and having a gross income for the tax year of more than ~~$1,500~~ *$3,560*, as adjusted under the provisions of subsection (7), and married individuals not filing separate returns and having a combined gross income for the tax year of more than ~~$3,000~~ *$7,120*, as adjusted under the provisions of subsection (7), are liable for a return to be filed on forms and according to rules that the department may prescribe. The gross income amounts referred to in the preceding sentence must be increased by ~~$800~~ *$1,900*, as adjusted under the provisions of 15-30-112(6), for each additional personal exemption allowance that the taxpayer is entitled to claim for the taxpayer and the taxpayer's spouse under 15-30-112(3) and (4).

(2) In accordance with instructions set forth by the department, each taxpayer who is married and living with husband or wife and is required to file a return may, at the taxpayer's option, file a joint return with husband or wife even though one of the spouses has neither gross income nor deductions. If a joint return is made, the tax must be computed on the aggregate taxable income and the liability with respect to the tax is joint and several. If a joint return has been filed for a tax year, the spouses may not file separate returns after the time for filing the return of either has expired unless the department consents.

(3) If a taxpayer is unable to make the taxpayer's own return, the return must be made by an authorized agent or by a guardian or other person charged with the care of the person or property of the taxpayer.

(4) All taxpayers, including but not limited to those subject to the provisions of 15-30-202 and 15-30-241, shall compute the amount of income tax payable and shall, at the time of filing the return required by this chapter, pay to the department any balance of income tax remaining unpaid after crediting the amount withheld, as provided by 15-30-202, and any payment made by reason of an estimated tax return provided for in 15-30-241. However, the tax computed must be greater by $1 than the amount withheld and paid by estimated return as provided in this chapter. If the amount of tax withheld and the payment of estimated tax exceed by more than $1 the amount of income tax as computed, the taxpayer is entitled to a refund of the excess.

(5) As soon as practicable after the return is filed, the department shall examine and verify the tax.

(6) If the amount of tax as verified is greater than the amount paid, the excess must be paid by the taxpayer to the department within 60 days after notice of the amount of the tax as computed, with interest added as provided in 15-1-216. In that case, there may not be a penalty because of the understatement if the deficiency is paid within 60 days after the first notice of the amount is mailed to the taxpayer.

(7) By November 1 of each year, the department shall multiply the minimum amount of gross income necessitating the filing of a return by the inflation factor for the tax year. These adjusted amounts are effective for that tax year, and persons who have gross incomes less than these adjusted amounts are not required to file a return.

(8) Individual income tax forms distributed by the department for each tax year must contain instructions and tables based on the adjusted base year structure for that tax year."

Section 49. Section 16-11-111, MCA, is amended to read:

"16-11-111. Cigarette sales tax — exemption for sale to tribal member. (1) (a) A tax on the purchase of cigarettes for consumption, use, or any purpose other than resale in the regular course of business is imposed and must be precollected by the wholesaler and paid to the state of Montana. The tax is ~~18~~ *70* cents on each package containing 20 cigarettes. ~~and, when~~ *Whenever* packages contain other than 20 cigarettes, *there is* a tax on each cigarette equal to 1/20th the tax on a package containing 20 cigarettes.

(b) The tax computed under subsection (1)(a) applies to illegally packaged cigarettes under 16-11-307.

(2) The tax imposed in subsection (1) does not apply to quota cigarettes.

(3) Subject to the refund or credit provided in subsection (4), the tax must be precollected on all cigarettes entering a Montana Indian reservation.

(4) Pursuant to the procedure provided in subsection (5), a wholesaler making a sale of cigarettes to a retailer within the boundaries of a Montana Indian reservation may apply to the department for a refund or credit for taxes precollected on cigarettes sold by the retailer to a member of the federally recognized Indian tribe or tribes on whose reservation the sale is made. A wholesaler who does not file a claim within 1 year of the shipment date forfeits the refund or credit.

(5) The distribution of tax-free cigarettes to a tribal member must be implemented through a system of preapproved wholesaler shipments. A licensed Montana wholesaler shall contact the department for approval prior to the shipment of the untaxed cigarettes. The department may authorize sales based on whether the quota, as established in a cooperative agreement between the department and an Indian tribe or as set out in this chapter, has been met. If authorized as a tax-exempt sale, the wholesaler, upon providing proof of order and delivery to a retailer within the boundaries of a Montana Indian reservation selling cigarettes to members of a federally recognized tribe or tribes of that reservation, must be given a ~~credit or~~ refund *or credit*. Once the quota has been filled, the department shall immediately notify all affected wholesalers that further sales on that reservation must be taxed and that a claim for a refund or credit will not be honored for the remainder of the quota period. Quota allocations are not transferable between quota periods or between reservations.

(6) The total amount of refunds or credits allowed by the department to all wholesalers claiming the refund or credit under subsection (4) for any month may not exceed an amount that is equal to the tax due on the quota allocation. The department shall determine the amount of refunds or credits for each Indian reservation at the beginning of each fiscal year, using the most recent census data available from the bureau of Indian affairs or as provided in a cooperative agreement with the tribe or tribes of the Indian reservation."

Section 50. Section 16-11-114, MCA, is amended to read:

"16-11-114. Insignia discount. Each licensed wholesaler is entitled to purchase an insignia at full face value less the following percentage of the face value upon payment for the insignia as defrayment of the costs of affixing insignia and precollecting the tax on behalf of the state of Montana:

(1) ~~6%~~ *1.66%* for the first 2,580 cartons or portion ~~thereof~~ *of 2,580 cartons* purchased in any calendar month;

(2) ~~4%~~ *1.11%* for the next 2,580 cartons or portion ~~thereof~~ *of 2,580 cartons* purchased in any calendar month; and

(3) ~~3%~~ *0.83%* for purchases in excess of 5,160 cartons in any calendar month."

Section 51. Section 16-11-119, MCA, is amended to read:

"16-11-119. Disposition of taxes. *(1)* Cigarette taxes collected under the provisions of 16-11-111 must*, in accordance with the provisions of 15-1-501,* be ~~allocated~~ *deposited* as follows:

~~(1)~~*(a)* ~~The amount of 11.11% of the cigarette tax collected on each package of cigarettes must be deposited~~ *8.3% or $2 million, whichever is greater,* in the state special revenue fund to the credit of the department of public health and human services for the operation and maintenance of state veterans' nursing homes~~.~~*;*

~~(2) The amount of 73.04% must, in accordance with the provisions of 15-1-501, be deposited in the state general fund.~~

(c) the remainder to the state general fund.

(2) If money in the state special revenue fund for the operation and maintenance of state veterans' nursing homes exceeds $2 million at the end of the fiscal year, the excess must be transferred to the state general fund."

Section 52. Section 16-11-201, MCA, is amended to read:

"16-11-201. Definitions. As used in this part, the following definitions apply, unless the context requires otherwise:

(1) *"Moist snuff" means any finely cut, ground, or powdered tobacco, other than dry snuff, that is intended to be placed in the oral cavity.*

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-30-111, MCA, is amended to read:

"15-30-111. (Temporary) Adjusted gross income. (1) Adjusted gross income is the taxpayer's federal income tax adjusted gross income as defined in section 62 of the Internal Revenue Code of 1954, 26 U.S.C. 62, as that section may be labeled or amended, and in addition includes the following:

(b) refunds received of federal income tax, to the extent that the deduction of the tax resulted in a reduction of Montana income tax liability;

(c) that portion of a shareholder's income under subchapter S. of Chapter 1 of the Internal Revenue Code of 1954 that has been reduced by any federal taxes paid by the subchapter S. corporation on the income;

(d) depreciation or amortization taken on a title plant as defined in 33-25-105(15);

(e) the recovery during the tax year of an amount deducted in any prior tax year to the extent that the amount recovered reduced the taxpayer's Montana income tax in the year deducted; and

(f) if the state taxable distribution of an estate or trust is greater than the federal taxable distribution of the same estate or trust, the difference between the state taxable distribution and the federal taxable distribution of the same estate or trust for the same tax period.

(2) Notwithstanding the provisions of the federal Internal Revenue Code of 1954, as labeled or amended, adjusted gross income does not include the following, which are exempt from taxation under this chapter:

(a) (i) all interest income from obligations of the United States government, the state of Montana, a county, municipality, or district, or other political subdivision of the state and any other interest income that is exempt from taxation by Montana under federal law;

(ii) exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code of 1986, 26 U.S.C. 852(b)(5), as that section may be amended or renumbered, that are attributable to the interest referred to in subsection (2)(a)(i);

(b) interest income earned by a taxpayer who is 65 years of age or older in a tax year up to and including $800 for a taxpayer filing a separate return and $1,600 for each joint return;

(A) each taxpayer filing singly, head of household, or married filing separately shall reduce the total amount of the exclusion provided in subsection (2)(c)(i) by $2 for every $1 of federal adjusted gross income in excess of $30,000 as shown on the taxpayer's return;

(B) in the case of married taxpayers filing jointly, if both taxpayers are receiving pension or annuity income or if only one taxpayer is receiving pension or annuity income, the exclusion claimed as provided in subsection (2)(c)(i) must be reduced by $2 for every $1 of federal adjusted gross income in excess of $30,000 as shown on their joint return;

(d) all Montana income tax refunds or tax refund credits;

(e) gain required to be recognized by a liquidating corporation under 15-31-113(1)(a)(ii);

persons for services rendered by them to patrons of premises licensed to provide food, beverage, or lodging;

(g) all benefits received under the workers' compensation laws;

(h) all health insurance premiums paid by an employer for an employee if attributed as income to the employee under federal law;

(i) all money received because of a settlement agreement or judgment in a lawsuit brought against a manufacturer or distributor of "agent orange" for damages resulting from exposure to "agent orange";

(j) principal and income in a medical care savings account established in accordance with 15-61-201 or withdrawn from an account for eligible medical expenses, as defined in 15-61-102, of the taxpayer or a dependent of the taxpayer or for the long-term care of the taxpayer or a dependent of the taxpayer;

(k) principal and income in a first-time home buyer savings account established in accordance with 15-63-201 or withdrawn from an account for eligible costs, as provided in 15-63-202(7), for the first-time purchase of a single-family residence;

(l) contributions withdrawn from a family education savings account or earnings withdrawn from a family education savings account for qualified higher education expenses, as defined in 15-62-103, of a designated beneficiary;

(m) the recovery during the tax year of any amount deducted in any prior tax year to the extent that the recovered amount did not reduce the taxpayer's Montana income tax in the year deducted;

(n) if the federal taxable distribution of an estate or trust is greater than the state taxable distribution of the same estate or trust, the difference between the federal taxable distribution and the state taxable distribution of the same estate or trust for the same tax period;

(o) deposits, not exceeding the amount set forth in 15-30-603, deposited in a Montana farm and ranch risk management account, as provided in 15-30-601 through 15-30-605, in any tax year for which a deduction is not provided for federal income tax purposes; and

(p) income of a dependent child that is included in the taxpayer's federal adjusted gross income pursuant to the Internal Revenue Code. The child is required to file a Montana personal income tax return if the child and taxpayer meet the filing requirements in 15-30-142.

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code of 1954, as those sections may be labeled or amended, is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(7) Married taxpayers who file a joint federal return and who make an election on the federal return to defer income ratably for 4 tax years because of a conversion from an IRA other than a Roth IRA to a Roth IRA, pursuant to section 408A(d)(3) of the Internal Revenue Code, 26 U.S.C. 408A(d)(3), may file separate Montana income tax returns to defer the full taxable conversion amount from Montana adjusted gross income for the same time period. The deferred amount must be attributed to the taxpayer making the conversion.

(8) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.<eff>

(9) (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection (9)(a)(iv), not to exceed $5,000, from the taxpayer's adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing shortage county as determined by the secretary of health and human services or by the governor;

(iii) has a student loan incurred as a result of health-related education; and

(iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment program described in subsection (9)(b) as an incentive to practice in Montana.

(b) For the purposes of subsection (9)(a), a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional. (Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)

15-30-111. (Effective on occurrence of contingency) Adjusted gross income. (1) Adjusted gross income is the taxpayer's federal income tax adjusted gross income as defined in section 62 of the Internal Revenue Code of 1954, 26 U.S.C. 62, as that section may be labeled or amended, and in addition includes the following:

(a) (i) interest received on obligations of another state or territory or county, municipality, district, or other political subdivision of another state, except to the extent that the interest is exempt from taxation by Montana under federal law;

(b) refunds received of federal income tax, to the extent that the deduction of the tax resulted in a reduction of Montana income tax liability;

(c) that portion of a shareholder's income under subchapter S. of Chapter 1 of the Internal Revenue Code of 1954 that has been reduced by any federal taxes paid by the subchapter S. corporation on the income;

(d) depreciation or amortization taken on a title plant as defined in 33-25-105(15);

(e) the recovery during the tax year of an amount deducted in any prior tax year to the extent that the amount recovered reduced the taxpayer's Montana income tax in the year deducted; and

(f) if the state taxable distribution of an estate or trust is greater than the federal taxable distribution of the same estate or trust, the difference between the state taxable distribution and the federal taxable distribution of the same estate or trust for the same tax period.

(2) Notwithstanding the provisions of the federal Internal Revenue Code of 1954, as labeled or amended, adjusted gross income does not include the following, which are exempt from taxation under this chapter:

(a) (i) all interest income from obligations of the United States government, the state of Montana, a county, municipality, or district, or other political subdivision of the state and any other interest income that is exempt from taxation by Montana under federal law;

(ii) exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code of 1986, 26 U.S.C. 852(b)(5), as that section may be amended or renumbered, that are attributable to the interest referred to in subsection (2)(a)(i);

(b) interest income earned by a taxpayer who is 65 years of age or older in a tax year up to and including $800 for a taxpayer filing a separate return and $1,600 for each joint return;

(B) in the case of married taxpayers filing jointly, if both taxpayers are receiving pension or annuity income or if only one taxpayer is receiving pension or annuity income, the exclusion claimed as provided in subsection (2)(c)(i) must be reduced by $2 for every $1 of federal adjusted gross income in excess of $30,000 as shown on their joint return;

(d) all Montana income tax refunds or tax refund credits;

(e) gain required to be recognized by a liquidating corporation under 15-31-113(1)(a)(ii);

(j) principal and income in a medical care savings account established in accordance with 15-61-201 or withdrawn from an account for eligible medical expenses, as defined in 15-61-102, of the taxpayer or a dependent of the taxpayer or for the long-term care of the taxpayer or a dependent of the taxpayer;

(k) principal and income in a first-time home buyer savings account established in accordance with 15-63-201 or withdrawn from an account for eligible costs, as provided in 15-63-202(7), for the first-time purchase of a single-family residence;

(l) contributions withdrawn from a family education savings account or earnings withdrawn from a family education savings account for qualified higher education expenses, as defined in 15-62-103, of a designated beneficiary;

(m) the recovery during the tax year of any amount deducted in any prior tax year to the extent that the recovered amount did not reduce the taxpayer's Montana income tax in the year deducted;

(n) if the federal taxable distribution of an estate or trust is greater than the state taxable distribution of the same estate or trust, the difference between the federal taxable distribution and the state taxable distribution of the same estate or trust for the same tax period;

(o) deposits, not exceeding the amount set forth in 15-30-603, deposited in a Montana farm and ranch risk management account, as provided in 15-30-601 through 15-30-605, in any tax year for which a deduction is not provided for federal income tax purposes;

(p) income of a dependent child that is included in the taxpayer's federal adjusted gross income pursuant to the Internal Revenue Code. The child is required to file a Montana personal income tax return if the child and taxpayer meet the filing requirements in 15-30-142.

(q) principal and income deposited in a health care expense trust account, as defined in 2-18-1303, or withdrawn from the account for payment of qualified health care expenses as defined in 2-18-1303.

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code of 1954, as those sections may be labeled or amended, is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(7) Married taxpayers who file a joint federal return and who make an election on the federal return to defer income ratably for 4 tax years because of a conversion from an IRA other than a Roth IRA to a Roth IRA, pursuant to section 408A(d)(3) of the Internal Revenue Code, 26 U.S.C. 408A(d)(3), may file separate Montana income tax returns to defer the full taxable conversion

amount from Montana adjusted gross income for the same time period. The deferred amount must be attributed to the taxpayer making the conversion.

(8) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

(9) (a) A taxpayer may exclude up to $5,000 from the taxpayer's adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing shortage county as determined by the secretary of health and human services or by the governor;

(iii) has had a student loan incurred as a result of health-related education; and

(iv) has received a loan payment made on the taxpayer's behalf by a loan repayment program described in subsection (9)(b) as an incentive to practice in Montana.

(b) For the purposes of subsection (9)(a), a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional. (Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)"

[SB 429]

AN ACT GENERALLY REVISING THE PROVISIONS REGARDING REDISTRICTING; PROVIDING FOR CRITERIA; PROVIDING FOR THE USE OF DECENNIAL CENSUS DATA; PROVIDING FOR THE IMPLEMENTATION OF A SUCCESSFUL CONSTITUTIONAL AMENDMENT TO REVISE LEGISLATIVE REDISTRICTING TO CREATE A NONPARTISAN PROCESS TO ALLOW THE LEGISLATURE

OPPORTUNITIES TO APPROVE A PLAN; PROVIDING THAT IF A PLAN IS NOT APPROVED, A THREE-JUDGE PANEL APPOINTED BY THE SUPREME COURT SHALL APPROVE A PLAN; PROVIDING FOR A REDISTRICTING PLAN UPON ORDER BY THE COURT; AMENDING SECTION 1, CHAPTER 4, LAWS OF 2003, AND SECTIONS 5-1-101, 5-1-102, 5-1-106, 5-1-108, 5-1-109, AND 5-1-111, MCA; REPEALING SECTION 5-1-110, MCA; CONTINGENTLY REPEALING CHAPTER 3, LAWS OF 2003; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Redistricting criteria. (1) Subject to federal law, legislative and congressional districts must be established on the basis of population.

(2) In the development of legislative districts, a plan is subject to the Voting Rights Act and must comply with the following criteria, in order of importance:

(a) The districts must be as equal as practicable, meaning to the greatest extent possible, within a plus or minus 1% relative deviation from the ideal population of a district as calculated from information provided by the federal decennial census. The relative deviation may be exceeded only when necessary to keep political subdivisions intact or to comply with the Voting Rights Act.

(b) District boundaries must coincide with the boundaries of political subdivisions of the state to the greatest extent possible. The number of counties and cities divided among more than one district must be as small as possible. When there is a choice between dividing local political subdivisions, the more populous subdivisions must be divided before the less populous, unless the boundary is drawn along a county line that passes through a city.

(c) The districts must be contiguous, meaning that the district must be in one piece. Areas that meet only at points of adjoining corners or areas separated by geographical boundaries or artificial barriers that prevent transportation within a district may not be considered contiguous.

(d) The districts must be compact, meaning that the compactness of a district is greatest when the length of the district and the width of a district are equal. A district may not have an average length greater than three times the average width unless necessary to comply with the Voting Rights Act.

(3) A district may not be drawn for the purposes of favoring a political party or an incumbent legislator or member of congress. The following data or information may not be considered in the development of a plan:

(a) addresses of incumbent legislators or members of congress;

(b) political affiliations of registered voters;

(c) partisan political voter lists; or

(d) previous election results, unless required as a remedy by a court.

Section 2. Section 5-1-101, MCA, is amended to read:

"5-1-101. Commission to redistrict and reapportion — number of legislators. (1) In each session preceding each federal population census, a commission of ~~five~~ citizens, none of whom may be public officials, shall be selected *as provided in 5-1-102* to prepare the plans for redistricting and reapportioning the state into legislative and congressional districts.

(2) The plans for redistricting and reapportionment of legislative districts must be based on the number of members in the house of representatives and the senate to be determined in the legislative session before the census."

Section 3. Section 5-1-102, MCA, is amended to read:

"5-1-102. Composition of commission. (1) The majority and minority leaders of each house shall each designate one commissioner. A commissioner must be appointed from each district listed in subsection (2). The majority leader in the senate has first choice of the district from which the majority leader will select a commissioner, and the majority leader of the house has second choice. Within 20 days after their designation, the four commissioners ~~shall~~ *may* select ~~the~~ *a* fifth member, who*, if selected,* shall serve as the presiding officer of the commission. If the four members fail to select the fifth member within the time prescribed, ~~a majority of the supreme court shall select the fifth member~~ *the commission is composed of the four designated commissioners, who may alternate as presiding officer*.

(2) The commission districts are the following counties:

(a) District 1: Lincoln, Flathead, Sanders, Lake, Mineral, Missoula, and Ravalli;

(b) District 2: Lewis and Clark, Powell, Granite, Deer Lodge, Silver Bow, Jefferson, Broadwater, Meagher, Beaverhead, Madison, Gallatin, and Park;

(c) District 3: Glacier, Toole, Liberty, Hill, Blaine, Phillips, Valley, Daniels, Sheridan, Roosevelt, Richland, McCone, Garfield, Petroleum, Fergus, Judith Basin, Cascade, Chouteau, Teton, and Pondera; and

Section 4. Section 5-1-106, MCA, is amended to read:

"5-1-106. Legislative services division to provide technical and clerical services. *(1)* The executive director of the legislative services division, under the direction of the commission, shall provide the technical staff and clerical services that the commission*, the legislature, or the panel provided for in 5-1-109* needs to prepare ~~its~~ districting and apportionment plans.

(2) The legislative services division shall obtain from the United States bureau of the census the population data needed for redistricting that the census bureau is required to provide this state under Public Law 94-171.

(3) The legislative services division shall gather information from interested parties in each of the regions and develop alternative plans for consideration by the commission. The commission shall select a plan to be presented for consideration at the regional public hearings."

Section 5. Section 5-1-108, MCA, is amended to read:

"5-1-108. Public ~~hearing~~ *hearings* on plans. (1) Before the commission files its final congressional redistricting plan with the secretary of state, the commission shall hold at least one public hearing on it.

(2) Before the commission submits its legislative redistricting plan to the legislature, it shall hold at least *four regional public hearings on a tentative plan and* one public hearing on the *entire* plan at the state capitol. *The commission shall hold the final public hearing at least 15 days but not more than 30 days prior to its submission to the legislature.*

~~(3) The commission may hold other hearings as it deems necessary.~~"

Section 6. Section 5-1-109, MCA, is amended to read:

(2) Within 15 legislative days after submission, the legislature shall consider the legislative redistricting plan, including assignment of holdover senators, for approval by resolution without amendment, unless purely corrective in nature. If the plan is approved, it must be submitted to the secretary of state and it becomes law. If the plan is not approved, then the legislature shall direct the legislative services division to prepare a second nonpartisan plan based on information transmitted by both houses. Both houses shall specify the concerns to be addressed, if any, in the second plan, and the legislative services division shall issue a report stating how each concern was addressed or not addressed and the reasons for the action taken regarding each concern. The legislative services division shall prepare the second plan within time constraints that will allow both houses of the legislature sufficient time to take action on the plan within 21 legislative days of the first plan's rejection.

(3) If the second plan is approved, it must be submitted to the secretary of state and it becomes law. If the second plan is not approved, then the legislature shall direct the legislative services division to prepare a third nonpartisan plan based on information transmitted by both houses. Both houses shall specify the concerns to be addressed, if any, in the third plan, and the legislative services division shall issue a report stating how each concern was addressed or not addressed and the reasons for the action taken regarding each concern. The legislative services division shall prepare the third plan within the time constraints that will allow both houses of the legislature sufficient time to take action on the plan within 21 legislative days of the second plan's rejection. The third plan is subject to amendment by the legislature.

(4) If third plan is approved, it must be submitted to the secretary of state and it becomes law. If the third plan is not approved and submitted within 21 legislative days, the plans must be transmitted to a three-judge panel of district court judges who are appointed by the supreme court from three different judicial districts. The panel shall adopt a plan from any of the previous plans prepared or direct the legislative services division to prepare a nonpartisan legislative redistricting plan to be adopted within 45 calendar days of the third rejection. The panel shall file its final plan for legislative districts with the secretary of state and it becomes law.

(5) The legislature or the panel provided for in subsection (4) shall assign holdover senators as provided in [section 7] and submit the assignment as part of the final plan as provided in 5-1-109.

(6) A redistricting plan that has become law and that must be revised by order of a court must be revised by the legislative services division and presented to the legislature at the earliest opportunity to follow the process as provided in subsections (2) through (5)."

Section 7. Section 5-1-111, MCA, is amended to read:

"5-1-111. Final plan — dissolution of commission. (1) Within 90 days after the official final decennial census figures are available, the commission shall file its final plan for congressional districts with the secretary of state and it ~~shall become~~ *becomes* law.

(2) ~~Within 30 days after receiving the legislative redistricting plan and the legislature's recommendations, the commission shall file its final legislative redistricting plan with the secretary of state and it shall become law.~~

~~(3) Upon filing both plans,~~ *Upon filing the congressional plan and submitting a legislative plan to the legislature, as provided in 5-1-109,* the commission ~~shall be~~ *is* dissolved."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-7-138, MCA, is amended to read:

"17-7-138. Operating budget. (1) (a) Expenditures by a state agency must be made in substantial compliance with the budget approved by the legislature. Substantial compliance may be determined by conformity to the conditions contained in the general appropriations act and to legislative intent as established in the narrative accompanying the general appropriations act. An explanation of any significant change in agency or program scope, objectives, activities, or expenditures must be submitted to the legislative fiscal analyst for review and comment by the legislative finance committee prior to any implementation of the change. A significant change may not conflict with a condition contained in the general appropriations act. If the approving authority certifies that a change is time-sensitive, the approving authority may approve the change prior to the next regularly scheduled meeting of the legislative finance committee. The approving authority shall submit all proposed time-sensitive changes to the legislative fiscal analyst prior to approval. If the legislative fiscal analyst determines that notification of the legislative finance committee is warranted, the legislative fiscal analyst shall immediately notify as many members as possible of the proposed change and communicate any concerns expressed to the approving authority. The approving authority shall present a report fully explaining the reasons for the action to the next meeting of the legislative finance committee. Except as provided in subsection (2), the expenditure of money appropriated in the general appropriations act is contingent upon approval of an operating budget by August 1 of each fiscal year. An approved original operating budget must comply with state law and conditions contained in the general appropriations act.

(b) For the purposes of this subsection (1), an agency or program is considered to have a significant change in its scope, objectives, activities, or expenditures if:

(i) the operating budget change exceeds $1 million; or

(ii) the operating budget change exceeds 25% of a budget category and the change is greater than $25,000. If there have been other changes to the budget category in the current fiscal year, all the changes, including the change under consideration, must be used in determining the 25% and $25,000 threshold.

(2) The expenditure of money appropriated in the general appropriations act to the ~~commissioner of higher education for distribution by the~~ board of regents, ~~to~~ *on behalf of* the university system units, as defined in 17-7-102, is contingent upon approval of a comprehensive operating budget by October 1 of each fiscal year. *The operating budget must contain detailed revenue and expenditures and anticipated fund balances of current funds, loan funds, endowment funds, and plant funds. After the board of regents approves operating budgets, transfers between units may be made only with the approval of the board of regents.*

Transfers and related justification must be submitted to the office of budget and program planning and to the legislative fiscal analyst.

(3) The operating budget for money appropriated by the general appropriations act must be separate from the operating budget for money appropriated by another law except a law appropriating money for the state pay plan or any portion of the state pay plan. The legislature may restrict the use of funds appropriated for personal services to allow use only for the purpose of the appropriation. Each operating budget must include expenditures for each agency program, detailed at least by first-level categories as provided in 17-1-102(3). Each agency shall record its operating budget for all funds, other than higher education funds, and any approved changes on the statewide budget and accounting state financial system. Documents implementing approved changes must be signed. The operating budget for higher education funds must be recorded on the university financial system, with separate accounting categories for each source or use of state government funds. State sources and university sources of funds may be combined for the general operating portion of the current unrestricted funds."

(2) "Eligible transportee" means a public school pupil who:

(a) is 5 years of age or older and has not reached the age of 21 on or before September 10 of the current school year or who is a preschool child with a disability between the ages of 3 and 6;

(b) is a resident of the state of Montana;

(c) regardless of district and county boundaries:

(i) resides at least 3 miles, over the shortest practical route, from the nearest operating public elementary school or public high school, whichever the case may be; or

(ii) has transportation identified as a related service in an individualized education program as developed and implemented in accordance with the Individuals With Disabilities Education Act, 20 U.S.C. 1400, et seq.; and

(d) is considered to reside with a parent or guardian who maintains legal residence within the boundaries of the district furnishing the transportation regardless of where the eligible transportee actually lives when attending school.

(3) "Passenger seating position" means, as defined in 49 CFR 571.222, the space on a school bus allocated for one passenger.

(4) (a) "School bus" means, except as provided in subsection (4)(b), any motor vehicle that:

(i) complies with the bus standards established by the board of public education as verified by the department of justice's semiannual inspection of school buses and the superintendent of public instruction; and

(ii) is owned by a district or other public agency and operated for the transportation of pupils to or from school or owned by a carrier under contract with a district or public agency to provide transportation of pupils to or from school.

(b) A school bus does not include a vehicle that is:

(i) privately owned and not operated for compensation under this title;

(ii) privately owned and operated for reimbursement under 20-10-142;

(iii) either district-owned or privately owned, designed to carry not more than nine passengers, and used to transport pupils to or from activity events or to transport pupils to their homes in case of illness or other emergency situations; or

(iv) an over-the-road passenger coach used only to transport pupils to activity events.

(5) "Transportation" means:

(a) a district's conveyance of a pupil by a school bus between the pupil's legal residence or an officially designated bus stop and the school designated by the trustees for the pupil's attendance; or

(b) "individual transportation" by which a district is relieved of actually conveying a pupil. Individual transportation may include paying the parent or guardian for conveying the pupil, reimbursing the parent or guardian for the pupil's board and room, or providing supervised correspondence study or supervised home study.

(6) "Transportation service area" means the geographic area of responsibility for school bus transportation for each district that operates a school bus transportation program.

~~(7) "Weighted ridership" means the sum of the passenger points assigned to the eligible transportees who are transported on a bus route.~~"

Section 10. Section 20-10-141, MCA, is amended to read:

"20-10-141. Schedule of maximum reimbursement by mileage rates. (1) The ~~following~~ mileage rates *in subsection (2)* for school transportation constitute the maximum reimbursement to districts for school transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates may not limit the amount that a district may budget in its transportation fund budget in order to provide for the estimated and necessary cost of school transportation during the ensuing school fiscal year. All bus miles traveled on bus routes approved by the county transportation committee are reimbursable. Nonbus mileage is reimbursable for a vehicle driven by a bus driver to and from an overnight location of a school bus when the location is more than 10 miles from the school. A district may approve additional bus or nonbus miles within its own district or approved service area but may not claim reimbursement for the mileage. Any vehicle, the

operation of which is reimbursed for bus mileage under the rate provisions of this schedule, must be a school bus, as defined by this title, driven by a qualified driver on a bus route approved by the county transportation committee and the superintendent of public instruction.

(2) *(a)* The rate ~~per~~ *for each* bus mile traveled must be determined in accordance with the following schedule ~~when the weighted ridership assigned to a bus route is not less than one-half of the rated capacity of the school bus~~:

~~(a)~~*(i)* ~~85~~ *95* cents ~~per bus mile~~ for a school bus with a rated capacity of not more than ~~45~~ *49* passenger seating positions;

(ii) $1.15 for a school bus with a rated capacity of 50 to 59 passenger seating positions;

(iii) $1.36 for a school bus with a rated capacity of 60 to 69 passenger seating positions;

(iv) $1.57 for a school bus with a rated capacity of 70 to 79 passenger seating positions; and

(v) $1.80 for a school bus with 80 or more passenger seating positions.

(b) ~~when the rated capacity is more than 45 passenger seating positions, an additional 2.13 cents per bus mile for each additional passenger seating position in the rated capacity in excess of 45 must be added to a base rate of 85 cents per bus mile~~ *Nonbus mileage, as provided in subsection (1), must be reimbursed at a rate of 50 cents a mile*.

~~(3) Reimbursement for nonbus mileage provided for in subsection (1) may not exceed 50% of the maximum reimbursement rate determined under subsection (2).~~

~~(4) When the weighted ridership assigned to a bus route is less than one-half of the rated capacity of the school bus, the rate per bus mile traveled must be computed as follows:~~

~~(a) determine the weighted ridership assigned to the bus route;~~

~~(b) multiply the number determined in subsection (4)(a) by two; and~~

~~(c) use the adjusted rated capacity determined in subsection (4)(b) as the rated capacity of the bus to determine the rate per bus mile traveled from the rate schedule in subsection (2).~~

~~(5)~~*(3)* The rated capacity is the number of passenger seating positions of a school bus as determined under the policy adopted by the board of public education. If modification of a school bus to accommodate pupils with disabilities reduces the rated capacity of the bus, the reimbursement to a district for pupil transportation is based on the rated capacity of the bus prior to modification.

~~(6)~~*(4)* The number of pupils riding the school bus may not exceed the passenger seating positions of the bus."

Section 11. Section 25, Chapter 13, Laws of 2002, is amended to read:

"**Section 25.** Section 244, Chapter 574, Laws of 2001, is amended to read:

"**Section 244. School district block grants.** (1) (a) The office of public instruction shall provide a block grant to each school district based on the revenue received by each district in fiscal year 2001 from vehicle taxes and fees, corporate license taxes paid by financial institutions, aeronautics fees, state

land payments in lieu of taxes, and property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999.

(b) Block grants must be calculated using the electronic reporting system that is used by the office of public instruction and school districts. The electronic reporting system must be used to allocate ~~a portion of~~ the block grant amount into each district's ~~fiscal year 2002~~ budget as an anticipated revenue source by fund.

(c) With the exception of vehicle taxes and fees, the office of public instruction shall use the amount actually received from the sources listed in subsection (1)(a) in fiscal year 2001 in its calculation of the block grant for fiscal year 2002 budgeting purposes. For vehicle taxes and fees, the office of public instruction shall use 93.4% of the amount actually received in fiscal year 2001 in calculating the block grant for fiscal year 2002.

(2) If the ~~biennial~~ *fiscal year 2003* appropriation provided in [section 248(1)] is insufficient to fund the school district block grants in fiscal year 2003 at the fiscal year 2002 level, the office of public instruction shall prorate the block grants to meet the remaining appropriation. School districts shall anticipate the prorated block grant amounts provided by the office of public instruction in their budgets for fiscal year 2003.

(3) Each year, 70% of each district's block grant must be distributed in November and 30% of each district's block grant must be distributed in May at the same time that guaranteed tax base aid is distributed. ~~If the appropriation for block grants is greater than or less than the amount received by schools from the sources enumerated in subsection (1), the office of public instruction shall prorate the amount appropriated based upon the fiscal year 2001 revenue.~~

(4) *(a)* ~~The average amount of the block grants in fiscal years 2002 and 2003 must be increased by 0.76% *in fiscal year 2004 and* in each succeeding fiscal year.~~ *The block grant for the district general fund is equal to the average amount received in fiscal years 2002 and 2003 by the district general fund from the block grants provided for in subsection (1). The block grant must be increased by 0.76% in fiscal year 2004 and in each succeeding fiscal year.*

(b) The block grant for the district transportation fund is equal to one-half of the average amount received in fiscal years 2002 and 2003 by the district transportation fund from the block grants provided for in subsection (1). The block grant must be increased by 0.76% in fiscal year 2004 and in each succeeding fiscal year.

(c) (i) The combined fund block grant is equal to the average amount received in fiscal years 2002 and 2003 by the district tuition, bus depreciation reserve, building reserve, nonoperating, and adult education funds from the block grants provided for in subsection (1). The block grant must be increased by 0.76% in fiscal year 2004 and in each succeeding fiscal year.

(ii) The school district may deposit the combined fund block grant into any budgeted fund of the district.""

Section 12. Section 26, Chapter 13, Special Laws of August 2002, is amended to read:

"Section 26. Section 245, Chapter 574, Laws of 2001, is amended to read:

"Section 245. Countywide school retirement block grants. ~~(1)~~ The office of public instruction shall distribute one-half of the amount appropriated

for countywide school retirement in November and the remainder in May. The total amount for each county is as follows:

Section 13. Repealer. Sections 20-10-127 and 20-10-128, MCA, are repealed.

Section 14. Extension of school election deadlines. In order to allow for the orderly and efficient conduct of the regular school elections scheduled for May 6, 2003, it may not be possible to comply with certain statutory deadlines relating to a school election. Therefore, in 2003 only, a school district may limit the regular school election scheduled for May 6, 2003, to trustee elections only and may reschedule a single general fund operating levy election at any time prior to the adoption of a final budget pursuant to 20-9-131. In addition, all statutory deadlines for the May 6, 2003, regular school election that fall on or before April 18 are extended to April 28, 2003, except that the timeline for posting the election notice is changed to April 28, 2003, through May 2, 2003.

Section 15. Restrictions on retirement fund for fiscal year 2004. (1) For school fiscal year 2004, the amount that a school district or cooperative may charge to the retirement fund for the employer's contributions to the retirement, federal social security, and unemployment insurance systems for all employees whose salaries are paid from a federal funding source is limited to the amount that the district or cooperative charged to the retirement fund for those same purposes for the same group of employees in school fiscal year 2003.

(2) The restriction in subsection (1) does not apply to employees whose salaries are paid from the district's school food services fund.

Section 16. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 20, chapter 9, part 3, and the provisions of Title 20, chapter 9, part 3, apply to [section 1].

Section 17. Effective dates — applicability. (1) [Section 1] is effective July 1, 2004, and applies to school budgets for the fiscal years beginning on or after July 1, 2005.

(2) [Section 2] is effective July 1, 2003, and applies to school budgets for the school fiscal year beginning July 1, 2003.

(3) [Section 3] is effective July 1, 2004, and applies to school budgets for the school fiscal years beginning on or after July 1, 2004.

(4) [Sections 4 through 6 and 8 through 13] are effective July 1, 2003.

(5) [Section 7] is effective July 1, 2004.

(6) [Sections 14, 15, 16, 18, 19, and this section] are effective on passage and approval.

Section 18. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to actions taken by the trustees of a school district on or after March 27, 2003.

Section 19. Termination. [Section 2] terminates June 30, 2004.

CHAPTER NO. 551

[SB 473]

AN ACT PROVIDING FOR A PRESCRIPTION DRUG EXPANSION PROGRAM UNDER MEDICAID; AUTHORIZING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES TO IMPLEMENT THE PRESCRIPTION DRUG EXPANSION PROGRAM UNDER MEDICAID; PROVIDING AN ANNUAL APPLICATION FEE FOR THE PROGRAM; AUTHORIZING A LOAN FROM THE BOARD OF INVESTMENTS FOR THE STARTUP COST OF THE PROGRAM; AND PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE.

WHEREAS, the Legislature finds that the cost of prescription drugs is a major threat to the public health of Montana citizens; and

WHEREAS, other states have implemented innovative prescription drug access and affordability legislation that can be adapted to meet Montana's needs; and

WHEREAS, the Legislature finds it necessary to provide some relief for the high cost of prescription drugs by using an expanded Medicaid program for which reimbursement will be sought through Medicaid rebates and federal reimbursement programs.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 7], unless the context requires otherwise, the following definitions apply:

(1) "Average wholesale price" means the wholesale price charged on a specific commodity that is assigned by the drug manufacturer and is listed in a nationally recognized drug pricing file.

(2) "Department" means the department of public health and human services provided for in Title 2, chapter 15, part 22.

(3) "Discounted price" means a price that is less than or equal to the average wholesale price, minus a percentage between 6% and 25% determined by the department pursuant to [section 2].

(4) "Gross household income" has the meaning provided in 15-30-171.

(5) "Manufacturer" means a manufacturer of prescription drugs and includes a subsidiary or affiliate of a manufacturer.

(6) "Participating retail pharmacy" means a retail pharmacy located in this state or another business licensed to dispense prescription drugs in this state that is medicaid-approved.

(7) "Program" means the medicaid prescription drug program provided for in [section 2].

Section 2. Prescription drug expansion program — rules. (1) By July 1, 2004, or upon securing any necessary waivers, the department shall provide for an expansion of prescription drug benefits under the medicaid program by offering prescription drugs at a discounted price to qualified individuals whose income is at a level set by the department at or below 200% of the federal poverty level. Subject to subsection (7), the department shall charge an annual application fee of $25 for the program. The application fee must be deposited in the medicaid prescription drug rebate account established in subsection (2).

(2) There is a medicaid prescription drug rebate account in the state special revenue fund to the credit of the department. All money received by the state as rebates from pharmaceutical manufacturers for the medicaid prescription drug expansion program must be deposited in the account. The money in the account, which is administered by the department, must be used to expand medicaid prescription drug benefits. Interest on account balances accrues to the account. The purpose of the account is to:

(a) reimburse participating retail pharmacies for the discount on the average wholesale price of prescription drugs provided to qualified residents pursuant to [sections 1 through 7]; and

(b) reimburse the department for contracted services, administrative costs, associated computer costs, professional fees paid to participating retail pharmacies, and other reasonable program costs.

(3) The department shall provide for sufficient personnel to ensure efficient administration of the program. The extent and the magnitude of the program must be determined by the department on the basis of the calculated need of the recipient population and available funds. The department may not spend more on this program than is available through appropriations, federal or other grants, and other established and committed funding sources. The department may accept, for the purposes of carrying out this program, federal funds appropriated under any federal law relating to the furnishing of free or low-cost drugs to disadvantaged, elderly, and disabled individuals, may take action that is necessary for the purposes of carrying out that federal law, and may accept from any other agency of government, individual, group, or corporation funds that may be available to carry out [sections 1 through 7].

(4) The department may adopt rules relating to the conduct of this program. The rules may be based upon rules adopted in other states to administer similar programs.

(5) The department shall adopt rules to establish the discounted price to be charged to participants in the program. The department may establish a discounted price to encourage the use of generic drugs over higher-cost brand-name drugs.

(6) The department shall establish by rule eligibility based upon the applicant's family income as provided in [section 3]. The total income may not exceed 200% of the federal poverty level. The department may adopt rules defining income. In establishing eligibility based upon income, the department

shall take into account the amount of funding available for the program. The department shall issue enrollment cards to eligible individuals.

(7) Establishment of the prescription drug expansion program is contingent upon approval by the federal government that the program in [sections 1 through 7] will qualify for federal financial participation under federal laws implementing the medicaid program. The department may adopt rules necessary to implement conditions required by federal law or conditions required as part of the federal government's agreement to waive certain requirements of federal law.

(8) If program costs are expected to exceed the legislative authorization for the program, the department shall adjust discounted prices, the application fee, or eligibility standards to maintain the program within the available funding.

Section 3. Eligibility — income determination. (1) To be eligible for the program, an individual must be:

(a) at least 62 years of age;

(b) 18 years of age or older and determined to be disabled by the federal social security program; or

(c) eligible for mental health services pursuant to 53-21-702(2).

(2) Subject to [section 2(8)], individuals are eligible for the program if the gross household income is at or below the amount set by the department, which may not be more than 200% of the federal poverty level.

Section 4. Specifications for administration of program. (1) The department shall adopt specifications for the administration and management of the program. Specifications may include but are not limited to program objectives, accounting and handling practices, supervisory authority, and an evaluation methodology. The department shall apply for any waivers of federal law that are necessary to implement the program.

(2) Information disclosed by manufacturers during negotiations and all terms and conditions negotiated between the director and manufacturers and all information requested or required under the program must be kept confidential, except as the department determines is necessary to carry out the program. The department shall comply with the budget neutrality provisions required by the United States department of health and human services for the granting of any waivers.

(3) The department may not use access restrictions, supplemental rebates, or a preferred drug list to comply with the budget neutrality provisions when negotiating with the federal government for this waiver. These restrictions do not apply to other components of the medicaid or mental health services plan or drugs provided in those programs. These restrictions apply only to the prescription drug expansion program provided for in [section 2].

Section 5. Appeals. An eligibility determination made by the department based on information provided by the department of revenue is final, subject to appeal in accordance with the appeal process established in the medicaid program.

Section 6. Obligations of department. The department shall establish simplified procedures for determining eligibility and issuing Montana prescription enrollment cards to qualified individuals under [section 2] and shall undertake outreach efforts to build public awareness of the program and maximize enrollment of qualified individuals. The department may adjust the

requirements and terms of the program to accommodate any new federally funded prescription drug programs.

Section 7. Contracting. The department may contract for the administration of any components of the program, including but not limited to outreach, eligibility, claims, administration, and drug rebate recovery and redistribution.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-18-301, MCA, is amended to read:

"2-18-301. Purpose and intent of part — rules. (1) The purpose of this part is to provide the market-based compensation necessary to attract and retain competent and qualified employees in order to perform the services that the state is required to provide to its citizens.

(2) It is the intent of the legislature that compensation plans for state employees, excluding those employees excepted under 2-18-103 or 2-18-104 and excluding employees compensated under 2-18-313 and 2-18-315, be based on an analysis of the labor market as provided by the department in a salary survey.

The salary survey must be submitted to the office of budget and program planning as a part of the information required by 17-7-111.

(3) Except as provided in 2-18-110, ~~pay adjustments and~~ *pay adjustments and* pay schedules provided for in 2-18-303 and in 2-18-312, 2-18-313, and 2-18-315 supersede any other plan or systems established through collective bargaining after the adjournment of the ~~57th~~ *58th* legislature.

(4) Pay levels provided for in 2-18-312, 2-18-313, and 2-18-315 may not be increased through collective bargaining after adjournment of the ~~57th~~ *58th* legislature.

(5) Total funds required to implement the pay schedules provided for in 2-18-312, 2-18-313, and 2-18-315 for any employee group or bargaining unit may not be increased through collective bargaining over the amount appropriated by the ~~57th~~ *58th* legislature.

(6) The department shall administer the pay program established by the legislature on the basis of merit, internal equity, and competitiveness to external labor markets when fiscally able.

(7) The department may promulgate rules not inconsistent with the provisions of this part, collective bargaining statutes, or negotiated contracts to carry out the purposes of this part.

(8) Nothing in this part prohibits the board of regents from engaging in negotiations with the collective bargaining units representing the classified staff of the university system."

Section 2. Section 2-18-303, MCA, is amended to read:

"2-18-303. Procedures for using pay schedules. (1) The pay ~~schedules~~ *schedule* provided in 2-18-312 must be implemented as follows:

(a) The pay ~~schedules~~ *schedule* provided in 2-18-312 ~~indicate~~ *indicates* the entry salary and market salary for each grade for positions classified under the provisions of part 2 of this chapter.

(b) Each employee newly hired by the state of Montana must be hired at the entry rate, except as provided in subsections (6) through (9).

(c) On the first day of the first complete pay period in fiscal year ~~2002~~ *2004*, each employee is entitled to the amount of the employee's base salary as it was on June 30, ~~2001~~ *2003*.

~~(d) Effective on the first day of the pay period that includes an employee's anniversary date during the fiscal years ending June 30, 2002, and June 30, 2003, the employee's base salary must be increased by 4% or by a lesser amount so that the employee's base salary after the increase does not exceed the maximum salary of the pay grade as provided in subsection (1)(f). An employee's base salary increases resulting from subsection (1)(e) and this subsection may not exceed a maximum of 4% in each fiscal year. For employees hired on or before September 30, 1994, the anniversary date is October 1.~~

(d) Effective on the first day of the first complete pay period that includes January 1, 2005, the base salary of each employee must be increased by an amount equal to 25 cents an hour or by a lesser amount so that the employee's base salary after the increase does not exceed the maximum salary of the pay grade as provided in subsection (1)(f).

(e) An employee's base salary may be no less than the entry salary for the employee's assigned grade.

(f) The maximum salary for each grade is determined by subtracting the entry salary from the market salary and adding that amount to the market salary.

(2) The pay ~~schedules~~ *schedule* provided in 2-18-312 and the provisions of subsection (1) of this section do not apply to those teachers or blue-collar occupations compensated under the pay schedules provided in 2-18-313 and 2-18-315.

(3) The pay schedules provided in 2-18-313 and 2-18-315 must be implemented as follows:

(a) (i) The pay ~~schedules~~ *schedules* provided for in 2-18-313 ~~indicate~~ *indicate* the annual compensation for teachers employed under the authority of the department of corrections or the department of public health and human services for fiscal years ~~2002~~ *2004* and ~~2003~~ *2005*.

(ii) The compensation of each teacher on July 1, ~~2001~~ *2003*, is the same as it was on June 30, ~~2001~~ *2003*.

~~(iii) On the first day of the first pay period that includes October 1 of each fiscal year, a teacher employed under the authority of the department of public health and human services or the department of corrections before October 1, 1994, shall advance one step on the appropriate pay schedule adopted in 2-18-313. A teacher hired after October 1, 1994, shall advance on the teacher's actual anniversary date.~~

(iii) Effective on the first day of the first complete pay period that includes January 1, 2005, the base salary of each teacher employed in the department of public health and human services and the department of corrections is the amount provided for the teacher's step and education level under 2-18-313(2). This subsection (3)(a)(iii) does not provide for a step advancement.

(b) The pay ~~schedules~~ *schedules* provided in 2-18-315 ~~indicate~~ *indicate* the maximum hourly compensation for fiscal years ending June 30, ~~2002~~ *2004*, and June 30, ~~2003~~ *2005*, for employees in apprentice trades and crafts and other blue-collar occupations recognized in the state blue-collar classification plan who are members of units that have collectively bargained separate classification and pay plans.

(c) The compensation of each employee on the first day of the first pay period in each fiscal year is that amount corresponding to the grade occupied on the last day of the preceding fiscal year.

(4) (a) (i) ~~A~~ *If the legislature authorizes a pay increase for state employees, a* member of a bargaining unit may not receive a pay increase until the employer's collective bargaining representative receives written notice that the employee's bargaining unit has ratified a completely integrated collective bargaining agreement ~~covering the biennium ending June 30, 2003~~.

(ii) If ratification of a completely integrated collective bargaining agreement, as required by subsection (4)(a)(i), is not completed by ~~July 1, 2001~~ *the date on which a legislatively authorized pay increase is implemented*, retroactivity to that date may be negotiated.

(iii) If ratification of a completely integrated collective bargaining agreement, as required by subsection (4)(a)(i), is not completed by ~~July 1, 2001~~ *the date on which a legislatively authorized pay increase is implemented*, members of the bargaining unit must continue to receive the compensation that they were receiving ~~as of June 30, 2001,~~ until an agreement is ratified.

(b) Methods of administration not inconsistent with the purpose of this part and necessary to properly implement the pay schedules and adjustments provided in 2-18-312, 2-18-313, 2-18-315, and this section may be provided for in collective bargaining agreements.

(5) The current wage or salary of an employee may not be reduced by the implementation of the pay schedules provided for in 2-18-312, 2-18-313, and 2-18-315.

(6) The department may authorize a separate pay schedule for classes of medical professionals if the rates provided in 2-18-312 are not sufficient to attract and retain fully licensed and qualified professionals.

(7) (a) The department may develop and implement an alternative pay and classification plan for certain classes, occupations, and work units. Pay for employees in the alternative pay and classification plan may be established and changed based on demonstrated competencies and accomplishments, on the labor market, and on other situations defined by the department.

(b) To the extent that the plan applies to employees within a collective bargaining unit, the implementation of the plan is a negotiable subject under 39-31-305.

(8) The department may develop programs that enable the department to mitigate problems associated with difficult recruitment, retention, transfer, or other exceptional circumstances. To the extent that the program applies to employees within a collective bargaining unit, it is a negotiable subject under 39-31-305.

(9) The department shall review the competitiveness of the compensation provided to all occupations under this part. If the department finds that substantial problems exist with recruitment and retention because of inadequate salaries when compared to competing employers, the department may establish criteria allowing an adjustment in pay or classification to mitigate the problems. To the extent that these adjustments apply to employees within a collective bargaining unit, the implementation of these adjustments is a negotiable subject under 39-31-305."

CHAPTER NO. 553

[HB 42]

AN ACT REQUIRING THE DEPARTMENT OF FISH, WILDLIFE, AND PARKS TO CALCULATE THE AMOUNT OF HABITAT AVAILABLE FOR ELK, DEER, AND ANTELOPE IN MONTANA; REQUIRING A DETERMINATION OF SUSTAINABLE POPULATIONS BASED ON THE HABITAT CALCULATION; REQUIRING THE DEPARTMENT TO MANAGE WITH THE OBJECTIVE THAT POPULATIONS OF ELK, DEER, AND ANTELOPE ARE AT OR BELOW THE POPULATION ESTIMATE; PROVIDING A FUNDING SOURCE; PROVIDING FOR ADJUSTMENTS BASED ON MANAGEMENT PROVISIONS IN THE MAXIMUM LICENSE NUMBERS THAT CAN BE ALLOCATED FOR RESIDENTS; AMENDING SECTIONS 87-1-201, 87-1-301, 87-2-104, 87-2-501, AND 87-2-513, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the universal mission of all wildlife management agencies includes an implied objective to manage wildlife within acceptable levels to ensure that wildlife does not become a nuisance or a hazard; and

WHEREAS, for over 70 years wildlife populations in Montana have continued to increase and the damage to private land as a result of this increased wildlife population has increased dramatically; and

WHEREAS, the Department of Fish, Wildlife, and Parks has historically included private land as part of the habitat equation in determining how much habitat is available for wildlife use in Montana; and

WHEREAS, the amount of habitat that is available for use by wildlife should be recalculated to accurately reflect the amount of habitat that is available without causing game damage to agricultural crops; and

WHEREAS, it is time for the Department of Fish, Wildlife, and Parks to use the tools that it has had available for many years, along with new tools to be implemented through this legislation, to manage Montana's wildlife populations in a sustainable manner.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. The purpose of [sections 1 through 5] is to require the commission, with advice of the department, to manage elk, deer, and antelope populations in a sustainable manner that keeps animal populations at a number that does not adversely affect Montana land.

Section 2. Calculation of available habitat. When determining the total acreage that serves as habitat for elk, deer, and antelope, the commission shall consider public land and private land for wildlife management or habitat enhancement purposes. This calculation must be reconsidered and provided to the public by October 1 of each odd-numbered year.

Section 3. Viable elk, deer, and antelope populations based on habitat acreage — reduction of populations as necessary. (1) Based on the habitat acreage that is determined pursuant to [section 2], the commission shall determine the appropriate elk, deer, and antelope numbers that can be viably sustained. The department shall consider the specific concerns of private landowners when determining sustainable numbers pursuant to this section.

(2) Once the sustainable population numbers are determined as provided in subsection (1), the department shall implement, through existing wildlife

management programs, necessary actions with the objective that the population of elk, deer, and antelope remains at or below the sustainable population. The programs may include but are not limited to:

(a) liberalized harvests;

(b) game damage hunts;

(c) landowner permits; or

(d) animal relocation.

(3) The department shall:

(a) manage with the objective that populations of elk, deer, and antelope are at or below the sustainable population number by January 1, 2009; and

(b) evaluate the elk, deer, and antelope populations on an annual basis and provide that information to the public.

Section 4. Sustainable elk, deer, and antelope populations program — funding. The department shall use money from the fish and game fund, as described in 87-1-601(3), to implement [sections 1 through 5].

Section 5. Rulemaking. (1) The department and the commission shall adjust existing wildlife management rules and plans to implement [sections 1 through 5].

(2) The department and the commission may adopt rules for determining sustainability. The commission shall consider average carrying capacity and use generally accepted animal unit factors for each species in each commission region.

(3) Any rules adopted by the department pursuant to subsection (2) must be adopted in a timely manner.

Section 6. Section 87-1-201, MCA, is amended to read:

"87-1-201. (Temporary) Powers and duties. It possesses all powers necessary to fulfill the duties prescribed by law and to bring actions in the proper courts of this state for the enforcement of the fish and game laws and the rules adopted by the department.

(2) The department shall enforce all the laws of the state respecting the protection, preservation, *management,* and propagation of fish, game, fur-bearing animals, and game and nongame birds within the state.

(5) The department may dispose of all property owned by the state used for the protection, preservation, *management,* and propagation of fish, game, fur-bearing animals, and game and nongame birds that is of no further value or use to the state and shall turn over the proceeds from the sale to the state treasurer to be credited to the fish and game account in the state special revenue fund.

(4) Except as provided in subsection (3)(b), a treatment ordered pursuant to this section may not affect the respondent's custody or course of treatment for a period of more than 3 months.

(5) In determining which of the alternatives in subsection (3) to order, the court shall choose the least restrictive alternatives necessary to protect the respondent and the public and to permit effective treatment.

(6) The court may authorize the chief medical officer of a facility or a physician designated by the court to administer appropriate medication involuntarily if the court finds that involuntary medication is necessary to protect the respondent or the public or to facilitate effective treatment. Medication may not be involuntarily administered to a patient unless the chief medical officer of the facility or a physician designated by the court approves it prior to the beginning of the involuntary administration and unless, if possible, a medication review committee reviews it prior to the beginning of the involuntary administration or, if prior review is not possible, within 5 working

days after the beginning of the involuntary administration. The medication review committee must include at least one person who is not an employee of the facility or program. The patient and the patient's attorney or advocate, if the patient has one, must receive adequate written notice of the date, time, and place of the review and must be allowed to appear and give testimony and evidence. The involuntary administration of medication must be again reviewed by the committee 14 days and 90 days after the beginning of the involuntary administration if medication is still being involuntarily administered. The mental disabilities board of visitors and the director of the department of public health and human services must be fully informed of the matter within 5 working days after the beginning of the involuntary administration. The director shall report to the governor on an annual basis.

(7) Satisfaction of any one of the criteria listed in 53-21-126(1) justifies commitment pursuant to this chapter. However, if the court relies solely upon the criterion provided in 53-21-126(1)(d), the court may require commitment only to a community facility or program or an appropriate course of treatment as provided in subsection (3)(b), and may not require commitment at the state hospital *or the Montana mental health nursing care center.*

(8) In ordering commitment pursuant to this section, the court shall make the following findings of fact:

(a) a detailed statement of the facts upon which the court found the respondent to be suffering from a mental disorder and requiring commitment;

(b) the alternatives for treatment that were considered;

(c) the alternatives available for treatment of the respondent;

(d) the reason that any treatment alternatives were determined to be unsuitable for the respondent;

(e) the name of the facility, program, or individual to be responsible for the management and supervision of the respondent's treatment;

(f) if the order includes a requirement for inpatient treatment, the reason inpatient treatment was chosen from among other alternatives;

(g) if the order commits the respondent to the Montana mental health nursing care center, a finding that the respondent meets the admission criteria of the center and that the superintendent of the center has issued a written authorization specifying a date and time for admission; and

~~(g)~~*(h)* if the order includes involuntary medication, the reason involuntary medication was chosen from among other alternatives."

Section 2. Section 53-21-128, MCA, is amended to read:

"53-21-128. Petition for extension of commitment period. (1) (a) Not less than 2 calendar weeks prior to the end of the 3-month period of commitment to the state hospital *or the Montana mental health nursing care center* or the period of commitment to a community facility or program or a course of treatment provided for in 53-21-127, the professional person in charge of the patient at the place of commitment may petition the district court in the county where the patient is committed for extension of the commitment period unless otherwise ordered by the original committing court. The petition must be accompanied by a written report and evaluation of the patient's mental and physical condition. The report must describe any tests and evaluation devices that have been employed in evaluating the patient, the course of treatment that

was undertaken for the patient, and the future course of treatment anticipated by the professional person.

(b) Upon the filing of the petition, the court shall give written notice of the filing of the petition to the patient, the patient's next of kin, if reasonably available, the friend of respondent appointed by the court, and the patient's counsel. If any person notified requests a hearing prior to the termination of the previous commitment authority, the court shall immediately set a time and place for a hearing on a date not more than 10 days from the receipt of the request and notify the same people, including the professional person in charge of the patient. If a hearing is not requested, the court shall enter an order of commitment for a period not to exceed 6 months.

(c) Procedure on the petition for extension when a hearing has been requested must be the same in all respects as the procedure on the petition for the original 3-month commitment except the patient is not entitled to trial by jury. The hearing must be held in the district court having jurisdiction over the facility in which the patient is detained unless otherwise ordered by the court. Court costs and witness fees, if any, must be paid by the county that paid the same costs in the initial commitment proceedings.

(d) If upon the hearing the court finds the patient not to be suffering from a mental disorder and requiring commitment within the meaning of this part, the patient must be discharged and the petition dismissed. If the court finds that the patient continues to suffer from a mental disorder and to require commitment, the court shall order commitment as set forth in 53-21-127(3). However, an order may not affect the patient's custody for more than 6 months. In its order, the court shall describe what alternatives for treatment of the patient are available, what alternatives were investigated, and why the investigated alternatives were not found suitable. The court may not order continuation of an alternative that does not include a comprehensive, individualized plan of treatment for the patient. A court order for the continuation of an alternative must include a specific finding that a comprehensive, individualized plan of treatment exists.

(2) Prior to the end of the period of commitment to a community facility or program or course of treatment, a respondent may request that the treating provider petition the district court for an extension of the commitment order. The petition must be accompanied by a written report and evaluation of the respondent's mental and physical condition, an updated treatment plan, and a written statement by the respondent that an extension is desired. The extension procedure must follow the procedure required in subsections (1)(b) through (1)(d).

(3) Further extensions under subsection (1) or (2) may be obtained under the same procedure described in subsection (1). However, the patient's custody may not be affected for more than 1 year without a renewal of the commitment under the procedures set forth in subsection (1), including a statement of the findings required by subsection (1)."

Section 3. Section 53-21-414, MCA, is amended to read:

"53-21-414. Admissions to mental health nursing care center. (1) The Montana mental health nursing care center may admit patients on a voluntary basis according to admission criteria and procedures established in administrative rules *and by involuntary commitment pursuant to 53-21-127(3)(c)*.

(2) A patient involuntarily committed to the Montana state hospital may be transferred by the department of public health and human services to the Montana mental health nursing care center if the patient meets the admission criteria of the center. The department shall notify the patient, the patient's next of kin, and the mental disabilities board of visitors at least 15 days before the transfer. If a person or entity notified by the department objects to the transfer, the person or entity may petition the district court for a hearing to review whether the transfer is necessary and appropriate to meet the needs of the patient. The notice required by this subsection must include notification of the right to petition the district court pursuant to this subsection. Section 53-21-128 applies to extensions of involuntary commitment of patients to the center.

(3) Except as provided in 53-21-413(2) and subsection (2) of this section, patients involuntarily transferred to the center have the rights provided in this chapter."

However, this chapter may not be construed to limit the administrative or judicial authority of the state to ensure that medical care is provided to the child when there is imminent substantial risk of serious harm to the child.

(5) "Best interests of the child" means the physical, mental, and psychological conditions and needs of the child and any other factor considered by the court to be relevant to the child.

(18) (a) "Protective services" mean services provided by the department:

(i) to enable a child alleged to have been abused or neglected to remain safely in the home;

(ii) to enable a child alleged to have been abused or neglected who has been removed from the home to safely return to the home; or

(iii) to achieve permanency for a child adjudicated as a youth in need of care when circumstances and the best interests of the child prevent reunification with parents or a return to the home.

(b) The term includes emergency protective services provided pursuant to 41-3-301, voluntary protective services provided pursuant to 41-3-302, and court-ordered protective services provided pursuant to parts 4 and 6 of this chapter.

~~(22)~~*(23)* "Sexual exploitation" means allowing, permitting, or encouraging a child to engage in a prostitution offense, as described in 45-5-601 through 45-5-603, or allowing, permitting, or encouraging sexual abuse of children as described in 45-5-625.

~~(24)~~*(25)* "Treatment plan" means a written agreement between the department and the parent or guardian or a court order that includes action that must be taken to resolve the condition or conduct of the parent or guardian that resulted in the need for protective services for the child. (i) the infant is chronically and irreversibly comatose;

(ii) the provision of treatment would:

(A) merely prolong dying;

(B) not be effective in ameliorating or correcting all of the infant's life-threatening conditions; or

(C) otherwise be futile in terms of the survival of the infant; or

(iii) the provision of treatment would be virtually futile in terms of the survival of the infant and the treatment itself under the circumstances would be inhumane. For purposes of this subsection ~~(26)~~ *(27)*, "infant" means an infant less than 1 year of age or an infant 1 year of age or older who has been continuously hospitalized since birth, who was born extremely prematurely, or who has a long-term disability. The reference to less than 1 year of age may not be construed to imply that treatment should be changed or discontinued when an infant reaches 1 year of age or to affect or limit any existing protections available under state laws regarding medical neglect of children 1 year of age or older.

~~(27)~~*(28)* "Youth in need of care" means a youth who has been adjudicated or determined, after a hearing, to be or to have been abused, neglected, or abandoned."

Section 2. Section 41-3-202, MCA, is amended to read:

"41-3-202. Action on reporting. (1) Upon receipt of a report that a child is or has been abused or neglected, the department shall promptly assess the information contained in the report and make a determination regarding the level of response required and the timeframe within which action must be initiated. If the department determines that an investigation is required, a social worker, the county attorney, or a peace officer shall promptly conduct a thorough investigation into the circumstances surrounding the allegations of abuse or neglect of the child. The investigation may include an investigation at the home of the child involved, the child's school or day-care facility, or any other place where the child is present and into all other nonfinancial matters that in the discretion of the investigator are relevant to the investigation. In conducting an investigation under this section, a social worker may not inquire into the financial status of the child's family or of any other person responsible for the child's care, except as necessary to ascertain eligibility for state or federal assistance programs or to comply with the provisions of 41-3-446.

(2) An initial investigation of alleged abuse or neglect may be conducted when an anonymous report is received. However, the investigation must within 48 hours develop independent, corroborative, and attributable information in order for the investigation to continue. Without the development of independent, corroborative, and attributable information, a child may not be removed from the home.

(3) The social worker is responsible for assessing the family and planning for the child. If the child is treated at a medical facility, the social worker, county attorney, or peace officer, consistent with reasonable medical practice, has the right of access to the child for interviews, photographs, and securing physical evidence and has the right of access to relevant hospital and medical records pertaining to the child. If a child interview is considered necessary, the social worker, county attorney, or peace officer may conduct an interview of the child. The interview may be conducted in the presence of the parent or guardian or an employee of the school or day-care facility attended by the child.

(4) Subject to 41-3-205(3), if the child's interview is audiotaped or videotaped, an unedited audiotape or videotape with audio track must be made available, upon request, for unencumbered review by the family.

(5) (a) If from the investigation the department has reasonable cause to suspect that the child suffered abuse or neglect, the department may provide *emergency* protective services to the child, pursuant to 41-3-301, *or voluntary*

protective services, pursuant to 41-3-302, and may provide protective services to any other child under the same care. The department shall:

(i) after interviewing the parent or guardian, if reasonably available, document its determination regarding abuse or neglect of a child; and

(ii) notify the child's family of its investigation and determination, unless the notification can reasonably be expected to result in harm to the child or other person.

(b) If from the investigation it is determined that the child has not suffered abuse or neglect and the initial report is determined to be unfounded, the department and the social worker, county attorney, or peace officer who conducted the investigation into the circumstances surrounding the allegations of abuse or neglect shall destroy all of their records concerning the report and the investigation. The destruction must be completed within 30 days of the determination that the child has not suffered abuse or neglect.

(6) The investigating social worker, within 60 days of commencing an investigation, shall also furnish a written report to the department and, upon request, to the family. Subject to subsection (5)(b), the department shall maintain a record system documenting investigations and determinations of child abuse and neglect cases.

(7) Any person reporting abuse or neglect that involves acts or omissions on the part of a public or private residential institution, home, facility, or agency is responsible for ensuring that the report is made to the department through its local office."

Section 3. Section 41-3-301, MCA, is amended to read:

"41-3-301. Emergency protective service. (1) Any child protective social worker of the department, a peace officer, or the county attorney who has reason to believe any youth is in immediate or apparent danger of harm may immediately remove the youth and place the youth in a protective facility. The department may make a request for further assistance from the law enforcement agency or take appropriate legal action. The person or agency placing the child shall notify the parents, parent, guardian, or other person having legal custody of the youth at the time the placement is made or as soon after placement as possible. Notification under this subsection must include the reason for removal, information regarding the show cause hearing, and the purpose of the show cause hearing.

(2) A child who has been removed from the child's home or any other place for the child's protection or care may not be placed in a jail.

(3) An abuse and neglect petition must be filed within 2 working days, excluding weekends and holidays, of emergency placement of a child unless ~~arrangements acceptable to the agency for the care of the child have been made by the parents.~~ *arrangements acceptable to the agency for the care of the child have been made by the parents or voluntary protective services are provided pursuant to 41-3-302.*

(4) A show cause hearing must be held within 10 days, excluding weekends and holidays, of the filing of the initial petition unless otherwise stipulated by the parties pursuant to 41-3-434.

~~(4)~~*(5)* The department shall make the necessary arrangements for the child's well-being as are required prior to the court hearing."

Section 4. Section 41-3-302, MCA, is amended to read:

"41-3-302. Responsibility of providing protective services — *voluntary protective services agreement.* (1) The department of public health and human services has the primary responsibility to provide the protective services authorized by this chapter and has the authority pursuant to this chapter to take temporary or permanent custody of a child when ordered to do so by the court, including the right to give consent to adoption.

(2) The department shall respond to emergency reports of known or suspected child abuse or neglect 24 hours a day, 7 days a week.

(3) (a) The department may provide voluntary protective services by entering into a written voluntary protective services agreement with a parent or other person responsible for a child's welfare for the purpose of keeping the child safely in the home.

(b) The department shall inform a parent or other person responsible for a child's welfare who is considering entering into a voluntary protective services agreement that the parent or other person may have another person of the parent's or responsible person's choice present whenever the terms of the voluntary protective services agreement are under discussion by the parent or other person responsible for the child's welfare and the department. Reasonable accommodations must be made regarding the time and place of meetings at which a voluntary protective services agreement is discussed.

(4) A voluntary protective services agreement may include provisions for:

(a) a family group conference and implementation of safety plans developed during the conference;

(b) a professional evaluation and treatment of a parent or child, or both;

(c) a safety plan for the child;

(d) in-home services aimed at permitting the child to remain safely in the home;

(e) temporary relocation of a parent in order to permit the child to remain safely in the home;

(f) a 30-day temporary out-of-home protective placement; or

(g) any other terms or conditions agreed upon by the parties that would allow the child to remain safely in the home or allow the child to safely return to the home within the 30-day period, including referrals to other service providers.

(5) A voluntary protective services agreement is subject to termination by either party at any time. Termination of a voluntary protective services agreement does not preclude the department from filing a petition pursuant to 41-3-422 in any case in which the department determines that there is a risk of harm to a child.

(6) If a voluntary protective services agreement is terminated by a party to the agreement, a child who has been placed in a temporary out-of-home placement pursuant to the agreement must be returned to the parents within 2 working days of termination of the agreement unless an abuse and neglect petition is filed by the department."

Section 5. Section 41-3-423, MCA, is amended to read:

"41-3-423. Reasonable efforts required to prevent removal of child or to return — exemption — findings — permanency plan. (1) The department shall make reasonable efforts to prevent the necessity of removal of a child from the child's home and to reunify families that have been separated by

the state. Reasonable efforts include but are not limited to *voluntary protective services agreements,* development of individual written case plans specifying state efforts to reunify families, placement in the least disruptive setting possible, provision of services pursuant to a case plan, and periodic review of each case to ensure timely progress toward reunification or permanent placement. In determining preservation or reunification services to be provided and in making reasonable efforts at providing preservation or reunification services, the child's health and safety are of paramount concern. ~~The court shall review the services provided by the agency.~~

(2) Except in a proceeding subject to the federal Indian Child Welfare Act, the department may, at any time during an abuse and neglect proceeding, make a request for a determination that preservation or reunification services need not be provided. If an indigent parent is not already represented by counsel, counsel must be appointed by the court at the time that a request is made for a determination under this subsection. A court may make a finding that the department need not make reasonable efforts to provide preservation or reunification services if the court finds that the parent has:

(a) subjected a child to aggravated circumstances, including but not limited to abandonment, torture, chronic abuse, or sexual abuse or chronic, severe neglect of a child;

(b) committed, aided, abetted, attempted, conspired, or solicited deliberate or mitigated deliberate homicide of a child;

(c) committed aggravated assault against a child;

(d) committed neglect of a child that resulted in serious bodily injury or death; or

(e) had parental rights to the child's sibling or other child of the parent involuntarily terminated and the circumstances related to the termination of parental rights are relevant to the parent's ability to adequately care for the child at issue.

(3) Preservation or reunification services are not required for a putative father, as defined in 42-2-201, if the court makes a finding that the putative father has failed to do any of the following:

(a) contribute to the support of the child for an aggregate period of 1 year, although able to do so;

(b) establish a substantial relationship with the child. A substantial relationship is demonstrated by:

(i) visiting the child at least monthly when physically and financially able to do so; or

(ii) having regular contact with the child or with the person or agency having the care and custody of the child when physically and financially able to do so; and

(iii) manifesting an ability and willingness to assume legal and physical custody of the child if the child was not in the physical custody of the other parent.

(c) register with the putative father registry pursuant to Title 42, chapter 2, part 2, and the person has not been:

(i) adjudicated in Montana to be the father of the child for the purposes of child support; or

(ii) recorded on the child's birth certificate as the child's father.

(4) A judicial finding that preservation or reunification services are not necessary under this section must be supported by clear and convincing evidence.

(5) If the court finds that preservation or reunification services are not necessary pursuant to subsection (2) or (3), a permanency hearing must be held within 30 days of that determination and reasonable efforts must be made to place the child in a timely manner in accordance with the permanency plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If reasonable efforts have been made to prevent removal of a child from the home or to return a child to the child's home but continuation of the efforts is determined by the court to be inconsistent with the permanency plan for the child, the department shall make reasonable efforts to place the child in a timely manner in accordance with the permanency plan and to complete whatever steps are necessary to finalize the permanent placement of the child. Reasonable efforts to place a child permanently for adoption or to make an alternative out-of-home permanent placement may be made concurrently with reasonable efforts to return a child to the child's home. Concurrent planning may be used.

(7) When determining whether the department has made reasonable efforts to prevent the necessity of removal of a child from the child's home or to reunify families that have been separated by the state, the court shall review the services provided by the agency including, if applicable, protective services provided pursuant to 41-3-302."

Section 6. Dismissal. Unless the petition has been previously dismissed, the court shall dismiss an abuse and neglect petition on the motion of a party, or on its own motion, in any case in which all of the following criteria are met:

(1) a child who has been placed in foster care is reunited with the child's parents and returned home;

(2) the child remains in the home for a minimum of six months with no additional confirmed reports of child abuse or neglect; and

(3) the department determines and informs the court that the issues that led to department intervention have been resolved and that no reason exists for further department intervention or monitoring.

Section 7. Codification instruction. [Section 6] is intended to be codified as an integral part of Title 41, chapter 3, part 4, and the provisions of Title 41, chapter 3, part 4, apply to [section 6].

Section 2. Section 61-5-107, MCA, is amended to read:

"61-5-107. Application for license, instruction permit, or motorcycle endorsement. (1) Each application for an instruction permit, driver's license, or motorcycle endorsement must be made upon a form furnished by the department. Each application must be accompanied by the proper fee, and payment of the fee entitles the applicant to not more than three attempts to pass the examination within a period of 6 months from the date of application. A voter registration form for mail registration as prescribed by the secretary of state must be attached to each driver's license application. If the applicant wishes to register to vote, the department shall accept the registration and forward the form to the election administrator.

(2) Each application must include the full legal name, date of birth, sex, residence address of the applicant [and the applicant's social security number], must include a brief description of the applicant, and must include a statement that allows the department to determine if:

(a) the applicant has previously been licensed as a driver or commercial vehicle operator, and, if so, when and by what state or country;

(b) When received, the driving records must be appended to the driver's record created and maintained in this state. The department may rely on information contained in driving records received under this section to determine the appropriate action to be taken against the applicant upon subsequent receipt of a report of a conviction or other conduct requiring suspension or revocation of a driver's license under state law. (Bracketed language terminates on occurrence of contingency—sec. 1, Ch. 27, L. 1999.)"

~~(e)~~*(d)* perjury or the making of a false affidavit or statement under oath to the department under this chapter or under any other law relating to the ownership or operation of motor vehicles; *or*

~~(f) conviction or forfeiture of bail not vacated upon three charges of reckless driving committed within a period of 12 months; or~~

~~(g)~~*(e)* negligent vehicular assault as defined in 45-5-205 involving a motor vehicle.

(2) ~~The department upon proper authority shall suspend the driver's license or the operating privilege of a driver upon receiving a record of the driver's conviction of or forfeiture of bail not vacated for~~ *The department shall suspend an individual's driver's license or driving privilege if the department receives notice from a court or another licensing jurisdiction that the individual has been convicted of any of the following offenses:*

Section 4. Section 61-5-206, MCA, is amended to read:

"61-5-206. Authority of department to suspend license or driving privilege or issue probationary license. (1) The department may suspend the driver's license or driving privilege of a driver without preliminary hearing upon a showing by its records or other sufficient evidence that the licensee:

~~(a) has been involved as a driver in any accident resulting in the death or personal injury of another or serious property damage;~~

~~(b) has been convicted with such frequency of serious offenses against traffic regulations governing the movement of vehicles as to indicate a disrespect for traffic laws and a disregard for the safety of other persons on the highways;~~

(2) However, the department may, in lieu of suspending the license or driving privilege, issue a probationary license to a driver, without preliminary hearing, upon a showing by its records or other sufficient evidence that the licensee's driving record would authorize suspension as provided in subsection (1). Upon issuance of a probationary license, the licensee is subject to the

restrictions set forth in the probationary license. The licensee's driving privilege may be suspended upon conviction or forfeiture of bail not vacated of any traffic violation during the period of probation. The licensee shall surrender to the department all driver's licenses that have been issued to the licensee before the probationary license may be issued. The licensee's refusal or neglect to surrender the licenses upon demand is grounds for suspending all licenses. Probationary licenses may be issued for a period not to exceed 12 months.

(3) Upon suspending the license of any person or upon placing the person on probation, as authorized in this section, the department shall immediately notify the licensee in writing and upon the licensee's request shall afford the licensee an opportunity for a hearing as early as practical, within 20 days after receipt of the request, in the county in which the licensee resides unless the department and the licensee agree that the hearing may be held in some other county. At the hearing, the department through its authorized agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a reexamination of the licensee. At the hearing, the department shall either rescind its order of suspension or probation or, for good cause, may affirm, reduce, or extend the period of probation or suspension of the license."

Section 5. Section 61-5-208, MCA, is amended to read:

"61-5-208. Period of suspension or revocation — probationary license — ignition interlock device required on second or subsequent offense. (1) The department may not suspend or revoke a driver's license or privilege to drive a motor vehicle on the public highways ~~for a period of more than 1 year~~, except as ~~otherwise~~ permitted by law.

(2) (a) Except as provided in 61-2-302, a person whose license or privilege to drive a motor vehicle on the public highways has been suspended or revoked may not have the license, endorsement, or privilege renewed or restored until the revocation or suspension period has been completed.

(b) When a person is convicted or forfeits bail or collateral not vacated for the offense of operating or being in actual physical control of a motor vehicle while under the influence of alcohol or any drug or a combination of alcohol or drugs or for the offense of operation of a motor vehicle by a person with alcohol concentration of 0.10 or more, the department shall, upon receiving a report of conviction or forfeiture of bail or collateral not vacated, suspend the driver's license or driving privilege of the person for a period of 6 months. Upon receiving a report of a conviction or forfeiture of bail or collateral for a second, third, or subsequent offense within 5 years of the first offense, the department shall ~~revoke~~ *suspend* the license or driving privilege of the person for a period of 1 year and, upon issuance of any restricted probationary license during the period of ~~revocation~~ *suspension*, restrict the person to driving only a motor vehicle equipped with a functioning ignition interlock device. If the 1-year period passes and the person has not completed a chemical dependency education course, treatment, or both, as ordered by the sentencing court, the license ~~revocation~~ *suspension* remains in effect until the course, treatment, or both, are completed.

(c) For the purposes of subsection (2)(b), a person is considered to have committed a second, third, or subsequent offense if fewer than 5 years have passed between the date of an offense that resulted in a prior conviction and the date of the offense that resulted in the most recent conviction.

(3) (a) If a person pays the reinstatement fee required in 61-2-107 and provides the department proof of compliance with an ignition interlock

restriction imposed under 61-8-442, the department shall stay the license suspension of a person who has been convicted of a violation of 61-8-401 or 61-8-406 and return the person's driver's license. The stay must remain in effect until the period of suspension has expired and any required chemical dependency education course, treatment, or both, have been completed.

(b) If the department receives notice from a court, peace officer, or ignition interlock vendor that the person has violated the court-imposed ignition interlock restriction by, including but not limited to operating a motor vehicle not equipped with the device, tampering with the device, or removing the device before the period of restriction has expired, the department shall lift the stay and reinstate the license suspension for the remainder of the time period. The department may not issue a probationary driver's license to a person whose license suspension has been reinstated because of violation of an ignition interlock restriction.

~~(4) The period for all revocations made mandatory by 61-5-205 is 1 year except as provided in subsection (2).~~

~~(5)~~*(4) (a)* ~~The~~ *Except as provided in subsection (4)(b), the* period of *suspension or* revocation for a person convicted of any offense that makes mandatory the *suspension or* revocation of the person's driver's license commences from the date of conviction or forfeiture of bail.

(b) A suspension commences from the last day of the prior suspension or revocation period if the suspension is for a conviction of driving with a suspended or revoked license.

~~(6)~~*(5)* If a person is convicted of a violation of 61-8-401 or 61-8-406 while operating a commercial motor vehicle, the department shall suspend the person's driver's license as provided in 61-8-802."

"61-5-212. Driving while license suspended or revoked — penalty — seizure of vehicle or rendering vehicle inoperable. (1) A person who drives a motor vehicle or commercial motor vehicle on any public highway of this state at a time when the person's privilege to do so is suspended or revoked in this state or any other state is guilty of a misdemeanor and upon conviction shall be punished by imprisonment for not less than 2 days or more than 6 months and may be fined not more than $500.

(2) The department upon receiving a record of the conviction of any person under this section upon a charge of driving a vehicle while the person's driver's license was suspended or revoked shall extend the period of suspension or revocation for an additional ~~like~~ *1-year* period.

(3) The vehicle owned and operated at the time of an offense under this section by a person whose driver's license is suspended ~~or revoked~~ for violating the provisions of 61-8-401, 61-8-402, 61-8-406, 61-8-409, or 61-8-410 must, upon a person's first conviction, be seized or rendered inoperable by the county sheriff of the convicted person's county of residence for a period of 30 days.

(4) The sentencing court shall order the action provided for under subsection (3) and shall specify the date on which the vehicle is to be returned or again rendered operable. The vehicle must be seized or rendered inoperable by the sheriff within 10 days after the conviction.

(5) A convicted person is responsible for all costs associated with actions taken under subsection (3). Joint ownership of the vehicle with another person

does not prohibit the actions required by subsection (3) unless the sentencing court determines that those actions would constitute an extreme hardship on a joint owner who is determined to be without fault.

(6) A court may not suspend or defer imposition of penalties provided by this section."

Section 7. Section 61-7-103, MCA, is amended to read:

"61-7-103. Accidents involving death or personal injuries. (3) The department shall revoke the license or permit to drive of any resident and any nonresident operating privilege of ~~any~~ *a* person ~~so~~ convicted *of violating this section* for the period prescribed in ~~61-5-208~~ *61-5-205*."

Section 8. Section 61-8-402, MCA, is amended to read:

(2) (a) The test or tests must be administered at the direction of a peace officer when:

(i) the officer has reasonable grounds to believe that the person has been driving or has been in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol, drugs, or a combination of the two and the person has been placed under arrest for a violation of 61-8-401;

(ii) the person is under the age of 21 and has been placed under arrest for a violation of 61-8-410; or

(iii) the officer has probable cause to believe that the person was driving or in actual physical control of a vehicle in violation of 61-8-401 and the person has been involved in a motor vehicle accident or collision resulting in property damage, bodily injury, or death.

(b) The arresting or investigating officer may designate which test or tests are administered.

(3) A person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal is considered not to have withdrawn the consent provided by subsection (1).

(4) If an arrested person refuses to submit to one or more tests requested and designated by the officer as provided in subsection (2), the refused test or tests

may not be given, but the officer shall, on behalf of the department, immediately seize the person's driver's license. The peace officer shall immediately forward the license to the department, along with a report certified under penalty of law stating which of the conditions set forth in subsection (2)(a) provides the basis for the testing request and confirming that the person refused to submit to one or more tests requested and designated by the peace officer. Upon receipt of the report, the department shall suspend the license for the period provided in subsection (6).

(5) Upon seizure of a driver's license, the peace officer shall issue, on behalf of the department, a temporary driving permit, which is effective 12 hours after issuance and is valid for 5 days following the date of issuance, and shall provide the driver with written notice of the license suspension ~~or revocation~~ and the right to a hearing provided in 61-8-403.

(6) The following suspension ~~and revocation~~ periods are applicable upon refusal to submit to one or more tests:

(b) upon a second or subsequent refusal within 5 years of a previous refusal, as determined from the records of the department, a ~~revocation~~ *suspension* of 1 year with no provision for a restricted probationary license.

(7) A nonresident driver's license seized under this section must be sent by the department to the licensing authority of the nonresident's home state with a report of the nonresident's refusal to submit to one or more tests.

(8) The department may recognize the seizure of a license of a tribal member by a peace officer acting under the authority of a tribal government or an order issued by a tribal court suspending, revoking, or reinstating a license or adjudicating a license seizure if the actions are conducted pursuant to tribal law or regulation requiring alcohol or drug testing of motor vehicle operators and the conduct giving rise to the actions occurred within the exterior boundaries of a federally recognized Indian reservation in this state. Action by the department under this subsection is not reviewable under 61-8-403.

(9) A suspension under this section is subject to review as provided in this part.

(10) This section does not apply to blood and breath tests, samples, and analyses used for purposes of medical treatment or care of an injured motorist or related to a lawful seizure for a suspected violation of an offense not in this part."

Section 9. Section 61-8-409, MCA, is amended to read:

"61-8-409. Preliminary alcohol screening test. (1) A person who operates or is in actual physical control of a vehicle upon ways of this state open to the public is considered to have given consent to a preliminary alcohol screening test of the person's breath, for the purpose of estimating the person's alcohol concentration, upon the request of a peace officer who has a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol or in violation of 61-8-410.

(2) The person's obligation to submit to a test under 61-8-402 is not satisfied by the person submitting to a preliminary alcohol screening test pursuant to this section.

(3) The peace officer shall inform the person of the right to refuse the test and that the refusal to submit to the preliminary alcohol screening test will result in the suspension ~~or revocation~~ for up to 1 year of that person's driver's license.

(4) If the person refuses to submit to a test under this section, a test will not be given. However, the refusal is sufficient cause to suspend ~~or revoke~~ the person's driver's license as provided in 61-8-402.

(5) A hearing as provided for in 61-8-403 must be available. The issues in the hearing must be limited to determining whether a peace officer had a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol or in violation of 61-8-410 and whether the person refused to submit to the test.

(6) The provisions of 61-8-402 (3) through (8) that do not conflict with this section are applicable to refusals under this section. If a person refuses a test requested under 61-8-402 and this section for the same incident, the department may not consider each a separate refusal for purposes of suspension ~~or revocation~~ under 61-8-402.

(7) A test may not be conducted or requested under this section unless both the peace officer and the instrument used to conduct the preliminary alcohol screening test have been certified by the department pursuant to rules adopted under the authority of 61-8-405(5)."

"61-8-734. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — conviction defined — place of imprisonment — home arrest — exceptions — deferral of sentence not allowed. (1) (a) For the purpose of determining the number of convictions under 61-8-714 or 61-8-722 for a violation of 61-8-401 or 61-8-406, "conviction" means a final conviction, as defined in 45-2-101, in this state; conviction for a violation of a similar statute or regulation in another state, or a federally recognized Indian reservation; or a forfeiture of bail or collateral deposited to secure the defendant's appearance in court in this state, another state, or a federally recognized Indian reservation, which forfeiture has not been vacated.

(c) A previous conviction under 61-8-714 or 61-8-722 for violation of 61-8-401 or 61-8-406 may be counted for purposes of determining the number of a subsequent conviction for violation of either 61-8-401 or 61-8-406.

(2) Except as provided in 61-8-731, the court may order that a term of imprisonment imposed under 61-8-714 or 61-8-722 be served in another facility made available by the county and approved by the sentencing court. The defendant, if financially able, shall bear the expense of the imprisonment in the facility. The court may impose restrictions on the defendant's ability to leave the premises of the facility and require that the defendant follow the rules of that facility. The facility may be, but is not required to be, a community-based prerelease center as provided for in 53-1-203. The prerelease center may accept or reject a defendant referred by the sentencing court.

(4) A court may not defer imposition of sentence under 61-8-714, 61-8-722, or 61-8-731.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 10] may be cited as the "Montana High-Level Radioactive Waste and Transuranic Waste Transportation Act".

Section 2. Purpose. The purpose of [sections 1 through 10] is to enhance the safety of Montana's citizens by requiring a special permit, inspections, and monitoring of shipments of high-level radioactive waste and transuranic waste that travel through Montana by motor carrier or railroad.

Section 3. Definitions. As used in [sections 1 through 10], the following definitions apply:

(1) "High-level radioactive waste" means:

(a) the highly radioactive material resulting from the reprocessing of spent nuclear fuel, including liquid waste produced directly in reprocessing and any

solid material derived from the liquid waste that contains fission products in sufficient concentrations;

(b) irradiated reactor fuel; or

(c) other highly radioactive waste material that the U.S. nuclear regulatory commission has determined by rule requires permanent isolation.

(2) "Spent nuclear fuel" means fuel that has been withdrawn from a nuclear reactor following irradiation, the constituent elements of which have not been separated by reprocessing.

(3) "Transuranic waste" means material contaminated with elements that have an atomic number greater than 92, including neptunium, plutonium, americium, and curium, and that are in concentrations greater than 10 nanocuries per gram or in other concentrations that the U.S. nuclear regulatory commission may prescribe.

Section 4. Radioactive waste transportation monitoring, emergency response, and training account — purpose — disbursement. (1) There is an account in the state special revenue fund to be known as the radioactive waste transportation monitoring, emergency response, and training account administered by the disaster and emergency services division of the department of military affairs.

(2) The money deposited into this account by the department of transportation pursuant to [section 7] may be used only for the following purposes:

(a) to reimburse the highway patrol for expenses incurred in monitoring or providing escorts for motor carriers transporting high-level radioactive waste or transuranic waste through the state;

(b) to provide funding for training local emergency response personnel in handling radioactive waste accidents, spills, and other related emergencies; and

(c) to reimburse local emergency response entities for costs incurred in the event that an accident, spill, or other related emergency occurs.

(3) Prior to rulemaking provided for under [section 9(3)], the disaster and emergency services division of the department of military affairs shall coordinate with the public service commission and the department of transportation to provide to an appropriate legislative interim committee prior to the 59th legislature a plan that prioritizes prospective disbursement of money in the account described in subsection (1).

Section 5. Responsibilities of owner. (1) Prior to shipping high-level radioactive waste or transuranic waste through the state, an owner and the originating shipper if not the owner shall provide to the transporter and to the disaster and emergency services division, within limits set by the regulating federal authority:

(a) a shipment description, including type of waste;

(b) a safety plan, which must be submitted to the disaster and emergency services division and which must include:

(i) the specifications of casks being used to transport the radioactive waste, including how the casks have been tested and certified;

(ii) proof of training of an owner's escorts for emergency situations, including accidents;

(iii) the intended route;

(iv) all safety precautions to be taken to prevent an accident; and

(v) emergency plans for threats to safety;

(c) proof of insurance or an indemnity bond. If the owner and the originating shipper if not the owner is covered by a federal insurance program for the transport of radioactive material, proof of coverage by that program is sufficient. If a federal insurance program does not cover the owner, the owner shall provide proof of a bond or indemnity insurance coverage as required by the regulating federal authority.

(d) proof of a radiotelephone or other working, two-way voice communications device approved by the nuclear regulatory commission for the main transporter and for each escort vehicle.

(2) An owner or the originating shipper if not the owner may not transport through the state any high-level radioactive waste or transuranic waste that is not properly sealed in a cask approved by the regulating federal authority.

Section 6. Transportation of radioactive waste through state — notification — responsibilities of division. (1) A person or entity may not ship high-level radioactive waste or transuranic waste through the state by rail or motor carrier unless the person or entity first notifies the disaster and emergency services division and the department of transportation, pays the appropriate fees, and obtains a permit.

(2) Upon receiving the notification required under subsection (1), the disaster and emergency services division shall notify the highway patrol, the public service commission, or other agencies as appropriate.

(3) The disaster and emergency services division shall reimburse the highway patrol for expenses incurred in monitoring or escorting motor carriers, as provided in [section 8], from money collected in the radioactive waste transportation monitoring, emergency response, and training account created in [section 4].

Section 7. Responsibilities of department of transportation — assessment and collection of fees — issuance of permits — inspection of motor carriers. (1) After receiving notification from the person or entity that plans to ship high-level radioactive waste or transuranic waste through the state, the department of transportation shall assess fees according to the following schedule:

(a) a fee of $2,500 must be assessed for each cask designed for transport by truck; and

(b) a fee of $4,500 must be assessed for the first cask designed for transport by rail and a fee of $3,000 for each additional cask designed for transport by rail that is shipped by the same person or entity in the same shipment.

(2) Payment of the fees provided in subsection (1) is the responsibility of the person or entity who owns the waste.

(3) Upon receipt of the fees provided in subsection (1), the department of transportation shall issue to the owner of the waste a permit that must be carried with the waste as it is traveling through the state.

(4) The department of transportation shall deposit all of the fees collected under this section in the radioactive waste transportation monitoring, emergency response, and training account created in [section 4].

(5) If the waste is to be transported through the state by motor carrier, the department of transportation shall coordinate with the highway patrol on the inspection of the motor carrier by the motor carrier services division.

(6) This section does not exempt the operator of a motor carrier from any of the provisions of Title 61, chapter 10, from Title 69, chapter 12, or from any other law that applies to the operation of motor vehicles in Montana.

(7) Fees under this section must be assessed regardless of ownership, and 61-3-321(5) and 61-10-127 do not apply.

Section 8. Responsibilities of highway patrol — monitoring of motor carriers — billing. (1) After receiving notification from the disaster and emergency services division that a motor carrier will be transporting high-level radioactive waste or transuranic waste through the state, the highway patrol shall establish a plan for monitoring the shipment.

(2) Monitoring a shipment by motor carrier may include escorting the vehicle through the state, establishing checkpoints, shadowing the vehicle, electronically following the vehicle's movements, or any other method determined by the highway patrol to be effective and safe.

(3) The highway patrol shall coordinate inspection of the motor carrier with the department of transportation's motor carrier services division.

(4) The highway patrol shall determine the cost that it has incurred in monitoring each motor carrier and shall submit a bill for reimbursement to the disaster and emergency services division for payment out of the account established in [section 4(1)] according to the priorities established in [section 4(3)].

(5) The routing of the transport by motor carrier of high-level radioactive waste and transuranic waste must be determined by the department of transportation and the appropriate regulating federal authority.

Section 9. Responsibilities of public service commission — inspection of rails and trains — agreements with neighboring states and provinces — rulemaking. (1) After receiving notification from the disaster and emergency services division that high-level radioactive waste or transuranic waste will be shipped by railroad through the state, the public service commission shall establish a plan for inspecting the rails and the trains, as authorized in Title 69, chapter 14, part 2, that will be involved in the transportation of the waste. The plan must include but is not limited to:

(a) coordination with the federal railroad administration on track and rolling stock inspections;

(b) inspection and approval by a federally certified inspector no later than 1 week prior to shipment; and

(c) a requirement that trains carrying radioactive waste or transuranic waste may not travel at greater than the speed required by federal regulations.

(2) The public service commission may enter into reciprocal agreements with adjacent states and bordering Canadian provinces that Montana's inspectors may inspect trains while they are stopped in those states or provinces before they cross the Montana border.

(3) The public service commission shall, in cooperation with the department of transportation, the disaster and emergency services division, and the

highway patrol, establish rules to carry out the provisions of [sections 1 through 10]. The rules must address:

(a) the process by which local authorities will be notified when a motor carrier or a train carrying high-level radioactive waste or transuranic waste is approaching their jurisdictions;

(b) which local authorities will receive notification;

(c) the process by which local governments and local emergency response entities may apply for and receive training and reimbursement money from the radioactive waste transportation monitoring, emergency response, and training account, as provided in [section 4];

(d) the criteria for qualifying to receive money from the account;

(e) acceptable means for monitoring a train that is carrying high-level radioactive waste or transuranic waste; and

(f) other processes or procedures that the public service commission, the department of transportation, the disaster and emergency services division, and the highway patrol determine are necessary to efficiently carry out the provisions of [sections 1 through 10] and to ensure the safe transportation of high-level radioactive waste or transuranic waste through Montana.

Section 10. Penalty. An owner found to be in violation of the provisions of [sections 5 through 9] shall be fined an amount of not more than $100,000 for each violation. In the case of an accidental spill of a cask containing transuranic waste or leakage of high-level radioactive waste, the penalty is in addition to any other liability. The department of justice is responsible for imposing and determining the amount of a fine.

Section 11. Codification instruction. [Sections 1 through 10] are intended to be codified as an integral part of Title 10, chapter 3, and the provisions of Title 10, chapter 3, apply to [sections 1 through 10].

Section 12. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 13. Effective date. [This act] is effective January 1, 2004.

An applicant who fails to provide proof of ownership shall provide a certified statement describing how the motorboat or sailboat 12 feet in length or longer was acquired, from whom acquired, if known, and other information requested by the department of justice.

(4) If a certificate of ownership has previously been issued under the provisions of this part, the application for a new certificate must be accompanied by the immediately previous certificate. ~~(2) The commission shall designate the public utility or one or more default suppliers to provide regulated default service for those small customers of a public utility that are not being served by a competitive electricity supplier.~~ *(1) Before July 1, 2027, all public utility customers of a public utility that has restructured in accordance with this chapter must have the opportunity to choose an electricity supplier other than the default supplier.*

(2) (a) A small customer of a public utility that has restructured in accordance with this chapter:

(i) must receive default supply services from the default supplier as provided in this chapter; and

(ii) may purchase electricity supply services through a commission-approved small customer electricity supply program as provided in this section.

(b) A small customer receiving electricity from a licensed supplier prior to [the effective date of this act] may continue to receive electricity supply from a supplier other than the default supplier.

(c) Customers that represent separately metered services with an estimated average monthly demand of less than 50 kilowatts related to the same individual customer referred to in subsection (3) or (4) may be combined with the respective eligible customer load or loads.

(3) (a) Subject to subsection (3)(b), a customer of a public utility that has restructured in accordance with this chapter and that has an individual load with an average monthly demand of less than 5,000 kilowatts but greater than or equal to 50 kilowatts may choose an electricity supplier.

(b) The total average monthly billing demand for all customers that choose an electricity supplier pursuant to subsection (3)(a) in each calendar year may not exceed 20,000 kilowatts.

(c) A customer referred to in subsection (3)(a) receiving electricity from a licensed supplier prior to [the effective date of this act] may continue to receive electricity supply from a supplier other than the default supplier.

(4) (a) Except as provided in subsections (4)(b) through (4)(e), a customer of a utility that has restructured in accordance with this chapter and that has an individual load with an average monthly demand of greater than or equal to 5,000 kilowatts shall purchase its entire electricity supply from the competitive marketplace.

(b) A customer referred to in subsection (4)(a) that is receiving its electricity supply from the competitive marketplace may make a one-time election to enter into a permanent power supply contract with the default supplier for service on or after July 1, 2004. These contracts must include the applicable provisions established by the commission pursuant to subsection (5). This election must be submitted to the commission in writing no later than December 31, 2003.

(c) A new customer with an estimated average monthly demand of greater than or equal to 5,000 kilowatts may enter into a power supply contract with the default supplier in order to receive default supply service. These contracts must include the applicable provisions established by the commission pursuant to subsection (5).

(d) A customer referred to in subsection (4)(a) that was receiving electricity from the default supplier on [the effective date of this act] may continue to receive electricity from the default supplier.

(e) A customer referred to in subsection (4)(a) that is a public agency, as defined in 18-1-101, may enter into a power supply contract with the default supplier for default supply service for all or part of the public agency's load. These contracts must include the applicable provisions established by the commission pursuant to subsection (5).

(5) The commission shall adopt rules and establish rates and fees to enable customers to have reasonable opportunities to choose an electricity supplier or to receive default supply service in accordance with subsections (2) through (4), while providing protection for small customers from higher or more unstable default supply service rates than would otherwise result if these choices were not offered.

(6) An electricity supplier licensed by the commission to offer electricity supply service to small customers may petition the commission for the opportunity to provide electricity to small customers. The total average monthly demand for all customers referred to in subsection (2)(a) in each calendar year that receive service from an electricity supplier that is not the default supplier may not exceed 10,000 kilowatts. The commission shall ensure that electricity supply service provided pursuant to this subsection is consistent with the requirements in subsection (5) and the provision of default supply service pursuant to this chapter.

(b) To the extent that a public utility described in subsection (9)(a) becomes the successor in interest of another public utility that has restructured in accordance with this chapter, it shall assume responsibility only for the applicable transition plan of the acquired public utility.

~~(4)~~*(10)* Upon a request from a public utility with fewer than 50 customers, the commission shall waive compliance with the requirements of 69-8-104, 69-8-202 through 69-8-204, 69-8-208 through 69-8-211, 69-8-402, and this section."

Section 9. Section 69-8-203, MCA, is amended to read:

"69-8-203. Public utility — ~~customer choice — continued service —~~ *customer choice* — education of customers. ~~(1) A customer is permitted to choose an electricity supplier pursuant to the deadlines established in 69-8-201. Public utilities shall propose a method for customers to choose an electricity supplier.~~

~~(2) If a customer has not chosen an electricity supplier by the end of the transition period, a city, county, or consolidated government that is licensed as an electricity supplier may, upon application to and approval by the commission, become the default supplier to residential and commercial customers of a public utility within its jurisdiction. For customers that are not within the jurisdiction of a licensed and approved city, county, or consolidated government electricity supplier area, a public utility shall propose a method in the public utility's transition plans for assigning that customer to an electricity supplier. The commission shall establish an application process and guidelines for the designation of one or more default suppliers for the distribution area of each public utility.~~

~~(3) A public utility may phase in customer choice to promote the orderly transition to a competitive market environment pursuant to the deadlines in 69-8-201.~~

~~(4) Public~~ *During the transition period, public* utilities shall educate their customers about customer choice *options* so that customers may make an informed choice ~~of an electricity supplier~~ *from among the options, including pilot programs, electricity supplier service options, and other electricity supply options available under default supply service*. ~~This education process must give special emphasis to education efforts during the transition period.~~"

Section 10. Section 69-8-204, MCA, is amended to read:

"69-8-204. Public utility — functional separation, divestiture, and nondiscrimination. (1) To the extent that a public utility is vertically integrated, a public utility shall functionally separate the public utility's electricity supply, retail transmission, ~~and~~ *retail* distribution, and regulated and unregulated retail energy services operations in the state of Montana, upon application to and approval from the commission.

~~(2) The commission may not order a public utility to divest itself of any generation assets or prohibit a public utility from divesting itself voluntarily of any generation assets.~~

~~(3)~~*(2)* Public utilities shall:

(a) prevent undue discrimination in favor of their own power supply, other services, divisions, or affiliates, if any;

(b) prevent any other forms of self-dealing that could result in noncompetitive electricity prices to customers; and

(c) grant customers and their electricity suppliers access to the public utility's retail transmission and distribution system on a nondiscriminatory basis at rates, terms, and conditions of service comparable to the use of the retail transmission and distribution system by the public utility and the public utility's affiliates.

~~(4)~~*(3)* The provisions of this section are satisfied if the public utility adopts and complies with a code of conduct consistent with the federal energy regulatory commission approved code of conduct pursuant to 18 CFR, part 37~~. The commission shall promulgate rules relating to the codes of conduct~~*, and commission rules and orders*."

Section 11. Section 69-8-208, MCA, is amended to read:

"69-8-208. Public utility — distribution services. ~~(1)~~ A public utility's distribution services provider shall:

~~(a)~~*(1)* file tariffs that make distribution facilities available to all electricity suppliers, transmission services providers, and customers on a nondiscriminatory and comparable basis;

~~(b)~~*(2)* build and maintain distribution facilities; ~~and~~

~~(c)~~*(3)* ~~be an emergency supplier of electricity and related services~~ *provide default supply service; and*

(4) provide or contract for emergency electricity supply and related services.

~~(2) When a distribution services provider acts as an emergency supplier of electricity and related services to customers, the electricity supplier that should have provided the electricity shall reimburse the distribution services provider at the higher of a multiple of the cost or a multiple of the then-existing market rate for that electricity. The commission shall determine and authorize the multiple used. The market rate is the highest published rate for electricity purchased within the local load control area at the time that the distribution services provider provided the emergency supply. A distribution services provider is not required to purchase any reserve supply of electricity to fulfill this obligation.~~"

Section 12. Section 69-8-210, MCA, is amended to read:

"69-8-210. Public utilities — electricity supply. ~~(1) On the effective date of a commission order implementing a public utility's transition plan pursuant to 69-8-202, the public utility shall remove its generation assets from the rate base.~~

~~(2) During the transition period, the commission may establish cost-based prices for electricity supply service for customers that do not have a choice of electricity supply service or that have not yet chosen an electricity supplier.~~

~~(3) If the transition period is extended, then the customers' distribution services provider shall:~~

~~(a) extend any cost-based contract with the distribution services provider's affiliate supplier for a term of not more than 3 years; or~~

~~(b) purchase electricity from the market; and~~

~~(c) use a mechanism that recovers electricity supply costs in rates to ensure that those costs are fully recovered.~~ *(1) A public utility's distribution services provider shall provide default supply service.*

(2) The commission shall adopt rules that establish guidelines that provide the basis for the default supplier's resource planning and procurement activities and the commission's review and consideration of the default supplier's requests for recovery of electricity supply costs.

(3) The commission shall establish an electricity cost recovery mechanism that allows a default supplier to fully recover prudently incurred electricity supply costs, subject to the provisions of subsection (2). The cost recovery mechanism must provide for prospective rate adjustments for cost differences resulting from cost changes, load changes, and the time value of money on the differences.

(4) The commission's review of the electricity supply costs incurred by a default supplier must be based on facts that were known or should reasonably have been known by the default supplier at the time it made the decisions that resulted in incurring the costs.

(5) The commission may direct a default supplier to offer its customers multiple default supply service options if the commission determines that those options are in the public interest and are consistent with the provisions of 69-8-104 and 69-8-201.

(6) Notwithstanding any service options that the commission may require pursuant to subsection (5), a default supplier shall offer its customers the option of purchasing a product composed of or supporting power from certified environmentally preferred resources that include but are not limited to wind, solar, geothermal, and biomass, subject to review and approval by the commission. The commission shall ensure that these resources have been certified as meeting industry-accepted standards.

regarding a public utility's ~~transition~~ *transition* plan, including costs, expenses, and reasonable fees related to issuing of ~~transition~~ *transition* bonds;

(c) the unmitigable ~~transition~~ *transition* costs related to public utility-owned generation and other power purchase contracts, except that recovery of those costs is limited to the amount accruing during the first 4 years after the commission enters an order pursuant to 69-8-202(3); and

(2) ~~Transition~~ *Transition* costs as determined by the commission upon an affirmative showing by a public utility must meet the following requirements:

(3) (a) On commission approval of the amount of a public utility's ~~transition~~ *transition* costs, those costs must be recovered through the imposition of a ~~transition~~ *transition* charge.

(b) A ~~transition~~ *transition* charge may not be collected from customers for:

(i) new or additional loads of 1,000 kilowatts or greater that were first served by the public utility after December 31, 1996; or

(ii) loads served by that customer's own generation.

(c) Subject to commission approval, a public utility and a customer may agree to alter the customer's ~~transition~~ *transition* charge payment schedule. Public utilities may file with the commission tariffs for electric service rates that foster economic development or retention of existing customers within the state, including generally available rate schedules. ~~Transition~~ *Transition* charges are the only charges that may be imposed upon a customer class to recover ~~transition~~ *transition* costs under this section. A separate exit fee may not be charged *under this section*.

(4) ~~Transition charges~~ *Transition charges* must be imposed within a ~~transition cost~~ *transition cost* recovery period approved by the commission on a case-by-case basis. Except for ~~transition~~ *transition* costs recovered under subsection (1)(c), categories of ~~transition~~ *transition* costs may have varying ~~transition cost~~ *transition costs* recovery periods.

(5) Approval of ~~transition~~ *transition* costs and collection of those ~~transition~~ *transition* costs through ~~transition~~ *transition* charges is a settlement of all ~~transition~~ *transition* costs claims by a public utility. A public utility seeking to recover ~~transition~~ *transition* costs through any means not authorized by this chapter may not collect ~~transition~~ *transition* charges with respect to these ~~transition~~ *transition* costs.

~~(6) Except as provided in subsection (7), public utilities shall implement a rate moratorium during the transition period from July 1, 2000, through June 30, 2002, and only for those customers subject to the provisions of 69-8-201(1)(b), public utilities may not increase that increment of rates normally allocated to electric supply-related costs above the increment associated with electric supply-related costs reflected in rates in effect on July 1, 1998. Public utilities may propose increases to those increments of rates normally allocated to transmission and distribution costs.~~

~~(7) Excepted from the provisions of subsection (6) are:~~

~~(a) increased costs related to universal system benefits programs greater than those currently in rates, including the treatment of universal system benefits program costs as an expense;~~

~~(b) increased costs necessary to implement full customer choice, including but not limited to metering, billing, and technology. Those costs must be recovered from the customers on whose behalf the increased costs are incurred.~~

~~(c) subject to commission approval, an extraordinary event resulting in an 8% power supply-related annual revenue requirement increase from July 1, 2000, through June 30, 2002;~~

~~(d) the increase or decrease in the annual state and local property tax expense that has occurred since May 2, 1997.~~

~~(8) Notwithstanding subsections (6) and (7), during the transition period, public utilities may not charge rates or collect costs that include costs reallocated to transition costs at a level higher than the public utility would reasonably expect to recover in rates had the current regulatory system remained intact.~~

~~(9) Public utilities shall apply savings resulting under 69-8-503 toward the rate moratorium pursuant to subsection (6).~~

~~(10) Before July 1, 2002, public utilities may accelerate the amortization of accumulated deferred investment tax credits associated with transmission, distribution, and the general plant as an adjustment to earnings if electric earnings fall below 9.5% earned return on average equity. The public utility may include the flow-through of investment tax credits so that the public utility's earned return on equity is maintained at 9.5%. Accumulated deferred investment tax credits amortized under this subsection may not be reflected in operating income for ratemaking purposes.~~

~~(11) The commission shall issue the accounting orders necessary to align rate moratorium timing and requirements to actual transition bonds savings.~~"

Section 14. Section 69-8-301, MCA, is amended to read:

"69-8-301. Cooperative utility — transition plan for customer choice. (1) Except as provided in 69-8-311, on or before July 1, 2006, the local governing body of a cooperative utility shall adopt a transition plan.

(2) (a) Except as provided in subsection (2)(b), transition plans must contain a transition period that may not end later than July 1, ~~2007~~ *2027*. At the conclusion of the transition period, all customers must have the opportunity to choose an electricity supplier.

(b) If after a pilot program for customers of a cooperative utility with loads less than 1,000 kilowatts a competitive market, technology, or other conditions precedent to full customer choice have not developed, then the transition plan may be altered by the cooperative utility's governing body for those customers.

(3) This chapter does not require the cooperative utility to divest itself of any generation, transmission, or distribution assets or prohibit a cooperative utility from divesting itself voluntarily of those assets.

(4) A cooperative utility's local governing body shall certify to the commission that the local governing body has adopted a transition plan. In the cooperative utility's certification filing, the cooperative utility shall provide to the commission documentation that the cooperative utility's transition plan is consistent with this chapter."

Section 15. Section 69-8-402, MCA, is amended to read:

"69-8-402. Universal system benefits programs. (1) Universal system benefits programs are established for the state of Montana to ensure continued funding of and new expenditures for energy conservation, renewable resource projects and applications, and low-income energy assistance ~~during the transition period and into the future~~.

(2) Beginning January 1, 1999, 2.4% of each utility's annual retail sales revenue in Montana for the calendar year ending December 31, 1995, is established as the initial funding level for universal system benefits programs. ~~To collect this amount of funds on an annualized basis in 1999, the commission shall establish rates for utilities subject to its jurisdiction and the governing boards of cooperatives shall establish rates for the cooperatives. Except as provided in subsection (7), these~~ *To collect this amount of funds on an annualized basis in 1999, the commission shall establish rates for utilities subject to its jurisdiction and the governing boards of cooperatives shall establish rates for the cooperatives. These* universal system benefits charge rates must remain in effect ~~until July 1, 2003~~ *through December 31, 2005*.

(a) The recovery of all universal system benefits programs costs imposed pursuant to this section is authorized through the imposition of a universal system benefits charge assessed at the meter for each local utility system customer as provided in this section.

(b) ~~Utilities~~ *A utility* must receive credit toward annual funding requirements for ~~a~~ *the* utility's internal programs or activities that qualify as universal system benefits programs, including those amortized or nonamortized portions of expenditures for the purchase of power that are for the acquisition or support of renewable energy, conservation-related activities, or low-income energy assistance, and for large customers' programs or activities as provided in subsection (7). The department of revenue shall review claimed credits of the utilities and large customers pursuant to 69-8-414.

(c) A utility's distribution services provider at which the sale of power for final end use occurs is the utility that receives credit for the universal system benefits programs expenditure.

(d) A customer's distribution services provider shall collect universal system benefits funds less any allowable credits.

(e) For a utility to receive credit for ~~low-income related~~ *low-income-related* expenditures, the activity must have taken place in Montana.

(f) If a utility's or a large customer's credit for internal activities does not satisfy the annual funding provisions of subsection (2), then the utility shall make a payment to the universal system benefits fund established in 69-8-412 for any difference.

(3) Cooperative utilities may collectively pool their statewide credits to satisfy their annual funding requirements for universal system benefits programs and low-income energy assistance.

(4) A utility's ~~transition~~ *transition* plan must describe how the utility proposes to provide for universal system benefits programs, including the methodologies, such as cost-effectiveness and need determination, used to measure the utility's level of contribution to each program.

(5) A utility's minimum annual funding requirement for low-income energy and weatherization assistance is established at 17% of the utility's annual universal system benefits funding level and is inclusive within the overall universal system benefits funding level.

(a) A utility must receive credit toward the utility's low-income energy assistance annual funding requirement for the utility's internal low-income energy assistance programs or activities.

(b) If a utility's credit for internal activities does not satisfy its annual funding requirement, then the utility shall make a payment for any difference to the universal low-income energy assistance fund established in 69-8-412.

(6) An individual customer may not bear a disproportionate share of the local utility's funding requirements, and a sliding scale must be implemented to provide a more equitable distribution of program costs.

(7) (a) A large customer:

(i) shall pay a universal system benefits programs charge with respect to the large customer's qualifying load equal to the lesser of:

(A) $500,000, less the large customer credits provided for in this subsection (7); or

(B) the product of 0.9 mills per kilowatt hour multiplied by the large customer's total kilowatt hour purchases, less large customer credits with respect to that qualifying load provided for in this subsection (7);

(ii) must receive credit toward that large customer's universal system benefits charge for internal expenditures and activities that qualify as a universal system benefits programs expenditure, and these internal expenditures must include but not be limited to:

(A) expenditures that result in a reduction in the consumption of electrical energy in the large customer's facility; and

(B) those amortized or nonamortized portions of expenditures for the purchase of power at retail or wholesale that are for the acquisition or support of renewable energy or conservation-related activities.

(b) Large customers making these expenditures must receive a credit against the large customer's universal system benefits charge, except that any of those amounts expended in a calendar year that exceed that large customer's universal system benefits charge for the calendar year must be used as a credit against those charges in future years until the total amount of those expenditures has been credited against that large customer's universal system benefits charges.

(8) A public utility shall prepare and submit an annual summary report of the public utility's activities relating to all universal system benefits programs to the commission~~,~~, the department of revenue~~, and the transition advisory committee provided for in 69-8-501~~, *and the energy and telecommunications interim committee provided for in [section 3]*. A cooperative utility shall prepare and submit annual summary reports of activities to the cooperative utility's respective local governing body~~,~~, the statewide cooperative utility office~~, and the transition advisory committee~~, *and the energy and telecommunications interim committee*. The statewide cooperative utility office shall prepare and submit an annual summary report of the activities of individual cooperative utilities, including a summary of the pooling of statewide credits, as provided in subsection (3), to the department of revenue ~~and to the transition advisory committee~~ *and the energy and telecommunications interim committee*. The annual report of a public utility or of the statewide cooperative utility office must include but is not limited to:

(a) the types of internal utility and customer programs being used to satisfy the provisions of this chapter;

(b) the level of funding for those programs relative to the annual funding requirements prescribed in subsection (2); and

(c) any payments made to the statewide funds in the event that internal funding was below the prescribed annual funding requirements.

(9) A utility or large customer filing for a credit shall develop and maintain appropriate documentation to support the utility's or the large customer's claim for the credit.

(10) (a) A large customer claiming credits for a calendar year shall submit an annual summary report of its universal system benefits programs activities and expenditures to the department of revenue and to the large customer's utility. The annual report of a large customer must identify each qualifying project or expenditure for which it has claimed a credit and the amount of the credit. Prior approval by the department of revenue or the utility is not required, except as provided in subsection (10)(b).

(b) If a large customer claims a credit that the department of revenue disallows in whole or in part, the large customer is financially responsible for the disallowance. A large customer and the large customer's utility may mutually agree that credits claimed by the large customer be first approved by the utility. If the utility approves the large customer credit, the utility may be financially responsible for any subsequent disallowance."

Section 16. Section 69-8-403, MCA, is amended to read:

"69-8-403. Commission authority — rulemaking authority. (1) Beginning on the effective date of a commission order regarding a public utility's

~~transition~~ *transition* plan, the commission shall regulate the public utility's retail transmission, ~~and~~ distribution, *and default supply* services within the state of Montana, as provided in this chapter.~~, and may not regulate the price of electricity supply except as electricity supply may be procured as provided in this section:~~

~~(a) by one or more default suppliers for those customers not being served by a competitive supplier; or~~

~~(b) by the distribution function of a public utility for those customers that are not being served by a competitive electricity supplier as provided by commission rules. During the transition period, those procurements may include a cost-based contract from a supply affiliate or an unregulated division.~~

~~(2) The commission shall decide if there is workable competition in the electricity supply market by determining whether competition is sufficient to inhibit monopoly pricing or anticompetitive price leadership. In reaching a decision, the commission may not rely solely on market share estimates.~~

~~(3)~~*(2)* The commission shall license electricity suppliers and enforce licensing provisions pursuant to 69-8-404.

~~(4)~~*(3)* The commission shall promulgate rules that identify the licensees and ensure that the offered electricity supply is provided as offered and is adequate in terms of quality, safety, and reliability.

~~(5)~~*(4)* The commission shall establish just and reasonable rates through established ratemaking principles for public utility *default supply*, distribution, and transmission services and shall regulate these services. The commission may approve rates and charges for ~~electricity distribution and transmission~~ *those* services based on alternative forms of ratemaking such as performance-based ratemaking, on a demonstration by the public utility that the alternative method complies with this chapter, and on the public utility's ~~transition~~ *transition* plan.

~~(6)~~*(5)* The commission shall certify that a cooperative utility has adopted a ~~transition~~ *transition* plan that complies with this chapter. A cooperative utility's ~~transition~~ *transition* plan is considered certified 60 days after the cooperative utility files for certification.

~~(7)~~*(6)* The commission shall promulgate rules that protect consumers, distribution services providers, and electricity suppliers from anticompetitive and abusive practices.

~~(8) The commission shall license default suppliers and enforce default licensing provisions pursuant to 69-8-416.~~

~~(9) The commission shall promulgate rules for the licensing of default suppliers on or before December 1, 1999.~~

~~(10) Until the commission has determined that workable competition has developed for small customers, a default supplier's obligation to serve remains.~~

(7) (a) After July 1, 2010, the commission shall continuously monitor whether or not workable competition has developed for small customers.

(b) If the commission determines that workable competition has developed for small customers after July 1, 2010, the commission shall provide a report to the legislature that includes recommendations for legislative implementation of customer choice for small customers.

~~(11)~~*(8)* In addition to promulgating rules expressly provided for in this chapter, the commission may promulgate any other rules necessary to carry out the provision of this chapter.

~~(12)~~*(9)* This chapter does not give the commission the authority to:

(a) regulate cooperative utilities in any manner other than reviewing certification filings for compliance with this chapter; or

(b) compel any change to a cooperative utility's certification filing made pursuant to this chapter."

Section 17. Section 69-8-408, MCA, is amended to read:

"69-8-408. Penalties — license revocation. (1) The commission may begin a proceeding to revoke or suspend a license of an electricity supplier, impose a penalty, or both, for just cause on the commission's own investigation or upon the complaint of an affected party if it is established that the electricity supplier:

(a) intentionally provided false information to the commission;

(b) switched~~,~~ *the electricity supply for a customer* or caused ~~to be switched,~~ the electricity supply for a customer *to be switched* without first obtaining the ~~customers~~ *customer's* written permission;

(c) failed to provide a reasonably adequate supply of electricity for its customers in Montana; or

(d) committed fraud or engaged in deceptive practices.

(2) Any person selling or offering to sell electricity in this state in violation of 69-8-404, 69-8-410, and this section is subject to a fine of not less than $100 or more than $1,000 for the violation or a license revocation or suspension. Each day of each violation constitutes a separate violation.

~~(3) The fine must be recovered in a civil action upon the complaint by the commission in any court of competent jurisdiction.~~

~~(4)~~*(3)* A license revocation proceeding under this section is a contested case proceeding pursuant to the Montana Administrative Procedure Act, Title 2, chapter 4, part 6.

(4) (a) If a distribution services provider provides or contracts for the provision of emergency electricity supply and related services to retail customers, the electricity supplier that should have provided the electricity shall reimburse the distribution services provider for the higher of the customers' contracted electricity supply rates or the existing market rates multiplied by the quantity of electricity supply service provided.

(b) (i) An electricity supplier's failure to deliver electricity supplies and the necessity of an emergency supply response by the distribution services provider pursuant to 69-8-208 is justification for a commission proceeding to revoke or suspend a license of an electricity supplier, impose a penalty, or both.

(ii) For purposes of this subsection (4), the actual costs and rates for the electricity provided by the distribution services provider as emergency supply must be used as the basis of any fine levied on an electricity supplier pursuant to subsection (4)(b)(i). The fine must be determined by an amount to be applied to actual costs and rates of electricity provided for the emergency service. The commission shall determine the amount to be used and how the amount is applied.

(5) Fines imposed under this section must be recovered in a civil action upon a complaint filed by the commission in any court of competent jurisdiction."

Section 18. Section 69-8-409, MCA, is amended to read:

"69-8-409. Bill information — customer nonpayment — commission rulemaking. (1) ~~Electrical~~ *Electricity* bills to consumers must disclose each component of the ~~electrical~~ bill in accordance with rules promulgated by the commission. ~~Electrical~~ *Electricity* bills must disclose but are not limited to the following:

(a) distribution ~~and transmission~~ *and transmission* charges;

~~(b)~~*(b)* electricity supply charges;

~~(c)~~*(c)* ~~competitive transition~~ *transition* charges; and

~~(d)~~*(d)* universal system benefits charges.

(2) The commission shall promulgate rules establishing the procedures relating to how and when an electricity supplier may discontinue service to a customer because of the ~~customers~~ *customer's* nonpayment and the procedures relating to reconnection, except that those rules may not apply to electricity suppliers that are cooperative utilities.

(3) Local governing bodies of a cooperative utility shall retain authority for cooperative utilities regarding:

(a) customer nonpayment and reconnection; and

(b) information contained in ~~electrical~~ *electricity* bills to consumers."

Section 19. Section 69-8-503, MCA, is amended to read:

"69-8-503. ~~Transition~~ *Transition* costs financing. (1) A utility may~~, after July 1, 1997,~~ apply to the commission for a determination that certain ~~transition~~ *transition* costs may be recovered through the issuance of ~~transition~~ *transition* bonds. If ~~transition~~ *transition* bonds are issued, cost savings associated with and resulting from the bonds must benefit customers. After the issuance of a financing order, the utility retains sole discretion regarding whether to sell, assign, or otherwise transfer or pledge ~~transition~~ *transition* property or to cause the ~~transition~~ *transition* bonds to be issued, including the right to defer or postpone the sale, assignment, transfer, pledge, or issuance. If ~~transition~~ *transition* bonds are not issued within 4 years of the issuance of the financing order, the financing order must terminate. The utility may apply for an extension or renewal of a financing order.

(2) (a) The commission may issue financing orders in accordance with this section to facilitate the recovery, reimbursement, financing, or refinancing of ~~transition~~ *transition* costs and the acquisition of ~~transition~~ *transition* property. A financing order may be adopted only upon the application of a utility and may ~~only~~ become effective in accordance with its terms*only* after the utility files with the commission the utility's written consent to all terms and conditions of the financing order. A financing order may specify how amounts collected from a customer are allocated between fixed ~~transition~~ *transition* amounts and other charges.

(b) A financing order must include, without limitation, a procedure for the expeditious approval by the commission of periodic adjustments to nonbypassable rates and charges associated with fixed ~~transition~~ *transition* amounts included in the order to ensure recovery of all ~~transition~~ *transition* costs and the costs of capital associated with the proposed recovery,

reimbursement, financing, or refinancing of ~~transition~~ *transition* costs and the acquisition of ~~transition~~ *transition* property, including the costs of issuing, servicing, and retiring the ~~transition~~ *transition* bonds contemplated by the financing order. The order must set forth the term over which the ~~transition~~ *transition* bonds are to be paid, but those terms may not exceed 20 years. These adjustments may not impose fixed ~~transition~~ *transition* amounts upon customer classes that were not subject to the fixed ~~transition~~ *transition* amounts in the pertinent financing order.

(3) (a) Notwithstanding any other provision of law, and except as otherwise provided in this section with respect to ~~transition~~ *transition* property that has been made the basis for the issuance of ~~transition~~ *transition* bonds and upon the issuance of ~~transition~~ *transition* bonds, the financing orders and the fixed ~~transition~~ *transition* amounts must be irrevocable.

(b) If ~~transition~~ *transition* bonds have been issued, the commission may not by rescinding, altering, or amending the financing order or otherwise:

(i) revalue or revise for ratemaking purposes the ~~transition~~ *transition* costs or the costs of recovering, reimbursing, financing, or refinancing the ~~transition~~ *transition* costs and acquiring ~~transition~~ *transition* property;

(ii) determine that the fixed ~~transition~~ *transition* amounts or rates are unjust or unreasonable; or

(iii) in any way reduce or impair the value of ~~transition~~ *transition* property either directly or indirectly by taking fixed ~~transition~~ *transition* amounts into account when setting other rates for the utility.

(c) The total amount of the ~~transition~~ *transition* property may not be subject to reduction, impairment, postponement, or termination.

(d) Except as otherwise provided in this section, the state pledges and agrees with the assignees and pledgees of ~~transition~~ *transition* property and ~~transition~~ *transition* bondholders that the state may not limit or alter the fixed ~~transition~~ *transition* amounts, ~~transition~~ *transition* property, financing orders, or any right under the bonds until the bonds, together with the interest on the bonds, are fully met and discharged. The board, as agent for the state, is authorized to include this pledge and undertaking for the state in these bonds.

(e) Notwithstanding any other provision of this section, the commission shall approve those adjustments to the fixed ~~transition~~ *transition* amounts ~~as~~ *that* may be necessary to ensure timely recovery of all ~~transition~~ *transition* costs that are the subject of the pertinent financing order and the costs of capital associated with the recovery, reimbursement, financing, or refinancing of ~~transition~~ *transition* costs and acquiring ~~transition~~ *transition* property including the costs of issuing, servicing, and retiring the ~~transition~~ *transition* bonds contemplated by the financing order. The adjustments may not impose fixed ~~transition~~ *transition* amounts upon customer classes that were not subject to the fixed ~~transition~~ *transition* amounts in the pertinent financing order.

(4) (a) Financing orders do not constitute a debt or liability of the state or of any political subdivision of the state if issued through the board and do not constitute a pledge of the full faith and credit of the state or any of the state's political subdivisions if issued through the board. The financing orders are payable solely from the funds provided under this section. The bonds and offering documents must contain on their face a statement to the following effect:

This bond may not constitute an indebtedness or a loan of credit of the state of Montana or any political subdivision of the state of Montana within any constitutional or statutory provision. Neither the full faith and credit nor the taxing power of the state of Montana is pledged to the payment of the principal or interest on this bond, and neither the state of Montana nor any political subdivision of the state of Montana is obligated, directly, indirectly, or contingently, to levy or to pledge any form of taxation or to make any appropriation for the payment of this bond. This bond is a limited obligation of the issuer, payable solely out of the ~~transition~~ *transition* property or the proceeds of that property specifically pledged for its payment and not otherwise.

(b) The issuance of bonds under this section may not directly, indirectly, or contingently obligate the state or any political subdivision of the state to levy or to pledge any form of taxation or to make any appropriation for bond payment.

(5) The commission shall establish procedures for the expeditious processing of applications for financing orders, including the approval or disapproval of applications within 120 days after a utility submits a complete application. The commission shall provide in any financing order for a procedure for the expeditious approval by the commission of periodic adjustments to the fixed ~~transition~~ *transition* amounts that are the subject of the pertinent financing order pursuant to subsection (2). The commission shall determine on each anniversary of the issuance of the financing order and at additional intervals as may be provided for in the financing order whether the adjustments are required and shall provide for the adjustments, if required, to be approved within 60 days of each anniversary of the issuance of the financing order or of each additional interval provided for in the financing order.

(6) Fixed ~~transition~~ *transition* amounts become ~~transition~~ *transition* property when and to the extent that a financing order authorizing the fixed ~~transition~~ *transition* amounts has become effective in accordance with subsection (2), and the ~~transition~~ *transition* property must thereafter continuously exist as property for all purposes with all of the rights and privileges of this chapter for the period and to the extent provided in the financing order or until the ~~transition~~ *transition* bonds are paid in full, including all principal, interest, premium, costs, and arrearages on the ~~transition~~ *transition* bonds.

(7) ~~Transition~~ *Transition* bonds may be issued upon commission approval in the pertinent financing order. ~~Transition~~ *Transition* bonds must specify that they do not provide recourse to the credit or any assets of the utility, other than the ~~transition~~ *transition* property as specified in the pertinent financing order.

(8) (a) A utility may sell, assign, or transfer all or portions of the utility's interest in ~~transition~~ *transition* property to an assignee. A utility or an assignee may further sell, assign, or transfer the utility's interest in that ~~transition~~ *transition* property to one or more assignees in connection with the issuance of ~~transition~~ *transition* bonds to the extent approved in the pertinent financing order.

(b) A utility or an assignee may pledge ~~transition~~ *transition* property as collateral for ~~transition~~ *transition* bonds to the extent approved in the pertinent financing order and may provide for a security interest in the ~~transition~~ *transition* property as provided in this section.

(c) ~~Transition~~ *Transition* property may be sold, assigned, or transferred for the benefit of:

(i) ~~transition~~ *transition* bondholders in connection with the exercise of remedies upon a default; or

(ii) any person acquiring the ~~transition~~ *transition* property after a sale, assignment, or transfer pursuant to this section.

(9) (a) To the extent that any interest in ~~transition~~ *transition* property is sold, assigned, transferred, or pledged as collateral, the commission shall authorize the utility to contract with any assignee so that the utility will, subject to the utility's rights under subsection (18):

(i) continue to operate the utility's system and to provide service to the utility's customers;

(ii) collect amounts in respect of the fixed ~~transition~~ *transition* amounts for the benefit and account of the assignee; and

(iii) account for and remit these amounts to or for the account of the assignee.

(b) Contracting with the assignee in accordance with the commission's authorization may not impair or negate the characterization of the sale, assignment, transfer, or pledge as a true sale, an absolute assignment or transfer, or a grant of a security interest, as applicable.

(10) Notwithstanding any other provision of law, any provision under this section or under a financing order requiring that the commission take or refrain from taking action with respect to the subject matter of a financing order binds the commission and any successor commission or agency exercising functions similar to the commission, and the commission or any successor commission or agency may not rescind, alter, or amend that requirement in a financing order.

(11) A pledge or any other security interest in ~~transition~~ *transition* property is valid, is enforceable against the pledgor and third parties, including judgment lien creditors, subject only to the rights of any third parties holding security interests in the ~~transition~~ *transition* property perfected in the manner described in this section, and attaches only when all of the following have taken place:

(a) the commission has issued the financing order authorizing the fixed ~~transition~~ *transition* amounts included in the ~~transition~~ *transition* property;

(b) value has been given by the pledgees of the ~~transition~~ *transition* property; and

(c) the pledgor has signed a security agreement or other financing-related agreement covering the ~~transition~~ *transition* property.

(12) (a) A valid and enforceable security interest in ~~transition~~ *transition* property is perfected only when it has attached and when a financing statement has been filed with the secretary of state in accordance with procedures that the secretary of state may establish. The financing statement must name the pledgor of the ~~transition~~ *transition* property as debtor and identify the ~~transition~~ *transition* property.

(b) Any description of the ~~transition~~ *transition* property is sufficient if the description refers to the financing order creating the ~~transition~~ *transition* property.

(c) The commission may require other filings with respect to the security interest in accordance with procedures the commission may establish, except that these filings may not affect the perfection of the security interest.

(13) A perfected security interest in ~~transition~~ *transition* property is a continuously perfected security interest in all revenue and proceeds arising

with respect to the ~~transition~~ *transition* property, whether or not the revenue or proceeds have accrued. Conflicting security interests must rank according to priority in time of perfection. ~~Transition~~ *Transition* property constitutes property for all purposes, including for contracts securing ~~transition~~ *transition* bonds, whether or not the revenue and proceeds arising with respect to the ~~transition~~ *transition* property have accrued.

(14) (a) Subject to the terms of the security agreement covering the ~~transition~~ *transition* property and the rights of any third parties holding security interests in the ~~transition~~ *transition* property perfected in the manner described in this section, the validity and relative priority of a security interest created under this section is not defeated or adversely affected by:

(i) the commingling of revenue arising with respect to the ~~transition~~ *transition* property with other funds of the utility that is the pledgor or transferor of the ~~transition~~ *transition* property; or

(ii) any security interest of any third party in a deposit account of that utility perfected under Title 30, chapter 9A, part 3, into which the revenue is deposited.

(b) Subject to the terms of the security agreement, upon compliance with the requirements of this section, a pledgee of the ~~transition~~ *transition* property has a perfected security interest in all cash and deposit accounts of the utility in which revenue arising with respect to the ~~transition~~ *transition* property has been commingled with other funds, but the perfected security interest must be limited to an amount no greater than the amount of the revenue with respect to the ~~transition~~ *transition* property received by the utility within 12 months before any default under the security agreement or the institution of insolvency proceedings by or against the utility, less payments from the revenue to the pledgees during that 12-month period.

(15) (a) If a default occurs under the security agreement covering the ~~transition~~ *transition* property, a pledgee of the ~~transition~~ *transition* property, subject to the terms of the security agreement, has all rights and remedies of a secured party upon default under Title 30, chapter 9A, part 6, and is entitled to foreclose or otherwise enforce the pledgee's security interest in the ~~transition~~ *transition* property, subject to the rights of any third parties holding prior security interests in the ~~transition~~ *transition* property perfected in the manner provided in this section.

(b) The commission may require in the financing order creating the ~~transition~~ *transition* property that in the event of default by the utility in payment of revenue arising with respect to the ~~transition~~ *transition* property, the commission and any successor to the commission, upon the application by a pledgee or assignee of the ~~transition~~ *transition* property and without limiting any other remedies available to the pledgees or transferees by reason of the default shall order the sequestration and payment to the pledgee or assignee of the proceeds of the ~~transition~~ *transition* property. An order must remain in full force and effect notwithstanding any bankruptcy, reorganization, or other insolvency proceedings with respect to the public utility or a debtor, pledgor, or transferor of the ~~transition~~ *transition* property.

(c) Any sum in excess of amounts necessary to pay principal, premium, if any, interest, costs, and arrearages on the ~~transition~~ *transition* bonds and other costs arising under the security agreement must be remitted to the debtor or to the pledgor as provided in the security agreement.

(16) (a) A transfer of ~~transition~~ *transition* property by a utility to an assignee or by the assignee to another assignee that the parties have in the governing documentation expressly stated to be a sale or other absolute transfer in a transaction approved or authorized in a financing order must be treated as an absolute transfer of all of the transferors right, title, and interest, as in a true sale, and not as a pledge or other financing of the ~~transition~~ *transition* property, other than for federal and state income and franchise tax purposes.

(b) Granting to ~~transition~~ *transition* bondholders a preferred right to revenue of the utility or the provision by the utility or an assignee of other credit enhancement with respect to ~~transition~~ *transition* bonds may not impair or negate the characterization of any transfer as a true sale, other than for federal and state income and franchise tax purposes.

(c) Notwithstanding the provisions of this subsection (16), for state tax purposes, a transfer must be treated as a pledge or other financing unless the governing documentation of transfer specifically states that the transfer is intended to be treated otherwise. The characterization of the transfer as a true sale or other absolute transfer in the governing documentation of a transfer is not intended to prejudice the characterization of the transfer as a pledge or other financing for federal tax purposes.

(17) A sale, assignment, or other transfer of ~~transition~~ *transition* property may ~~only~~ be considered perfected as against any third person, including any judicial lien creditor, *only* when both of the following have taken place:

(a) the financing order authorizing the fixed ~~transition~~ *transition* amounts included in the ~~transition~~ *transition* property has become effective in accordance with subsection (2); and

(b) an assignment of the ~~transition~~ *transition* property, in writing, has been executed and delivered to the transferee.

(18) (a) As between bona fide assignees of the same right for value without notice, the assignee first filing a financing statement with the secretary of state in accordance with procedures that the secretary of state may establish has priority. The financing statement must name the assignor of the ~~transition~~ *transition* property as debtor and must identify the ~~transition~~ *transition* property. Any description of the ~~transition~~ *transition* property is sufficient if the description refers to the financing order creating the ~~transition~~ *transition* property. The commission may require the assignor or the assignee to make other filings with respect to the transfer in accordance with procedures that the commission may establish, but these filings may not affect the perfection of the transfer.

(b) Any successor to the utility, whether pursuant to any bankruptcy, reorganization, or other insolvency proceeding or pursuant to any merger, sale, or transfer, by operation of law or otherwise, shall perform and satisfy all obligations of the utility pursuant to this section in the same manner and to the same extent as the utility, including but not limited to collecting and paying to the assignee or pledgee, as the case may be, revenue arising with respect to the ~~transition~~ *transition* property sold, assigned, transferred, or pledged to secure ~~transition~~ *transition* bonds.

(19) ~~Transition~~ *Transition* property or any right, title, or interest of a utility, assignee, or pledgee described in the definition of ~~transition~~ *transition* property, whether before or after the issuance of a financing order, does not constitute an account or general intangibles as those terms are defined in 30-9A-102. Any

right, title, or interest pertaining to a financing order, including the interest pertaining to a financing order, along with the associated ~~transition~~ *transition* property and any revenue, collections, claims, payments, money, or proceeds of or arising from fixed ~~transition~~ *transition* amounts pursuant to the financing order, may not be considered proceeds of any right, title, or interest other than in the order and the ~~transition~~ *transition* property arising from the order.

(20) The lien under this section is enforceable against the pledgor and all third parties, including judicial lien creditors, subject only to the rights of any third parties holding security interests in the ~~transition~~ *transition* property previously perfected in the manner described in this section if value has been given by the purchasers of ~~transition~~ *transition* bonds. A perfected lien in ~~transition~~ *transition* property is a continuously perfected security interest in all revenue and proceeds arising with respect to the associated ~~transition~~ *transition* property, whether or not revenue has been accrued. ~~Transition~~ *Transition* property constitutes property for the purposes of contracts securing ~~transition~~ *transition* bonds, whether or not the related revenue has accrued. The lien created under this section is perfected and ranks before any lien, including any judicial lien, that subsequently attaches to the ~~transition~~ *transition* property, to the fixed ~~transition~~ *transition* costs, and to the financing order and any rights created by the order or any proceeds of the order. The relative priority of a lien created under this section is not defeated or adversely affected by changes to the financing order or to the fixed ~~transition~~ *transition* amounts payable by any customer.

(21) The commission shall establish and maintain a separate system of records to reflect the date and time of receipt of all filings made under this section and may provide that transfers of ~~transition~~ *transition* property to an assignee be filed in accordance with the same system.

(22) Any sale, assignment, or other transfer of ~~transition~~ *transition* property or any pledge of ~~transition~~ *transition* property is exempt from any state or local sales, income, transfers, gains, receipts, or similar taxes.

(23) The ~~transition~~ *transition* bonds issued under this chapter are exempt from the provisions of Title 30, chapter 10, but copies of all prospectus and disclosure documents must be deposited for public inspection with the state securities commissioner.

(24) The granting, perfection, and priority of security interests with respect to ~~transition~~ *transition* property and the proceeds ~~thereof~~ *of transition property* are governed by this section rather than by Title 30, chapter 9A.

(25) Upon the payment in full of ~~transition~~ *transition* bond principal and interest, the utility shall discontinue charging and collecting the competitive ~~transition~~ *transition* charge associated with that portion of the utility's approved ~~transition~~ *transition* costs.

(26) The commission may, by order or rule and subject to terms and conditions that it may prescribe, exempt any security or class of securities for which an application is required under this title or any public utility or class of public utility from the provisions of this title if it finds that the application of this title to the security, class of security, public utility, or class of public utility is not required by the public interest."

Section 20. Repealer. Sections 35-19-103, 69-8-416, 69-8-417, 69-8-501, and 69-8-502, MCA, are repealed.

Section 21. Codification instruction. [Section 3] is intended to be codified as an integral part of Title 5, chapter 5, part 2, and the provisions of Title 5, chapter 5, part 2, apply to [section 3].

Section 22. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 23. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

(c) has potential for commercial success related to the specific product, process, or business development methodology proposed;

(d) can provide matching funds; and

(4) The committee shall adopt rules to:

(b) may include new loans and investments and expenditures for direct project-related costs such as new equipment and buildings. The committee may consider recent purchases of fixed assets directly related to the proposal on a case-by-case basis. A purchase of fixed assets directly related to the proposed training activities that have been made within 90 days after submission of the application may be considered eligible by the department.

(4) (a) Except as provided in subsection (4)(c), a grant provided under this section may not exceed $5,000 for each full-time position for which an employee is being trained. A grant may be provided only for a new job that has an average weekly wage that meets or exceeds the lesser of Montana's current average weekly wage, the current average weekly wage of the county in which the employees are to be principally employed, or for jobs that will be principally located on a reservation, the current average weekly wage of the reservation.

(b) The office of economic development may consider the value of employee benefits in calculating the expected annual wage.

(d) A grant provided under this section may not exceed an amount greater than the present value of expected incremental tax receipts, as described in [section 6], that are expected over the 10-year period immediately following the grant award. The committee shall consider the loan rate established by the board of investments pursuant to the Municipal Finance Consolidation Act of 1983 that is in effect at the time of the grant and the state personal income tax rates in effect or those rates scheduled to take effect in calculating the maximum grant amount.

(5) A primary sector business workforce training program must involve at least 10 new jobs unless unique circumstances are documented that indicate a significant, positive, secondary impact to the local economy. Funding ceilings will be determined by the availability of funding, the cost for each job, and the quality of the primary sector business proposal.

(6) The grant application, at a minimum, must contain:

(a) a business plan containing information that is sufficient for the committee to obtain an adequate understanding of the business to be assisted, including the products or services offered, estimated market potential, management experience of principals, current financial position, and details of the proposed venture. In lieu of a business plan, the committee may consider a copy of the current loan application to entities such as the Montana board of investments, the federal business and industry guarantee program, or the small business administration.

(b) financial statements and projections for the 2 most recent years of operation and projections for each of the 2 years following the grant, including but not limited to balance sheets, profit and loss statements, and cash flow statements. A business operating for less than 2 years shall provide all available financial statements.

(c) a hiring and training plan, which must include:

(i) a breakdown of the jobs to be created or retained, including the number and type of jobs that are full-time, part-time, skilled, semiskilled, or unskilled positions;

(ii) a timetable for creating the positions and the total number of employees to be hired;

(iii) an assurance that the business will comply with the equal opportunity and nondiscrimination laws;

(iv) procedures for outreach, recruitment, screening, training, and placement of employees;

(7) If the committee determines that an applicant meets the criteria established in this section and has complied with the applicable procedures and review processes established by the committee, the committee may award a primary sector business workforce development grant to the employer and authorize the disbursement of funds to the primary sector business.

(8) (a) A contract with a grant recipient must contain provisions:

(i) certifying that the full amount of the grant will be reimbursed in the event that the primary sector business ceases operation within 12 months from the time that the grant is awarded;

(ii) requiring the employer receiving the grant to repay any shortfall in the personal income tax revenues to the state, as calculated in [section 6], that are the result of the company failing to meet the number of jobs or pay level of those jobs described in the final grant application. A shortfall in any fiscal year must be accessed against and paid by the company in the next fiscal year.

(iii) providing the department with annual reports and a final closeout report that documents the higher wages paid to an employee upon completion of the training.

(b) The contract must be signed by the person in the primary sector business who is assigned the duties and responsibilities for training and the overall success of the program and by the primary sector business's chief executive.

Section 6. New jobs credit — loan repayment. A grant made under [section 5] for program costs must be repaid by a new jobs credit, which must be calculated and paid as follows:

(1) New jobs credit must be based on the gross wages paid for new jobs created.

(2) Each employer receiving a grant under the program shall report the gross wages paid for each new job for which training grants under the program were received. Gross wages must be reported for the 12-month period following a grant award and for each subsequent 12-month period until the principal on the loan, issued under [section 7] and used to fund the grant award, is repaid.

(3) The employer shall provide any additional information required by the department of revenue to calculate the new jobs credit.

(4) The department of revenue shall calculate the income tax receipts to the state based on the gross wages paid by the employer. The department of revenue may use a state average effective income tax rate, by income bracket, to calculate income tax receipts to the state from the program.

(5) The department of revenue shall transfer the amount of the new jobs credits from the general fund to the office of economic development, to be used for repayment of principal, interest, and administrative costs on loans issued under [section 7]. The office of economic development shall account separately for each grant award and any new jobs credit associated with that grant. Funds

transferred for a new jobs credit may be used only for repayment of principal, interest, and administrative costs for the loan that funded the grant with which the new jobs credit is associated and for the labor supply studies authorized in subsection (6). If funds transferred for a new jobs credit exceed the amount required for repayment of principal, interest, and administrative costs on the loan that funded the grant with which the new jobs credit is associated and the labor supply studies authorized in subsection (6), all remaining funds must be used for early repayment of principal on the loan associated with the new jobs credit. Transfers from the department of revenue for a new jobs credit must cease once the principal and interest on the loan used to fund the grant associated with that new jobs credit has been repaid.

(6) The office of economic development shall, in each fiscal year, retain 5% of the total of all transfer payments from the department of revenue to the office of economic development, as provided for in subsection (5), that occur in that fiscal year. These funds must be used to assist the department of labor and industry in analyzing data and reporting on the available labor supply in Montana's rural, reservation, and urban labor markets.

(7) The department of revenue may adopt rules necessary to implement this section, including but not limited to:

(a) the development of application procedures and forms; and

(b) requirements for submission of information necessary to process the tax credit.

Section 7. Board of investment loans. The office of economic development may obtain a maximum of $10 million in outstanding loans from the board of investments issued pursuant to the Municipal Finance Consolidation Act of 1983 authorized in Title 17, chapter 5, part 16, to provide financial assistance for primary sector business workforce training grants authorized by the loan committee pursuant to criteria outlined in [section 5].

Section 8. Codification instruction. [Sections 1 through 7] are intended to be codified as an integral part of Title 39, and the provisions of Title 39 apply to [sections 1 through 7].

Section 9. Effective date — applicability. [This act] is effective on passage and approval and applies to grants issued on or after [the effective date of this act].

Section 5. Payment threshold — inflation adjustment. For calendar years 2002 through 2004, the payment threshold in 5-7-102 and 5-7-208 is $2,150. The commissioner shall adjust the threshold amount following a general election by multiplying the threshold amount valid for the year in which the general election was held by an inflation factor, adopted by the commissioner by rule. The rule must be written to reflect the annual average change in the consumer price index from the prior year to the year in which the general election is held. The resulting figure must be rounded up or down to the nearest $50 increment. The commissioner shall adopt the adjusted amount by rule.

Section 6. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell band of Chippewa.

"Nothing in this chapter deprives an individual who is not a lobbyist of the constitutional right to communicate with public officials."

(2) and amend 5-7-103, then the amendments to 5-7-103 contained in Senate Bill No. 7 are void.

Section 8. Codification instruction. [Section 5] is intended to be codified as an integral part of Title 5, chapter 7, part 1, and the provisions of Title 5, chapter 7, part 1, apply to [section 5].

CHAPTER NO. 573

[HB 693]

AN ACT PROVIDING THAT CHILD SUPPORT OBLIGATIONS DETERMINED PURSUANT TO ADMINISTRATIVE PROCEDURE ARE EFFECTIVE IMMEDIATELY UPON SERVICE OF A NOTICE OF FINANCIAL RESPONSIBILITY ON THE PARENT OR PARENTS AND THAT FINAL ORDERS ARE RETROACTIVE TO THAT DATE; PROVIDING THAT A NOTICE OF FINANCIAL RESPONSIBILITY MUST INCLUDE A STATEMENT REGARDING ITS IMMEDIATE EFFECTIVENESS; AMENDING SECTION 40-5-225, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-5-225, MCA, is amended to read:

"40-5-225. Notice of financial responsibility — temporary and final support obligations — administrative procedure. (1) In the absence of an existing support order, when the requirements of this section are met, the department may enter an order requiring a child's parent or parents to pay an amount each month for the support of the child. The support order must include a medical support order as required by 40-5-208.

(2) An action to establish a support order must be commenced by serving a notice of financial responsibility on the parent or parents. The notice must include a statement:

(a) of the names of the child, the obligee, and, if different than the obligee, the child's guardian or caretaker relative;

(b) of the dollar amount of the support obligation to be paid each month for the child;

(c) that the monthly support obligation is effective on the date of service of the notice, unless an objection is made and a hearing is requested, and may be collected during the proceeding that establishes the support obligation by any remedy available to the department for the enforcement of child support obligations;

~~(c)~~*(d)* that in addition to child support, the parent or parents may be ordered to provide for the child's medical support needs;

~~(d)~~*(e)* that any party may request a hearing to contest the amount of child support shown in the notice or to contest the establishment of a medical support order;

~~(e)~~*(f)* that if a party does not timely file a request for hearing, support, including medical support, will be ordered as declared in the notice or in accordance with the child support guidelines adopted under 40-5-209;

~~(f)~~*(g)* that if a party does request a hearing, the other parties may refuse to participate in the proceedings and that the child support and medical support order will be determined using the information available to the department or provided at the hearing;

~~(g)~~*(h)* that a party's refusal to participate is a consent to entry of a child support and medical support order consistent with the department's determination; and

~~(h)~~*(i)* that the parties are entitled to a fair hearing under 40-5-226.

(3) If a support action is pending in district court and a temporary or permanent support obligation has not been ordered or if a paternity action is pending and there is clear and convincing evidence of paternity based on paternity blood tests or other evidence, the department may enter an order requiring a child's parent or parents to pay an amount each month for the temporary support of the child pending entry of a support order by the district court. The temporary support order must include a medical support order as required by 40-5-208.

(4) An action to establish a temporary support order must be commenced by serving a notice of temporary support obligation on the parent or parents. In addition to the statements required in subsection (2), the notice must include a statement that:

(a) a party may request a hearing to show that a temporary support obligation is inappropriate under the circumstances; and

(b) the temporary support order will terminate upon the entry of a final support order or an order of nonpaternity. If the final order is retroactive, any amount paid for a particular period under the temporary support order must be credited against the amounts due under the final order for the same period, but excess amounts may not be refunded. If an order of nonpaternity is issued or if the final support order states that periodic support obligation is not proper, the obligee shall refund to the obligor any improper amounts paid under the temporary support order, plus any costs that the obligor incurs in recovering the amount to be refunded.

(5) (a) If a temporary support order is entered or if proceedings are commenced under this section for a married obligor, the department shall vacate any support order or dismiss any proceeding under this part if it finds that the parties to the marriage have:

(i) reconciled without the marriage having been dissolved;

(ii) made joint application to the department to vacate the order or dismiss the proceeding; and

(iii) provided proof that the marriage has been resumed.

(b) The department may not vacate a support order or dismiss a proceeding under this subsection (5) if it determines that the rights of a third person or the child are affected. The department may issue a new notice of temporary support obligation under this section if the parties subsequently separate.

(6) A notice of financial responsibility and the notice of temporary support obligation may be served either by certified mail or in the manner prescribed for the service of a summons in a civil action in accordance with the Montana Rules of Civil Procedure.

(7) If prior to service of a notice under this section the department has sufficient financial information, the department's allegation of the obligor's monthly support responsibility, whether temporary or final, must be based on the child support guidelines established under 40-5-214. If the information is unknown to the department, the allegations of the parent's or parents' monthly support responsibility must be based on the greater of:

(a) the maximum amount of public assistance that could be payable to the child under Title 53 if the child was otherwise eligible for assistance; or

(b) the child's actual need as alleged by the custodial parent, guardian, or caretaker of the child.

(8) (a) A party who objects to a notice of financial responsibility or notice of temporary support obligation may file a written request for a hearing with the department:

(i) within 20 days from the date of service of a notice of financial responsibility; and

(ii) within 10 days from the date of service of a notice of temporary support obligation.

(b) If the department receives a timely request for a hearing, it shall conduct one under 40-5-226.

(c) If the department does not receive a timely request for a hearing, it shall order the parent or parents to pay child support and to provide for the child's medical needs as stated in the notice. The child support obligation must be the

amount stated in the notice or determined in accordance with the child support guidelines adopted under 40-5-209.

(9) If the department is unable to enter an obligation in accordance with the child support guidelines because of default of a party, the department may, upon notice to the parties to the original order, substitute a support order made in accordance with the guidelines for the defaulted order.

(10) After establishment of an order under this section, the department may initiate a subsequent action on the original order to establish a support obligation for another child of the same parents.

(11) A child support and medical support order under subsection (1) is effective as of the date of service of a notice of financial responsibility on the parent or parents and may be collected by any remedy available to the department for the enforcement of child support obligations. A final order is retroactive to the date of service of the notice of financial responsibility as provided in this subsection, except that the final order may also determine child support for a prior period as provided in 40-5-226(3).

~~(11)~~*(12)* A child support and medical support order under subsection (1) continues until the child reaches 18 years of age or until the child's graduation from high school, whichever occurs later, but not later than the child's 19th birthday, unless the child is sooner emancipated by court order. A temporary support obligation established under subsection (3) continues until terminated as provided in subsection (5) or until the temporary order is superseded by a final order, judgment, or decree."

Section 2. Effective date. [This act] is effective on passage and approval.

[HB 744]

AN ACT DIRECTING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES TO SEEK FEDERAL FUNDS TO OFFSET GENERAL FUND EXPENDITURES TO THE MAXIMUM EXTENT POSSIBLE; DIRECTING THE DEPARTMENT TO EVALUATE THE PROPOSED MEDICAID BLOCK GRANT AS PART OF REFINANCING ACTIVITIES AND REPORT FINDINGS AT EACH REGULAR MEETING OF THE LEGISLATIVE FINANCE COMMITTEE; PROVIDING FOR THE USE OF FUNDING OBTAINED PURSUANT TO THE DIRECTIVE; AUTHORIZING THE DEPARTMENT TO REINSTATE SERVICES IF AUTHORIZED BY THE OFFICE OF BUDGET AND PROGRAM PLANNING; AMENDING SECTIONS 17-2-108 AND 53-6-101, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Refinancing by department. The department of public health and human services shall seek federal funds to offset general fund expenditures to the maximum extent possible. The cost administration and any supporting contract efforts to claim federal funds above historic levels must be funded from anticipated and realized savings from refinancing work in the department of public health and human services. To the extent that the department of public health and human services is involved in refinancing work in other

departments, the department of public health and human services shall receive a share of savings generated in those departments through work conducted by the department of public health and human services, in an amount at least equal to the cost of conducting the work.

Section 2. Evaluation of proposed medicaid block grant and acceptance of grant. (1) As part of its refinancing duties, the department of public health and human services shall evaluate the proposed medicaid block grant and report its findings with respect to the criteria in subsection (2) to the legislative finance committee at each regular meeting of the committee.

(2) The department shall use the following criteria in its evaluation of the proposed medicaid block grant compared to other medicaid funding alternatives from which the state may choose:

(a) total cost to the state over the life of the block grant and during each year of the block grant compared to the state cost of maintaining medicaid eligibility and service levels funded by the legislature during the current biennium;

(b) types of flexibility;

(c) advantages and disadvantages; and

(d) policy choices that may occur.

(3) (a) The legislative finance committee shall review and analyze the department's findings and make a recommendation to the governor and to the department with regard to acceptance or rejection of the block grant if the state is required to make a decision as to whether to accept or reject the block grant prior to the next regular convening of the legislature.

(b) The governor shall consider the recommendation of the legislative finance committee and provide a written rationale to the committee if the recommendation of the committee is not followed.

Section 3. Use of funding obtained by refinancing. (1) It is the intent of the legislature that general fund savings generated through the refinancing work described in [section 1] be applied in the following priority:

(a) the savings must be applied to fund the refinancing activities;

(b) the department of public health and human services may retain funds to maintain existing services; and

(c) the department of public health and human services may use funds to reinstate services that have been cut during the 2003 biennium.

(2) Additional funds generated through refinancing savings, beyond those used pursuant to subsection (1), revert to the general fund. Prior to reinstating services pursuant to subsection (1)(c), the department shall receive approval from the office of budget and program planning of its service reinstatement plan.

(3) The provisions of 17-2-108 that require the expenditure of nongeneral fund money prior to the expenditure of general fund money do not apply to the expenditure of revenue made available to the department because of the refinancing efforts required by [section 1].

Section 4. Section 17-2-108, MCA, is amended to read:

"17-2-108. Expenditure of nongeneral fund money first. (1) Except for the exemptions applicable to the Montana historical society in 22-3-114(5), ~~and~~ the Montana state library in 22-1-226(5), *and the department of public health*

and human services in [section 3], an office or entity of the executive, legislative, or judicial branch of state government shall apply expenditures against appropriated nongeneral fund money whenever possible before using general fund appropriations.

(2) ~~The~~ *Except as provided in [section 3], the* approving authority, as defined in 17-7-102, shall authorize the decrease of the general fund appropriation of an agency by the amount of money received from federal sources in excess of the appropriation in an appropriation act unless the decrease is contrary to federal law, federal rule, or a contract or unless the approving authority certifies that the services to be funded by the additional money are significantly different than those for which the agency received the general fund appropriation. If directed by an appropriation act, the approving authority shall decrease the general fund appropriation of an agency by the amount of money received from nonfederal sources in excess of the appropriation unless the decrease is contrary to state law, state rule, or a contract or unless the approving authority certifies that the services to be funded by the additional money are significantly different than those for which the agency received the general fund appropriation. If the general fund appropriation of an agency is decreased pursuant to this section, the appropriation for the fund in which the money is received is increased in the amount of the general fund decrease."

Section 5. Section 53-6-101, MCA, is amended to read:

"53-6-101. Montana medicaid program — authorization of services. (1) There is a Montana medicaid program established for the purpose of providing necessary medical services to eligible persons who have need for medical assistance. (4) Services for persons qualifying for medicaid under the medically needy category of assistance as described in 53-6-131 may be more limited in amount, scope, and duration than services provided to others qualifying for assistance under the Montana medicaid program. (5) In accordance with federal law or waivers of federal law that are granted by the secretary of the U.S. department of health and human services, the department of public health and human services may implement limited medicaid benefits, to be known as basic medicaid, for adult recipients who are eligible because they are receiving financial assistance, as defined in 53-4-201, as the specified caretaker relative of a dependent child under the FAIM project and for all adult recipients of medical assistance only who are covered under a group related to a program providing financial assistance, as defined in 53-4-201. subsections (3)(a) through (3)(p) that the department in its discretion specifies by rule. However, a recipient who is pregnant, meets the criteria for disability provided in Title II of the Social Security Act, 42 U.S.C. 416, et seq., or is less than 21 years of age is entitled to full medicaid coverage.

(7) The department may set rates for medical and other services provided to recipients of medicaid and may enter into contracts for delivery of services to individual recipients or groups of recipients.

(8) The services provided under this part may be only those that are medically necessary and that are the most efficient and cost-effective.

(9) The amount, scope, and duration of services provided under this part must be determined by the department in accordance with Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended.

(10) Services, procedures, and items of an experimental or cosmetic nature may not be provided.

(11) If available funds are not sufficient to provide medical assistance for all eligible persons, the department may set priorities to limit, reduce, or otherwise curtail the amount, scope, or duration of the medical services made available under the Montana medicaid program.

(12) Community-based medicaid services, as provided for in part 4 of this chapter, must be provided in accordance with the provisions of this chapter and the rules adopted under this chapter.

(13) Medicaid payment for personal-care facilities may not be made unless the department certifies to the director of the governor's office of budget and program planning that payment to this type of provider would, in the aggregate, be a cost-effective alternative to services otherwise provided."

Businesses are encouraged to locate in empowerment zones through income tax credits and insurance premium tax credits based upon the number of jobs that the employer has created in the empowerment zone.

CHAPTER NO. 584

[HB 536]

AN ACT PROVIDING FOR THE DISCLOSURE OF THE POTENTIAL FOR MOLD IN INHABITABLE PROPERTY WITH AGREEMENTS FOR THE SALE AND PURCHASE OF INHABITABLE PROPERTY; PROVIDING FOR THE DISCLOSURE OF PRIOR TESTING AND MITIGATION AND PROVIDING IMMUNITY FOR SELLERS, LANDLORDS, SELLER'S AGENTS, BUYER'S AGENTS, AND PROPERTY MANAGERS WHO COMPLY WITH THE DISCLOSURE REQUIREMENTS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 3] may be cited as the "Montana Mold Disclosure Act".

Section 2. Definitions. As used in [sections 1 through 3], the following definitions apply:

(1) "Inhabitable real property" means any real property that includes a building affixed to land. The building must be designed to be primarily occupied by humans, either as a dwelling or as a place of business.

(2) "Mold" means any mold, fungus, mildew, or spores.

(3) "Person" means an individual, partnership, corporation, sole proprietorship, firm, enterprise, franchise, association, consultant, state or municipal agency, political subdivision of the state, or any other entity.

Section 3. Mold disclosure statement on real estate documents — disclosure of prior testing — immunity from liability. (1) A mold disclosure statement may be provided on at least one document, form, or application executed prior to or contemporaneously with an offer for the purchase and sale, rental, or lease of inhabitable real property. The seller, landlord, seller's agent, buyer's agent, or property manager may provide the following disclosure statement to the buyer or tenant, and the buyer or tenant shall acknowledge receipt of this disclosure statement by signing a copy of the disclosure statement:

MOLD DISCLOSURE: There are many types of mold. Inhabitable properties are not, and cannot be, constructed to exclude mold. Moisture is one of the most significant factors contributing to mold growth. Information about controlling mold growth may be available from your county extension agent or health department. Certain strains of mold may cause damage to property and may adversely affect the health of susceptible persons, including allergic reactions that may include skin, eye, nose, and throat irritation. Certain strains of mold may cause infections, particularly in individuals with suppressed immune systems. Some experts contend that certain strains of mold may cause serious and even life-threatening diseases. However, experts do not agree about the nature and extent of the health problems caused by mold or about the level of mold exposure that may cause health problems. The Centers for Disease Control and Prevention is studying the link between mold and serious health conditions. The seller, landlord, seller's agent, buyer's agent, or property manager cannot and does not represent or warrant the absence of mold. It is the buyer's or tenant's obligation to determine whether a mold problem is present. To do so, the buyer or tenant should hire a qualified inspector and make any contract to purchase, rent, or lease contingent upon the results of that inspection. A seller, landlord, seller's agent, buyer's agent, or property manager who provides this mold disclosure statement, provides for the disclosure of any prior testing and any subsequent mitigation or treatment for mold, and discloses any knowledge of mold is not liable in any action based on the presence of or propensity for mold in a building that is subject to any contract to purchase, rent, or lease.

(2) Whenever a seller or landlord or an agent of either has knowledge that a building has mold present, the seller, landlord, or agent of either shall, prior to or upon entry into a contract for the purchase, rent, or lease, disclose to the buyer or renter the presence of the mold. Whenever a seller or landlord knows that a building has been tested for mold, the seller or landlord, prior to or upon entry into a contract for the purchase, rent, or lease of that building, shall advise the buyer or tenant that testing has occurred and shall provide to the buyer or tenant a copy of the results of that test, if available to the seller or landlord, and evidence of any subsequent mitigation or treatment. A prospective buyer or tenant who contracts for the testing may receive the results of that testing and shall provide a copy of the results of that test, if available, to the seller or landlord. The furnishing of test results and evidence of mitigation or treatment is not to be construed as a promise, warranty, or representation of any sort by the seller, landlord, seller's agent, buyer's agent, or property manager that the test results are accurate or that the mitigation or treatment is effective. This section does not create a contingency on the purchase of the property or any

right to rescind a contract for purchase unless the contingency or right to rescind is an express term of the applicable contract.

(3) A seller, landlord, seller's agent, buyer's agent, or property manager who provides the disclosure in subsection (1) and complies with subsection (2) is not liable in any action based on the presence of or propensity for mold in the building.

Section 4. Effective date. [This act] is effective on passage and approval.

(2) The appropriation of $600,000 in capitol land grant revenue to the department of administration for capitol complex land acquisition is the last priority for use of these funds during the 2005 biennium and is dependent upon the availability of revenue. Section 10. Review by department of environmental quality. The department of environmental quality shall review capital projects authorized in [sections 2 through 5] for potential inclusion in the state building energy conservation program under Title 90, chapter 4, part 6. When a review shows that a capital project will result in energy improvements, that project must be submitted to the energy conservation program for funding consideration. Funding provided under the energy conservation program guidelines must be used to offset or add to the authorized funding for the project, and the amount will be dependent on the annual utility savings resulting from the facility improvement. Agencies must be notified of potential funding after the review.

Section 11. Sale of old Dillon armory. The 57th legislature appropriated $3,800,000 of federal special revenue and $1,940,000 of bonds for construction of a new Dillon armory. All proceeds derived from the sale of the national guard armory located in Dillon must be used to pay the general obligation debt service on the bonds issued for construction of the new Dillon armory. The proceeds of the sale must be deposited in the general fund for this purpose. In the event that the facility is sold prior to issuance of the bonds, the board of examiners may use all or a portion of the amount deposited in the general fund to reduce the amount of the bond issue required to finance the construction.

invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 14. Effective date. [This act] is effective on passage and approval.

(4) If sufficient funds are available, this section constitutes a valid obligation of funds to the grant recipients listed in subsection (3) for purposes of encumbering the treasure state endowment special revenue account funds received during the 2005 biennium under 17-7-302. However, a grant recipient's entitlement to receive funds is dependent on the grant recipient's compliance with the conditions described in [section 3(1)] and on the availability of funds.

(5) If funds deposited into the treasure state endowment special revenue account during the biennium ending June 30, 2005, are insufficient to fully fund the projects numbered 1 through 40 in subsection (3) that have satisfied the conditions described in [section 3(1)] by June 30, 2005, the 59th legislature is encouraged to give priority to funding these projects from deposits into the treasure state endowment special revenue account made during the 2007 biennium, before projects authorized by the 59th legislature receive funding from the account. However, any of the projects numbered 1 through 40 listed in subsection (3) that have not completed the conditions described in [section 3(1)] by January 1, 2005, must be reviewed by the next regular session of the legislature to determine if the authorized grant should be withdrawn.

(6) Projects numbered 41 through 43 listed in subsection (3) that have satisfied the conditions described in [section 3(1)] may not receive grant funds unless sufficient funds have been deposited into the treasure state endowment special revenue account to fully fund the projects numbered 1 through 40 in subsection (3). However, if a subsequent legislature withdraws funding for any of the projects numbered 1 through 40 listed in subsection (3), those funds could be made available to projects numbered 41 through 43 listed in subsection (3) that have completed the conditions described in [section 3(1)], unless that subsequent legislature designates that those funds are to be used to fund applications under its review.

(7) In the event that any remaining funds deposited into the treasure state endowment special revenue account are insufficient to fully fund one of the grant recipients listed in subsection (3), the department may make the remaining funds from the treasure state endowment special revenue account available to the grant recipient on condition that the grant recipient is able to firmly commit the balance of the amount necessary to fund the project in its entirety.

Section 2. Approval of grants — completion of appropriation. (1) The legislature, pursuant to 90-6-701, authorizes grants for the projects identified in [section 1(3)].

(2) The authorization of these grants completes an appropriation from the treasure state endowment special revenue account provided for in 17-5-703(4)(c).

Section 3. Conditions and manner of disbursement of grant funds. (1) The disbursement of grant funds under [sections 1 through 3] for the projects specified in [section 1(3)] is subject to completion of the following conditions:

(a) The grant recipient shall execute a grant agreement with the department of commerce.

(b) The scope of work and budget for the project as approved by the department in the grant agreement must be consistent with the intent and circumstances under which the application was originally ranked by the department and approved by the legislature. The department may not approve amendments to the scope of work or budget affecting activities or improvements

that would materially alter the intent and circumstances under which the application was originally ranked by the department and approved by the legislature.

(c) The grant recipient must have a project management plan that is approved by the department.

(d) The grant recipient shall document that other matching funds required for completion of the project are firmly committed.

(e) The grant recipient must be in compliance with the auditing and reporting requirements provided for in 2-7-503 and have established a financial accounting system that the department can reasonably ensure conforms to generally accepted accounting principles. Tribal governments shall comply with auditing and reporting requirements provided for in OMB Circular A-133.

(f) The grant recipient shall satisfactorily comply with any conditions described in the application (project) summaries section of the treasure state endowment program 2005 biennium report to the 58th legislature.

(g) The grant recipient shall satisfy other specific requirements considered necessary by the department to accomplish the purpose of the project as evidenced by the application to the department.

(2) The department shall commit grant funds to projects authorized in the order of priority listed in [section 1(3)] to grant recipients that have met the conditions in subsection (1) as treasure state endowment special revenue account interest income becomes available during the 2005 biennium.

(3) If a grant recipient authorized in [section 1(3)] has not met the conditions in subsection (1), the department shall move down the list of projects in the order of priority listed in [section 1(3)] to the next project that has met the conditions in subsection (1).

(4) The department may not commit grant funds to a grant recipient authorized in [section 1(3)] unless sufficient funds will be available in the treasure state endowment special revenue account.

(5) The department shall disburse grant funds on a reimbursement basis as grant recipients incur eligible project expenses.

(6) In the event that actual project expenses are lower than the projected expense of the project, the department may, at its discretion, reduce the amount of treasure state endowment program grant funds to be provided to grant recipients in proportion to all other project funding sources. In the alternative, the department may authorize the use of the remaining authorized treasure state endowment program grant amount for the construction of additional, directly related components that will further enhance the overall system.

(7) In the event that actual project expenses are lower than the projected expense of a project as presented in the grant recipient's treasure state endowment program application, the department may, at its discretion, reduce the amount of treasure state endowment program grant funds to be provided so that the grant recipient's projected average residential user rates do not become lower than their target rate as determined by the department.

Section 4. Appropriations from treasure state endowment regional water system special revenue account. (1) There is appropriated to the department of natural resources and conservation the interest earnings of the treasure state endowment regional water system special revenue account to

finance the state's share of regional water system projects authorized by this section and as set forth in 90-6-715.

(2) The dry prairie rural water authority and the north central Montana regional water authority are authorized to receive funds.

(3) Up to $3,865,333 is authorized for the 2005 biennium to provide the state's share for regional water system projects.

(4) A regional water authority's receipt of funds is dependent on the authority's compliance with the conditions described in [section 6(1)].

(5) This section constitutes a valid obligation of funds to the regional water authorities listed in subsection (2) for purposes of encumbering the treasure state endowment regional water system special revenue account funds received during the 2005 biennium under 17-7-302.

Section 5. Approval of funds — completion of appropriation. (1) The legislature, pursuant to 90-6-715, authorizes funds for the regional water authorities identified in [section 4(2)].

(2) The authorization of these funds completes an appropriation from the treasure state endowment regional water system special revenue account provided for in 17-5-703(4)(d).

Section 6. Conditions and manner of disbursement of funds. (1) The disbursement of funds under [sections 4 through 6] is subject to completion of the following conditions:

(a) The regional water authority shall execute an agreement with the department of natural resources and conservation.

(b) The regional water authority must have a project management plan that is approved by the department.

(c) The regional water authority shall establish a financial accounting system that the department can reasonably ensure conforms to generally accepted accounting principles.

(d) The regional water authority's project must be authorized by the federal government.

(2) The department shall disburse funds on a reimbursement basis as the regional water authority incurs eligible project expenses. The regional water authority shall document that local matching funds are committed in equal proportion to the department's disbursement.

Section 7. Appropriations from treasure state endowment special revenue account for emergency grants. (1) There is appropriated to the department of commerce $100,000 for the biennium beginning July 1, 2003, from the interest earnings of the treasure state endowment special revenue account for the purpose of providing local governments, as defined in 90-6-701, with emergency grants for infrastructure projects, as defined in 90-6-701.

(2) The projects eligible for emergency grants must be necessary to remedy conditions that if allowed to continue until legislative approval could be obtained would endanger the public health or safety and expose the applicant to substantial financial risk.

(3) The department may not make an emergency grant if it determines that through the implementation of reasonable management practices, the applicant can forestall the risks to health or safety until the legislative approval can be obtained.

(4) The department shall inform the governor and the legislative finance committee of emergency grants that are awarded during the biennium.

Section 8. Section 1, Chapter 213, Laws of 1995, is amended to read:

"**Section 1. Appropriations from the treasure state endowment special revenue account.** (1) There is appropriated to the department of commerce the interest earnings of the treasure state endowment special revenue account to finance grants authorized by this section.

(2) The funds appropriated in this section must be used by the department to make grants to the local government entities listed in subsection (3) for the described purposes and in amounts not to exceed the amounts set out in subsection (3). The appropriations are subject to the conditions set forth in [sections 1 through 3] and described in the treasure state endowment program January 1995 report to the 54th legislature. The legislature, pursuant to 90-6-710, approves the grants listed in subsection (3), in the order indicated in the list of projects. The department shall award funds up to the amounts approved in this section in order of priority until available funds are expended. The department shall provide funds not accepted or used by local governments with higher-ranked projects to local governments whose projects are in lower positions on the priority list and that would not otherwise receive funding. When additional funds become available for the grants listed in subsection (3), they must be awarded to projects in the order of the projects' priority when the lower-ranked projects meet the startup conditions of the department's grant agreement and are ready to proceed to construction.

Section 7. Section 23-2-512, MCA, is amended to read:

"23-2-512. Identification number. (1) The owner of each motorboat, sailboat, or personal watercraft requiring numbering by this state shall file an application for number in the office of the county treasurer in the county where the motorboat, sailboat, or personal watercraft is owned, on forms prepared and furnished by the department of justice. The application must be signed by the owner of the motorboat, sailboat, or personal watercraft and be accompanied by a fee of $3.50 *in calendar year 2004 and, in each subsequent year, $15.50*. Any alteration, change, or false statement contained in the application ~~will render~~ *renders* the certificate of number void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the department of justice, stating the number assigned to the motorboat, sailboat, or personal watercraft and the name and address of the owner.

(2) The applicant, upon the filing of the application, shall pay to the county treasurer the fee in lieu of tax required *under 23-2-517* for a motorboat 10 feet in length or longer, a sailboat 12 feet in length or longer, or a personal watercraft ~~for the current year of certification~~ before the application for certification or, *if applicable,* recertification may be accepted by the county treasurer.

(3) If the ownership of a motorboat, sailboat, or personal watercraft changes, a new application form with the certification fee must be filed within a reasonable time with the county treasurer and a new certificate of number assigned in the same manner as provided for in an original assignment of number.

(4) If an agency of the United States government has in force a comprehensive system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this part by the department of justice must be in conformity.

(5) ~~Every~~ *A* certificate of number and ~~the license decals assigned~~ *a registration decal issued* under this part ~~continue in effect~~ *are effective* ~~for a period not to exceed 1 year~~ unless terminated or discontinued in accordance with the provisions of this part. ~~Certificates of number and license decals must show the date of expiration and may be renewed by the owner in the same manner provided for in the initial securing of the certificate.~~

~~(6) Certificates of number expire on December 31 of each year and may not be in effect unless renewed under this part.~~

~~(7)~~*(6)* ~~In the event of a transfer of~~ *If* ownership *is transferred,* the purchaser shall ~~furnish~~ *notify* the county treasurer ~~notice~~ within a reasonable time of the acquisition of all or any part of the purchaser's interest, other than the creation of a security interest, in a motorboat, sailboat, or personal watercraft numbered in this state or of the loss, theft, destruction, or abandonment of the motorboat, sailboat, or personal watercraft. The transfer, loss, theft, destruction, or abandonment terminates the certificate of number for the motorboat, sailboat, or personal watercraft. Recovery from theft or transfer of a part interest that does not affect the owner's right to operate the motorboat, sailboat, or personal watercraft does not terminate the certificate of number.

~~(8)~~*(7)* A holder of a certificate of number shall notify the county treasurer within a reasonable time if the holder's address no longer conforms to the address appearing on the certificate and shall furnish the county treasurer with the new address. The department of justice may provide by rule for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

~~(9)~~*(8)* (a) The number assigned must be painted on or attached to each outboard side of the forward half of the motorboat, sailboat, or personal watercraft or, if there are no sides, at a corresponding location on both outboard sides of the foredeck of the motorboat, sailboat, or personal watercraft. The number assigned must read from left to right in Arabic numerals and block characters of good proportion at least 3 inches tall excluding border or trim of a color that contrasts with the color of the background and be so maintained as to be clearly visible and legible. The number may not be placed on the obscured underside of the flared bow where it cannot be easily seen from another vessel or ashore. Numerals, letters, or devices other than those used in connection with the identifying number issued may not be placed in the proximity of the identifying number. Numerals, letters, or devices that might interfere with the ready identification of the motorboat, sailboat, or personal watercraft by its identifying number may not be carried in a manner that interferes with the motorboat's, sailboat's, or personal watercraft's identification. A number other than the number ~~and license decal~~ assigned to a motorboat, sailboat, or personal watercraft or granted reciprocity under this part may not be painted, attached, or otherwise displayed on either side of the forward half of the motorboat, sailboat, or personal watercraft. *A registration decal issued under this part must be placed next to the identifying number located on the left side of a motorboat, sailboat, or personal watercraft or, if there are no sides, at the corresponding location on the left outboard side of the foredeck of the motorboat, sailboat, or personal watercraft.*

(b) The certificate of number must be pocket size and available to federal, state, or local law enforcement officers at all reasonable times for inspection on the motorboat, sailboat, or personal watercraft whenever the motorboat, sailboat, or personal watercraft is on waters of this state.

(c) Boat liveries are not required to have the certificate of number on board each motorboat, sailboat, or personal watercraft, but a rental agreement must be carried on board livery motorboats, sailboats, or personal watercraft in place of the certificate of number.

~~(10)~~*(9)* Fees, other than the fee in lieu of tax, collected under this section must be transmitted to the department of revenue, as provided in 15-1-504, for deposit in the state general fund.

~~(11)~~*(10)* An owner of a motorboat, sailboat, or personal watercraft shall within a reasonable time notify the department of justice, giving the motorboat's, sailboat's, or personal watercraft's identifying number and the owner's name ~~when~~ *if* the motorboat, sailboat, or personal watercraft is transferred, lost, destroyed, or abandoned or within 60 days after a change of the state of principal use or if a motorboat becomes documented as a vessel of the United States."

(b) For ~~motorcycles, quadricycles, and~~ light vehicles that are permanently registered as provided in 61-3-527 or 61-3-315 and 61-3-562 *and vehicles described in 61-3-303(6) that are permanently registered*, the department shall provide *a* distinctive ~~nonremovable stickers~~ *registration decal* indicating that the vehicle is permanently registered.
